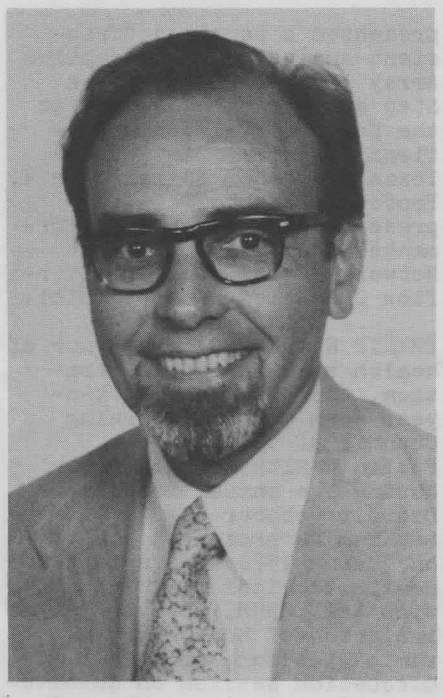
NATIONAL ENDOWMENT FOR THE HUMANITIES AWARDS GW $800,000 CHALLENGE GRANT



Professor French

The National Endowment for the Humanities (NEH) has awarded the university an $800,000 challenge grant, the second-largest such grant to be awarded in 1980. To receive the grant, GW must raise $2.4 million in matching funds (a $3 to $1 ratio).

"This effort will represent the largest financial campaign in the history of the university," comments President Elliott. "George Washington University decided that during this time of decreased financial support and falling enrollments in the humanities, we would seek major new support for those disciplines at the heart of liberal education.

"We do not intend to use these funds merely to shore up the humanities to do 'business as usual.' A defensive position would not merit allocation of scarce resources in times like these."

The grant, to be distributed over three years, will be used to endow three university professorships in the humanities and to augment library holdings. Candidates for the professorships must be capable not only in arts and sciences, but also in the professional disciplines as well. First appointments of distinguished scholars will be made in fall 1981, following an extensive search.

"The most encouraging aspect of this development is that GW received this incentive grant because of its academic program development over the last 10 years. This award is a recognition of the quality of GW's research and teaching and will greatly enhance our academic programs along lines of development already set," says Director of Experimental Programs Roderick French, who drafted the NEH application. He will coordinate the search for distinguished scholars.

CRAIN INAUGURAL MEDALS TO BE DISPLAYED IN GELMAN LIBRARY

The Darrell C. Crain Collection of Official Presidential and Vice-Presidential Inaugural Medals is being placed on permanent exhibition in the first floor lobby of the Gelman Library after more than four years of planning. The exhibition will open Monday, January 19.

Dr. Darrell C. Crain Jr. (M.D., 1932) presented the collection to the university in 1974 and since has added six 1977 Carter medals, the 1913 Wilson medal in silver, the 1917 Wilson in gold, the 1925 Coolidge in gold and the 1905 Roosevelt uniface trial striking. Dr. Crain is a past president of the D.C. Medical Society.

The Woodward and Lothrop Company has added the 1949 Truman medal in silver, and Mr. and Mrs. Leonard W. Hall gave the 1953 and 1957 Eisenhower medals, both in gold, to the collection. Mr. John Coolidge, son of President Coolidge, has loaned the 1921 Harding medal in gold.

The Crain collection is thought to be the finest assemblage of inaugural medals in the United States. It includes at least two medals for each president so that both sides can be displayed.

SAGA NAMES FIRST FLOOR AREA "THE GRAND MARKET PLACE"

SAGA is holding a grand opening celebration through Friday of this week in observance of naming its Marvin Center first floor area "The Grand Market Place."

Prizes will be awarded at specified intervals to individuals going by the cash registers. Winners can share their good fortune with friends since the majority of the prizes are treats for groups, such as superchef bowls with beverage for 24, or summerfield salads and beverage for 12. When cash register bells ring, medium beverages will be free.

A grand bash from 3:30 to 5 p.m. Friday, January 16, with music, beer, party food and surprise door prizes will end with the drawing of a grand prize.

New items to be carried by the Grand Market Place will be croissants and butter at breakfast, bagels and inflation fighters like hoagies by the inch and weekly breakfast specials.

"THE 1980 ELECTIONS: IMPLICATIONS FOR GOVERNANCE" IS SYMPOSIUM

Top political experts and scholars will discuss the 1980 elections and their implications for governance two days before the inauguration at a symposium Friday and Saturday, January 16 and 17, in Marvin Center Theater.

Topics include political parties and voting behavior, news media, Congress and the presidency. The symposium is open without charge, except for a 7 p.m. dinner in the GW University Club January 16. Dinner reservations are required.

The symposium is sponsored by the Department of Political Science with the support of the Division of Experimental Programs. For information, call ext. 6294.

SING ALONG!

The GW University Chorus, under the direction of Catherine Pickar, invites faculty, staff and members of the Foggy Bottom community to join with them in preparing for their spring concert. To be eligible to sing with the group, you must have previous choral experience and be able to read music.

The chorus will rehearse every other Tuesday from 5:30 to 7:15 p.m. in the Marvin Studio. However, the first rehearsal, January 21, is on Wednesday since Tuesday is Inauguration Day. To reach the studio, go in the doors of the Marvin Theater and up the stairs.

Those interested in performing with the chorus should sign up with the Music Department office, ext. 6245.

GW LIBRARIES TO CLOSE INAUGURATION DAY

All three university libraries, Gelman, Burns and Himmelfarb, will be closed Tuesday, January 20, Inauguration Day.

GIFT FOR HOSPITAL--L to R, Vice President for Medical Affairs Ronald P. Kaufman, Mrs. Eyelyn Y. Davis and President Elliott on the occasion of Mrs. Davis's presentation of a check for $10,000 toward a university hospital patient room which will bear her name. Editor of Highlights and Lowlights, a business publication sold only to presidents and chief corporate executives, Mrs. Davis is known for her continuing interest in U.S. corporations and their relationships with stockholders. Mrs. Davis was a resident of Hattie M. Strong dormitory when she attended GW.

newsnotes

INTERVIEWS

CHARLOTTE CONABLE, coordinator of public policy projects for the Women's Studies Program and Policy Center, was interviewed on the economic status of older women by Fred Fiske on WAMU-FM December 12.

CHARLES F. ELLIOTT, associate professor of political science and international affairs, was interviewed on WRC-AM's Shirley Tromberg show about current developments in Poland December 18.

ROBERT A. HADLEY, associate professor of history, was a guest on WAMU-FM's "Kaleidoscope" show discussing Alexander the Great and the National Gallery of Art exhibition "The Search for Alexander" December 17.

LEROY S. PAUL, assistant dean of the Division of University and Summer Students and associate director of the Center for Telecommunications Studies, was interviewed in November about the center by Signal magazine, a publication of the Armed Forces Communications and Electronics Association.

PUBLICATIONS

AMITAI ETZIONI, university professor, an article, "Housing: An Early Reagan Re-industrialization Test," in National Journal, December 20, 1980.

PROFESSIONAL ACTIVITIES

JONATHAN CHAVES, visiting assistant professor of Chinese, taught a course on "Art and Culture of Japan" for the Smithsonian Resident Associates Program October 9-December 4 and October 10-December 5.

DIMOCK GALLERY LOAN DAYS

Wednesday, Thursday and Friday, January 21, 22 and 23, have been set aside as loan days by the Dimock Gallery for those who wish to borrow art works from the GW Permanent Collection for university offices. There is a one-time loan charge of $10 per item.

Art works for loan or exchange under the program will be on display in the lower lounge of Lisner Auditorium from 11 a.m. to 5 p.m on the days listed. Memoranda with further details are available from the Dimock Gallery, ext. 7091.

RECEPTION WELCOMES NEW STUDENTS

All faculty and staff members are invited to an informal reception to welcome students entering the university for Spring Semester 1981 to be held in the Marvin Center Third Floor Art Gallery on Tuesday, January 13, from 4 to 5 p.m.

GW UNITED WAY CAMPAIGN SURPASSES PREVIOUS RECORD

The final figure for the George Washington University United Way Campaign is $61,584. This exceeds last year's total of $56,254 by almost 10 percent. Chairman for the 1980 GW United Way Campaign was Director of Personnel James E. Clifford.

"This year's keypersons are surely to be congratulated," President Elliott commented. "We are proud to be a part, in this way, of the greater Washington community."

DILTHEY FELLOWSHIPS DEADLINE

The deadline for applications for the 1981 Dilthey Faculty Fellowships is Friday, January 16. All full-time faculty members are eligible for the awards, which provide recipients an uninterrupted period for research during the summer months.

The fellowships of $2,500 each are available for summer 1981. Applications should be submitted to the Division of Experimental Programs, Monroe Hall, Room 419.

NEWSNOTES, CONTINUED

ROLF CLARK, visiting research professor of operations research, presented a paper entitled "Long Range Planning of Navy Force Levels and Budgets" at the meeting of the Military Operations Research Society in Newport, R.I., December 1-3.

GARY CRUM, assistant professor of health services administration, presented a paper on "Organizational Frameworks for Bioethics Policy Review" and moderated a panel discussion on "Abortion, Politics and the Public's Health" at the American Public Health Association's annual meeting in Detroit, October 19-23.

AMITAI ETZIONI, university professor, served on a panel on "Revitalizing the American Economy" sponsored by the American Enterprise Institute December 8. On December 9, he spoke at "The Politics of Innovation and Productivity Forum" sponsored by the Fiscal Policy Council. Professor Etzioni served as a member of the Productivity Panel of the Congressional Economic Conference, part of the Joint Economic Committee, December 10.

ROBERT A. HADLEY, associate professor of history, coordinated and hosted an illustrated lecture series in the Smithsonian Resident Associates Program on "Lost Cities" October 14-December 9. He gave two lectures in the series: "The Royal Palace at Ras Sahmra-Ugarit" and "Egyptian Thebes and the Theban Necropolis."

DANIEL R. KANE, assistant professor of business administration, has been invited to give 10 presentations during 1981 on the legal aspects of marketing as part of Boston University's series of seminars for sales and marketing executives.

DAVID McALEAVEY, assistant professor of English, was elected to membership in the Poetry Society of America at its December 17 meeting.

WALTER E. MULLER, senior staff scientist with the Program in Logistics, Institute for Management Science, presented a paper on "Technological Forecontrol for Total Force Planning" at a session on manpower availability and personnel management at the XIX Army Operations Research Symposium at Ft. Lee, Va., October 14-17. At the Aerospace Industries Association 1980 Fall Symposium in Seattle, Wash., October 21-23, Mr. Muller presented a paper on "Advanced Training Systems for Future Product Support."

RAYMOND L. PICKHOLTZ and ROGER H. LANG, professors of engineering and applied science, presented a paper on "Transient Analysis of an Adaptive Array in the Presence of a Step and Periodic Jammer" at the National Telecommunications Conference in Houston, Texas, November 30-December 4. Professor Pickholtz also presented a paper on "Performance Modelling for Packet Networks with Satellite Overflow Channels" with S. Yuill.

PHILIP N. REEVES, professor of health services administration, was elected to a two-year term on the Governing Council of the American Public Health Association during its annual meeting in Detroit October 19-23. At the meeting he presented a paper on "Using 1980 Census Data for Health Services Planning," and with GARY CRUM, assistant professor of health services administration, cochaired a discussion session on involvement of community members in the health planning process.

ROBERT H. WALKER, professor of American civilization, visited Israel December 3-17, where he served as a consultant on the development of general education courses dealing with the United States. The project, sponsored by the United States International Communications Agency, also included lectures at Hebrew, Haifa and Ben Gurion universities and the American Cultural Center in Tel Aviv.

NON-CLASSIFIED JOB OPENINGS

Research Assistant, Cancer Research Laboratory, Department of Medicine. (B.S. in science required, laboratory experience in tissue culture techniques and pharmacology preferred.) Contact Dr. Oliver Alabaster, Ross Hall, Room 705, ext. 8290.

Research Assistant, Program in Logistics, Institute for Management Science and Engineering. (B.S., two years experience in application of a large-scale data processing system and expertise in PL1 and IBM OS/VS Job Control Language required. Familiarity with a conversational monitor system helpful. Assist in design and development of a mathematical model applying network theory to the scheduling of students through a training program with minimum delay.) Contact William E. Caves, ext. 7539.

Research Assistant, NASA Planetary Protection Project, Department of Medical and Public Affairs. (Degree in library science required, academic background in life sciences helpful. Prepare specialized bibliographies and provide technical support to the NASA Life Sciences Program.) Contact Linda Pleasant, ext. 2743.

Project Coordinator, Department of Biochemistry. (B.S. or equivalent combination of training and experience, three years responsible applicable experience, willingness to accept responsibility required. Duties: Coordinate departmental research grants, interpret and apply policies and regulations, order supplies and maintain accounts, reconciling with computer printouts.) Contact Margaret Pogue, 2300 Eye St., N.W., Room 530, ext. 3517.

Research Assistant, Department of Biochemistry. (B.S. in chemistry or biology, laboratory experience in chromatographic and cell isolation methods preferred. Work on study of pharmacology of antiallergic drugs.) Send resume to Dr. Jack Y. Vanderhoek, Department of Biochemistry, GW Medical Center, 2300 Eye Street, N.W., Washington, D.C. 20037.

Research Assistant, Department of Anatomy. (B.S. in biology, experience in microscopy and photography required.) Send resume to Dr. M.J. Koering, Dept. of Anatomy, GWU Medical Center, 2300 Eye St., N.W., Washington, D.C. 20037.

George Washington University is an equal opportunity/affirmative action employer.

PATRICIA GURNE ELECTED TO BOARD OF TRUSTEES

Patricia D. Gurne, a Washington attorney who practices civil litigation and real estate law, was elected a charter member of the university's Board of Trustees at its January 15 meeting. Her election brings to five the number of women who serve on the 41-member board.

A law alumna, she received her J.D. from George Washington in 1969. She was graduated from MacMurray College in Jacksonville, Ill., with a B.A. in 1965. She is a graduate of the National Institute for Trial Advocacy.

Admitted to the Colorado Bar in 1969 and the D.C. Bar in 1971, she served as law clerk to D.C. Superior Court Judge Joyce Hens Green from 1969 to 1971. Since 1971 Ms. Gurne has been associated with the law firm of Jackson, Campbell and Parkinson, where she has been a partner since 1975. In 1979 she was named Young Lawyer of the Year by the Young Lawyers Section of the Bar Association of the District of Columbia.

GW BOARD OF TRUSTEES MEETS JANUARY 15, SETS TUITION RATES FOR 1981-82

Undergraduate tuition at the university will increase $700 for the 1981-82 year to $4,100, the Board of Trustees decided at its meeting January 15. The energy surcharge of $100 an academic year, in effect for 1980-81, will be eliminated as a separate fee, with the cost of fuel being taken into account in the tuition increase.

The university's $105 million non-medical budget reflects a $12 million increase for the coming year and includes salary increases of 10 percent, with an additional 3 percent allotted for staff in lower salary grades and junior faculty and a 7 percent increase in non-salary expenses.

The increase in undergraduate tuition and other tuition increases come at a time when the university is expected to incur the third deficit in as many years in the general fund. Deficits have increased from $778,000 in 1978-79 to $1.5 million in 1979-80. The budget for the current year will result in a $1.9 million deficit, eliminating a $2 million unappropriated reserve in the general fund.

In the Medical Center, where the budget will rise from $114 million to over $135 million, the cost of the most prevalent semi-private hospital room will increase from $234 to $275 a day effective July 1.

Tuition increases for the 1981-82 academic year are according to the following schedule:

--For undergraduate study in Columbian College of Arts and Sciences, the School of Education and Human Development, the School of Government and Business Administration, the School of Public and International Affairs, Allied Health Sciences programs, and courses taken on campus by students in off-campus programs, there is an increase from $3,400 to $4,100 an academic year. Part-time tuition will rise from $125 to $150 a semester hour.

--For undergraduate study in the School of Engineering and Applied Science, tuition will rise from $3,700 to $4,300 an academic year. Part-time undergraduate and graduate tuition will rise from $137 to $160 a semester hour.

--For study in the National Law Center for the degree of juris doctor, full-time tuition (11 hours or more a semester) will rise from $4,600 to $5,200; tuition for

BACHELOR OF MUSIC DEGREE PROGRAM ESTABLISHED

A new degree program leading to the Bachelor of Music has been established. The program is an effort to accommodate music students who want both education and professional training.

Music Department Chairman George Steiner says, "The simple B.A. with a music major does not address the needs of the large numbers of potential students who are both professionally and academically oriented. The special technical aspects of the discipline require the Bachelor of Music program for continuation beyond the undergraduate level." The curriculum is a 129-credit-hour program which includes 72 credit hours of applied and theoretical music courses.

"We are emphasizing the professionalism of this program," adds Professor Steiner, "and the enhanced capabilities the department will have in the academic cluster," the new building now under construction at 22nd and H Streets, to be completed in 1982.

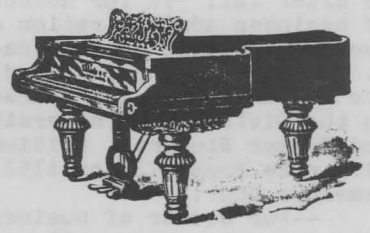
The university's current music programs lead to the B.A., M.A. and M.M., all accredited by the National Association of Schools of Music (NASM). The new degree was authorized by the Board of Trustees at its January 15 meeting. For information, call Professor Steiner at ext. 6249.

BRITISH LITERARY CRITIC TO SPEAK AT GW

"But What Good Came of It At Last?" is the title of a lecture on the Modernist movement in literature to be given by Dr. Robert Conquest, Tuesday, January 27, in the Marvin Center Ballroom at 4 p.m.

Dr. Conquest, a noted British historian, Sovietologist, literary critic and poet, previously gave the lecture before the Royal Society of Literature in London. He is presently in Washington as a resident Distinguished Scholar at the Heritage Foundation.

His lecture, free and open to the public, is sponsored by the English Department in collaboration with the Heritage Foundation. For more information call ext. 6180.



LISNER AT NOON FEATURES PIANISTS IN FEBRUARY

Lisner at Noon, the university's series of free cultural samplings for the community, will feature classical piano selections during February. The mini-concerts will begin at 12:15 p.m. every Tuesday and last about 45 minutes.

Artists are Beth Watkins Caluda (accompanied by Glenn Caluda on guitar), February 3; Elaine Kelly, February 10; Constance Dluehosh, February 17; and Joyce Sadler, February 24.

SOCIAL SECURITY DIRECTOR IS FIRST WEDNESDAY SPEAKER

William J. Driver, director of the Social Security Administration, will speak on "Social Security Today" on Wednesday, February 4, at 8 p.m. in Marvin Center Room 410. Driver's talk is the second in the 1981 First Wednesday Lecture Series sponsored by the Alumni Relations Office.

Admission is free but those planning to attend should call ext. 6435 for seating at least two days beforehand. The GW University Club will be serving dinner beginning at 6:30 p.m. that evening for both members and non-members. Reservations should be made directly with the club. Call ext. 6610 by February 2.

the part-time program will move from $185 to $200 a semester hour. Tuition for the master's degree and for continuing legal education remains unchanged at $185 a semester hour. Tuition for the doctor of juridical science degree will rise from $4,700 to $5,300.

--For the doctor of medicine degree, tuition for two semesters will be $15,000 for all students. This year's first- through third-year students pay $11,800 and fourth-year students pay $9,600.

--For graduate study in the Graduate School of Arts and Sciences, the School of Education and Human Development, the School of Public and International Affairs, the School of Government and Business Administration (except for students admitted in or after fall '78 for doctor of business administration and doctor of public administration degrees), and for graduate and undergraduate courses in the Division of University and Summer Students, tuition will rise from $125 to $150 a semester hour.

--For doctor of business administration and public administration degrees, for the entire program, tuition remains unchanged for students who entered in fall '78, '79 and '80 at $8,500, $9,000 and $9,600 respectively. Students entering in fall '81 will pay $11,350.

--For undergraduate and graduate study in the '81 Summer Sessions, tuition will go from $129 to $145 a semester hour in engineering and applied science, from $185 to $200 in law and from $117 to $134 in all other schools.

--For undergraduate and graduate study in off-campus courses except engineering, tuition will rise from $94 to $112 a semester hour. Off-campus graduate and undergraduate engineering tuition will rise from $137 to $160 a semester hour.

GW RESEARCHERS PREPARE TELEVISION NEWS UPDATE FOR FREED AMERICAN HOSTAGES

Now it can be told. Throughout the long months of waiting for the American hostages in Iran to be freed, two George Washington media researchers were chronicling for them the news they were missing during their captivity.

At the invitation of the U.S. Department of State, William C. Adams, assistant professor of public administration, and Fay Schreibman, director of the television news study center in the Gelman Library, assembled a videotape anthology of television news since November 4, 1979.

The selection of more than six hours of news highlights was assembled from the hundreds of hours of stories broadcast by ABC, CBS and NBC. In preparing the anthology, special attention was given to the Iranian crisis and the 1980 presidential campaign.

Videotape materials were loaned from the collection of the Television News Archive of Vanderbilt University where the technical staff was responsible for the physical preparation of the tapes.

In a letter sent with the anthology to the freed hostages, Adams and Schreibman said, "Like all Americans, we have followed the news from Iran with deep concern. We are grateful to have had the opportunity to participate in your homecoming."

The tapes were viewed by the returned Americans in West Germany and at West Point before they came to Washington and went on to their homes and families.

Media interest in the GW anthology has been intense. Among the newspapers and radio and television stations that have interviewed Adams and Schreibman are The New York Times, National Public Radio, WDVM-Channel 9, WRC-Channel 4, The Nashville Tennessean, The New York Daily News and Newsday, with requests still coming in.

William Adams and Fay Schreibman

FINE ARTS FACULTY PRESENTS EXHIBITION IN MEMORY OF JOSEPH METIVIER

The Art Department and the Dimock Gallery are presenting a Fine Arts Faculty exhibition February 5-20 in the gallery dedicated to the memory of Joseph Metivier, associate dean of Columbian College of Arts and Sciences, who died last summer. The opening reception will be Wednesday, February 4.

The exhibition, with the works of 23 artists, is mounted to raise funds to dedicate a room in Metivier's memory in the new fine arts building in the GW academic cluster. The goal is $10,000.

Dean Metivier had been taking courses in the art department over the last four years and had developed a deep interest in painting and drawing. Faculty members felt that his open pleasure in his growing skills and his enthusiasm for and appreciation of the department effected a very special relationship between a dean, a faculty and the art students.

Each faculty member will donate at least one work for the show. All purchases will be tax deductible. Art media represented will be design, painting and drawing, etching and lithography, engraving, sculpture and ceramics.

Douglas H Teller, professor of design and graphics, is chairman of the committee for the exhibition. Coordinator is Arthur Hall Smith, associate professor of painting. The installation will be done by Lenore D. Miller, curator of art in the Dimock Gallery, and assistant curator Gail Mishkin.

The gallery, off the lower lounge of Lisner Auditorium, is open from 10 a.m. to 5 p.m. weekdays. For more information, call the Art Department, ext. 6085, or the Dimock Gallery, ext. 7091.

GW AWARD NOMINATIONS DUE

The Joint Committee of Faculty and Students is seeking nominations for the fifth annual George Washington Awards to be presented at the spring commencements. The awards were established in 1976 to recognize members of the university community whose accomplishments have had a broad impact and whose service to the university has been exceptional.

Letters of nomination must make explicit the contributions, activities, nature of positions held and other pertinent qualities and accomplishments of the nominee. The letter of nomination may be accompanied by supporting endorsements from not more than three additional individuals.

Nomination material should be forwarded to the Joint Committee, care of the Student Affairs Office, Rice Hall, 4th floor, 2121 Eye Street, N.W., by 5 p.m. Friday, February 13. For further information, call ext. 7210.

SMITH NAMED ASSISTANT DEAN OF COLLEGE OF GENERAL STUDIES

Abbie O. Smith, a George Washington alumna and staff member since 1968, has been appointed assistant dean of the the College of General Studies. She will direct the college's Continuing Education for Women Center, where she has served as acting assistant dean since January 1980.

As director, she will continue the current focus on counseling services and educational programs that provide graduates with marketable and portable job skills. She says, "In an uncertain economy, it is important to identify emerging professions for which there are few educational opportunities and to develop programs that prepare the highly skilled professionals needed for these fields."

Assistant Dean Smith earned both her undergraduate and graduate degrees at GW (B.S.P., 1953; M.A.E., 1958) and joined the university's part-time faculty in 1965. She has served on the CEW Center staff since 1968 as a counselor and administrator and initiated the center's six career certificate programs--legal assistant, publication specialist, landscape architect assistant, fund-raising administrator, supervisory specialist and administrative manager programs--as well as the newest one-year certificate, professional consultant, scheduled to begin this fall.

Smith actively contributed to the field of continuing education for women as former national chairperson of the Continuing Education for Women Section of the Adult Education Association of the U.S.A. and as chairperson of the Creative Programming Awards Committee of the Women's Education Section of the National University Continuing Education Association. She is also a member of the Washington Higher Education Group.

A former GW General Alumni Association Governing Board member, she was a recipient of the GW Alumni Service Award. Most recently, she was selected by WETA Public Radio as a Washington Woman of Achievement.

BLACK PEOPLE'S UNION SPONSORS OBSERVANCES OF NATIONAL BLACK HISTORY MONTH

The GW Black People's Union is observing Black History Month (February) with a series of events on the theme "A Salute to Black Women."

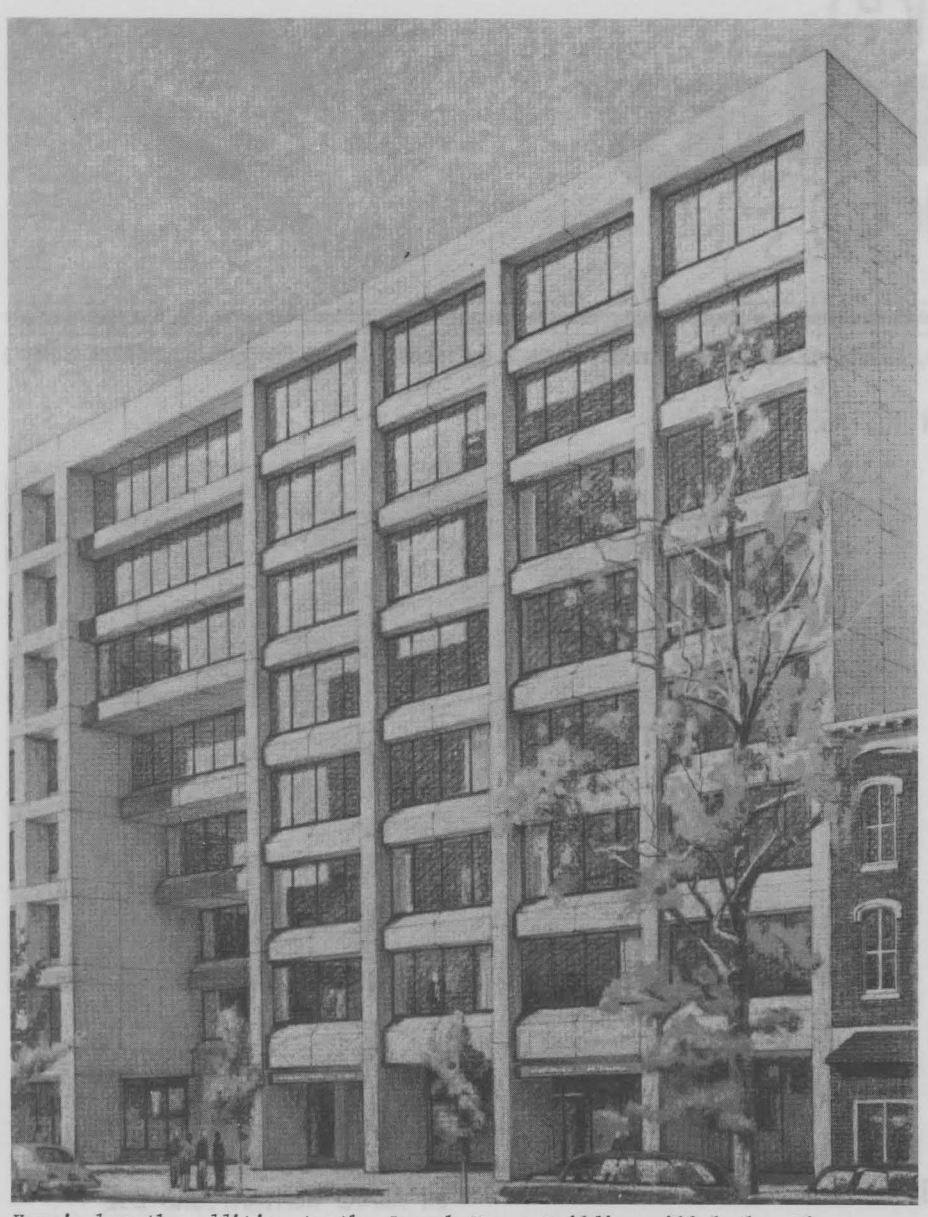
The third and fourth floors of Gelman Library will be the site of an exhibit throughout the month titled "A Collage of Our Contributions: Past and Present," a collection of photographs, writings and drawings illustrative of both the historical and contemporary contributions of black women to American culture.

"A Variety of Salutations to Black Women," an informal variety show of song, dance and poetry presented by members of the Black People's Union in the Marvin Center Theater at 7 p.m. Thursday, February 12, is the first of the scheduled events. Admission will be free.

"Black Beauty: Who Defines It?", an informal discussion led by Susan Taylor, fashion and beauty editor of Essence magazine, is planned for 7 p.m. Saturday, February 14, in the Marvin Center Ballroom.

Monday, February 19, at 8 p.m. in the Marvin Center Rathskeller there will be an evening with Shirley Fields and Clea Bradford, two black jazz performers who will pay tribute to outstanding black women jazz artists who have influenced them, discussing their vocal styles and singing their songs. Admission will be $2.

GW senior Cassandra Walker, president of the Black People's Union, is coordinating the program. For more information, call ext. 7321 or 7010.



Here's how the addition to the Joseph Henry Building will look. The extension, now under construction on Pennsylvania Avenue, will be completed in summer 1982 and will add 120,000 square feet of floor space to the Henry Building. Shops will occupy the street level, and the National Academy of Sciences will expand into the upper floors.

LYNN JOINS PRESIDENTIAL COMMISSION

Joanne Lynn has joined the staff of the President's Commission for the Study of Ethical Problems in Medicine and Biomedical and Behavioral Research for the 1981 calendar year.

At the time of her appointment, Dr. Lynn was assistant professor of health care sciences and of medicine and also faculty associate for humanities and medicine in the Division of Experimental Programs. During 1981, her responsibilities for interdisciplinary courses in biomedical ethics will be assumed by Dr. Gail Povar, assistant professor of health care sciences and of medicine and medical director of the Physician's Assistant Program. Dr. Lynn is currently assistant clinical professor of health care sciences and of medicine and is teaching part-time.

Dr. Lynn is the author of a proposal recently funded by the National Endowment for the Humanities. NEH awarded $34,605 for a three-year experiment to offer a senior-year elective in biomedical ethics cooperatively by the four Washington-area medical schools. At the end of the three years, a nation conference will be held on "Teaching Ethics for Health Care Professionals." The entire program will be administered through the Consortium of Universities of the Washington Metropolitan Area.

GELMAN LIBRARY NOTE

Cecilia Wetzbarger has joined the Gelman Library staff as assistant acquisitions librarian. She was formerly at Central State University in Edmond, Oklahoma. Along with her other responsibilities, she is in charge of accepting donations of materials to the Gelman Library. Call ext. 6580.

CENTER FEE WILL INCREASE

The University Center fee, charged all students who are registered on campus, will increase from $101 to $111 for two semesters for students registered for 11 hours or more a semester and from $4.75 to $5.25 a semester hour for students registered for fewer than 11 hours a semester. Increases take effect for Summer Sessions 1981.

WOMEN'S SPORTS HOT LINE

A new Women's Sports Hot Line has been installed in the Women's Athletic Department to make available to faculty, students and friends of the Charles E. Smith Center a quick report on results of both women's and men's varsity sports competitions and information on upcoming events in both varsity and intramural sports. Dial ext. 3977 for fast sports information.

TOO HEAVY TO HANDLE

The Safety Office recommends that everyone be careful not to try to lift or move things too heavy for one person to handle. There have been injuries resulting from lack of caution.

Safety Officer Armand Levasseur says, "It is better to have the help of a second person or to use small collapsible two-wheeled luggage carriers. These may be purchased inexpensively."

When machines, furniture, books or records must be moved, the Safety Office urges everyone to wait until help is available rather than risk injury in attempting to handle the job alone. It is university policy that no individual shall move heavy objects alone.

newsnotes

INTERVIEWS

JOHN F. BANZHAF III, professor of law, was interviewed by Newsweek magazine on the possible impact in the U.S. of a study of secondhand smoke conducted at the National Cancer Center Research Institute in Tokyo, Japan.

GW President LLOYD H. ELLIOTT and MARIANNE R. PHELPS, assistant provost for affirmative action, were interviewed January 14 by Lawrence Feinberg of the Washington Post on the effects of federal regulations on universities.

MICHAEL ROBINSON, associate research professor of public affairs, was interviewed January 14 by the Public Broadcasting Service for a documentary on the presidential transition thus far. He discussed the Reagan presidency and the media.

ANNE E. WEBSTER, director of housing, was interviewed in January by Washington Post reporter Joseph Whitaker for an article on the availability of student housing at area universities. Real Property Manager KEVIN MULDOON of the Treasurer's Office also contributed information for the story.

PROFESSIONAL ACTIVITIES

KENNETH R. BOWLING, research associate with GW's First Federal Congress Publications Project, spoke on "To Shelter the Archives of the United States from the Cannons of the Universe: Locating the National Capital on the Potomac" for the National Archives Assembly Luncheon Seminar January 22.

JANE LINGO, Monday Report editor and assistant director of public relations, was among those recognized for 25 years' service in institutional advancement at the Middle Atlantic District meeting of the Council for the Advancement and Support of Education held in Toronto, Canada, January 19-21. Also recognized at the meeting was LARRY MARSCHECK, manager of publications in the public relations office and GWTimes editor. GWTimes, the university's alumni tabloid, won an exceptional achievement award for excellence in periodical writing and a citation in tabloid publishing in CASE's national awards competition.

STUART A. UMPLEBY, associate professor of management science, chaired a panel session on "Current Trends in Cybernetics" at the International Congress on Applied Systems Research and Cybernetics held in Acapulco, Mexico, December 11-15. He also delivered a paper, "Some Implications of Cybernetics for Theories of Social Systems."

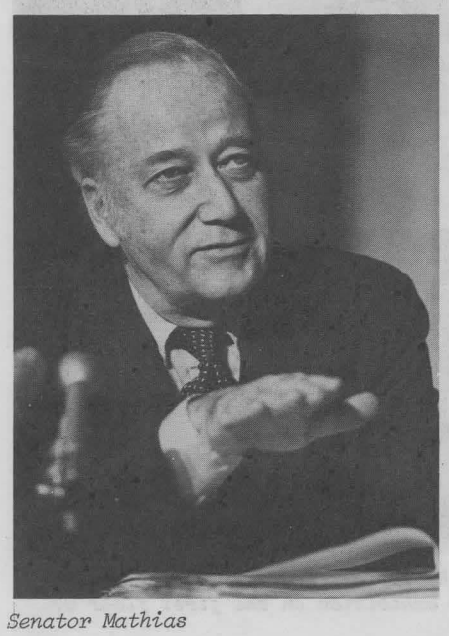
WINTER CONVOCATION: HONORS FOR SENATOR CHARLES McC. MATHIAS AND ALUMNI



Senator Mathias

Some 1,100 degrees will be conferred at the Winter Convocation Monday, February 16, at 1 p.m. in the Charles E. Smith Center. U.S. Senator Charles McC. Mathias (R-Md.) will deliver the address and receive the honorary degree of Doctor of Public Service.

Alumni achievement awards will be presented to John W. Dixon (B.A. 1949), president and chairman of the board of the Dallas-based E-Systems, Inc., Judge Lloyd Fletcher (J.D. 1939) of the U.S. Court of Claims, Admiral Thomas B. Hayward (M.I.A. 1967), Chief of Naval Operations, Maryland Governor Harry R. Hughes (LL.B. 1952) and J. Dallas Shirley (B.S.P. 1936, M.A.E. 1945), international authority on sports competitions and assistant commissioner of the Southern Conference. The alumni will be presented to President Elliott for the awards by University Trustee William M. Porter, president of the General Alumni Association.

The status of professor emeritus will be conferred on Professor of English E.R. Weismiller. President Elliott will confer the honorary degree and degrees in course and will give the charge to the graduates. The invocation and benediction will be given by Canon Clement W. Welsh, Warden of the College of Preachers at Washington Cathedral. Music will be under the direction of Professor of Music George Steiner.

Senator Mathias, senior senator from Maryland and dean of the Maryland congressional delegation, is a native of Frederick, where he attended public schools. He entered Haverford College in 1941. A year later, he enlisted in the Navy as an apprentice seaman. Commissioned an ensign in 1944, he served in combat in the Southwest Pacific during World War II.

Receiving his law degree from the University of Maryland in 1949, he practiced law in Frederick until 1953 when he was appointed a Maryland assistant attorney general and later city attorney of Frederick. He was elected to the Maryland House of Delegates in 1958 and the U.S. House of Representatives in 1960. He was first elected a senator in 1968 and has served continuously since then. He is currently chairman of the Senate Rules Committee, ranking member of the Judiciary Committee and a member of the Governmental Affairs Committee and the Foreign Relations Committee.

BLACK HISTORY MONTH: "A SALUTE TO BLACK WOMEN" CONTINUES

Events sponsored by the GW Black People's Union in observance of Black History Month with the theme, "A Salute to Black Women," in the second part of this month will include:

"Sister Sarah Simmons," a musical about injustices associated with sharecropping set in 1875 Oklahoma, written and directed by Ayubu Bahari Kamau, Sunday, February 22, at 4 p.m. in the Marvin Center first-floor cafeteria, admission $2; "Black Macho and the Myth of the Superwoman," a lecture by feminist Michelle Wallace, author of the book of the same name, on Friday, February 27, at 7 p.m. in Marvin Center Room 410, free; and a disco dance on Saturday, February 28, from 10 p.m. to 2 a.m. in the Marvin Center first-floor cafeteria, admission $2.

Copies of Omoja, the literary magazine of the GW Black People's Union, will be available at the BPU, 2127 G St., N.W., on Sunday, February 15.

Note: The date of the program featuring black women jazz artists has been changed from February 19, as listed in last week's Monday Report, to February 20.

PARENTS DAY 1981 IS SATURDAY, FEBRUARY 21

A varied program is planned for Parents Day 1981 on Saturday, February 21.

From 10 a.m. to noon a capsule of the Alumni College on "The Origins of Life" will be presented in the Marvin Center by professors Anthony G. Coates of geology, Herman H. Hobbs of physics and Stefan O. Schiff of biological sciences.

Members of GW's international student community will participate in two events--an 11 a.m. to 1:30 p.m. brunch in the Marvin Center first-floor cafeteria and a 4 to 6 p.m. open house, "February Fest," in the Marvin Center third-floor lobby and art gallery. Students from 11 countries will perform native dances and serve samples of native foods.

Faculty lectures will be given by Stephen J. Wayne, professor of political science and public affairs, on aspects of the American presidency, and Thelma Z. Lavine, Elton professor of philosophy, on "Did the Founding Fathers Have a Philosophy?" Vice President and Treasurer Charles E. Diehl will give a discussion and slide presentation on the university's physical development at 2:15 p.m. in the Marvin Center.

Evening activities will include the GW Colonials-University of Massachussetts basketball game and dancing to the big-band music of the Widespread Depression Orchestra.

Members of the faculty and administrative staff are especially encouraged to attend the 5 p.m. cocktail reception in the Strong Hall Piano Lounge to visit with students and their parents. Those planning to attend the reception are asked to call the Student Activities Office at ext. 6555.

GW FORUM TO EXPLORE SUCCESS OF A UNIVERSITY

The measure of success for a college or university, particularly George Washington, will be the topic for writers for the spring issue of GW Forum. Authors are invited to consider and discuss how success can be attained, the role and purpose of higher education in American, the relevance of liberal arts education, their own expectations of George Washington and wheter or not they feel changes are needed here.

Essays should be from 1,000 to 2,000 words in length. Deadline for submitting material for the spring issue is Monday, February 23, at 5 p.m. Manuscripts should be left in Professor A.E. Claeyssens' mailbox, Stuart Hall, 4th floor.

For information call Merrill Meadow, ext. 7100 or 543-1390 (evening) or Professor Claeyssens, ext. 6920 on Tuesdays or Thursdays between noon and 5 p.m.

COMMENTARY — BLACK HISTORY: ROLE MODELS FOR YOUTH

In 1975, President Ford proclaimed February National Black History Month. Until then, the nation had celebrated Negro History Week, initiated in 1926 by Carter G. Woodson, a Harvard-educated black historian and teacher. Dr. Woodson was committed to obtaining world-wide recognition of contributions made by black Americans in law, medicine, politics, international affairs and other areas.

This year's theme, "Black History: Role Models for Youth," provides an excellent opportunity for us to remind young Americans that, in spite of prejudice and obstacles, black men and women have achieved in the past and continue to achieve local, national and international acclaim.

Information on several black achievers is displayed in the lobby of Rice Hall. A few of them are recalled here.

Dr. Mary Berry--the first woman named as chief administrative office of a major American university (chancellor of the University of Colorado); recently assistant secretary for education.

Dr. Ralph Bunche--former United Nations deputy secretary general.

Rev. Martin Luther King Jr.--Nobel Peace Prize winner for his civil rights efforts.

Dr. Charles Drew--surgeon and educator; developed first large-scale method of separating plasma from red blood cells.

Cliff Alexander--an attorney and the first black to head a U.S. military department as Secretary of the Army.

Rev. Pauli Murray--a pioneer in law, literature, education and civil rights; first black female Episcopal priest.

Langston Hughes--noted poet; writer of nonfiction and columnist for a major U.S. newspaper, The Chicago Defender.

Mary McLeod Bethune--educator; founder of Bethune-Cookman college.

Dr. Daniel Hale Williams--first to perform successful heart surgery; headed the first Freedmen's Hospital in Chicago.

We salute black Americans this month for the knowledge, culture, creativity and pride maintained in this country and especially for the role models they have provided for young Americans.

Ethel Bothuel, Director
Equal Employment Activities

Ethel Bothuel

GW WOMEN CAGERS TO HONOR PAST PLAYERS

The GW women's basketball team will honor past women basketball players at the university during halftime at the George Washington-American University game on Tuesday, February 10.

Basketball Alumnae Night will feature former players from 1917-1977. During the halftime, a Basketball Alumnae Trophy will be established to be given to every GW women's basketball player who scores 1,000 or more points in her career. The game begins at 7 p.m. in the Charles E. Smith Center. Call ext. 6751.

ALUMNI SERVICE AWARD NOMINATIONS DUE BY FEBRUARY 18

Nominations for recipients of the Alumni Service Award, established in 1959 by the General Alumni Association to recognize volunteer alumni service to the university, the General Alumni Association or any of the constitutent alumni associations, are due at Alumni House by Wednesday, February 18.

Nominations should be addressed to Alumni Relations Director Sandra L. Phipps. Forms are available from Alumni House. There is also a special award category for non-alumni who merit recognition for service. Call ext. 6435.

Dr. Darrell C. Crain Jr. (M.D. 1932) stands beside one of the cases housing the Darrell C. Crain Collection of Official Presidential and Vice-Presidential Inaugural Medals now on permanent exhibition on the first floor of the Melvin Gelman Library.

HERE COMES MARTHA'S MARATHON OF BIRTHDAY BARGAINS

Martha's Marathon of Birthday Bargains is scheduled for Friday, February 20, at 8 p.m. in the third-floor ballroom of the Marvin Center. Doors will open at 7:30. Admission will be 50¢.

The marathon, sponsored by the Residence Hall Association, is an annual auction of special items and privileges which raises money to provide for housing one or more students in the residence halls for the upcoming academic year, freeing their own funds for tuition. The awards are administered through the Student Financial Aid Office.

Examples of privileges to be auctioned are lunch with a congressman or senator, first selection of a dormitory room for next year and the opportunity to be president of GW for a day. Auction items come from the campus and the community. GW junior Ann Mac Cox is this year's chairman.

UNIVERSITY THEATER TO PERFORM "BLITHE SPIRIT"

The University Theater will present Noel Coward's ghostly comedy "Blithe Spirit" from Tuesday, February 24, through Saturday, February 28, at 8 p.m. in the Dorothy Betts Marvin Theater. There will be a 2 p.m. matinee on Saturday, February 28.

Tickets are $2.50 for students and senior citizens, $5 for adults. Group rates are available. Call ext. 6178.

LAW STUDENTS' REVUE IS FEBRUARY 16

Law Revue, a gala student evening of song, dance, comedy and drama, will be presented by GW law students on Monday, February 16, at 8 p.m. in Lisner Auditorium.

The show, with a cast of 90 students, is a revealing look at the law school and its professors as well as the profession of law itself. Tickets are $2 and are on sale in the lobby of Stockton Hall from 10 a.m. to 3 p.m. and 4 to 5 p.m. weekdays.

newsnotes

INTERVIEWS

WILLIAM ADAMS, assistant professor of public administration, and FAY SCHREIBMAN, director of the television news study center, were interviewed about their preparation of a videotape news anthology for the freed American hostages by Susan Winters of Women's Wear Daily January 30 for a new television column and by Ross Crystal on WTTG-Channel 5's "Panorama" February 2.

An interview with DAVID McALEAVEY, assistant professor of English, as well as three of his poems, appear in the January issue of Gargoyle, a local arts and letters magazine.

PUBLICATIONS

WILLIAM F. SHANAHAN, adjunct associate professor of engineering, a book, Essential Math, Science and Computer Terms for College Freshmen, Simon and Schuster, January 1981.

PROFESSIONAL ACTIVITIES

EDWIN P. KULAWIEC, professor of education, attended the Janusz Korczak Conference in Israel sponsored by the Janusz Korczak Israel Association January 14-21 .

RICHARD H. SCHLAGEL, professor of philosophy, commented on a paper, "Science, Belief and Myth," presented by Professor Max Wilson of Howard University, at a meeting of the Washington Philosophy Club January 24.

A NEW NAME, MAJOR ROLE FOR CONTINUING EDUCATION AT GW

The growing importance of continuing education at GW has led to a new name and upgraded missions for three areas of the university which work with the non-traditional student.

The reorganization will bring with it a new unit, to be called the Division of Continuing Education and Summer Sessions and headed by Dean William F.E. Long, currently dean of the Division of University and Summer Students (DUSS). It will combine the Division of University Students, the College of General Studies and the Summer Sessions into one division and will encompass all programs in those three areas.

"For many years this university has offered a wide variety of adult and continuing education programs," said Provost Harold F. Bright, vice president for academic affairs. "Because of the decrease in high school graduates during the next several years, continuing education programs will become more significant in relation to our total offerings. Consequently, we've got to market, schedule, price and administer them in a consistent and creditable manner."

Dean Long sees the new division as important in the university. "GW has a long history in this area," he said. "For several decades now we've been concerned with the educational needs of those who must update their skills, who plan to re-direct their careers, who plan to enter the work force for the first time in years and those who are learning for the sheer pleasure of it.

"This action represents a renewed and more concentrated effort to meet more effectively the needs of these so-called non-traditional students by coordinating GW's continuing education activity from one central point in the university."

The Division of University Students was formed in 1916, Summer Sessions in 1930 and the College of General Studies in 1950. Though the consolidation of the three units will officially take place July 1 with the new fiscal year, "We hope to have everything in place by that time," Long said. "During the next several months of transition, plans will be made for some changes in function, with some areas expanding and some contracting. I'd like to emphasize, for the benefit of everyone involved, that we anticipate adjustments in staffing to come about through attrition or transfer. The fact is that we'll need every bit of the expertise we've developed over the years in working with these highly specialized programs."

STUDENT ASSOCIATION COMPLETES EXAMINATION FILE PROJECT

Bound volumes of old midterm and final examinations are now available in the Melvin Gelman Library Reserve Room, B-05. The result of a GW Student Association project of contacting all the university's professors with requests for old examinations, the volumes contain all of these recently collected exams as well as those previously on file at the Marvin Center Information Desk. Exams are no longer available at the Marvin Center.

The examination volumes may be used in the Reserve Room or photocopied there. Hours for the Reserve Room are Monday-Thursday 8:30 a.m.-midnight, Friday 8:30 a.m.-10 p.m., Saturday 10 a.m.-6 p.m., and Sunday 10 a.m.-midnight.

PORTRAIT PAINTINGS IN THE MARVIN CENTER GALLERY

Portrait paintings by GW art students are on exhibition in the Third-Floor Gallery of the Marvin Center through Friday, March 20.

The works, the result of a portraiture class taught by Clarice Smith, assistant professorial lecturer in art, present different models and poses to emphasize the diversity of problems within portraiture. The student artists studied such master portrait painters as Degas, Ingres and Sargent in seeking solutions to the problems.

The exhibit is open from 7 a.m to 11:30 p.m. Sunday through Thursday and 9 a.m. to midnight Friday and Saturday.

PRIDE DAY RECOGNIZES WORK WELL DONE

Ruth Jones

At Housekeeping Department's recent Pride Day, recognition was given for perfect attendance, clean equipment and work well done.

Ruth Jones of Building Services was recognized for a perfect attendance record for the past three years, from 1978 through 1980.

Clean equipment contest winners, who each received a gift certificate for $25, were Ronald Fisher, Warwick Clinic, and Annie Nuriddin, Strong Hall, both of the day shift; and Constance Miller, Building C, and Willie Radcliff, Ross Hall, of the night shift.

Complimentary memos from departmental representatives in various university buildings went to service workers on both the day and night shifts. Recipients from the day shift were Paul Gross, Maurice Walker, William Cole-

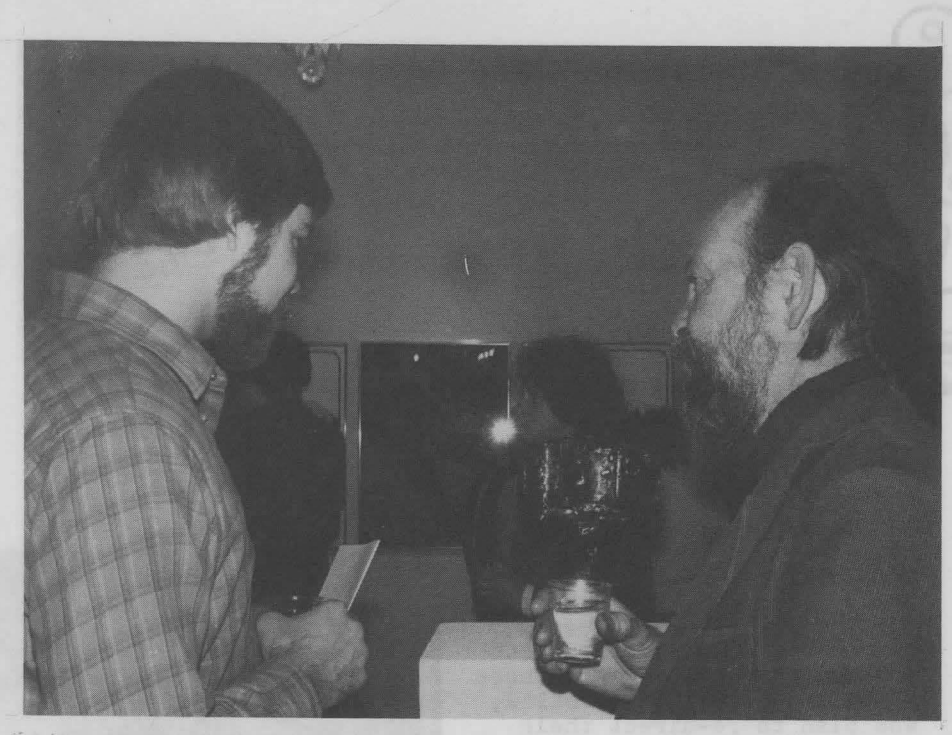
GETTING TOGETHER...

Below, faculty and staff of the School of Government and Business Administration and Columbian College of Arts and Sciences hear SGBA Dean Norma Maine Loeser speak on the new closeness of the two schools resulting from the opening of the connecting addition between Monroe Hall and the Hall of Government at a recent reception in the addition's second-floor causeway. The addition provides access for the handicapped as well as office space and a lobby.

Left, Deans Calvin D. Linton and Norma Maine Loeser, along with Clorinda Browner of Building Services, take a ride in the addition's elevator, designed with raised braille letters and lowered telephone and control buttons to accommodate fully the needs of handicapped persons.



AT THE DIMOCK--H.I. Gates, associate professor of sculpture, right, talks with senior Randall Baker, a student in "Sculpture 3" who is studying business administration as well as art, at the Dimock Gallery opening of the current Fine Arts Faculty Exhibition honoring the late Joseph L. Metivier, professor of Romance languages and assistant dean of Columbian College of Arts and Sciences. With the exhibition, the Fine Arts Faculty is raising funds to name a room in the academic cluster for Professor Metivier, who was an art student and enthusiast.

A NEW NAME, MAJOR ROLE FOR CONTINUING EDUCATION AT GW

Continued from page 1

Coordination

Dean Long will be responsible for the *coordination* of all off-campus (credit and non-credit) courses, classes, seminars, institutes and other educational and training programs, including scheduling of classroom space and class times, preparing class schedules, advertising, pricing and supervision of on-site registration.

Credit/Degree Programs

The deans and faculties of the degree-granting schools will retain *academic* approval and responsibility for faculty staffing for courses involving degree programs and classes for academic credit whether they are off campus or in the Summer Sessions. *Administrative* approval, however, becomes the responsibility of the dean of Continuing Education and Summer Sessions.

So under the consolidation, marketing, advertising and scheduling of credit classes and degree programs both off campus or in the Summer Sessions must gain approval of the appropriate academic dean *and* the dean of Continuing Education and Summer Sessions.

Non-credit Programs

All GW schools and colleges, including the new Division of Continuing Education and Summer Sessions, may offer non-credit programs either on or off campus.

Budgets

Budgets for credit and non-credit programs offered by degree-granting schools will continue to be part of those schools' total budgets. Budgets for non-credit programs offered by the Division of Continuing Education and Summer Sessions will continue in that division, as will budgets for Continuing Education for Women (CEW) and English for International Students.

PRIDE IN WORK WELL DONE

Continued from page 1

man and John Terry, a supervisor. Night shift recipients were Lilian McFadden, Mary Jennings, Gertrude Burgess, Ruth Jones, Nola Webster, Pauline Durant, Beatrice Smith, Mae Daniels, Evelyn Roundtree, Thomas Parker, Joseph Sanders, Irene Prester, Mary Miller and Bernice Boswell.

Workers in the Himmelfarb Library were recognized at a Housekeeping Department departmental council meeting in December. They are service workers Barbara Wright, Allene Medlin, Ruth Moore, Mary Settles and George Cherry, project man.

MARTHA'S MARATHON NOTE

Martha's Marathon of Birthday Bargains Chairman Ann Mac Cox says that items donated by Board of Trustees members, President Elliott, Ann Webster of the Housing Office, and Roberta Schaffner of SAGA will highlight this year's auction. GW Security is also donating its services for the event Friday, February 20, at 8 p.m. in the Marvin Center Ballroom. For more information, call ext. 6688.

Senator Mathias and President Elliott on the platform.

SENATOR MATHIAS CALLS FOR PEOPLE-ORIENTED HELP FOR U.S. CITIES IN WINTER CONVOCATION SPEECH

Senator Charles McC. Mathias (R-Md.), speaking at the February 16 Winter Convocation in the Charles E. Smith Center, proposed that relief from the problems of U.S. cities come not only from the financial contributions of their institutions and businesses, but also from the talent and work of individuals.

"My proposal is this," he said, "that every business organization, every labor union, every professional group, every educational institution which is involved in any way in the life of the city not only contribute a percentage of its earnings to help finance urban revitalization, but also make it possible for each if its employees to donate his or her ideas, labor and talent, on a regular basis, to the work of rebuilding the city.

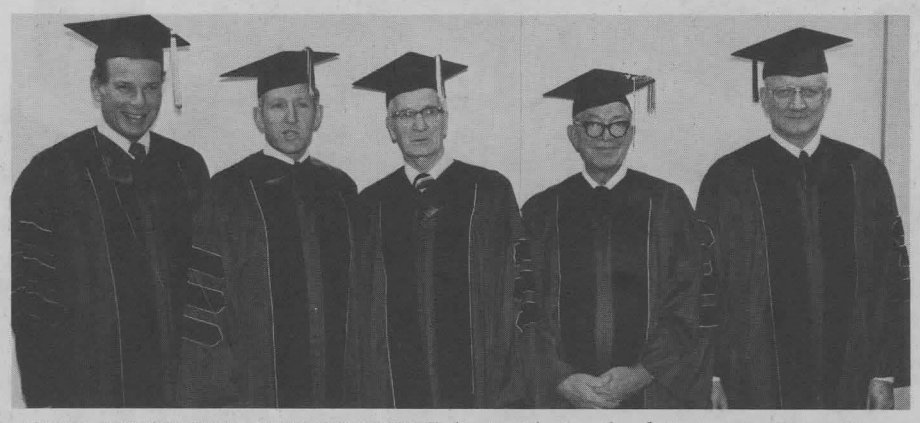
"Does this sound newfangled and utopian?" the senator asked the graduates. "It shouldn't. The idea derives from the Middle Ages practice of tithing, in which people contributed 10 percent of their annual crop or income to the work of the church.

"But my proposal calls for more than just a financial contribution from the private sector. It calls for the contribution of talent and work as well. This aspect of the proposal is not new. It derives from a time-honored tradition of the American frontier--house-raising--when everyone pools talents to get a job done quickly. This week it's your turn; next week mine. Pretty soon the town is built and many hands have made light work." Senator Mathias said he feels the great merit of this approach is that "it is people-oriented, not project-oriented."

President Elliott, in conferring the honorary degree of Doctor of Public Service on the senator, referred to his "continuing energy in working for the common good."

In his traditional charge to the graduating classes, Elliott said, "The happiness of success is tempered with the knowledge that still higher peaks remain to be climbed. Learning and self-confidence go together but humility in the face of the unknown is never far behind."

Some 1,100 degrees were conferred at the convocation. A capacity crowd filled the Smith Center.



ALUMNI ACHIEVEMENT AWARD RECIPIENTS (L to R) Maryland Governor Harry R. Hughes, Chief of Naval Operations Admiral Thomas B. Hayward, J. Dallas Shirley, long-time referee recently inducted into the Naismith Basketball Hall of Fame, Judge Lloyd Fletcher of the U.S. Court of Claims and John W. Dixon, president and chairman of the board of E-Systems, Inc.

LAW STUDENTS OFFER TAX HELP

Free income tax assistance is being offered by a group of GW National Law Center students through the Community Legal Clinic to elderly and low-income people in the greater metropolitan area at three locations in Washington. The locations are Stockton Hall on campus, 2028 Martin Luther King Jr. Ave., S.E., and 1806 Adams Mill Road, N.W. Call ext. 7463.

TILKENS TO GIVE PIANO RECITAL

Neil Tilkens, associate professor of music, will perform works of Chopin, Poulenc and Johann Sebastian Bach in a faculty piano recital on Monday, March 2, at 8:30 p.m. in the Marvin Theater. The recital is open to the public without charge.

MARCH'S FIRST WEDNESDAY

"Psychology's Role in Understanding Crime" is Professor of Psychology David Silber's topic for the First Wednesday Lecture on March 4 in Rooms 402-404 in the Marvin Center at 8 p.m.

The free lecture is sponsored by the Alumni Relations Office. Those planning to attend must call the office, ext. 6435, at least two days before the lecture to assure seating.

Dinner will be available at the GW University Club for both members and non-members. Call ext. 6610 for reservations at least one day in advance.

newsnotes

INTERVIEWS

E. BRUCE PETERS, associate research professor of human kinetics and leisure studies, was interviewed by Jane Morse of Newsday on January 19 concerning the results of his study, "Projective Techniques to Determine Motivations for Travel."

PUBLICATIONS

EDWIN P. KULAWIEC, professor of education, an article, "Janusz Korczak: A Unique Educator," in Women's American ORT Reporter, January/February 1981.

WILLIAM F. SHANAHAN, adjunct associate professor of engineering, Hi There, I'm Your Exciting Future, a 16-page motivational guide for junior high school students that encourages them to take more difficult math, science and English courses in high school, Mercury Publications, 1981.

PROFESSIONAL ACTIVITIES

ROY GUENTHER, assistant professor of music, presented a paper, "The Mystic Chord in Perspective," on the music of Alexander Skryabin and its analysis in the Soviet Union at the winter meeting of the Capital Chapter of the American Musicological Society at Catholic University February 7. February 8 Professor Guenther and EILEEN M. GUENTHER, studio lecturer in organ, presented a recital of music for trombone and organ at the Chevy Chase Presbyterian Church.

PAUL B. MALONE, assistant professor of business administration, presented a paper on "The Simulation of Chaos" at the annual meeting of the Association for Business Simulation and Experiential Learning in Orlando, Fla., February 18-20.

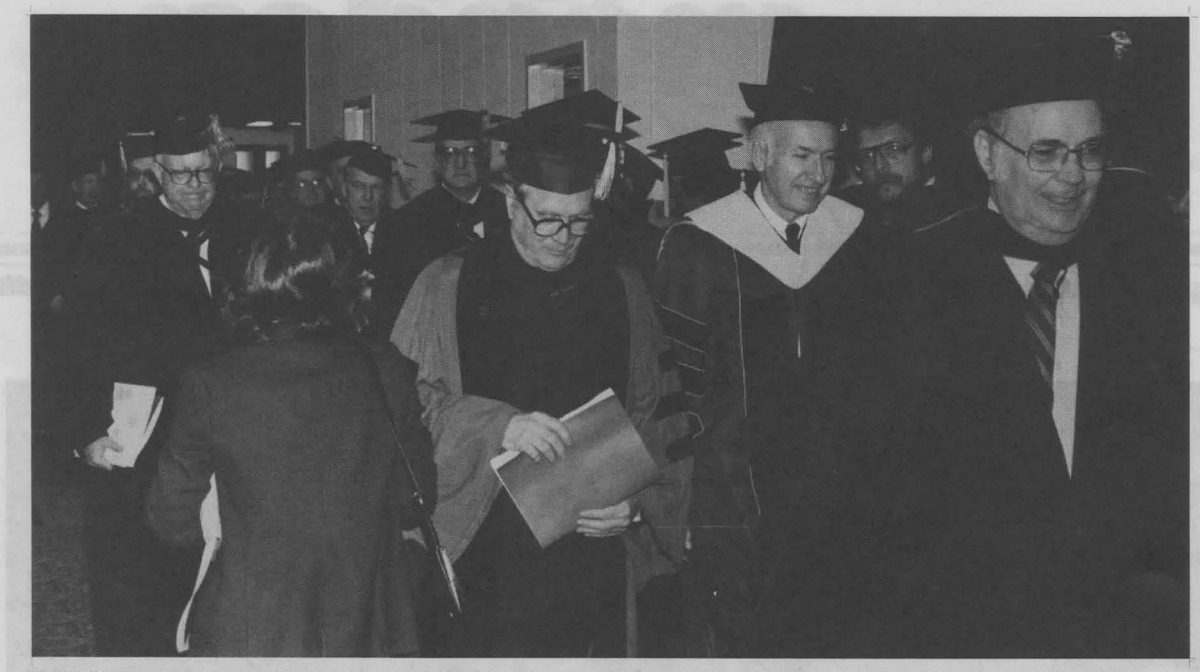
personnel notices

NON-CLASSIFIED JOB OPENINGS

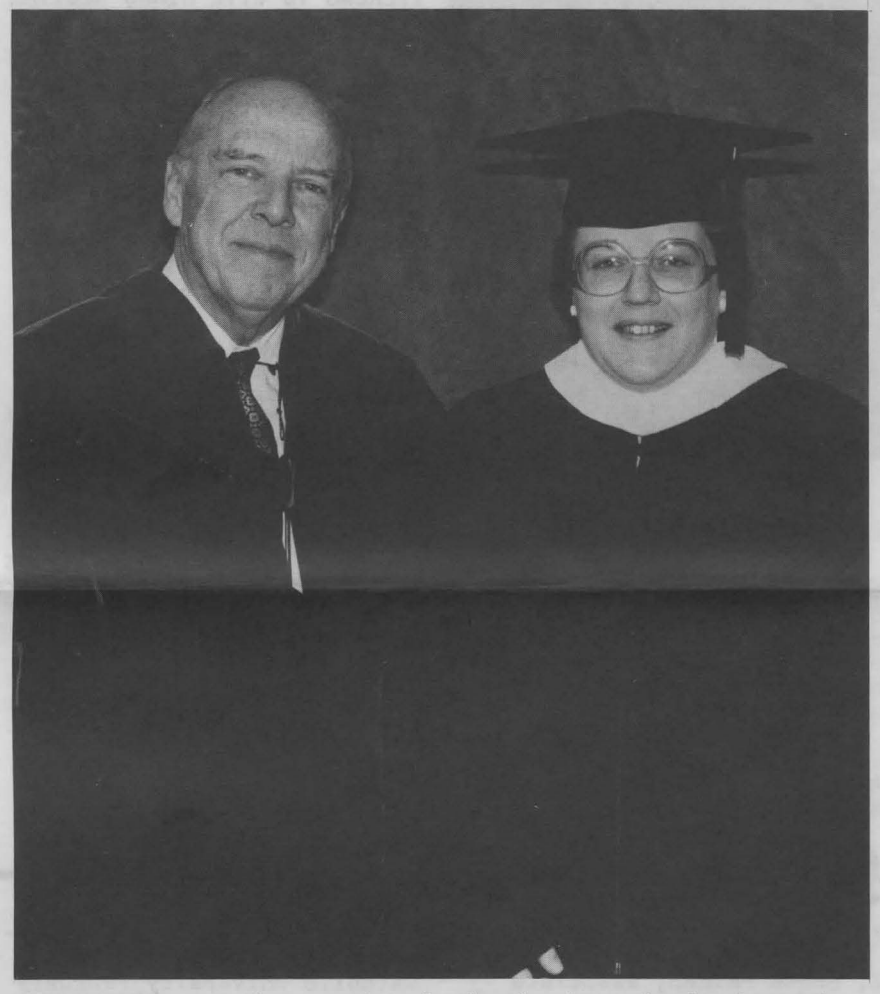
Research Associate, Department of Biochemistry. (Ph.D. in biochemistry or related area, experience in lipoproteins, lipids, protein analysis, cell isolations required. Research involves lipoprotein transport of absorbed and biosynthesized cholesterol and prostaglandin synthesis by isolated adult cardiac cells.) Contact Dr. George V. Vahouny, ext. 3519.

George Washington University is an equal opportunity/affirmative action employer.

SCENES FROM
WINTER CONVOCATION 1981



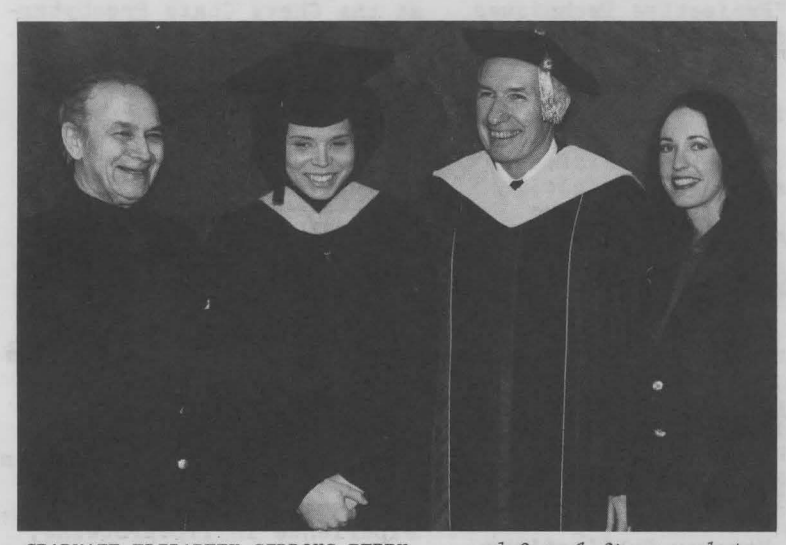
UNIVERSITY MARSHAL Robert C. Jones leads the president's party into the Charles E. Smith Center for Winter Convocation. Behind him are President Elliott and Canon Clement W. Welsh, warden of the College of Preachers at Washington Cathedral, who gave the invocation and benediction.



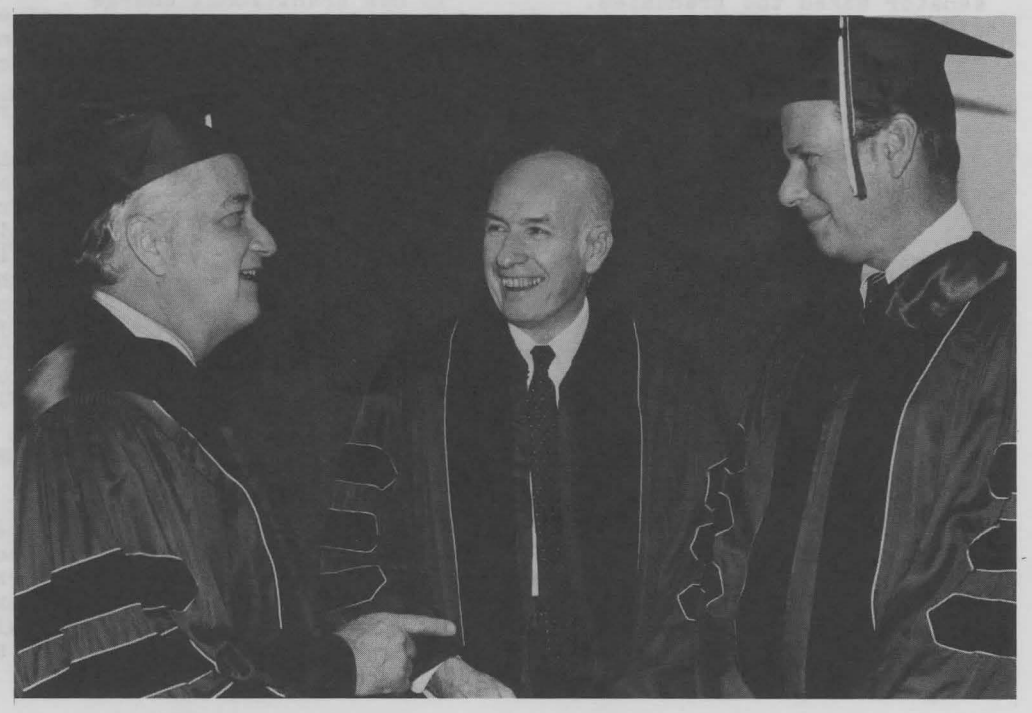
MARY BAYLISS, executive associate in the Planning and Budgeting Office, received a B.A. in psychology from Columbian College of Arts and Sciences. She is shown with Columbian College Dean Calvin D. Linton.

HARRIET LITTLE, executive coordinator for the Division of University and Summer Students, received an M.A. in the field of Russian language and literature from the Graduate School of Arts and Sciences. She is shown here with (L to R) Dean William F.E. Long of the Division of University and Summer Students, Professor Charles A. Moser, chairman of the Department of Slavic Languages and Literatures, and Dean Henry Solomon of GSAS.

Provost and Vice President for Academic Affairs Harold F. Bright with Professor Edward R. Weismiller, who received the status of professor emeritus of English at convocation. The citation noted his "wide recognition as a poet, a novelist and a literary scholar."



GRADUATE ELIZABETH SIDDONS PERRY, second from left, was photographed with (L to R) Martin Brownstein, founder of Washington Volunteer Readers for the Blind, President Elliott and Director of GW Services for Students with Disabilities Linda Donnels. Ms. Perry received a B.S. in zoology. She has the learning disability of dyslexia, a reading difficulty, and has had the assistance of a number of readers from Washington Volunteer Readers for the Blind. The university presented a citation to the organization for its services.



L to R, Senator Mathias, President Elliott and Governor Hughes wait for the academic procession to form.

GW'S HOSPITALITY REMEMBERED AS DR. ELLIOTT RECEIVES PERUVIAN DECORATION

President Elliott received a decoration--a sunburst medallion of Inca design--at the Peruvian Embassy February 20 in recognition of the academic hospitality this university first extended nearly a decade ago.

The story goes back to 1973 when Dr. Fernando Belaunde-Terry joined the GW faculty as visiting professor of urban history and planning. But Belaunde was more than a visiting professor who was an architect and urban planner--he was a former president of Peru who left the country following his ouster from office by a coup in 1968.

While in exile, he had taught at Columbia, Harvard and Johns Hopkins, but he stayed at GW longest--for five years--and last. When he left Washington in 1977 to return to Peru, Belaunde didn't forget his colleagues in various departments at the university. In addition to the Department of Urban and Regional Planning, where he held a faculty appointment, he taught in the Department of Geography and the Latin American Studies Program in the School of Public and International Affairs.

In 1980, Belaunde was re-elected president of Peru. When Professor Dorn McGrath, chairman of the Department of Urban and Regional Planning, attended the inauguration last summer as the representative of President Jimmy Carter and of President Elliott, Belaunde mentioned he would like to repay a favor: to thank President Elliott for the academic home provided him at GW during his exile. The thanks came February 20 at the Peruvian Embassy when Ambassador Fernando Schwalb made Dr. Elliott a *Gran Oficial de la Orden de Merito por Servicios Distinguidos.*

Peruvian Ambassador Fernando Schwalb, left, congratulates President Elliott following the ceremony.

President Belaunde had the occasion during his time on the GW faculty "to admire even more the respect for freedom and democracy ... in this country," said Ambassador Schwalb. He cited Dr. Elliott for a long and brilliant career of more than 40 years as administrator and teacher and for his special interest in promoting a wider exchange of knowledge between the United States and Latin American countries.

For Professor McGrath, who was also honored in Peru last summer, the Peruvian connection has been a continuing one. He is a signatory of the Charter of Machu Picchu, a document prepared by an international group of architects, educators and planners to improve the quality of urban life and signed amid the ancient Inca ruins of Machu Picchu in Peru in 1977.

TRISH EGAN BREAKS 1000 POINTS

GW junior Trish Egan will be the first recipient of the newly established GW Alumnae Basketball Trophy for all women's varsity basketball players who score 1,000 points in their careers.

Egan passed the milestone in the February 18 basketball game against West Virginia (GW 70, West Virginia 69). She scored 16 points which, added to her accumulated points of 989, brought her total to 1,005.

The trophy will be presented at the women's sports banquet on April 12.

DILTHEY FELLOWSHIPS AWARDED

Recipients of the 1981 Dilthey Fellowships for Interdisciplinary Scholarship are Shih-Chun Chang, assistant professor of engineering and applied science, and Thomas Dietz, assistant professor of sociology.

Professor Chang will be part of a multidisciplinary team investigating the application of spread spectrum techniques in non-defense radio regulations. Professor Dietz will seek to develop an integrative model of residential energy use.

PHILOSOPHY GROUP TO MEET HERE

The 8th annual meeting of the Society for the Advancement of American Philosophy will be held at the Cloyd H. Marvin Center Friday and Saturday, March 6 and 7, from 9:30 a.m. to 5 p.m. each day.

Papers will be presented in both comtemporary and classical American philosophy. All of the meeting's sessions are open to the public. Elton Professor of Philosophy Thelma Z. Lavine is in charge of arrangements. Call ext. 6265.

RECYCLING PROJECT TO BE DISCONTINUED AFTER THIS SEMESTER

A paper recycling project which has been active at GW for several years will be discontinued at the end of this academic year.

The program is operated and managed by students who report to the director of the physical plant. Part of the cost of the student labor is covered through work study funds, but most comes from university sources.

"It was partly luck that we were able to do recycling at this level," reported Director of the Physical Plant Robert Burch. "We changed from one waste hauling method to another, which gave us excess equipment to use for storing and hauling the recycled waste.

"Over the years, this equipment has worn out while the requirements for routine waste hauling have steadily increased. Consequently, our equipment and manpower are now severely taxed by university requirements. Recycling puts demands on us for special runs and special pickups when we could haul the amount of waste we recycle in our standard system with little additional effort."

Paper recycling at GW has never broken even. Last year, Burch estimated, it cost the university $20-$25,000 over the income it brought in from sales. "Recycling is labor- and equipment-intensive," he said, "but it has been an interesting and valiant social effort on the part of the university. I hated to recommend it be stopped, but these are times when resources must be put to best use.

"One reason I have enjoyed the program is the additional contact I have with students. They do a marvelous job of managing the thing, and if anyone could have made it a paying proposition they would have. They have tremendous dedication."

The program employs 10-12 students including student managers. Most are paid minimum wage, though some who have been with the program for several receive a higher wage.

If other university groups wish to sponsor a recycling program, Burch said he would be glad to discuss the prospect with them. "However, the impact on our equipment would have to be kept minimal," he stated.

DIMOCK GALLERY SHOWS WORKS OF PROFESSORS WOODWARD, GRIFFITH

An exhibition of works by William Woodward and Fuller Griffith of the GW fine arts faculty opens this week in the Dimock Gallery and will continue through Friday, March 20.

Recent paintings by Woodward, including landscapes and seascapes done in France and Greece as well as in the United States, will be shown. Griffith's work is in intaglio prints and mixed media.

The exhibition is the second in a series in the gallery highlighting the works of members of the fine arts faculty chosen in order of seniority. Hours are 10 a.m. to 5 p.m. weekdays.

Members of the organizing committee for the March 18 telecommunications seminar confer in GW President Lloyd H. Elliott's office (L to R): John Sodolski, Richard Wiley, President Elliott, Robert Gradle and Peter Kelly.

SEMINAR ON TELECOMMUNICATIONS CHALLENGES IS MARCH 18

"Challenges in Telecommunications and Information Handling for the New Administration" is the title of a workshop-seminar to be held at GW Wednesday, March 18, in the Marvin Center.

The one-day workshop will include sessions on international competition, domestic broadcasting, common carrier legislation, regulatory economics and issues related to new technology. The workshop is sponsored by GW's Center for Telecommunications Studies.

The workshop organizing committee includes Adm. Jon Boynes, president of the Armed Forces Communications and Electronics Association; Robert Gradle, vice president of AT&T for government communications; Richard Wiley, former FCC chairman who served as a member of the Reagan transition team; John Sodolski, vice president of the communications division, Electronics Industries Association; and Professor Arthur Friedman, chairman of the GW Department of Electrical Engineering.

A cross-section of speakers from telecommunications and related industries is represented in the program. Members of the Reagan administration are scheduled as breakfast, luncheon and dinner speakers.

Attendance is being coordinated through major electronics trade associations. The workshop is open to the public. Call ext. 8240.

KALEVALA DAY CELEBRATION FEATURES FINNISH CULTURE

The fifth annual Kalevala Day Celebration, organized by the Finlandia Foundation Nation Capital Chapter and sponsored on campus by the George Washington University Club, is scheduled for Sunday, March 8, in the Marvin Center.

The 3 p.m. program in the Marvin Theater presented by Finlandia singers, dancers and musicians will be complemented by a lecture by Elemer Bako, Finno-Ugrian specialist at the Library of Congress, on "How the Finnish Folk Epic Kalevala Found Its Way into the World Literature." The Melvin Gelman Library is presenting an exhibit on the same theme during March.

Finnish refreshments are included in the $3 admission donation. Students and senior citizens will be asked to pay $2. Children are free.

An added feature this year is a buffet dinner including Finnish specialties in the GW University Club for $7; children $5. Call ext. 6610 for dinner reservations.

(Pisces: Anablepidae), from El Salvador and its seasonal variations," in Copeia, 1981.

JEFFREY R. HENIG, assistant professor of political science, two articles on the impact of urban neighborhood revitalization on existing residents: "Gentrification and Displacement Within Cities," in Social Science Quarterly, December 1980; and "Gentrification and Displacement of the Elderly," in The Gerontologist, February 1981.

ROY C. LINDHOLM, professor of geology, a paper, "Intraclast Orientation in Ordovician Limestones in Western Maryland," in Journal of Sedimentary Petrology, Vol. 50, No. 4.

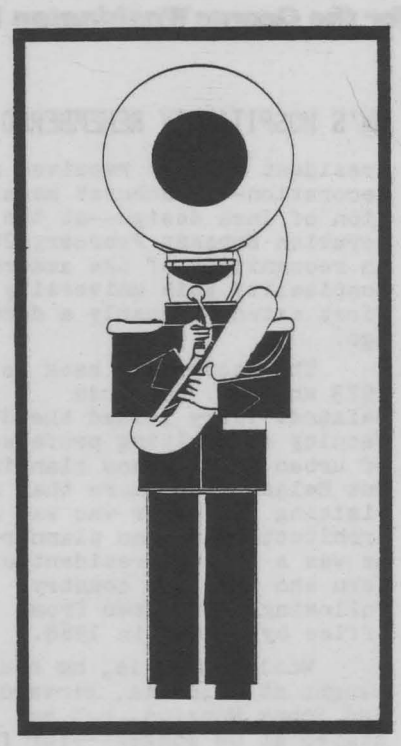
PROFESSIONAL ACTIVITIES

BEVERLY LITTLEWOOD, visiting associate professor of operations research, spoke on "Software Reliability Measurement" in a series organized by the Computation, Mathematics, and Logistics Department of the David Taylor Naval Ship Research and Development Center on February 5.

ANTHONY L. MESCHER, assistant professor of biology, gave a paper entitled "*In vitro* studies on the control of cell proliferation in newt forelimb regeneration blastemas" at the 1980 meeting of the American Society of Zoologists in Seattle December 27-30.

FAY SCHREIBMAN, director of the Television News Study Center, served as a member of the Smithsonian Institution's Wilson Scholars Guide to Washington resources panel at the joint meeting of the Wilson Center and District of Columbia Library Association February 6.

T. THORNE WIGGERS, coordinator of outreach and consultation in the Counseling Center, presented a paper with Dea Forney of Gettysburg College on "Countering the Revolving Door Syndrome: Survival Skills for Career Development Professionals," at the University of Maryland Student Affairs Conference February 13.



HERE COME THE MARINES

A series of free concerts by the United States Marine Band will be given in the university's Lisner Auditorium on Monday evenings at 7:30 p.m. during March and April. This is the second year these concerts have been given in Lisner.

Under the direction of Lt. Col. John Bourgeois, the full-scale Marine Band concerts will include Sousa Marches, show tunes, instrumental solos and vocal solos by Michael Ryan.

All the concerts are open to the public without charge. No tickets are required. Call 433-4044.

JOHN RUSSELL MASON MEMORIAL FUND ESTABLISHED

John Russell Mason, librarian and curator of art emeritus, died at the age of 81 on Saturday, February 28, in the George Washington University Hospital. The John Russell Mason Memorial Fund for library books has been established in his name.

Mason served George Washington University for 46 years. He began his library work here as a student assistant in 1920. In 1923, he was appointed chief assistant and served subsequently as assistant librarian and associate librarian before being appointed librarian in 1933. He held the post until 1965.

In 1944, while continuing his responsibilities as librarian, he was appointed curator of art and served as curator until 1965. He was made librarian and curator of art emeritus in June of 1965 but continued to serve actively for another year until his full retirement in 1966.

During his time at the university, library holdings increased fourfold. Through his work as curator of art, the university's art holdings were enlarged in number and value. With the late GW President Cloyd H. Marvin, Mason was responsible for the acquisition of a Gilbert Stuart portrait of George Washington. He presented 176 exhibitions of art ranging from the showing of the Walter P. Chrysler Collection to annual student shows and works of Washington artists.

Born on January 1, 1900, in Philadelphia, Mason attended Roosevelt High School in Washington, D.C. A GW alumnus, he received his B.A. in 1923 and his M.A. in 1925 with a specialization in Englsih. His degree in library science was from Columbia University School of Library Service (B.S. in L.S. 1933).

An accomplished musician, he was unofficial organist for the university for a number of years, playing for many university occasions.

In 1951, the university presented him an Alumni Achievement Award. In 1974, the John Russell Mason Room (Room 301, used as a reading and study lounge) was dedicated in the GW Library, now the Melvin Gelman Library.

Contributions to the GWU John Russell Mason Memorial Fund may be sent to the University Librarian, Melvin Gelman Library, GWU, Washington, D.C. 20052.

ALUMNI NAMED FOR NATIONAL POSTS

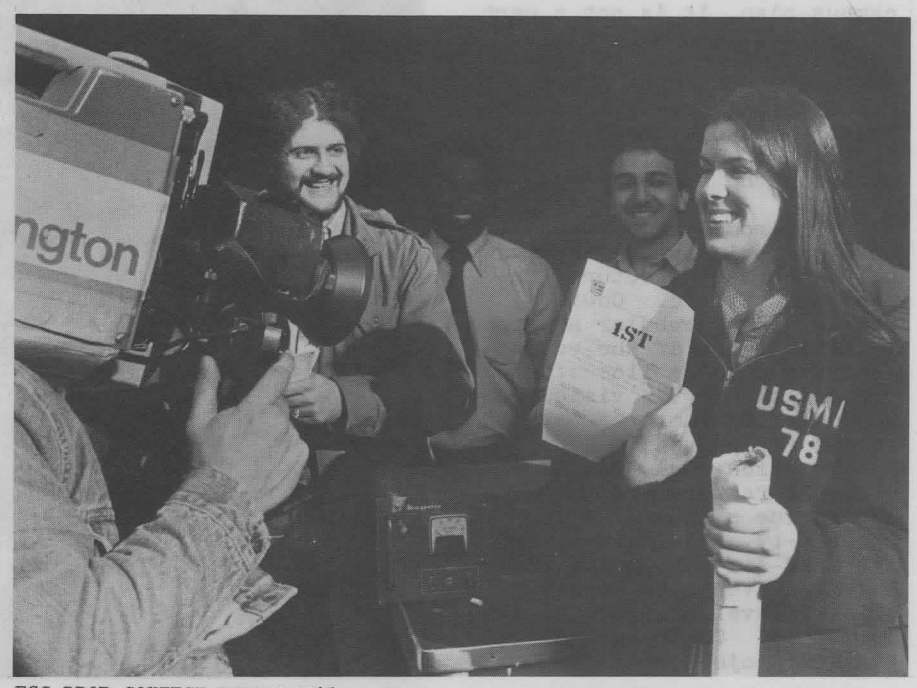
University Trustee Charles T. Manatt has been elected chairman of the Democratic National Committee. Attorney Roscoe L. Egger Jr. has been nominated by President Reagan to be Commissioner of Internal Revenue Service. Both are law alumni: Manatt, J.D. 1962; and Egger, LL.B. 1950.

EDUCATION POLICY FELLOWSHIP PROGRAM SEEKS APPLICATIONS

The Education Policy Fellowship Program of the GW Institute for Educational Leadership is accepting applications for one-year fellowships that provide an opportunity to work under the direction of selected educational policy-makers at federal, state and local levels.

This is a non-degree program for outstanding mid-career individuals. Applications will be distributed through Friday, March 27, 1981.

For more information, write Application Coordinator, Education Policy Fellowship Program, Suite 310, 1001 Connecticut Avenue, N.W., Washington, D.C. 20036.



EGG DROP CONTEST WINNER Eileen Hart poses for NBC television immediately after the Sixth Annual Egg Drop Contest sponsored by the Engineers' Council on Friday, February 27. Contestants were required to construct a vehicle which would house an uncooked egg (U.S. Grade A) in such a way as to prevent damage to it upon impact after a fall of 66 feet, 9 inches from the roof of Tompkins Hall. Weight of the structure, time of free fall and accuracy of fall in reaching a target painted on the pavement were judging factors. Hart is a senior majoring in civil engineering. Egg Drop Contest coordinator was Paul Wormser, a senior in mechanical engineering.

SCHOOL OF EDUCATION AND HUMAN DEVELOPMENT RECEIVES RECOGNITION

The School of Education and Human Development has been awarded a Certificate of Recognition for its participation in and support of the 1981 International Year of Disabled Persons (IYDP). GW is the only university accepted by the U.S. Council for the IYDP as a national partner.

The School of Education sponsored a conference last fall for professionals in rehabilitation, special education and therapeutic recreation to discuss strategies for improving attitudes about disabled persons and integrating them into the total educational system, as well as legislative, financial and research areas related to the disabled which need attention.

Next fall, the school will offer a new course in international aspects of disabilities.

FRIEND OF GERMAN DEPARTMENT BEQUEATHS FUNDS TO ESTABLISH BUKA FAMILY PRIZE

The university has received a bequest from the estate of the late Dr. Ruth Buka to establish the Buka Family Prize, a new annual prize in German. Income from the $2,000 bequest will be used for a yearly award to the most outstanding student in the Department of Germanic Languages and Literatures.

Ruth Buka

The prize has been established in honor of Dr. Buka's parents, the late Georg and Rosa Buka, and her sister, Hilde Buka-Lacour. It will be awarded for the first time in May 1982.

In addition, Dr. Buka bequeathed her books to the German department. The collection has been placed partially in the department's office and partially in the Gelman Library's general and special collections. A text by Dr. Buka, Learning German from Modern Authors (New York: The Macmillan Co., 1939) was included in the gift.

Dr. Buka, a longtime friend of the German department, tutored GW students in German after her retirement from government service. In her student days she studied Germanic, Romance and Near Eastern languages as well as comparative literature at the University of Berlin, earning her doctorate there. She came to the United States in 1927 and pursued postgraduate studies at Columbia and Yale, with the help of a fellowship from the Institute for International Education.

She was professor of modern languages at State Women's College in Valdosta, Ga. (1929-30) and professor of German at Elmira College in Elmira, N.Y. (1930-43). She was a language specialist with the U.S. Departments of the Treasury, Defense and State for 11 years (1944-55).

Dr. Buka died in Baltimore in 1979. Her father, the late Georg Buka, was a German judge before the National Socialists came to power. Both Dr. Buka's parents and her sister suffered Nazi persecution.

Top right, Hilde Buka-Lacour
Lower right, Georg and Rosa Buka

CATHOLIC U. ARCHITECTURE CLASS DESIGNS 2000 PENNSYLVANIA PARK

The university is awaiting word from the D.C. Zoning Commission, expected in mid-March, on the form the 2000 Pennsylvania Avenue development will take. Meanwhile, it's interesting to see what one architecture class at Catholic University has been doing.

Although the closing of Eye Street between 20th and 21st Streets, N.W., is provided for in the university's campus plan, it is not a part of the 2000 Pennsylvania project. Even so, 75 architecture students in a class at Catholic University took as a project the design of a park in front of Red Lion Row, assuming the street were closed.

The model at right is the work of Christopher Cowie, a third-year architecture student at Catholic. Cowie's design uses a tubular aluminum frame in front of the row to echo the cornice line of the buildings. Partly visible in his model is a map of the campus sculptured in stone blocks which would double as street furniture and help define the campus area for passers-by. His park area is terraced six feet below Pennsylvania Avenue to create a quieter level in front of the buildings. Cowie earned an A for his project.

"GEORGE CALLING" TELETHON BEGINS TONIGHT— YOUR OPPORTUNITY TO DO SOMETHING FOR GW

What's a telethon and who is George calling? The telethon is one of the principal ways the university obtains contributions for the Annual Fund. Thirty phones have been installed in rooms 410-415 of the Marvin Center and, beginning tonight and running every Monday through Thursday until April 9, alumni, faculty, students and staff will be volunteering to obtain pledges by calling D.C. area alumni.

In addition to George, Gail, Lou, Billie Jo, Doug and Lilien, several hundred other volunteers will be helping out. They would like you to join them.

The Development Office tells you everything you need to know for your evening's career in fund raising. You are surrounded by others who are also working for a good cause...helping to strengthen the financial support that GW receives. It's one of the best ways of getting to know the university better, as well as the people you work with, and our present and former students.

The more people who volunteer the more funds the university will receive. Come on out! You might find you are really good at it.

Here are the details:

The calls will be made Monday, Tuesday, Wednesday and Thursday evenings through April 9 from Rooms 410-415 in the Marvin Center between 6:45 and 9:30 p.m. A buffet dinner is provided between 5:30 and 6:30 p.m. followed by 15 minutes of instructions before the calling starts at 6:45.

Complimentary parking is available in the Marvin Center Garage, entrance on H Street, and in the University Parking Garage, entrance on Eye Street at 22nd Street.

Everyone in the George Washington University community is invited to take part in this university-wide effort. Last year's telethon resulted in pledges of $120,000 from over 5,000 donors. This year's goal is $135,000. To volunteer for one or more evenings, call ext. 6415 during office hours.

Different schools and divisions have been scheduled on various evenings. The schedule follows.

<u>First week</u>	
Monday, March 16	Education and Human Development Engineering and Applied Science Public and International Affairs Medicine and Health Sciences
Tuesday, March 17	
Wednesday, March 18	Government and Business Administration
Thursday, March 19	Students

Thursday, April 2	Student Organizations Engineering and Applied Science
<u>Fourth week</u>	
Monday, April 6	Graduate School of Arts and Sciences Columbian College
Tuesday, April 7	Faculty/Staff
Wednesday, April 8	Government and Business Administration
Thursday, April 9	All Schools Night

GW RED CROSS BLOOD DRIVE IS WEDNESDAY, MARCH 25

The university-sponsored Red Cross Blood Drive is scheduled for Wednesday, March 25, from 10 a.m. to 3:30 p.m. in the Marvin Center Ballroom.

To expedite processing time, donations will be by appointment only. Those who wish to donate should call ext. 6555 to schedule a time.

Questions about donor eligibility can be answered by the Red Cross, at 857-3767.

For those with changeable schedules, the Red Cross Center at 2025 E St., N.W., is well equipped to take walk-in donors. The center is a five-minute walk from campus.

The Student Activities Office is coordinating the drive and urges members of the university community to consider participating.

CONCERT OF SCHUBERT, BEETHOVEN

A GW music faculty concert featuring Professors George Steiner, violin, and Robert Parris, piano, will be presented by the Music Department on Monday, March 23, at 8:30 p.m. in the Dorothy Betts Marvin Theater in the Marvin Center.

The two artists will play music of Schubert and Beethoven. The concert is open to the public without charge.

EVENTS FOR ALCOHOL AWARENESS

The GW Alcohol Education Committee is sponsoring two alcohol awareness events on Thursday, March 19.

The first, "Drink to Your Health," will be staged in the Marvin Center lobby areas and will feature movies, root beer, popcorn, wine tasting and alcohol information. The second event will be an 8-10 p.m. coffeehouse in the Marvin Center Rathskeller with what planners call "an exotic non-alcoholic bar."

The events are sponsored in conjunction with GWUSA and the Program Board. Chairperson is Laura Meyers, resident director of Mitchell Hall.

INTERVIEWS

ROBERT DUNN, professor of economics, was interviewed regarding Reagan's economic program by Lark McCarthy on WJLA-Channel 7's "Good Morning Washington" show February 19.

LELA LOVE, adjunct instructor in law, was interviewed March 10 on WRC-Channel 4's "Tony Brown at Daybreak" show on the National Law Center's Small Business Clinic, which offers free legal advice to low-income and elderly residents of D.C.

PUBLICATIONS

SHIH-CHUN CHANG, assistant professor of engineering and applied science, an article, "On the T-User M-Frequency Noiseless Multiple-Access Channel With and Without Intensity Information," in <u>IEEE Transactions on Information Theory</u>, Vol. IT-27, No. 1, January 1981.

PATRICIA M. LENGERMANN and RUTH A. WALLACE, professors of sociology, an article, "Making Theory Meaningful: The Student as Active Participant," in <u>Teaching Sociology</u>, Vol. 8, No. 2, January 1981.

PROFESSIONAL ACTIVITIES

SHIH-CHUN CHANG, assistant professor of engineering and applied science, presented a paper on "Coding for T-User Multiple-Access and Broadcast Channels" at the National Radio Science Meeting in Boulder, Colo., January 12-16. He also presented a paper on "Coding for the T-User Binary Symmetric Broadcast Channel" at the 1981 IEEE International Symposium on Information Theory in Santa Monica, Calif., February 9-12.

MURLI M. GUPTA, assistant professor of mathematics, attended a conference on the use of computers in mathematics education at the University of Delaware in Newark February 11-13. At the conference, the National Consortium on Uses of Computers in Mathematical Sciences Education was formed and Professor Gupta was elected to its steering committee and newsletter committee.

GAIL S. HANSON, dean of students, was a discussant at the "Career Colloquium: Dean of Students" at the 1981 National Conference on Higher Education sponsored by the American Association for Higher Education in Washington March 4-6.

GUIDO E. MAZZEO, professor of Romance languages, presented a paper entitled "Los jesuitas espanoles y la cultura hispano-italiana del siglo XVIII" at the Louisiana Conference on Hispanic Languages and Literatures sponsored by Tulane and Louisiana State University held in New Orleans February 26-28.

A composition by ROBERT PARRIS professor of music, Concerto for Five Kettledrums, was performed by the Alexandria Symphony Orchestra on February 8. GEORGE STEINER, professor of music, directed the concert.

ROBERT C. WATERS, professor of engineering administration, testified before the Independent Area Task Force on Marine Transportation, National Advisory Committee on Oceans and Atmosphere, February 26. He addressed the issue of the adequacy of the U.S. ports system to handle intermodel foreign commerce.

ANN E. WEBSTER, director of housing, was named president of the Mid-Atlantic Region Association of College and University Housing Officers at its 1981 conference held at the University of Delaware January 22-23.

JACOB BURNS LAW LIBRARY SPRING BREAK HOURS

Hours of the Jacob Burns Law Library for the spring recess of the National Law Center, March 21 through 29, are listed below.

Sat., 3/21	9 am-1 pm
Sun., 3/22	CLOSED
Mon., 3/23-Fri., 3/27	9 am-10 pm
Sat., 3/28	9 am-5 pm
Sun., 3/29	12 noon-10 pm

HEALTH SCIENCES LIBRARY HOURS

Hours of the Himmelfarb Health Sciences Library this week, during the continuation of medical students' spring recess, are Monday, March 16, through Friday, March 20, 7:30 a.m. to 10 p.m.; Saturday and Sunday, March 21 and 22, 10 a.m. to 10 p.m.

SAFETY ALERT ON DYES

The Safety Office has received a report from the National Institute of Occupational Safety and Health (NIOSH) that dyes with a chemical base of Bensidine, o-tolidine or o-dianisidine may have a carcinogenic effect on humans.

The report is available through the Safety Office, ext. 6947. Ask for NIOSH #81-106.

GW ARCS SCHOLARS Stephen Norris, left, and Thomas A. Mazzuchi are shown with Vicki Baker, director of student financial aid, who holds a plaque recently presented to GW by the Metropolitan Washington Chapter of ARCS Foundation, Inc. ARCS stands for Achievement Rewards for College Scientists. The plaque bears the names of 30 scholars who have been given ARCS scholarship aid at GW since 1970. Norris and Mazzuchi, the current ARCS scholars, are studying physiology and operations research, respectively.

personnel notices

NON-CLASSIFIED JOB OPENINGS

Research Associate, Department of Clinical Engineering. (Ph.D. or equivalent, experience in computer science, artificial intelligence or advanced programming required. Duties: participate in development of a program-manipulating program or relational data base language or analysis of syntactic structures in physiological representation. Must write own code.) Resume requested. Call Dr. William Yamamoto, ext. 3871.

Research Assistant, Hematology. (Bachelor's degree required. Duties involve work on a project on localization and function of coagulation proteins in blood platelets: obtain blood and marrow samples, perform cell isolation procedures, radioisotope labeling, radioantography antibody preparation and isolation and characterization by physical, chemical and immunological techniques.) Contact Dr. Richard Levine, 389-7563.

George Washington University is an equal opportunity/affirmative action employer.

GW ROSE GARDEN APPROVED FOR ACCREDITATION BY AARS PUBLIC GARDENS COMMITTEE

The George Washington University Rose Garden has been approved for accreditation as an All-America Rose Selections (AARS)-accredited public rose garden, the only such accredited garden in Washington.

Following application for the accreditation by Grounds Supervisor Louis L. Smith in September, the All-America Rose Selections Public Gardens Committee gave its approval at a January 15 meeting in Chicago, subject to a final inspection of the garden by a committee member this coming summer.

Now that its rose garden is AARS-accredited, GW has received 10 plants of each of the four new AARS award-winning roses for 1982. Each year, four new varieties are selected, numbered and sent to accredited gardens in March, to be planted out as local weather conditions indicate. In late May, official green and white metal markets for the new winners are sent with a letter keying the numbers to the names of the new flowers which are announced June 1. The name markers are then placed in the gardens.

To receive the recent arrivals, two new rose beds have been prepared on H Street, between Bacon Hall and the walkway that leads up through the University Yard to Lisner Hall. The AARS committee was aware that, with the large amount of visitor traffic through the campus, many passers-by would have the opportunity to enjoy the varieties of roses.

The 1982 roses, as yet numbered but unnamed, are described as an apricot hybrid tea, a red-blend hybrid tea and an orange-blend grandiflora from Armstrong Nurseries in Oregon, and an ivory floribunda from Jackson and Perkins.

All the bushes will be planted out after danger of frost is fully past.

WILLIAM PAYNE, general foreman for the Grounds Division of GW's Physical Plant Department with some of the new rosebushes. Payne is a long-time member of PPD.

FACULTY PUBLICATIONS EXHIBITED IN SPECIAL COLLECTIONS

An exhibition of publications by 57 faculty members in the Special Collections area of the Melvin Gelman Library presents works in economic and social studies, medical and health sciences, business and management, history and politics, law, science and technology, and literature and the arts. Faculty members from all the schools are represented in the exhibition. The works shown date from 1979 onward.

GW BOOKSTORE PHONE NUMBERS

The direct line phone number for the GW Bookstore is 676-6871, effective immediately. On campus, it's ext. 6871.

Extension 6870 is now being used to give callers recorded general information such as the bookstore's location and hours and other pertinent details. Ext. 6870 operates 24 hours a day. This is being done because of the large number of calls received by the bookstore during and outside of regular business hours.

FIRST WEDNESDAY TALK FEATURES LOGSDON ON U.S. SPACE PROGRAM

John M. Logsdon, professor of public affairs and political science, will discuss the United States' space program at the First Wednesday Lecture on April 1. He will examine directions and goals of the program as well as such options as emphasis on exploration, increasing commerical uses, and assignment of higher priority to defense applications of space technology. Logsdon's lecture will focus on criteria for balancing U.S. space activities among these possible uses.

The lecture is at 8 p.m. in the Marvin Center Ballroom.

The First Wednesday Lectures, sponsored by the Alumni Relations Office, are open to the public without charge. Those planning to attend should call ext. 6435 at least two days prior to April 1 to reserve space.

Dinner beforehand will be available at the GW University Club for both club members and non-members. Call ext. 6610 at least two days in advance to make reservations directly with the club.

newsnotes

INTERVIEWS

MARCUS CUNLIFFE, university professor, was interviewed Wednesday, March 11, by Michael Kernan of The Washington Post regarding his thoughts on the U.S. and American life.

BARBARA FITZGERALD-McCLAIN, career counselor at Student and Alumni Career Services, was interviewed on the employment outlook for graduating seniors by Lynn Dunson of The Washington Star March 3.

DAVID H. McELVEEN, associate director of the Housing Office, talked with Maureen Dowd of The Washington Star on March 2 about costs of housing and meal plans at GW.

WILLIAM D. JOHNSON, director of the Planning and Budgeting Office, was interviewed March 6 on the effects of the Reagan Administration's proposed budget cuts on private colleges and universities by Alice Digilio of The Washington Post.

SHAKESPEARE SCHOLAR TO GIVE ANNUAL TUPPER LECTURE

J. Leeds Barroll, professor and chairman of the department of English at the University of Maryland, Baltimore Campus, will give the 17th annual Tupper Shakespeare Lecture on Friday, March 27, at 8 p.m. in Room 101 of Corcoran Hall, 725 21st St., N.W.

His subject is "Acting Boys in Shakespeare's Life and Work." The lecture, open to the public without charge, is given in memory of the late Fred Salisbury Tupper, longtime member of the English Department who introduced generations of GW students to the shadings and nuances of Shakespeare's art.

Professor Barroll holds degrees from Harvard and Princeton. He has been a faculty member and an administrative officer at a number of academic institutions, among them Vanderbilt and the Universities of Texas, Cincinnati and South Carolina. In 1978 he was Andrew W. Mellon Visiting Professor of English Literature at the University of Pittsburgh. Barroll also served four years at the National Endowment for the Humanities as deputy director of the Division of Research Grants.

He is the author of Artificial Persons: The Formation of Character in the Tragedies of Shakespeare (1974) and, with other scholars, of Volume III (1576-1613) in The Revels History of Drama in English (1975).

TWO KOREAS TO BE TOPIC OF SPIA ALUMNI ASSOCIATION PROGRAM

"The Two Koreas: Foreign Policies, Reunification and Leadership Successions" will be discussed by Professor of Political Science and International Affairs Harold C. Hinton, member of the International Institute for Strategic Studies and a former State Department training officer, and Ralph N. Clough, fellow at GW's Institute for Sino-Soviet Studies and retired Foreign Service officer, on Thursday, March 26.

The program, sponsored by the School of Public and International Affairs Alumni Association, is planned for 7:30 to 9 p.m. in Rooms 413-414 in the Marvin Center. There is no charge.

For more information or to reserve a place, call Michael Bowers at ext. 6435.

TAX HELP--GW second-year law student Paul-Noel Chretien, right, consults with Kay Fossett, a resident of St. Mary's Court, about her income taxes. Chretien is one of some 40 law students assisting low-income and elderly people through the Volunteer Income Tax Assistance (VITA) program during the month of March and into April. Fosset, a disability retiree from the National Security Agency, does volunteer work with the D.C. Department of Corrections and the Superior Court. She is also a language teacher for Washington Saturday Community College held at GW.

JAZZ FESTIVAL AND GW CHORUS CONCERT SUNDAY

The Second Annual GW Cherry Blossom Jazz Festival and a performance by the GW Chorus are both scheduled for Sunday, March 29.

The GW Cherry Blossom Jazz Festival will be held from 1 to 6 p.m. in Lisner Auditorium under the direction of William Wright, GW Jazz Band director. Featured, in addition to the GW Jazz Band, will be the bands of Catholic and Howard Universities, the University of Maryland and Langley High School, and the Navy Commodores, a unit of the U.S. Navy Band. Co-sponsoring the event with the Music Department are GWUSA, the Program Board and the Men's Athletic Department.

The GW Chorus will appear in the Dorothy Betts Marvin Theater at 8:30 p.m. Directed by Cathy Picar, the chorus will present a variety of works including two compositions by GW undergraduate music students, "Benedictus" by Donald Hill and a medley, "Best of Broadway Tunes," by Eric Comstock.

Both events are open to the public without charge.

The Voice of America interviewed NADINE NATOV, professor of Russian, February 4 regarding the International Dostoevsky Symposium in Italy and other meetings and conferences commemorating the centennial of the writer's death, including the annual meeting of the North American Dostoevsky Society held in Houston in December, which Professor Natov chaired.

PUBLICATIONS

ROBERT C. WATERS, professor of engineering administration, a review of Engineering Economy: Analysis of Capital Expenditures (Third Edition) by Gerald W. Smith, in The Engineering Economist, Vol. 26, No. 2, Winter 1981.

PROFESSIONAL ACTIVITIES

Several faculty members in the English Program for International Students participated in the 15th Annual Convention of Teachers of English to Speakers of Other Languages (TESOL) held in Detroit March 2-8. GEORGE BOZZINI, associate professor of English, gave a presentation, "Employment Issues in ESOL (English to Speakers of Other Languages): Fiscal, Academic and Professional Concerns." CHRISTINE MELONI and SHIRLEY THOMPSON, adjunct instructors in English, gave a joint presentation on "Teaching Language Functions in the Speaking and Listening Class." SHIRLEY M. WRIGHT, adjunct assistant professor of English, gave a presentation on "Guidelines for ESOL Program Approval." CAROL SPARHAWK, adjunct assistant professor of English, and JOHN DONALDSON and PATRICIA JOHNSON, adjunct instructors in English, also attended the convention.

JONATHAN CHAVES, visiting assistant professor of Chinese, gave a public lecture on Chinese poetry at the Martin Luther King Library March 5. He also lectured on Chinese calligraphy at Towson State University March 12.

MARCUS CUNLIFFE, university professor, is a consultant to the Smithsonian Institution's National Museum of American History on its 1982 exhibit to celebrate the 250th anniversary of the birth of George Washington.

RODERICK S. FRENCH, associate professor of philosophy, spoke on "A Philosophical Foundation for Historic Preservation in the 1980s" to the National Conference of State Historic Preservation Officers meeting in Washington March 9-10.

DORN C. McGRATH JR., professor of urban and regional planning, was a member of a panel discussing qualifications and duties of the Montgomery County Planning Board chairman and procedures for filling that recently vacated seat at a forum held March 9 at the Montgomery County offices in Rockville. The forum was sponsored by the Montgomery County Civic Federation to provide guidance to the Montgomery County Council, which is considering candidates for the Planning Board chairmanship.

SUSAN J. TOLCHIN, associate professor of public administration, spoke on "Deregulation and its Impact on Marketing" at a luncheon meeting of the Metropolitan Washington Chapter of the American Marketing Association March 11.

GRANTS

JOHN M. LACHIN, associate research professor of statistics, a $130,622 research grant for a study of plasmapheresis in severe lupus nephritis, from the National Institute of Arthritis, Metabolism, and Digestive Diseases/Department of Health and Human Services.

GASTON J. SIGUR, professor of international affairs, a $10,000 grant for support during 1981 for a Soviet-American conference on problems of peace and security in Asia to be held in Moscow, from the Earhart Foundation.

GW RED CROSS BLOOD DRIVE IS WEDNESDAY

It's still possible to make an appointment to participate in the University Blood Drive on Wednesday, March 25.

Hours are 10 a.m. to 3:30 p.m. Approximately one hour is required for processing. Location is the Marvin Center Ballroom. For appointments or more information, call ext. 6555.

OFFICER OF THE QUARTER award recipient Patrolman Ronald L. Huff receives the congratulations of Vice President Carl J. Lange. Safety and Security Director Byron M. Matthai Jr. is at left.

OFFICE OF SAFETY AND SECURITY ESTABLISHES AWARDS PROGRAM; OFFICER HUFF IS FIRST RECIPIENT

The Office of Safety and Security has established an awards program to give selected officers commendation for their work. The program, established October 1, 1980, recognizes the officer of the quarter and the officer of the year.

Officer of the quarter receives a letter and a plaque and the officer of the year will receive a third reward, not yet determined, in addition to the letter and plaque.

Officer Ronald L. Huff, who is assigned to the bookstore, was selected the first officer of the quarter by a board of officers within the Safety and Security Department. His award is for the last quarter of 1980.

Vice President for Administration and Research Carl J. Lange and Safety and Security Director Byron M. Matthai Jr. informed Officer Huff of his selection in an informal ceremony in Director Matthai's office on March 18.

Under the new program, the board of officers considered all the security patrolmen and guards in the department. Factors such as initiative, acceptance of responsibility, attention to duty, thoroughness in job performance and officer bearing were taken into consideration.

"I have not worked alone in the bookstore; I have often called upon others," Officer Huff said in accepting the honor. He became associated with the Office of Safety and Security in June 1975.

REPORT GIVES PROFILE OF GW 1980 FRESHMAN CLASS

The GW freshman class of 1980 has higher SAT scores, 10 percent more men, and larger numbers of students who plan to study the social sciences or business when compared to prospective applicants to other private colleges across the nation in 1980.

The information comes from a report released last fall by the Admissions Testing Program of the College Board tracing the evolution of the 1980 freshman class at GW. The report compares norms (median values) of prospective applicants for all four-year private colleges to the GW freshman class of 1980 through its history as applicants, accepted applicants and enrolled freshmen.

GW 's freshman class averaged 81 points higher on both the SAT verbal (512) and mathematics (547) scores than did the comparison group with 431 verbal and 466 mathematics scores. The GW freshmen's 3.30 overall high school grade point average compared to a 3.10 median in the comparison group.

The 12 percent minority freshman enrollment at GW exactly equals the median for prospective applicants to four-year private colleges.

While the median income of parents of prospective applicants to four-year private colleges is $21,900, median income of parents of the GW class is $32,300. Fifty-seven percent of GW freshman parents earn over $30,000, compared to 28 percent of the comparison group. Almost three-quarters of enrolling GW freshmen have graduate study as a goal compared to 44 percent of prospective applicants to four-year private colleges.

The largest single category of enrolled GW freshmen--42 percent--intend to study in social sciences, compared to 23 percent of the comparison group. The next largest group--20 percent--say they will study business, commerce or communications, which equals the 20 percent of applicants to four-year private colleges indicating they will study in that area.

In extracurricular activities, most GW freshmen say they will become active in journalism, debating or dramatics (49 percent at GW compared to 30 percent nationally); or in student government (43 percent at GW compared to 24 precent nationally).

GW attracts more males than females. Females outnumber males among prospective applicants to four-year private colleges by 14 percent. These applicants are 57 percent female and 43 percent male. But enrolling GW freshmen are 53 percent male and 47 percent female, 8 percent more male than female, and 10 percent more male than the comparison group.

GELMAN LIBRARY NOTE

The policy of the Melvin Gelman Library with regard to loan privileges for current part-time faculty provides for two-week loan privileges that may be extended to semester loans on the basis of proper identification and request by departmental chairmen.

PROFESSIONAL ACTIVITIES

EDWIN P. KULAWIEC, professor of education, gave a public lecture/slide/tape presentation entitled "Who Was This Man?--A Tribute to Janusz Korczak" at the Jewish Community Center of Greater Washington in Rockville March 22.

MARY E. NORTON, associate professorial lecturer in Latin, gave an illustrated lecture on "Greek Women in Art" at Shepherd College in Shepherdstown, W. Va., March 12.

SONYA A. QUITSLUND, assistant professor of religion, participated in a symposium on "Women and Ministry: Designing the Church of the Future" held at the Bergamo Conference Center in Dayton, Ohio, February 14-16.

LILIEN F. ROBINSON, professor of art and chairman of the department, and MARIANNE R. PHELPS, assistant provost for affirmative action, participated in a panel on training and orientation for academic department chairmen at the meeting of the Association for the Study of Higher Education held in Washington March 3-4.

CHUNG-WEN SHIH, professor of Chinese, gave an illustrated lecture on "Return from Silence: China's Revolutionary Writers" at the annual convention of the Association of Asian Studies in Toronto March 13. She spoke on "Cao Yu and Sunrise" at the annual meeting of the Chinese Performing and Oral Literature Association at the University of Toronto March 14. On March 17 she spoke on "Aspects of Chinese Culture" at the Defense Department in Alexandria. She lectured on "The Novelist Ding Ling" at the University of Rochester on March 19, and on "China's Leading Writers" at the Joint Conference on China sponsored by the American Assembly and the Council on Foreign Relations, held at Columbia University March 20.

GRANTS

JONATHAN D. MORENO, assistant professor of philosophy, a $3,300 summer research grant to continue and extend his work on the development of sign theory in American philosophy, from the GW Committee on Research.

-The Monday Report-

DIMOCK GALLERY ANNUAL AWARDS SHOW OPENS THURSDAY

Works by GW seniors and graduate students in art will be on exhibition in the Dimock Gallery Thursday, April 2, through Friday, April 25, in GW's Annual Awards Show which includes the David Lloyd Kreeger Awards Competition.

Awards will be given for ceramics, drawing, design, painting, photography, printmaking, sculpture, visual communication and papers in art history. Works for the exhibition will be selected and awards designated by a panel of outside professionals in the arts.

Donors for the awards include David Lloyd Kreeger, the Franz Bader Gallery, Inc., Dr. and Mrs. Jerome Canter, Robert N. Alfandre, Julian H. Singman, Esq., William C. Barbee and Ginns Muth Company.

Being awarded for the first time is the Hayes Friedman Painting Prize, an annual purchase prize in painting given by Dr. and Mrs. Joseph Friedman. A purchase prize enables GW to add to its permanent collection.

The gallery, off the lower lounge of Lisner Auditorium, is open from 10 a.m. to 5 p.m. weekdays.

GW PEOPLE DURING THE PRESIDENT'S EMERGENCY VISIT: WE'RE RUNNING SMOOTHLY THANKS TO MANY

When the presidential entourage descended on GW's Medical Center last Monday afternoon, GW staff members in many areas of the university were called on to give service beyond the call of duty. Now that most of the reports are in, it appears that we responded to the emergency very well indeed.

Thanks are due to all those who helped us run smoothly in the face of a national emergency. In addition to the vital services rendered by the Medical Center staff, the university community gave essential support.

Members of the Physical Plant Department from the electrical, plumbing and carpentry shops gave important service in Ross Hall. Following a call at approximately 4 p.m., Joe Williams, electrical foreman, and electricians Joe Weatherly and Oscar Bethea helped with the preparation of Ross Hall Room 101 for use as the press room by several hundred media people who came to campus following the news of the attempted assassination of President Reagan at the Washington Hilton earlier in the afternoon. The three electricians had to run temporary power lines out to the street for TV lights and vans and provide power for the roofs of Ross Hall and the Himmelfarb Library. They also assisted in Ross Hall Room 117 with telephone hookups. Joe Weatherly remained at Ross through the night.

Two men from the plumbing shop stood by all night in case of need for their expertise: Plumbing Foreman Floyd Lynch and Plumber Alvin Enevoldsen.

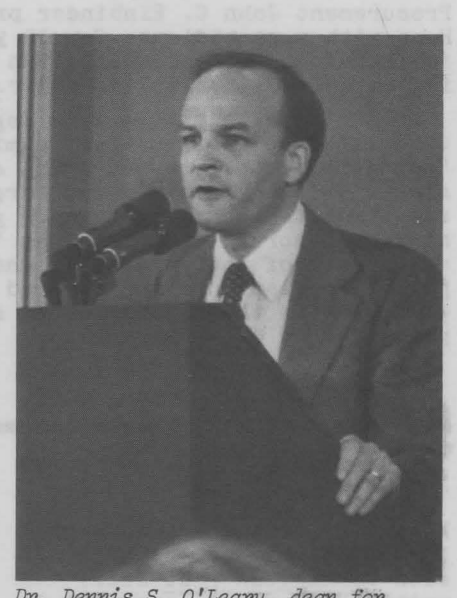
A crew went into Room 101 just after 4 p.m. to remove several rows of seats to make space for the television cameras and lights. Accompanying Lee Ward, carpenter foreman, were carpenters Ollie Creech, Thomas O'Dell, Robert Williams, Lawford Edwards, Larry Kerns, Francisco Soto-Sida and Will McCarrell. Soto-Sida and McCarrell stayed through the early evening.

SAGA Food Service Director Roberta Schaffner and managers Michael Pfister, Bob King, Bill Weeks, Dan Eusebio, Steven Kaufman, Milton Sigler and Marilyn Brekka plus student workers Peter Wolff and Javier De La Puerte provided an early supper about 5:30 p.m. for more than 100 members of the print and electronic media gathered in Room 101.

Under an arrangement with the Medical Center's Public Relations Office, SAGA supplied sandwiches, salads, coffee and soft drinks through late evening. Food and Beverage Controller Marion McFarland of the Hospital Food Service also supplied hot and cold sandwiches. Hospital food service staff members Virginia Teasley, Ben Sarfarazi, Audrey Mack and J.D. Fuller carried out this assignment.

A number of members of the Housekeeping Department worked long hours in Ross Hall on March 30. They are Thelma Spriggs, assistant housekeeping manager; George Garcia, manager for the Ross Hall day shift; Willie Barnes, day foreman for housekeeping; Willie Wells, crew leader for Ross Hall; Samuel Nelson, new foreman for the Ross Hall day shift; and two service workers for dormitories who came over to help at Ross Hall, Henrietta Fewell and Ollie McNeil.

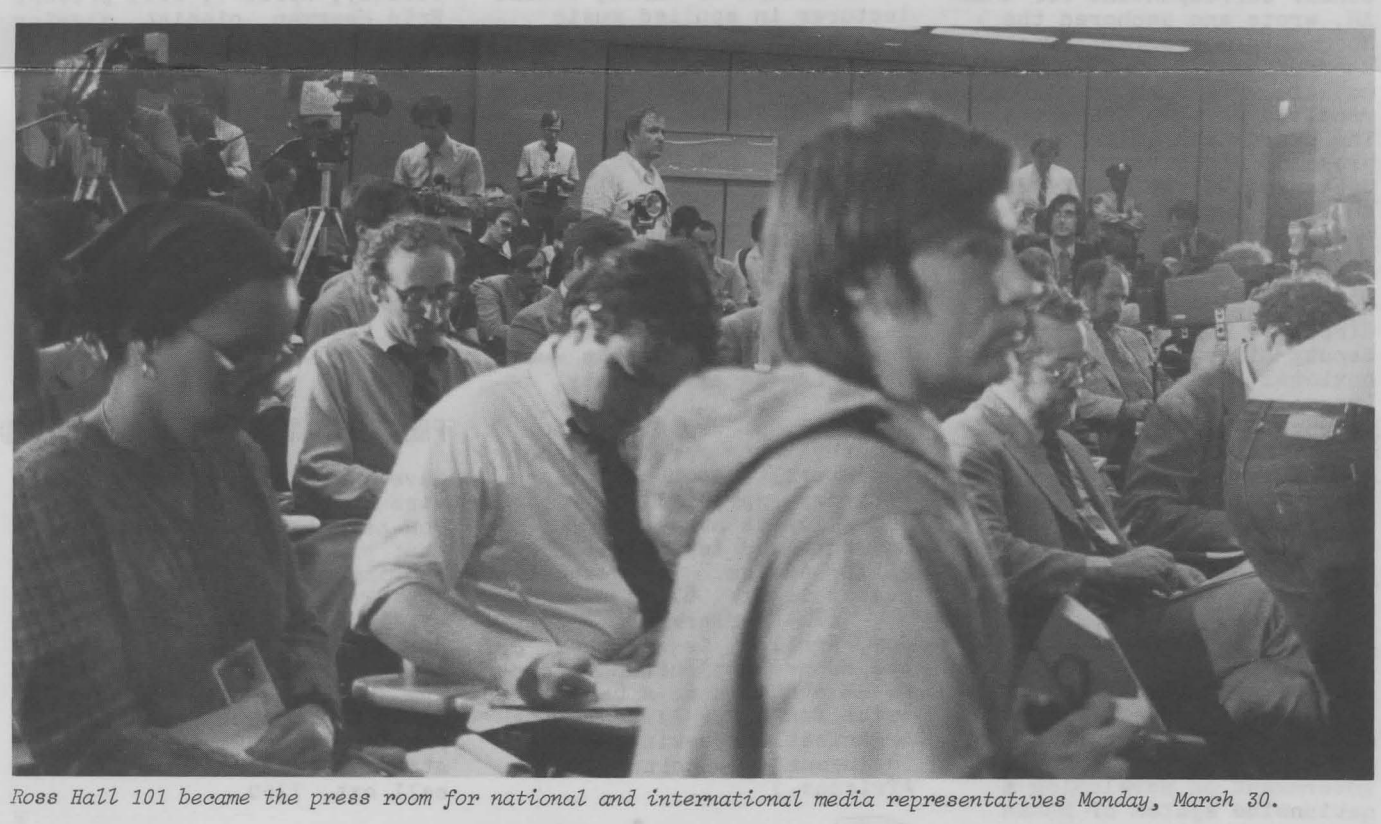
A dozen officers from Safety and Security rotated among posts at Ross Hall during the evening and overnight. These posts included four locations at the entrances to Ross Hall 101 where the officers checked press passes of the media for admittance, a station outside Ross Hall at the Eye Street entrance where the area was kept free of traffic to allow the press with its equipment access to the building, a post in the procurement and supply area of Ross Hall to secure the area while providing access to telephone panels, and a security roving assignment to restrict public access to the main floor level of Ross Hall and also to resolve problems in other areas.



Dr. Dennis S. O'Leary, dean for clinical affairs of the Medical Center, describes President Reagan's condition for the media Monday evening, March 30, in Ross Hall 101.

Officers serving the Ross Hall area were Ruth A. Cannon, James H. Foster, Antonio A. Russ, Thomas H. Sydnor, Lewis E. Robinson, Allen C. Stamp, Frederick H. Fleming, Keith B. Cassells, Anthony Q. Sligh, Clifton A. Johnson, Sgt. Marvin O. Alicie and Security Monitor Vernard Slaughter. Stamp, Fleming, Cassells and Sligh worked overtime after their day shifts, and the other officers were taken from other posts for assignment in Ross Hall.

The Parking Office helped by finding locations for the TV vans. Parking Services Manager Joseph Mello and Acting Operations Supervisor John Kovarik worked on this aspect of the university's support operation.



Ross Hall 101 became the press room for national and international media representatives Monday, March 30.

MUSIC NOTES

The Music Department is presenting a special concert, a senior recital and a faculty concert in the next week. All three events are open without charge.

A special concert of music for string orchestra will be given on Thursday, April 9, at 8:30 p.m. in Lisner Auditorium under the direction of Professor of Music George Steiner, who will also perform as a violin soloist. The concert is made possible by a grant from the Music Performance Trust Fund

ANDEAN/SOUTH AMERICAN POLITICS AND SOCIETY CONFERENCE APRIL 10

A cross-disciplinary conference examining unique political and social forces at work in the Andean nations of South America will be held at GW Friday, April 10. The various levels of domination, some at work since pre-Columbian times, and their effect on the individual's relationship to community, state and the world at large will be the central theme of the conference.

GW Professor of History Peter Klaren is conference moderator. Speakers include Professor John Murra, anthropology, Johns Hopkins University; Professor Herbert Klein, history, Columbia University; and Professor Laurence Whitehead, politics and economics, Wilson Center and Oxford University.

The conference will be held in rooms 402-404 in the Marvin Center from 4 to 6 p.m. and will be followed by a reception. For more information, call ext. 6230.

NATIONAL STUDENT GRAPHIC ARTS EXHIBITION IN MELVIN GELMAN LIBRARY

The 1981 National Student Graphic Arts Exhibition, presenting work selected from student artists all over the United States, can be seen in the Melvin Gelman Library through May 2. Sponsored by Potomac Art Index, a Springfield, Virginia, art group which includes GW art alumni, the exhibition opened April 5. Hours are 8:30 a.m. to midnight weekdays, 10 a.m. to 6 p.m. Saturday and Sunday.

SUPERVISOR OF MAIL SERVICES DANIEL HUNT RETIRES

Daniel R. Hunt, supervisor of mail services for the past 10 years, retired March 31. The occasion was observed at a reception that day sponsored by Graphics and Printing and attended by a cross-section of Mr. Hunt's friends and associates on campus.

Vice President and Treasurer Charles E. Diehl, speaking informally, noted that Supervisor Hunt had turned the mail room around so it could handle one-third more mail than when he came. He quoted a member of the Mail Room staff as saying that under Mr. Hunt "the Mail Room has had the most pleasant atmosphere of mutual understanding and respect I've ever encountered."

Assistant Treasurer for Business and Procurement John C. Einbinder presented Dan Hunt with a certificate for 10 years of faithful service. He was also given a George Washington University rocking chair.

A special citation from Registrar Robert Gebhardtsbauer was an LL.D. naming Hunt "Doctor of Late Letters." The citation, signed by the registrar and Margaret Vann, assistant to the registrar for graduation and student records, cited Hunt as "supreme mailperson of the university and protector of postal regulations" and assured him a free cup of coffee in the Marvin Center any time upon presentation of the degree.

Daniel R. Hunt, retiring supervisor of mail services, receives a certificate from Assistant Treasurer for Business and Procurement John C. Einbinder.

newsnotes

INTERVIEWS

Fourteen members of the administration and faculty talked with Washington Post staff writer Lawrence Feinberg in connection with an article on government regulation of universities which appeared on page one of the Post's March 30 edition.

Interviewed were LLOYD H. ELLIOTT, president; MARIANNE R. PHELPS, assistant provost for affirmative action; L. THOMPSON BOWLES, dean for academic affairs of the Medical Center; LINDA GRANT DePAUW, professor of American history; CHARLES E. DIEHL, vice president and treasurer; LAURA DONNELLY, assistant director of student financial aid; LINDA DONNELS, director of services for students with disabilities; ROBERT GEBHARDTSBAUER, registrar; PETER P. HILL, professor of history and chairman of the executive committee of the Faculty Senate; WILLIAM D. JOHNSON, director of planning and budgeting; RONALD P. KAUFMAN, vice president for medical affairs and executive dean of the Medical Center; IRVIN C. MOHLER, director of sponsored research; FREDERICK J. NARAMORE, comptroller; and HENRY SOLOMON, dean of the Graduate School of Arts and Sciences.

ELIZABETH BUSER, assistant director of the office of medical admissions; MARGARET K. COHEN, assistant to the provost for institutional research; and MARGARET TREXLER, assistant provost for faculty personnel and academic publications; also contributed information for the article.

PUBLICATIONS

R. PAUL CHURCHILL, assistant professor of philosophy, an article, "Dworkin's Theory of Constitutional Law," in Hastings Constitutional Law Quarterly, Vol. 8, No. 1, Fall 1980 (released last week).

BRIEN R. WILLIAMS, assistant professor of speech, with W. Goulart, an article, "The Study of Television Aesthetics and Criticism in American Higher Education," in The Journal of Aesthetic Education, Vol. 15, No. 1, January 1981.

PROFESSIONAL ACTIVITIES

JEFFREY C. ANDERSON, assistant professor of art, was a joint recipient of the College Art Association of America's Alfred H. Barr Jr. Museum Scholarship Award for his contribution to the Age Of Spirituality, "the museum catalogue judged to have made the most exemplary contribution to knowledge published... during 1979."

JOSEPH A. GREENBERG, associate professor of education, served on a panel on "Working and Parenting" for the Re-entry Women's Employment Center March 7.

EDWIN MEYER, assistant professorial lecturer in speech and senior correspondent for WMAL-AM, wrote and anchored the documentary program, "One Hundred Days," on the Iranian hostage crisis which recently received an Ohio State Award. The awards annually honor the programs which represent the best productions designed to educate, inform and enrich radio listeners and television viewers.

A paper by JOSEPH B. MARGOLIN, director, and MARION R. MISCH, deputy director of the Behavioral Studies Group of the Program of Policy Studies in Science and Technology, was presented by Dr. Misch at the 1981 Transportation Research Board Meeting held in Washington January 15.

LEONARD NADLER, professor of education, was keynote speaker at the Second National Meeting on Training sponsored by the Oficina Central de Personal of the Office of the President of Venezuela. Nadler, who with his wife has served as a consultant to the Venezuelan government on developing a nationwide system of Human Resource Development for government employees, spoke on "Using HRD as a Management Tool" at the meeting, held March 16-19 in Caracas.

U.S. MARINE BAND TO PLAY

The free Monday evening concerts given by the President's own United States Marine Band will continue through April. The full-band concerts are presented in Lisner Auditorium and begin at 7:30 p.m. The April 6 concert will include music of Verdi, Bellini, John Philip Sousa, Britten, Harry Alford and Charles Ives. Everyone is invited.

MUSIC DEPARTMENT OFFERS SEVERAL PERFORMANCES

Continued from page 1

of the Recording Industry through the cooperation of the D.C. Federation of Musicians. The concert will include music of Vivaldi, Veracini, Handel, Stamitz, Britten, Elgar and Hindemith.

Marianne Adinaro, soprano, will appear in her senior recital at 2 p.m. Sunday, April 12, in the Marvin Theater. The concert is in partial fulfillment of the requirements towards the Bachelor of Arts degree in Applied Music. The program will include Italian, German and English songs and arias and two Mozart arias.

Marilyn M. Garst, studio lecturer in applied music (piano), will appear in a faculty concert on Monday, April 13, at 8:30 p.m. in the Marvin Theater. Dr. Garst received her undergraduate degree from the University of Southern California, her master's from Indiana University and her doctorate from Michigan State. She has won awards in piano competitions and has appeared frequently as soloist with orchestras as well as in solo recitals and with chamber ensembles. The program will include music of Mozart, Franck, Kolb and Ginastera.

"THE THREEPENNY OPERA"

"The Threepenny Opera" by Bertholt Brecht and Kurt Weill is being presented by the GW University Theater this week. Performances are Tuesday, April 7, through Saturday, April 11, at 8 p.m. in the Dorothy Betts Marvin Theater. There will also be a matinee Saturday, April 11, at 2 p.m.

Tickets are $2.50 for students and senior citizens, $5 for adults. The box office number is ext. 6178.

(The performance Wednesday, April 8, is sponsored by the Hunger Project and a group of GW students as a benefit to raise funds for Africare, an organization seeking to meet the needs of undernourished Africans.)

LISNER AT NOON FEATURES GW ARTISTS IN APRIL

The Lisner at Noon series will feature all GW artists in April. The first program, Tuesday, April 7, will present Eric Hausman, pianist, playing selections from the music of Beethoven and Copin at 12:15 p.m. in Lisner Auditorium. The half-hour program is free.

Hausman, a GW graduate with a B.A. in applied music, is continuing his studies with Malinee Peris, studio lecturer in applied music (piano). He is currently working on a repertoire for major international competitions, among them the Copin Competition in Warsaw, Poland, in 1985.

FREE HEARING SCREENINGS OFFERED

Have you ever been to a lecture or a movie and felt as if you had missed all the important points? Maybe it's your hearing!

Free hearing screening is available Monday, April 6, in Marvin Center Room 411 from 10 a.m. to 3 p.m. The screenings are sponsored by the GW National Student Speech, Language and Hearing Association. For more information, call ext. 7360.

personnel notices

NON-CLASSIFIED JOB OPENINGS

Research Assistant, Cancer Immunology Laboratory. (B.A. or equivalent, some experience in biomedical sciences required. Work involves isolation of human peripheral blood lymphocyte subpopulations and performance of immune function assays.) Contact Dr. Richard Schulof, Ross Hall 706, ext. 3693.

Research Associate, Department of Biochemistry. (Doctoral degree, research experience in RNA biochemistry required. Position to investigate the higher-order structure of small ribosomal RNA as related to eukaryotic ribosome biogenesis and function. Study involves mapping of rRNA structure in solution employing methods of psoralen cross-linking, nuclease susceptibility and chemical modifications.) Send resume and names of three references to Dr. Raymond E. Lockard, Department of Biochemistry, GW Medical School, 2300 Eye St., N.W., Washington, D.C. 20037.

George Washington University is an equal opportunity/affirmative action employer.

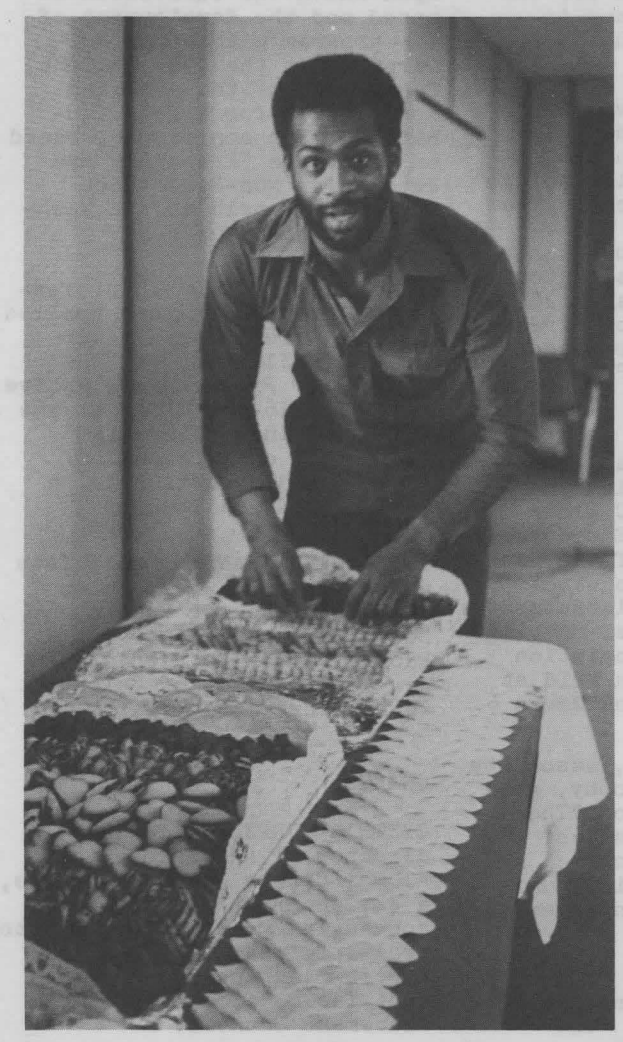
THE DOCTORS MEET THE PRESS--SCENES FROM THE BRIEFING APRIL 3

Ross Hall Room 101 was the site of a briefing for the press on Friday afternoon, April 3, by the GW doctors who treated President Reagan, Press Secretary Brady and Secret Service Agent McCarthy. Dr. Dennis S. O'Leary, dean for clinical affairs of the Medical Center, served as moderator for the briefing.

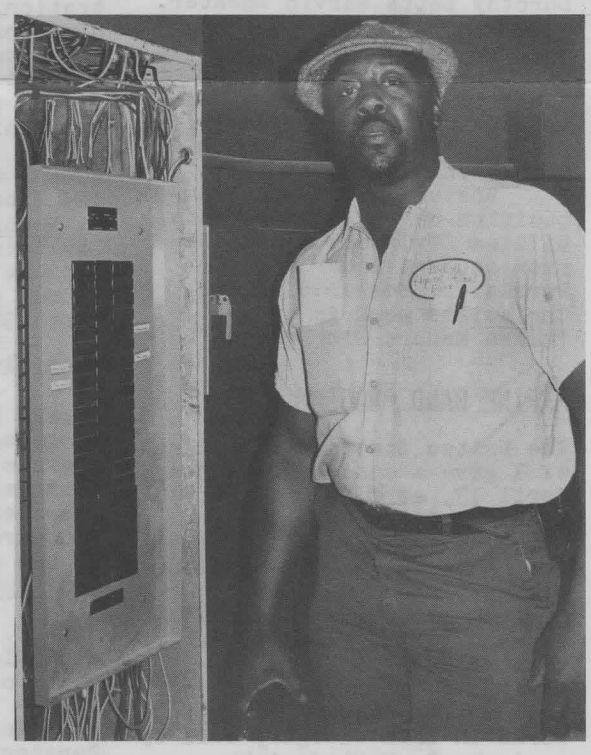
FIELDING PRESS QUESTIONS--Above, L to R, Dr. Joseph M. Giordano, associate professor of surgery and director of the Trauma Team; Dr. Benjamin L. Aaron, associate professor of surgery in the Division of Thoracic Surgery; Dr. Arthur I. Kobrine, professor of neurological surgery; and Dr. Neofytos T. Tsangaris, professor of surgery and acting chairman of the Department of Surgery.

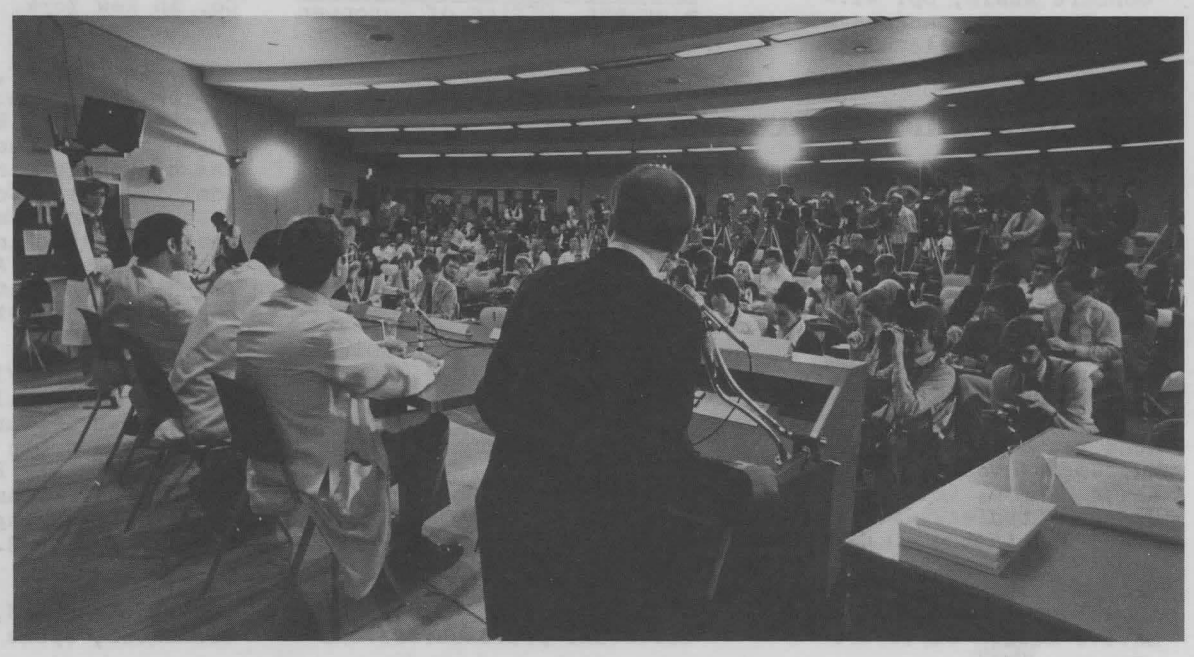


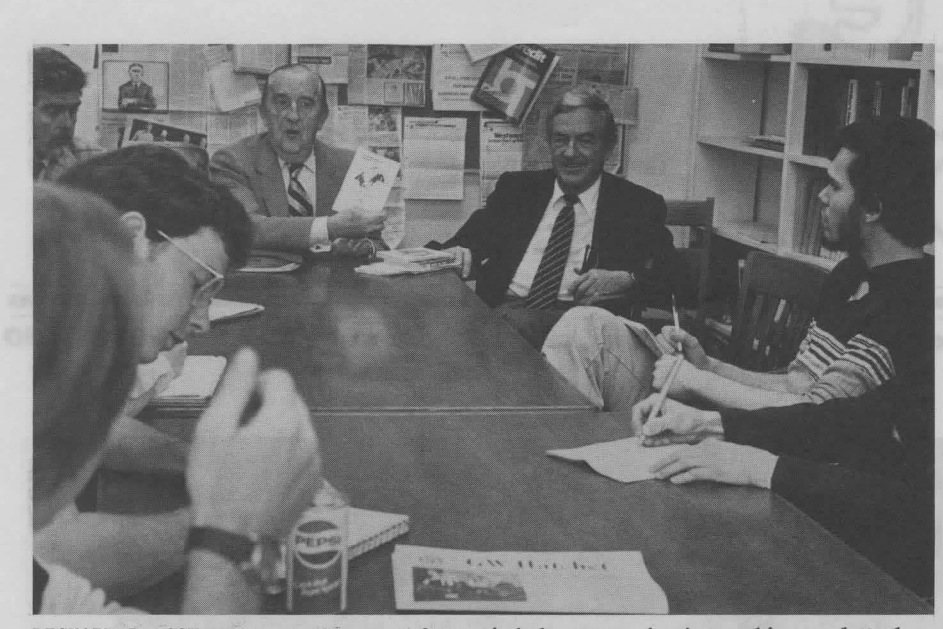
JOE WILLIAMS, right, electrical foreman, stands beside the fuse box behind Ross Hall 101, where GW electricians connected lines to carry the extra power for television lights, cables and telephones for the briefing.

NORRIS AMBROSE, left, GW senior and a member of SAGA's catering staff, sets out refreshments for the press corps. Ambrose expects to receive a Bachelor of Business Administration from SGBA in May.

WHAT THE DOCTORS SAW--Below, the way Ross Hall 101 looked from the podium on April 3.







RICHARD L. COE, rear center, professorial lecturer in journalism and Washington Post drama critic emeritus, introduces playwright Jerome Lawrence, right, to members of the class "Critical Writing and Reviewing." Coe has presented a number of guest lecturers in the class this semester. Lawrence is co-author, with his partner Robert E. Lee, of "Auntie Mame," "Inherit the Wind" and "First Monday in October." Philip Robbins, associate professor of journalism and department chairman, is at Coe's left.

FRIENDS OF THE LIBRARIES TO HEAR BENJAMIN DeMOTT

Benjamin DeMott, professor of English at Amherst College and well-known author, will address the members of the Friends of the Libraries at the organization's annual meeting at the GW University Club on Thursday, April 23, at 6:30 p.m.

The meeting this year will take the form of a dinner instead of an afternoon program and reception as in former years. The dinner in the President's Dining Room of the club will be preceeded by a reception and the awarding of prizes to student book collectors.

For information, call ext. 6455.

CHORAL GROUPS PERFORM APRIL 16

The GW Choral Groups with the GW Chamber Choir under the direction of Cathy Pickar will give a free concert Thursday, April 16, at 8 p.m. in the Dorothy Betts Marvin Theater.

The first half of the concert will consist of music of Mozart with string quartet accompaniment. After intermission, the Chamber Choir will sing primarily contemporary chamber works.

Featured will be a composition by GW undergraduate William Christie, a composition student under Robert Parris, professor of music. Christie's work is titled "Missa Menor: Sin Nomine."

MARINE BAND PROGRAM

The United States Marine Band will give a concert on Monday, April 13, at 7:30 p.m. in Lisner Auditorium.

The program will include Johann Strauss's "Liebeslieder Waltzes" and a number of musical selections composed especially for bands rather than transcribed from compositions for other types of musical ensembles. Among the works in this category will by music by Paul Hindemith, "Concert Music, Op. 41."

The band concerts are open to the public without charge.

personnel notices

NON-CLASSIFIED JOB OPENINGS

Assistant Dean. (Advanced degree and experience in the field of continuing education, preferably with overall responsibility for the operation of an off-campus activity, required. Position is to direct the Tidewater Center in Hampton, Va. Open on May 1.) Send resume and salary requirements to Associate Dean Alvin Jensen, College of General Studies, 2003 G St., N.W., Washington, D.C. 20052.

George Washington University is an equal opportunity/affirmative action employer.

GELMAN LIBRARY TO INSTALL AUTOMATED BOOK CHECKOUT SYSTEM

Preparations for a new circulation system in the Melvin Gelman Library, featuring an automated computer process, will be started while the library is closed for inventory beginning May 3. Optical Character Recognition (OCR) labels will be placed on all books as part of the conversion to the new system.

The library will be closed Sunday, May 3, through Sunday, May 10, and will resume regular hours on Monday, May 11, at 8:30 a.m. During the week of May 3 there will be no public services or access to the building.

Library users are asked to forsee their needs before May 3. It is important that library patrons return all overdue materials by Thursday, April 30, so that the OCR machine-readable labels can be attached.

For further information, call ext. 6455.

GW DANCERS TO APPEAR IN LISNER SERIES APRIL 14

GW dancers will appear in the Lisner at Noon series Tuesday, April 14, performing works of three GW dance student choreographers.

The works range from austere through classical to surrealistic. The choreographers are Cynthia Berkshire, Katherine Kozack and Denise McClellan.

The free, half-hour program will be given at 12:15 p.m. in Lisner Auditorium. Everyone is welcome.

TIAA/CREF RETIREMENT PLAN REMINDER

Employees who are contributing amounts in excess of 5 percent to the TIAA/CREF retirement plan may elect to purchase a Supplemental Retirement Annuity (SRA).

The SRA is a tax-deferred annuity contract which permits full or partial withdrawal of the accumulated value under certain conditions and limitations and provides more flexible "fixed period" payout options after retirement.

Taxes are due and payable on amounts withdrawn from an SRA account in the year in which they are received.

Those who wish to participate in this benefit or need more information or literature on the retirement plan may come to the Records and Benefits Division of Personnel Services, 2125 G Street, between 8:30 a.m. and 5 p.m. or call Mr. Rogers, ext. 4474, or Ms. Thomason, ext. 4486.

newsnotes

INTERVIEWS

WILLIAM ADAMS, assistant professor of public administration, and FAY SCHREIBMAN, director of the television news study center, were interviewed by Susan Watters for an article in the April issue of The Press magazine.

ROBERT G. BIDWELL, associate law librarian, was interviewed by Washington Post reporter Lawrence Feinberg for his article on government regulation of universities in March 30's Post.

PUBLICATIONS

ROBERT P. DONALDSON, assistant professor of biology, an article, "Organelle membrane from germinating Castor Bean endosperm. II. Enzymes, Cytochromes, and permeability of the glyoxysome membrane," in Plant Physiology, Vol. 67.

JOHN W. KENDRICK, professor of economics, two papers, "Impacts of Rapid Technological Change in the United States" and "Analytical Summary and Perspectives," in Microelectronics, Productivity and Employment, Office of European Cooperation and Development (OECD), 1981.

DAVID McALEAVEY, assistant professor of English, an article, "Unrolling Universe: A Reading of Oppen's This in Which," and "A Bibliography of the Works of George Oppen," both in Paideuma, Vol. 10, No. 1, Spring 1981.

SUSAN J. TOLCHIN, associate professor of public administration, an article, "Organizing for Public Sector Management," in Contemporary Public Administration, Thomas P. Murphy, ed., F.E. Peacock Publishers, February 1981.

PROFESSIONAL ACTIVITIES

JONATHAN CHAVES, visiting assistant professor of Chinese, spoke on "Chinese Calligraphy--The Written Word as Magic," as part of the University Lecture series at the University of Wisconsin at Madison March 27. Professor Chaves also gave a series of lectures on Chinese culture for the Resident Associates Program of the Smithsonian Institution January 30-March 20.

MARCUS CUNLIFFE, university professor, conducted a seminar on "Fictional Visions of Future Wars" at the U.S. Army Center of Military History in Washington March 19. He recently became a member of the Advisory Council for the British Museum Library in London (American Trust).

AMITAI ETZIONI, university professor, addressed the National Association of Manufacturers Annual Washington Policy Conference on "How Can Economic Policy be Refocused in Our Socioeconomic Climate?" at the Washington Hilton March 19. March 20 he spoke to a meeting of directors of industrial research sponsored by the J.P. Stevens Co. in New York.

JONATHAN D. FIFE, associate professor of education and director of the ERIC Clearinghouse on Higher Education, was the co-leader of the "New Administrators Colloquium: Resources for Administrators" session at the annual meeting of the American Association for Higher Education held at the Washington Hilton March 6.

WILLIAM B. GRIFFITH, associate professor of philosophy, gave an invited lecture on "Theories of Economic Justice" to students in the Economic Policy Unit of American University's Washington Semester Program March 23.

JOHN W. KENDRICK, professor of economics, spoke on "The Government's Role in Enhancing Efficiency" at the Conference Board's Financial Outlook Conference in New York February 25. On March 26, he spoke on "Imputations in the National Income Accounts" at the Bureau of Economic Analysis in Washington. April 3 he spoke at a Conference Board conference in Mexico City on "Causes of Productivity Growth."

LEONARD NADLER, professor of education, discussed the GW School of Education and Human Development's program of training teachers for non-school settings--the model upon which the curriculum is based and the development of the program within the university--at the 1981 National Conference of the American Association for Higher Education. The conference, based on the theme "Preparing Educators for Non-School Settings," was held at the Washington Hilton March 5.

RAYMOND L. PICKHOLTZ, professor of engineering and applied science, presented a paper (with L. Milstein) on "The Effects of Frequency Selective Fading on 16-Ary QASK" at the Johns Hopkins University Conference on Information Science and Systems held in Baltimore March 26-27.

PETER RAVEN-HANSEN, associate professor of law, spoke on "Quid Pro Quo for Public Dough" to the Science and Public Policy Section of the New York Academy of Sciences in New York March 4.

GRANTS

CYNTHIA GURNE, assistant director of the Student and Alumni Career Services Office, a $2,200 grant to develop a counseling model to be used to train professionals in the career planning and development field, from the College Placement Council.

NEW MANAGER OF MAIL SERVICES--Agnes M. Harrison became head of Mail Services April 6. A graduate of Temple Business School, she also studied at the University of Maryland. She was formerly associated with Swift Mailing Services in Brightwood, Md., and earlier with the National Children's Center Handicap Workshop.

SPRING COMMENCEMENTS--HONORARY DEGREES AND MORE THAN 2,500 GRADUATES

More than 2,500 graduates are expected to receive degrees at all the GW spring commencements Sunday, May 3, Sunday, May 24, and Wednesday, May 29.

Former Attorney General Elliot L. Richardson, Naval Reserve Captain and computer pioneer Grace Murray Hopper, Rafael M. Salas, executive director of the United Nations Fund for Population Activities, and H. Guyford Stever, chairman of the National Research Council's Assembly of Engineering, will all receive honorary degrees of Doctor of Public Service at May 3 ceremonies.

U.S. Supreme Court Chief Justice Warren E. Burger will address graduates of the National Law Center on Sunday, May 24, at 1:30 p.m. in the Charles E. Smith Center and will receive the honorary degree of Doctor of Laws. Some 470 new attorneys will receive their degrees as well.

Six separate ceremonies are scheduled for Sunday, May 3. School of Government and Business Administration graduates will hear Captain Grace Murray Hopper, special adviser to Admiral Paul E. Sutherland Jr., commander of the Naval Data Automation Command. The originator of COBOL, the business computer language, Dr. Hopper was one of the first computer programmers in the world and worked on both the first large-scale digital computer and the first commercial computer. She taught at Harvard University and Vassar and Barnard Colleges and is currently a professorial lecturer in management science at GW. Her honorary Doctor of Science will be awarded during the SGBA ceremony at 12:30 p.m. in Lisner Auditorium.

At the 1 p.m. Graduate School of Arts and Sciences commencement in the Dorothy Betts Marvin Theater, Dr. Rafael Salas will speak and will receive his honorary doctorate. Dr. Salas, who holds the rank of undersecretary general of the United Nations, has been director of its Fund for Population Activities since 1969. In his native Republic of the Philippines, he was executive secretary of his country's government from 1966 to 1969 and served previously as coordinator and action officer for the Philippine National Rice and Corn Sufficiency Program. A graduate of the University of the Philippines and of Harvard, he has taught law, economics and political science at the University of the Philippines.

GW University Professor Marcus Cunliffe, distinguished scholar of American studies, will be the speaker at the 3 p.m. exercises of the Columbian College of Arts and Sciences in the Charles E. Smith Center.

Speaker at the 4 p.m. School of Engineering and Applied Science commencement will be Dr. H. Guyford Stever of the National Research Council's Assembly of Engineering. His honorary degree will be conferred during the ceremony. The first director of the U.S. Office of Science and Technology, Stever was science adviser to Presidents Ford and Carter. Following six years as president of Carnegie Mellon University, he directed the National Science Foundation from 1972 to 1976. He has made numerous contributions to aeronautical, missile and spacecraft engi-

"CHALK-IN" PLANNED FOR APRIL 22

Students, faculty and staff will be able to express "end-of-the-semester blues and bliss" at a "chalk-in" co-sponsored by GW's Counseling Center and the Graduate Training Program in Art Therapy on Wednesday, April 22, between 11 a.m. and 1 p.m.

Plenty of poster board, large brightly colored poster chalks and stretches of sidewalk space will be available in the yard beside the Melvin Gelman Library on H Street between 21st and 22nd Streets. Everyone is invited to come by and try a hand at the outdoor art therapy session.

Art therapy has been a feature of GW's counseling service for some time. For more information, call Sondra Geller, ext. 6550.

GRADUATE SCIENCE COURSES FOR NON-SCIENTISTS TO BE DEVELOPED

GW has been awarded a $17,000 Exxon Education Foundation grant to develop and test a sequence of integrated, interdisciplinary courses in the natural sciences for students in non-science master's degree programs.

Graduate School of Arts and Sciences Dean Henry Solomon says, "To my knowledge, this effort represents a first attempt to present integrated state-of-the-art training in major scientific topics for students who work with science policy matters. There has been little previous training available in this area. It's something the educational community has needed for a long time."

The public policy field is the most marked example of a phenomenon observed most dramatically in Washington, where a combination of factors, such as rapid advances in scientific research, continuous innovations in technology and increasing occupational mobility, combine to outdate education. The courses to be developed should benefit managers and administrators in both the public and private sectors who find themselves with responsibilities for which they have not been adequately or appropriately educated.

Roderick S. French, director of GW's Division of Experimental Programs, was author of the grant proposal. He will direct the project, which will be conducted by GSAS. Implementing the project will be Joseph B. Levy, professor of chemistry; Henry C. Merchant, associate professor of biology; and William C. Parke, associate professor of physics.

Courses will be offered beginning in fall 1981. For information, call Professor Merchant, ext. 7123.

A MACE FOR THE MARSHAL--The GW Faculty Women's Club, at its 50th anniversary celebration held Friday, April 10 in the GW University Club, announced plans to present to the university a ceremonial staff or mace to be carried by the university marshal on academic occasions. Dr. Robert G. Jones, current university marshal, holds a sketch of the gift, which he accepted for the university. Margaret Montzska, president of the Faculty Women's Club, is at the right of the podium.

THIS IS THE WEEK TO THANK YOUR SECRETARY

GW employs hundreds of secretaries who work year-round typing exams, manuscripts and letters, answering phones and doing all the things no one thinks about because they always get done.

"Secretaries are extremely important to keeping this university running," says Jan Carroll of Personnel Services. "They're the people who form the backbone of the university."

This week is Professional Secretaries Week, with Wednesday, April 22, set aside as Professional Secretaries Day. The annual observance, begun in 1952, was formerly known as Secretaries Week. This year marks the addition of the word "professional" to its title.

SCHEDULE OF SPRING COMMENCEMENTS

Continued from page 1

neering.

The Honorable Elliot L. Richardson, chairman of the United Nations Association of the United States, will address School of Public and International Affairs graduates at 5:30 p.m. in the Marvin Theater and will receive his honorary degree. The former attorney general, who also held the top cabinet posts at the departments of Commerce, Defense and Health, Education and Welfare, served as undersecretary of state as well. In addition to being chairman of the United Nations Association, he is chairman of the Public Advisory Committee on the Law of the Sea.

Dr. Robert Ira Bickford, president of Prince Georges Community College, will address School of Education and Human Development degree recipients at 7 p.m. ceremonies in Lisner Auditorium.

At the May 29 School of Medicine and Health Sciences commencement at 3:30 p.m. in Lisner Auditorium, Dr. Helen Caldicott, president of Physicians for Social Responsibility, will speak to graduates.

Emeritus status will be conferred on four during the commencement season: Dr. Perry Botwin, professor of special education, at the School of Education and Human Development ceremony; Dr. Harry R. Page, professor of business administration, at the School of Government and Business Administration commencement; Dr. Ronald B. Thompson, professor of European history, at the Columbian College exercises; and the late Dr. Morris Kleinerman, clinical professor of psychiatry and behavioral sciences, posthumously at the School of Medicine ceremony. Dr. Kleinerman was killed in an automobile accident Friday, April 3.

All the receptions on May 3 are planned for one location this year. They will take place under a large tent behind the Hall of Government and Monroe Hall. Music will be provided by the award-winning Cardozo Marching Band and there will be recorded music later in the afternoon. In the event of rain, alternate locations will be announced.

GW CHAMBER CHOIR IN LISNER AT NOON SERIES

The GW Chamber Choir, under the direction of Catherine Pickar, will give a short concert of varied selections from music of the Renaissance to the contemporary period on Tuesday, April 21, in the university's Lisner at Noon series. The free, half-hour program will begin at 12:15 p.m. in Lisner Auditorium and is open to everyone.

SUMMER PARKING INFORMATION

The last day for parking at the Kennedy Center will be Friday, May 1.

Staff members interested in parking on campus for the summer months should contact the Parking Office, 2211 H Street, ext. 6405, beginning Monday, April 27. Details on summer-only parking arrangements will be available then. Permits will be issued on a first-come basis beginning. that day. Summer parking is available to waiting list applicants as well as part-time and full-time temporary employees.

Students will use on-campus locations for the summer. Students are reminded that the overtime fee will be in effect when they park on campus.

SPIA DINNER COLLOQUIUM---Shown is a group at a recent dinner inaugurating a series of colloquia on "National Security Issues for the 1980s," part of the SPIA Security Policy Studies Program. Robert Komer, former undersecretary of defense for policy, was the speaker. L to R, Burton M. Sapin, dean of the School of Public and International Affairs; U. Alexis Johnson, Edgar R. Baker professor of international affairs and former undersecretary of state for political affairs; Komer; David Newsom, also a former undersecretary of state for political affairs, and Kevin Generous and Samuel Willis, GW graduate students in the SPIA Security Policy Studies Program.

"GREENE'S GALLERY"--Martin Roudabush, resident consulting engineer in the Treasurer's Office, poses with Assistant Treasurer Peggy Greene in front of his color photographs of Northern California displayed in the Rice Hall 7th floor office. The exhibition is one in a series coordinated by Greene to display the talents of the Treasurer's Office staff. Roudabush, who has augmented his photographic abilities through courses at GW, took these pictures while on a trip to visit his daughter.

GEORGE WASHINGTON AWARDS GO TO STUDENTS, STAFF MEMBER AND PROFESSOR THIS YEAR AT COLUMBIAN COLLEGE EXERCISES

Five members of the GW university community will receive George Washington Awards this year. Established in 1976, the awards recognize outstanding contributions to campus life made by individuals who may be members of the student body, faculty or staff.

The 1981 recipients are Elizabeth C. Dixon, housekeeping foreman with the Physical Plant Department, Columbian College seniors Kenneth L. Goodman, Jonathan D. Katz and Ellen P. Servetnick, and Harry E. Yeide, professor of religion, chairman of the Department of Religion and former assistant dean of Columbian College of Arts and Sciences. All five awards will be presented at the 3 p.m. Columbian College commencement May 3 in the Smith Center.

In making the award to Dixon, the selection committee, appointed by President Elliott upon recommendation of the Joint Committee of Faculty and Students, cited her efforts in creating and maintaining a residence hall environment of comfort and safety.

Kenneth L. Goodman, a speech communication/broadcasting major, was recognized for his leadership, dedication and creativity as chairperson of the Program Board.

Jonathan D. Katz, who has followed an interdisciplinary major in philosophy and literature, was singled out for his concern for advancing the interests and stature of both the student body and the university community as a whole as president of the George Washington University Student Association.

Ellen P. Servetnick, who is majoring in political science, was praised by the selection committee for her service, achievements and dedication to improving student life and contributing to university involvement in the wider Washington community.

Professor Yeide's award is in recognition of his contributions to the intellectual life of Columbian College through his leadership in the honors program and his long service in the deans's office and as chairman of the Department of Religion.

HOW WE GROW OLDER: MAY'S FIRST WEDNESDAY TOPIC

Dr. L. Thompson Bowles, dean for academic affairs of the GW Medical Center, will speak at the May 6 First Wednesday Lecture sponsored by the Alumni Relations Office.

He will talk about the biology of aging, using lay language to explain the changes that take place in the human body over the passage of time.

The lecture is scheduled for 8 p.m. in the Marvin Center Ballroom. There is no charge, but those planning to attend must call the Alumni Office, ext. 6435, at least two days prior to May 6 to be sure of seating.

Dinner, beginning at 6:30 p.m., will be available at the GW University Club for members and non-members. Make dinner reservations directly with the club, ext. 6610, two days beforehand.

GENERAL ALUMNI ASSOCIATION HOLDS AWARDS RECEPTION

The GW General Alumni Association 1981 Annual Awards Reception will be held in the U.S. Botanic Garden from 6 to 8 p.m. on Sunday, May 10. At the reception, awards will be presented to alumni, faculty and friends who have given devoted and invaluable service to the university.

The Special Alumni Recognition Certificate will be given to Col. Thomas H. Shafer, USAF, former defense/air attache in the U.S. Embassy in Tehran. Col. Shafer was held hostage from November 4, 1979 to January 20, 1981.

Alumni Service Awards will go to Pastor Farinas, Samuel Kavruck, Robert D. Rolander, Edward N. Vest, Gertrude E. Weitzel, Oscar A. Zabel and Allan Zellis.

The Special Service Award honoring a non-alumnus will be presented to Edwin L. Stevens.

A group of 39 faculty and staff members and friends who have contributed to the success of programs sponsored by the General Alumni Association and the Alumni Relations Office will be honored.

SGBA CEREMONY IS IN SMITH CTR.

The commencement exercises of the School of Government and Business Administration will be held in the Charles E. Smith Center at noon on Sunday, May 3, instead of in Lisner Auditorium at 12:30 p.m. as previously announced.

TWO EXHIBITS IN THE MARVIN CENTER THIRD-FLOOR GALLERY

Two exhibitions, "Through the Eyes of Students" and Works by Winners of the 1981 Annual Awards Show in the Dimock Gallery, may be seen in the Third-Floor Gallery of the Marvin Center.

"Through the Eyes of Students," the semi-annual student photojournalism show, will continue through Monday, May 4. Sponsored by the Journalism Department, the Dimock Gallery and the Marvin Center Governing Board, the exhibition was juried by the professional photographic staff of the National Geographic magazine.

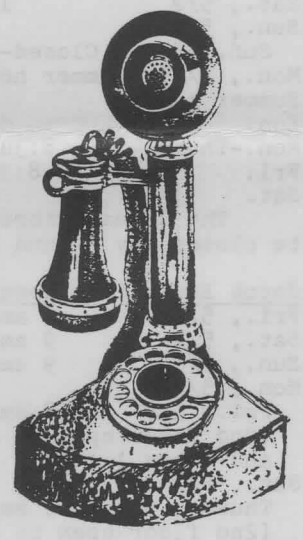
Works by Winners, sponsored by the Art Department, the Dimock Gallery and the Marvin Center Governing Board, will run through Friday, May 22.

Third-Floor Gallery hours are 7 a.m. to midnight Monday through Saturday and 9 a.m. to midnight Sunday.

FROM THE UNIVERSITY TELECOMMUNICATIONS DEPARTMENT

There have been some difficulties in using the TDX long-distance system. Many users complain of a busy tone when trying to use the system, an all-circuits-busy tone and failure to receive a call-back.

In January 1981, the university upgraded the system. After an analysis for the past few months, it was found necessary to make additional changes to provide a better grade of service. These changes are expected to be in effect on May 14 and should relieve some of the problems.



Reminders for TDX Users:

- o Please use one call-back at a time per telephone number or extension number.
- o Remember a call-back will ring at the call-back number for five rings and if no one answers the call, it will be dropped from the system.
- o A call-back will attempt to reach your line, if it is busy, for an indefinite number of tries.
- o Make sure you are entering the correct call-back extension number.

If you need additional information on TDX dialing procedures, please call the University Telecommunications Office, ext. 6521.

COMMENCEMENT WEEKEND PLANS--TOUR, SEMINARS, OPEN HOUSES, RECEPTIONS AND MORE

An expanded program has been planned for parents and friends of graduates during the May 2-3 commencement weekend this year.

Saturday, May 2, there will be a tour of the city beginning at 12:30 p.m. Special seminars have been scheduled by the School of Government and Business Administration from 2 to 5 p.m. on conflict resolution, communications between men and women, and barriers and gateways to success. SGBA will also present a continuous showing, from 2:30 to 5 p.m., of the audio-visual presentation "GW: Its First 160 Years" prepared by Associate Professor of Urban Planning Sherwin Greene.

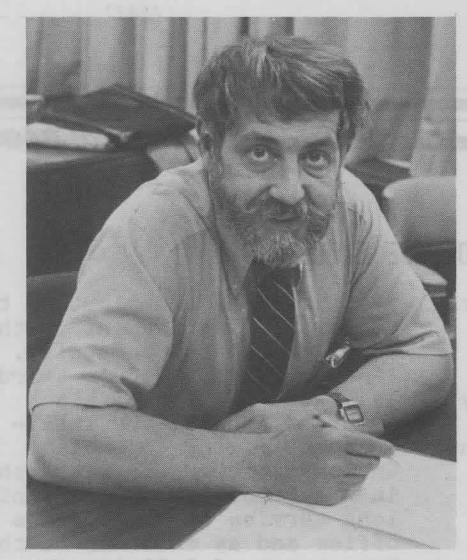
Academic Department open houses are planned from 5 to 6 p.m. Buffet dinner will be available for parents and friends of graduates between 6:30 and 9:30 p.m.

A Saturday evening reception, sponsored by the president, the vice presidents, deans and faculties in the first floor of the Marvin Center, will be highlighted by music for listening and dancing by the Larry Elgart Band.

Sunday, May 3, graduates, parents and friends can choose from among a 10:30 a.m. bagel brunch at the B'nai B'rith Hillel Foundation at 2129 F Street, N.W. (reservations requested 338-4747) and two religious services. A Protestant group will meet for coffee and donuts in Room 405 of the Marvin Center from 10:15 to 10:45 a.m. and then go the United Church at 1920 G Street, N.W., for an 11 a.m. ecumenical service. There will be a Newman Foundation mass at 10:30 a.m. in the Dorothy Betts Marvin Theater in the Marvin Center.

Sunday brunch will be available at the GW University Club from 11 a.m. to 3 p.m.

The receptions following each of the ceremonies, beginning after the School of Government and Business Administration's noon ceremony and concluding after the 7 p.m. exercises of the School of Education and Human Development, will all be in one location under a large tent behind Lisner Hall in the University Yard (between 20th and 21st Streets, bounded by G and H Streets).



BARRY BISHOP, a member of the first American expedition to climb Mt. Everest, in 1963, and the second American to reach the summit, was a student in the Continuing Engineering Education course, "Remote Sensing for Global Resource Applications: Principles and Techniques," offered at the university March 30-April 3. Bishop is currently assistant to the president of the National Geographic Society and a member of the society's Committee for Research and Exploration.

LIBRARIES HOURS IN MAY

Hours of the university's three libraries for May follow.

Melvin Gelman Library

Fri., 5/1	8:30 am-10 pm
Sat., 5/2	10 am-6 pm
Sun., 5/3-Sun., 5/10	Closed-inventory
Mon., 5/11	Summer hours begin

Summer hours:

Sun.	noon-10 pm
Mon.-Thurs.	8:30 am-10 pm
Fri.	8:30 am-5 pm
Sat.	noon-6 pm

The Gelman Library will be closed May 24 and 25.

Jacob Burns Law Library

Fri., 5/1	8 am-midnight
Sat., 5/2	9 am-midnight
Sun., 5/3	9 am-midnight
Mon., 5/4-Fri., 5/8	8 am-midnight
(2nd floor open to 2 am Wed. and Thurs.)	
Sat., 5/9-Thurs., 5/14	9 am-midnight
(2nd floor open to 2 am Mon.-Thurs.)	
Fri., 5/15	8 am-midnight
Sat., 5/16	9 am-midnight
Sun., 5/17	9 am-midnight
Mon., 5/18	8 am-10 pm
Tues., 5/19-Fri., 5/22	Closed except to faculty and staff, 9 am-5 pm
Sat., 5/23-Mon., 5/25	Closed
Tues., 5/26-Fri., 5/29	9 am-10 pm
Sat., 5/30	9 am-6 pm
Sun., 5/31	noon-10 pm

Paul Himmelfarb Health Sciences Library

Regular hours for May:

Mon.-Thurs.	7:30 am-midnight
Fri.	7:30 am-10 pm
Sat.	10 am-10 pm
Sun.	10 am-midnight

Memorial Day hours:

Fri., 5/22	7:30 am-6 pm
Sat., 5/23	10 am-6 pm
Sun., 5/24	10 am-6 pm
Mon., 5/25	Closed

FIRST-FLOOR CAFETERIA GOES ON SUMMER HOURS

Beginning Monday, May 4, hours of the Marvin Center First-Floor Cafeteria will be 7 a.m to 3 p.m. for breakfast and lunch service. Summer hours continue until August.

newsnotes

INTERVIEWS

WILLIAM ADAMS, assistant professor of public administration, was interviewed April 13 by Bill Moyers for a PBS documentary on the hostage crisis in Iran tentatively scheduled for broadcast June 5.

DAVID E. SILBER, professor of psychology, was interviewed by WPFW-FM in March concerning the psychological factors in crime. April 5 he was interviewed by Steve Palmer on WRQX-FM concerning psychological understanding of crime and violence.

PUBLICATIONS

ROBERT A. LUKE JR., assistant professor of education, a chapter, "Alternative Approaches and Techniques in City Council Leadership Development Training," in Building City Council Leadership, National League of Cities, Washington.

PROFESSIONAL ACTIVITIES

DIANE APOSTOLOS-CAPPADONA, visiting lecturer in religion, served as a member of the awards jury for the 1981 Liturgical Arts Exhibit at St. Thomas More University Parish, Bowling Green State University, April 4. On April 5 she presented a slide lecture on "Dreams and Visions: Religious Symbols and Contemporary Culture" as the official opening event of the exhibit. Her remarks will be published in the exhibition catalogue funded by the National Endowment for the Humanities.

DAVID S. BROWN, professor of management, has been named to the National Policy Issues Committee of the American Society for Public Administration for 1981-82.

JONATHAN D. FIFE, associate professor of education and director of the ERIC Clearinghouse on Higher Education, has been elected to serve a second three-year term as executive secretary-treasurer of the Association for the Study of Higher Education.

JAMES D. FOLEY, associate professor of engineering and applied science, addressed the inaugural meeting of the Virginia Chapter of the National Computer Graphics Association on "Important Trends in Interactive Computer Graphics" in Rosslyn April 15.

THELMA Z. LAVINE, Elton professor of philosophy, gave a paper on "Politics and the Legend of the Grand Inquisitor" at the International Conference on Dostoevski held at Hofstra University April 9-11.

DAVID E. SILBER, professor of psychology, testified before the D.C. City Council on March 13 about the proposed revisions in the crime code and ordnances of the city. He also gave a seminar for counselors of the D.C. Superior Court concerning the prediction and handling of violence by the clients of the court.

GRANTS

JONATHAN CHAVES, visiting assistant professor of Chinese, a $34,822 training grant to present a series of new courses on the role of literature in Chinese society, from the National Endowment for the Humanities.

M.F.A. THESIS SHOW OPENS THIS WEEK IN DIMOCK GALLERY

Works of GW students who are candidates for the Master of Fine Arts degree in the Art Department will be shown in the Dimock Gallery from Thursday, April 30, through Friday, May 22. Included will be works in ceramics, design, visual communication, photography and painting. The gallery, off the lower lounge of Lisner Auditorium, is open from 10 a.m. to 5 p.m. weekdays.

SMITH CENTER SUMMER FAMILY MEMBERSHIPS

Beginning Monday, May 11, and continuing through Sunday, August 16, the Charles E. Smith Center will be available once again to the families of GW faculty and staff through summer family memberships.

Faculty and staff family memberships are $50 and include children under 18.

Those faculty and staff members who wish to take advantage of this opportunity should come to the Smith Center, Room 219, during business hours and bring university ID.

REMEMBER OUR DEADLINE

Tuesday at noon is the deadline for material to be used in an issue of The Monday Report on Monday of the week following. The editors are eager to receive news and information from all parts of the university community.

If items come in after Tuesday, they are held for a later issue. We are in Gelman Library 705. Let us hear from you!

personnel notices

NON-CLASSIFIED JOB OPENINGS

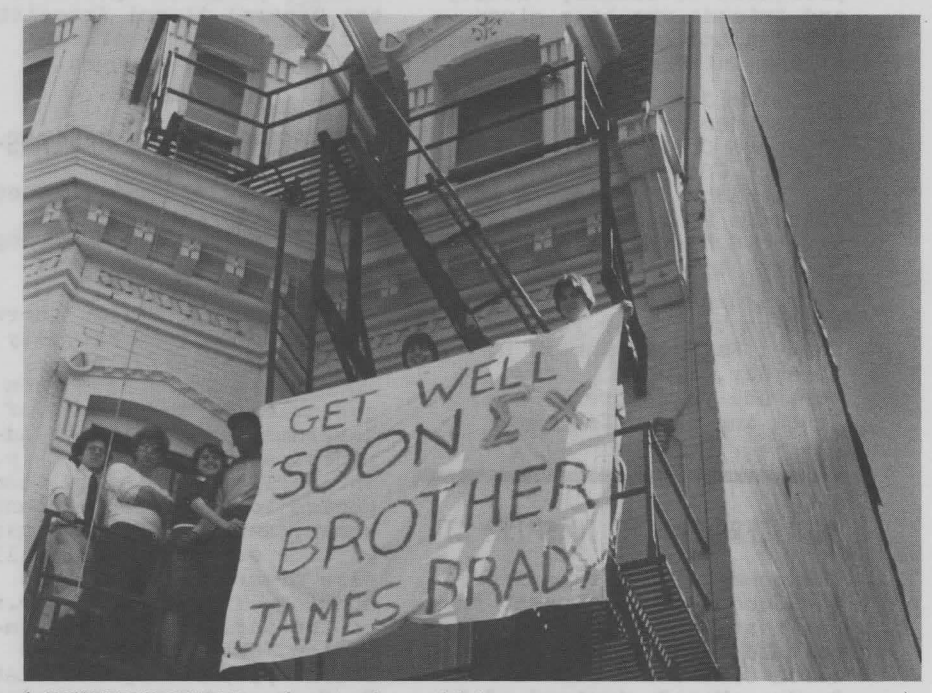
Post-doctoral Fellow, Department of Pathology. (Skills in analytic chemistry, animal surgery and morphometry needed. Collaborate on a cardiovascular pathophysiology study on the relationship between magnesium nutritional status and the response of myocardium to injury.) Send resume and names of two references to Dr. S. Bloom, Dept. of Pathology, GW Medical Center, 2300 Eye St., N.W., Washington, D.C. 20037.

Research Assistant, Department of Pathology. (Bachelor's degree, strong background in analytical chemistry and biochemistry required. Will perform nutritional studies which include animal surgery and biochemical tests. AAS, enzyme analysis, record-keeping, purchasing, general laboratory administration.) Send resume to Magnesium Study, Dept. of Pathology, GW Medical Center, 2300 Eye St., N.W., Washington, D.C. 20037.

Research Assistant, Department of Medicine Research Computer Center. (Bachelor's degree in natural science including courses in biology and statistics, computer programming experience in FORTRAN and a structured language such as PASCAL or PL/1 required; experience in a mini-computer environment preferred. Organization and management of research data in support of various department projects.) Contact Dan Bogaty, ext. 2843.

Research Assistant, Department of Biochemistry. (Bachelor's degree in biology/biochemistry required. Sterile tissue culture technique, handling of mice and radioactive materials and cell separation procedures.) Contact Dr. Marion M. Zatz, Department of Biochemistry, Ross Hall, Room 555, ext. 2929.

George Washington University is an equal opportunity/affirmative action employer.



A BROTHERLY MESSAGE--The GW Sigma Chi house at 2004 G Street, N.W., shows a banner sending get well wishes to Sigma Chi member James Brady, press secretary to President Reagan who remains in GW Hospital recovering from the wound he received in the March 30 assassination attempt on the president.

May 4, 1981

the monday report

(243)

for the George Washington University community/Jane Lingo, editor/Libby Hoffman, asst. editor/Public Relations/676-6460

OUR CHALK-IN FROM ABOVE--Some two or three hundred members of the university community came out to participate in the first annual chalk-in sponsored by the GW Counseling Center and the Graduate Training Program in Art Therapy on a sunlit April 22. The chalk artists expressed their joy or concern over exams, spring and life in general in variegated drawings and pictures on the pavement in Gelman Library yard.

BUSINESS WEEK PUTS GW HOSPITAL IN SELECT LIST

George Washington University Hospital is named as one of "the nation's top hospitals" for general care by Business Week in its April 27 issue.

In an article, "How to Pick a Good Hospital," the magazine lists George Washington among 24 good hospitals. Included in the list are Massachusetts General in Boston, Mount Sinai in New York, Colorado General in Denver, Grady Memorial in Atlanta, Northwestern Memorial in Chicago and Moffitt in San Francisco.

FORMER STUDENT REPORTER DONATES PRIZE MONEY TO HATCHET

Mark Schleifstein, 1975 GW journalism graduate, has sent a $500 check to The Hatchet to be used for subsidies for its student reporters.

The money is part of an award he received as first-place winner in the under-100,000 circulation category for the Edward J. Meehan Award for conservation reporting. The award, sponsored by the Scripps-Howard Newspaper Foundation Inc., is given annually in honor of the late editor of the Memphis, Tenn. Press-Scimtar.

"I'm giving this money... to express my appreciation for the things I learned while a reporter and editor on The Hatchet while at George Washington from 1973 until I graduated with a bachelor's in journalism in 1975," Schleifstein wrote to the university. He is now the environment/energy reporter for The Clarion-Ledger in Jackson, Miss.

GENERAL ALUMNI ASSOCIATION 1981 REUNION WEEKEND: "GEORGE WASHINGTON UNIVERSITY IN FOCUS"

Friday, Saturday and Sunday, May 15 through 17, the GW General Alumni Association has planned a kaleidoscopic weekend for returning alumni and their families.

The General Alumni Association as well as the Law, School of Public and International Affairs, School of Government and Business Administration, Engineering and Medical Alumni Associations and the Columbian Women have worked together to sponsor a wide variety of events during the weekend.

Friday, May 15, will be devoted to honoring 50-year graduates and those of all previous classes. Law graduates will gather at 10 a.m. at the National Law Center for a reception and campus tour by bus. A midday reception for all graduates will be followed by a 12:45 p.m. luncheon in the GW University Club and Marvin Center Ballroom.

Late afternoon Friday, there will be registration for all graduates from 4 to 6:30 p.m. at Alumni House, 714 21st St., N.W. Around the same time, 4 to 6 p.m., there will be an open house and tours of the Biology Department. A tour reception at 5:15 p.m. at Alumni House will precede a three-hour champagne tour of Washington by bus from 6:45 to 10 p.m.

The extensive schedule for Saturday, May 16, emphasizing "George Washington University in Focus," includes seminars, workshops, lectures, tours, use of the Smith Center facilities, cultural events--music, theater and dance--a picnic barbecue in the University Yard, slide presentations, a Columbian Women tea, receptions, a buffet dinner and a dance in the evening.

Sunday, May 17, there will be an inter-faith religious service from 9:45 to 10:15 a.m. behind Lisner Hall, 2023 G St., N.W. (Marvin Center first floor if rain) to be conducted by Roman Catholic, Jewish and Protestant clergy.

Brunch will follow from 10:45 a.m. to 1:15 p.m. in the Marvin Center first-floor cafeteria with University Historian Elmer Louis Kayser as host. Dr. Kayser will address the assembled alumni, and the Washington String Quartet with David Basch, first violinist, will perform.

For further information on the reunion, call the Alumni Office, ext. 6435. Reservations are required for some events. Printed schedules are available at the Alumni Office.

D.C. CITY COUNCIL CHAIRMAN Arrington L. Dixon, (J.D. 1972) received the professional acheivement award of the George Washington Law Association at a recent luncheon in the Marvin Center Ballroom. He addressed law association members and guests on "Survival in the '80s: It's Up to Us." Dixon, a native Washingtonian, was elected Ward 4 representative on the D.C. City Council in 1974 and was re-elected in 1976. In November 1978, he was elected chairman of the D.C. council for a four-year term, 1979 to 1983.

NEW PARKING RATES GO INTO EFFECT JULY 1

Parking rates for the next fiscal year have been approved and will go into effect July 1. Increased rates for the coming year can be attributed to inflation, which caused increases in operational expenses, and adding the debt service expenses associated with the garage portion of the Academic Cluster.

The new rates represent a $5 increase in the monthly rate and a 25¢ increase in the daily rate for faculty and staff. For students, the rate increase is 25¢ per daily parking period and $7 in the monthly rate.

A survey of 34 commercial parking lots in the area, conducted by the GW parking staff in March, revealed an average commerical monthly rate of $81.45, average hourly rates of $1.67 and average daily rates of $4.78, all signficantly higher than GW.

New parking rates are as follows:

FACULTY AND STAFF	
Daily (before 5 p.m.)	$ 2.50
Daily (after 5 p.m.and weekends)	2
Monthly	40
Annually	480
Monthly (part-time)	30
STUDENTS	
Daily (per day and evening parking period)	$ 2
Overtime (after 5:30 p.m. and weekends)	1.50
Monthly	60
GRADUATE TEACHING FELLOWS, JR & SR MEDICAL STUDENTS, RESIDENT ASSISTANTS	
Daily (per day and evening parking period)	$ 2
Monthly	30
VISITORS	
Hourly rate	$ 1.25
Over 10 hours	5.14
Maximum after 5 p.m.	2.01

NOTE: The above rates do not include the 12 percent D.C. parking tax.

GW LAW STUDENTS PLAY MAJOR ROLE IN MARYLAND CASE

Former Vice President Spiro T. Agnew may have to pay nearly a quarter of a million dollars to the Maryland state treasury for bribes and kickbacks he is alleged to have received between 1967 and 1972.

The suit originated from a class in legal activism in the GW National Law Center. The suit, filed in 1976 by three Montgomery County taxpayers, began in Professor John F. Banzhaf's class which teaches students how to be public interest attorneys and requires them to bring a legal action against a problem of their own choosing to pass the course.

In July 1980, the State of Maryland joined the suit. On April 28, Judge Bruce C. Williams of the Anne Arundel County Circuit Court ordered Agnew to repay a total of $248,735 to the State of Maryland.

In reporting the court's action, The Washington Star called the suit "a textbook civil case."

CPR PRACTICE--Graphics Specialist Heidi Kaigler, of GW's Graphics and Printing Department, receives instruction in cardiopulmonary resuscitation (CPR) from Al Hall, training specialist in the Personnel Office, in the Marvin Center April 22. Any university employee can register for the class through Personnel, but priority is given to those whose jobs relate to safety. When the program began in October 1980, according to Training Manager Harvey Snyder, "we expected 15 or 20 responses." They got more than 100. To date GW has 12 instructors, and about 100 employees have taken the half-day course.

newsnotes

INTERVIEWS

JOHN BANZHAF, professor of law, was recently interviewed by KABC-AM in Los Angeles and WJLA-TV (Channel 7) and WOL-FM in Washington on his legal activism class and its part in the class action suit against former Vice President Spiro T. Agnew.

JANE JOHNSTON, career development specialist and instructor for continuing education for women programs, was interviewed by Michael R. Meyer of The Washington Post for an article in the Style Plus column, "You: The Body Politic."

E. LAKIN PHILLIPS, director of the GW Counseling Center, and SONDRA GELLER, Counseling Center art therapist, were interviewed April 22 by WRC-TV (Channel 4) at the first annual "Chalk-In" in the Gelman Library yard. Dr. Phillips was also interviewed by Time magazine for an article on the late Rev. Jim Jones of Jonestown.

PUBLICATIONS

MURIEL ATKIN, assistant professor of history, an article, "The Kremlin and Khomeini," in The Washington Quarterly, Vol. 4, No. 2, Spring 1981.

THELMA Z. LAVINE, Elton professor of philosophy, a paper, "C.I. Lewis and the Problem of Phenomenalism," in Philosophy and Phenomenological Research, Vol. XLI, No. 3, March 1981.

AHMED K. NOOR, professor of engineering and applied science, with Larry S. Weisstein, a paper, "Stability of Beam-like Lattice Trusses," in Computer Methods in Applied Mechanics and Engineering, Vol. 25, No. 2, 1981.

---------, with C.M. Andersen and J.M. Peters, a paper, "Reduced Basis Technique for Collapse Analysis of Shells," in AIAA Journal, Vol. 19, No. 3, March 1981.

GAIL K. PASTER, assistant professor of English, an article, "The Elizabethan-Jacobean Numbers Game: Periodization and the Drama," in Research Opportunities in Renaissance Drama, XXIII, 1980.

SONYA A. QUITSLUND, assistant professor of religion, an article, "Women of the Covenant," in Sign magazine, May 1981.

PROFESSIONAL ACTIVITIES

LYNN BARNETT, assistant director of the ERIC Clearinghouse on Higher Education, served as a co-director of a mini-training session on "Literature and Research Identification through Computerized Information Systems" at the annual meeting of the American Educational Research Association in Los Angeles April 14.

JONATHAN D. FIFE, associate professor of education and director of the ERIC Clearinghouse on Higher Education, has been asked to serve as a member of the Task Force on Background Research on the Independent College, one of the steering committee task forces that will establish the agenda for the National Commission on the Independent College.

MAUREEN KEARNEY, staff psychologist at the GW Counseling Center, presented a paper, "Locus of Control, Fear of Success and Sex-role Characteristics," at a meeting of the Southwestern Psychological Association, April 17.

JAMES C. KING, professor of German, read a paper entitled "Notker Teutonicus: Use of the Library Resources at the Abbey of St. Gallen" at the Mid-Atlantic Symposium on Historical Linguistics and Philology held at Howard University April 24.

AHMED K. NOOR, professor of engineering and applied science, presented a paper, "Mixed Models and Reduced/Selective Integration Displacement Models for Nonlinear Shell Analysis," at the International Symposium on Hybrid and Mixed Finite Element Methods at Georgia Institute of Technology April 8-10.

ENGINEERING AWARD--David Allen Sargent, B.S. graduate in electrical engineering 1980, is awarded the Alfred Martin Freudenthal Prize by SEAS Dean Harold Liebowitz. The prize recognizes the senior with the highest grade point average; Sargent's was 4.0. The late Professor Freudenthal taught Dean Liebowitz at Brooklyn Polytechnic Institute before coming to GW to teach in February 1969. He died in 1977. This is the first time the prize has been awarded. It will traditionally be awarded a year after the prize-winning senior's graduation.

personnel notices

NON-CLASSIFIED JOB OPENINGS

Instructor or Assistant Professor, Department of English. (For one year only, 1981-82. Duties: both semesters, teach three sections of freshman composition; provide administrative assistance to the director of composition. Applications accepted only from persons with recent experience in the GW freshman composition program.) Deadline for receipt of applications at the English Department Office, Stuart Hall 407, is 5 p.m. Friday, May 8.

Program Associate, Office of State and Local Programs, Institute for Educational Leadership. (Current knowledge of federal policy-making process and educational issues; work experience with minority groups, particularly developing training opportunities; interpersonal skills; analytical writing and editing skills, experience in administration, budgeting and fund raising required.) Applications must be postmarked or hand-carried to Dietra Hallums, Institute for Educational Leadership, 1001 Connecticut Ave., NW., Suite 310, Washington, D.C. 20036, by Friday, May 15. Send resume, names and phone numbers of four references, including a current supervisor and professional colleague; brief letter describing your interest in the position and why you believe you are qualified; brief statement demonstrating your ability to work in an environment with diffused authority; and a brief statement describing an organizational problem you have faced and the strategies used to resolve it.

George Washington University is an equal opportunity/affirmative action employer.

QUOTABLE FROM THE MAY 3 COMMENCEMENTS

Graduates heard advice and comments of a varied nature at the six May 3 commencements.

Computer pioneer Captain Grace Murray Hopper at SGBA: "Never take the first no.... Every plan you make must be reviewed in light of the future and in light of the cost of not carrying it out. ...You must be able to communicate, orally and in writing and in plain English."

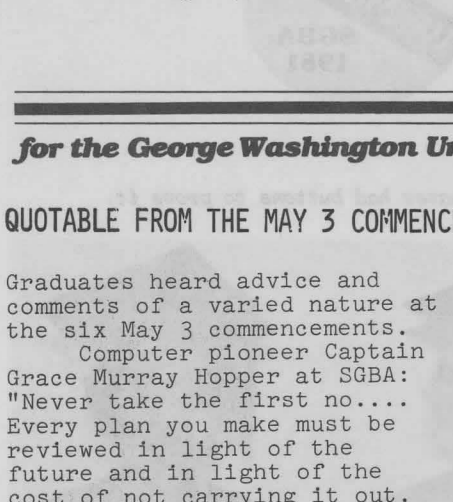
U.N. population authority Dr. Rafael Salas at GSAS: "It is sometimes easy to forget that the population revolution has its basis not in the silicon chip or the microprocessor but in the need and willingness of human beings to communicate. That is what we have discovered in our experience in population activities. It is that understanding which will encable us to survive."

University Professor and historian Marcus Cunliffe at Columbian College: "You should immediately distrust any statements beginning with the following words: sincerely, frankly, candidly, seriously. Be suspicious of polysyllabic advice couched in jargon. Distrust theorists: experts, advisers, counselors and consultants are always wrong to some degree."

Dr. H. Guyford Stever, chairman of the National Research Council's Assembly of Engineering, at SEAS: "Each generation has the job of finishing some things the previous generation started and solving problems they caused....Society is learning that science and engineering are too important to be left to scientists and engineers. Society will look over your shoulder and ask questions. It will be a mark of your time to cooperate....You'll have to offer alternative solutions."

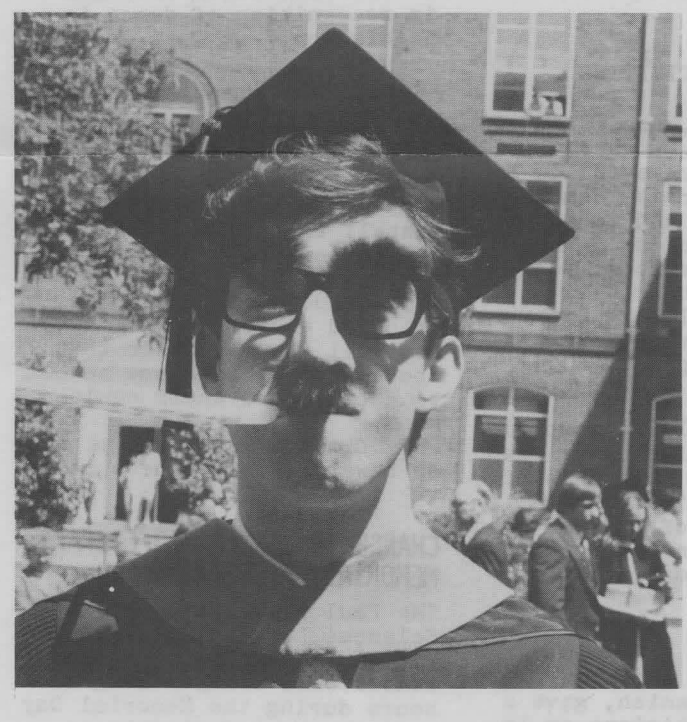
The Honorable Elliot Richardson, chairman of the United Nations Association of the United States, at SPIA: "The pattern of evolution of societies has been similar to that of populations of creatures. There is an interlocking relationship between change, challenge, adaptation and survival or extinction and disappearance....It seems inescapable that there are no really serious problems facing any country in the foreseeable future which that country by itself can cope with effectively, not even the United States, not even a group of countries banded together for that purpose...not even the western industrial countries, although they could get along better by themselves than any other group."

Dr. Robert Ira Telford, president of Prince Georges Community College, at the School of Education and Human Development: "Our nation may be able to survive with some personnel shortages in some career areas, but it will never survive without its teachers....The investment we make in education is the most important dollar we spend in this country. Ignorance is far more expensive than education....As an administrator, I can tell you, we desperately need quality teachers."



OVER DADDY'S SHOULDER--A potential future graduate surveys the scene from a special elevation in the University Yard.

JUBILATION reigned in the Smith Center by early afternoon May 3.



GROUCHO'S NEPHEW? --One graduate assumed the guise of a famed American comedian for the reception following his graduation.

MEL WONG AND PAT CATTERSON TO BE ARTISTS-IN-RESIDENCE HERE THIS SUMMER

Dancers Mel Wong and Pat Catterson, artists-in-residence for the GW Summer Dance Workshop, will both teach two weeks of dance technique and dance workshop in composition/performance. Wong will be at the university June 1-12 and Catterson, June 15-26.

Holder of an M.F.A. degree in the visual arts from Mills College and recipient of a Catherine Morgan Trefethen Fellowship in Art, Wong received a Ford Foundation scholarship to the School of American Ballet in 1965 and toured internationally with the Merce Cunningham Dance Company from 1968 to 1972. He has been choreographing and performing his own work since 1970 and formed the Mel Wong Dance Company in 1975. He is concerned with the interaction between dance and the visual arts.

Pat Catterson has been choreographing and performing in New York City since 1968, creating over 50 dances. She has won three choreographer fellowships from the National Endowment for the Arts. Her choreography draws on tap dancing as well as modern vocabulary, often incorporating film and/or slide images. She has studied modern technique with Viola Farber since 1969 and tap with Charles Cook and Honi Coles since 1975. In the early '70s, she performed with Yvonne Rainer and James Cunningham. She holds a B.A. in psychology and philosophy from Northwestern University.

For information on the Summer Dance Workshop, call ext. 6577.

GW ALUMNI COLLEGE 1981 TO EXPLORE ORIGINS OF LIFE

"The Astronomical, Geological and Biological Bases for the Origin of Life on Earth" will be explored in depth by GW alumni during Alumni College 1981 at the Airlie Conference Center Wednesday, June 3, to Sunday, June 7.

Professors Herman H. Hobbs, Anthony G. Coates and Stefan O. Schiff, authorities in astronomy, geology and biology respectively, will guide alumni study for the five-day symposium. Each faculty member will present three lectures with ample time for both formal and informal discussions following.

Alumni College is designed to stimulate thought and is open to anyone over 16 years of age. For information, call ext. 6435.

CONSIDERING A COMPUTER? WATCH FOR THESE PITFALLS

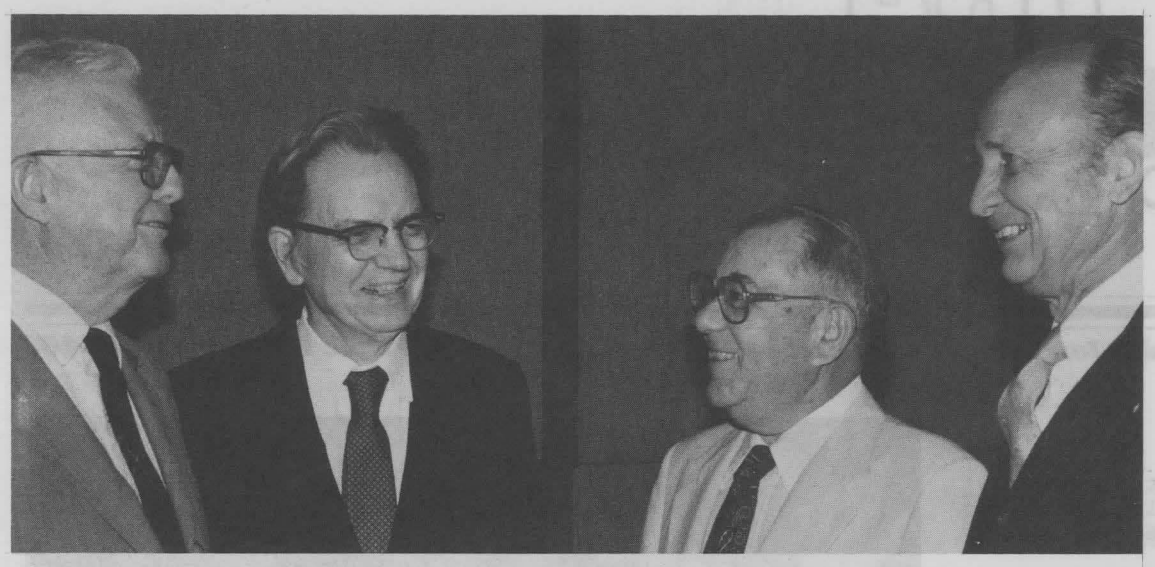
The Physical Plant Department urgently and fervently (and similar adverbs) cautions all who are contemplating purchase of any computer-oriented equipment to obtain from the vendor a statement of what is needed for its electrical service as well as a written guarantee that conditions will be provided by the vendor that will permit its operation.

Frequently, the equipment cannot tolerate having other motors that start and stop occasionally on the same electrical circuitry.

Frequently, too, the equipment cannot tolerate power surges for more than a few microseconds, but surges from PEPCO that affect computer equipment are common.

Providing proper conditions can be costly but should be part of the instal-

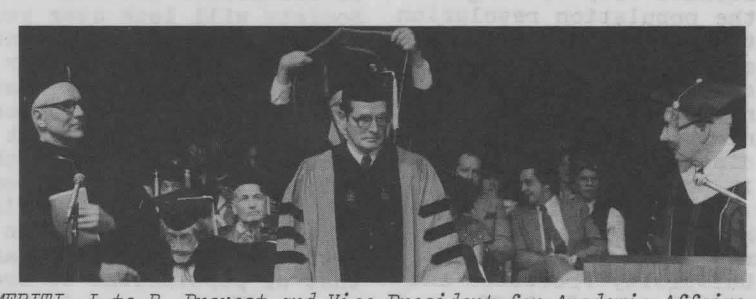
Continued, back page



The Honorable Elliot L. Richardson received the Doctor of Public Service degree at the SPIA May 3 ceremony. SPIA Dean Burton M. Sapin, left, and President Lloyd H. Elliot, right, watch as Professor Peter P. Hill, SPIA marshal, places the doctoral hood over Richardson's head.

SGBA graduates had buttons to prove it.

GEORGE WASHINGTON AWARD RECIPIENT Elizabeth C. Dixon, Physical Plant housekeeping foreman, right, is shown with GW Trustee Hazel S. Hanback before the Columbian College exercises, where she received the award.



THE EMERITI--L to R, Provost and Vice President for Academic Affairs Harold F. Bright talks with Professors Ronald B. Thompson of history, Perry Botwin of special education and Harry R. Page of business administration at the May 2 Faculty Dinner. The three professors received emeritus status at ceremonies the next day.

newsnotes

PUBLICATIONS

THOMAS DIETZ, assistant professor of Sociology, a chapter, "The Use of Demographic Information in Social Impact Assessment, in Methodology of Social Impact Assessment, 2nd edition, K. Finsterbusch and C.P. Wolf, eds., Hutchinson and Ross, 1981

JOHN M. LACHIN III, associate research professor of statistics, an article, "Sequential Clinical Trials for Normal Variates Using Interval Composite Hypotheses," in Biometrics, March 1981.

PROFESSIONAL ACTIVITIES

LINDA G. DEPAUW, professor of American history, has been invited to become a fellow of the Inter-University Seminar on Armed Forces and Society. Fellows are elected on the basis of "professional and scholarly competence" in research on "military institutions, civil-military relations, war and peacekeeping."

WILLIAM B. GRIFFITH, associate professor of philosophy, read a paper on "The Relevance of Professional Philosophy" at the University of the District of Columbia's annual Symposium on Current Issues in Philosophy April 11.

PILAR G. SAENZ, associate professor of Spanish, gave a lecture on "El lirismo en la novela posmodernista" at the Club de Las Americas at the U.S. Department of Commerce March 19.

ALAN WADE, assistant professor of speech, presented a paper, "From Text to Television: A Chamber Theatre Approach," at the annual meeting of the Eastern Communication Association in Pittsburgh April 26.

ROBERT C. WATERS, professor of engineering administration, gave a seminar at the U.S. Army Corps of Engineers' Institute for Water Resources at Ft. Belvoir April 23. He discussed the evolution of theory and practice in planning of federal water resource developments.

MAIDA WITHERS, associate professor of human kinetics and leisure studies, was the recipient of a dance award given by the Metropolitan Dance Association at its annual awards reception held April 5 "in celebration of National Dance Week and in recognition of dance in Washington."

COMPUTER PITFALLS

lation cost. Procurement specifications should say that the vendor will provide and install the equipment necessary to ensure proper functioning.

Vendors of computer-oriented equipment often do not tell the purchaser that special conditions are needed to accommodate their equipment.

Caveat Emptor (Let the buyer beware) for goodness sake!

CHANGE IN HIMMELFARB LIBRARY MEMORIAL DAY HOURS

The Paul Himmelfarb Health Sciences Library and Walter A. Bloedorn Audiovisual Study Center will be open longer hours during the Memorial Day holiday than previously announced. Hours will be:

Library	
Fri., 5/22	7:30 am-10 pm
Sat., 5/23	10 am-10 pm
Sun., 5/24	10 am-midnight
Mon., 5/25	10 am-midnight

AV Center	
Fri., 5/22	8:30 am-6 pm
Sat., 5/23	10 am-6 pm
Sun., 5/24	10 am-10 pm
Mon., 5/25	10 am-11:30 pm

IT'S TIME TO FILE FOR FEDERAL TAX-EXEMPT STATUS AGAIN

Annual recertification for continued federal tax-exempt status is now due, employees are reminded by the Payroll Office.

Three categories of employees are affected by this requirement: those with F1 or J1 visas; full-time U.S. students who do not anticipate earning more than $3,300 in one year; and those who claim exempt status based on having had no tax liability in the preceding year.

Employees who wish to continue in tax-exempt status must complete a new federal W-4 form at the Records and Benefits Office, Bldg. GG, 2125 G Street, N.W., by Friday, May 29.

Failure to file the form will result in a change in an employee's federal tax withholding effective June 1. For information, call ext. 6875.

GLOBAL SECURITY CONFERENCE TO BE HELD AT GW

"Search for Global Security" is the topic of a two-day conference cosponsored by the School of Public and International Affairs, Monday and Tuesday, May 18-19, in the Marvin Center Ballroom.

Keynote speaker Dick Clark, former Democratic Senator from Iowa who is now with the Aspen Institute, will speak about "America's Role in a World of Crisis" at 11:30 a.m. on Monday.

For information, call 524-2141.

IMPORTANT DATES FROM THE COMPTROLLER'S OFFICE AS THE END OF THE FISCAL YEAR APPROACHES

The Comptroller's Office has some special reminders for those of us working with budgets who'll be winding up 1980-81 fiscal year bookkeeping in the next few weeks.

Closing dates for fiscal year 1980-81 documents are as follows:

Date	Document	Deliver To
May 22	Work Requests	Physical Plant
May 29	Procurement Requests	Procurement
May 29	Printing and Duplicating Requests	Graphics
June 26	Interdepartmental Procurement Requests	University Stores
July 7 5:30 pm	Payment Vouchers	Accounts Payable

Note: The University Bookstore has established a June 12 deadline for book orders to be charged to 1980-81 departmental accounts.

To qualify as valid charges to 1980-81 expense accounts, disbursements must meet two conditions:

1) Materials or services must be received by the department by June 30, and

2) Payment vouchers, supported by applicable invoices and receiving reports, must be delivered to the Accounts Payable Office by the July 7 deadline.

Departments should review their April and May 1980 budget summaries for unresolved problems such as items charged in error, outstanding encumbrances which have been paid, or outstanding cost transfers which have not been originated. All outstanding travel advances should be settled before July 7.

1981-82 Fiscal Year Accounts

May 26	Work requests will be accepted by the Physical Plant Department on this date; however, the costs of the projects will not be charged to departments until fiscal year 1981-82.
June 12	Procurement requests to outside vendors will be accepted beginning this date. ANNOTATE EACH REQUEST WITH FY 81-82. Resulting purchase orders will be processed by Accounts Payable on July 1.
July 13	Payment vouchers for the new fiscal year will be accepted beginning this date. The first check writing date for the new fiscal year will be Friday, July 17.

HIGHER EDUCATION IN WASHINGTON IS A $1.6 BILLION BUSINESS

Higher education in Washington is an industry that has no assembly lines and attendant pollution, yet it runs a $1.6 billion business from nine Washington campuses that puts it in a class with two other activities this city is known for: government and tourism.

The Consortium of Universities of the Washington Metropolitan Area's economic impact statement, just released, measures the impact consortium member institutions had on Washington during the 1980-81 year. The consortium is a cooperative association of the District of Columbia's nine colleges and universities. Members are American University, Catholic University of America, George Washington University, Georgetown University, Howard University, University of the District of Columbia, Gallaudet College, Mount Vernon College and Trinity College.

The Consortium's impact statement reveals that Washington colleges and universities, for example:

— employ 38,000 people, half of whom are District of Columbia residents
— number among their graduates 55,000 alumni who account for 8.5 percent of the District of Columbia's population
— write $584 million in university paychecks for local employees
— award $22 million in aid to local students
— add $232 million in student spending to the local economy and
— spend $55 million in campus construction. Copies of the economic impact statement are available from the Public Relations Office, 705 Gelman Library, ext. 6460.

MATHEMATICIAN AND PHILOSOPHER RECOGNIZED--Professor of Mathematics Thomas P. G. Liverman, left, and Professor of Philosophy Richard H. Schlagel, center, talked with Provost and Vice President for Academic Affairs Harold F. Bright before the recent faculty dinner when they were honored for 25 years of service at the university.

DEVELOPMENT OFFICE WINS RECOGNITION FOR ALUMNI GIVING EFFORTS

GW's Office of Development has received recognition in the final competition of the CASE/U.S. Steel Alumni Giving Incentive Awards in the sustained performance and the improvement categories. Since 1959 CASE (Council for Advancement and Support of Education) and the United States Steel Foundation have recognized alumni and professional staff of CASE member institutions for distinguished achievement in alumni giving programs. In the 22 years of the U.S. Steel Alumni Giving Incentive Awards, the foundation has awarded more than $800,000 in prize grants. As finalists, GW and its alumni are potential winners in the competition. Results will be announced at the CASE Annual Assembly in Washington in July.

SAFETY NOTE ON FORMALDEHYDE

The Office of Safety and Security advises that, based on a Chemical Industry Institute of Toxicology study, the National Institute for Occupational Safety and Health has recommended that formaldehyde be handled as a potential occupational carcinogen. Additional details are available in NIOSH Current Intelligence Bulletin, No. 34, April 15, 1981. Call the Safety Officer, ext. 6947.

THE FIRST WEDNESDAY IN JUNE

"The Idea of a City--Reflections on a Theme" is the subject of the First Wednesday lecture to be given by Assistant Professor of English Gail Paster on June 3 at 8 p.m. in the Marvin Center Ballroom. Dr. Paster will move from past to present through Jerusalem and Rome to London and Los Angeles. Her focus will be literary and architectural. Although there is no charge for the lectures those planning to attend must call the Alumni Relations Office, sponsor of the series, at least two days prior to June 3 to be assured of seating. Call ext. 6435.

HUGH Y. BERNARD IS MADE EMERITUS PROFESSOR

Hugh Y. Bernard Jr. received the status of professor emeritus of law at the commencement exercises of the National Law Center on Sunday, May 24.

First associated with the university as assistant law librarian in 1960, he was appointed law librarian in 1962. A graduate of the University of Georgia (B.A. 1941) and of Columbia University (B.S. in Library Science 1947), he received the degree of Juris Doctor with honors in 1961 from George Washington. He was assistant professor of law in the GW National Law Center, 1966 to 1968, and associate professor, 1968 to 1971, when he was made professor of law.

Professor Bernard served as secretary of the law faculty and has been a member of the board of the GW Friends of the Libraries for some time. He has served on various Faculty Senate committees including the committees on professional ethics and academic freedom, physical facilities and university development and resources. He is a life member of the Luther Rice Society of GW.

He is the author of two books, The Law of Death and Disposal of the Dead, (1966) and Public Officials, Elected and Appointed, (1968), Oceana Publications. He was a contributor to or collaborator on books on map collections, subject headings for literature of law, estate planning, District of Columbia legal periodicals and manipulation of human biology. Over the years he has written a large number of book reviews and evaluative book notes.

CAROLYN JEFFERSON IS NEW MARVIN CENTER OPERATIONS MANAGER

Carolyn Jefferson

Carolyn M. Jefferson, formerly staff consultant at the Support Center of Washington, D.C., is the new operations manager of the Cloyd H. Marvin Center. She succeeds John Spaldo, operations manager from 1975 to 1981.

A graduate of Emporia State University (formerly Kansas State Teachers College) with a B.A. in Education in 1972, she was assistant to the chancellor of the University of Missouri in Kansas City for two years before becoming a management intern with that university's auxiliary enterprises. Following a year as assistant director of Missouri's university center/residence hall, she became assistant manager of the University of Missouri bookstore, a post she held for two years before becoming general manager of the bookstore at Trenton State College. She has been an active volunteer at the department of education of Anacostia Neighborhood Museum and completed management consultant training at the Support Center in May of 1980. She is a trustee and a member of the education committee of Mid-States Association of College Stores and a member of the program committee of the American Society for Staff Training and Development. She joined the university in April.

ANNUAL STUDENT SCULPTURE SHOW

The GW Annual Student Sculpture Show can be seen in the first floor of the Melvin Gelman Library through Sunday, May 31. The 22 pieces of sculpture by George Washington fine arts students are largely abstract, although some are representational. Exhibition hours are 8:30 a.m. to 10 p.m. Monday through Friday, noon to 6 p.m. Saturday, and noon to 10 p.m. Sunday.

THE PRESIDENT GREETS THE PRESIDENT--President Lloyd H. Elliott, right, welcomes President Ronald Reagan and Mrs. Reagan to GW.

PRESIDENT REAGAN SEES JOFFREY II DANCERS AT LISNER

President Reagan visited GW for the second time in two months May 18--this time under more pleasant circumstances. He and Mrs. Reagan attended a dance recital performed by the Joffery II Dancers, of which the Reagans' son Ron is a member.

President and Mrs. Elliott amd guests welcomed the Reagan party during the first intermission in the Dimock Gallery, which was arranged as a lounge with furniture provided from the Alumni House next door.

"I've certainly enjoyed this visit to George Washington University more than my last visit," said the president when he greeted the dancers backstage at Lisner Auditorium. Many members of the university community worked to make the presidential visit a pleasant one. Grounds foreman William Payne, crew leader Carolyn Burwell and groundspeople Larry Peterson, Jimmy Strong and Lincoln Payne set out red

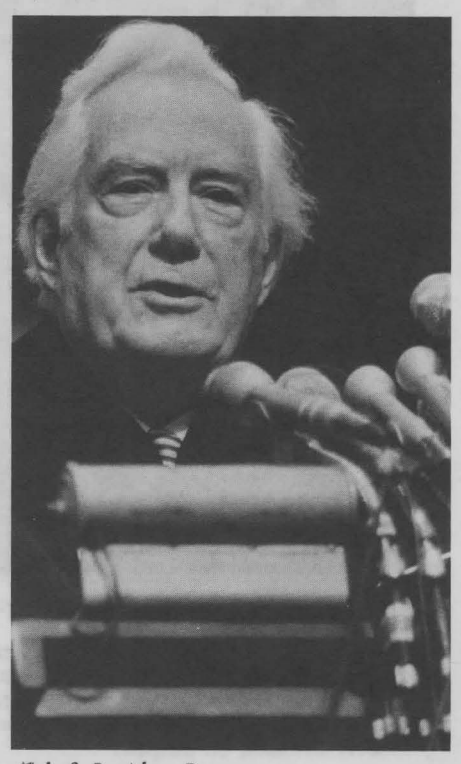
CHIEF JUSTICE BURGER CALLS FOR PRISON REFORMS

United States Chief Justice Warren E. Burger, speaking to graduates of the GW National Law Center on May 24, called for two major changes in this country's correctional system.

The two programs, which he described as being "of relatively modest fiscal dimensions," are the establishment of a central facility for the training of prison and correctional personnel particularly those at the middle levels, a National Academy of Corrections similar to the National Police Academy, and the introduction or expansion of two kinds of educational programs-one to make certain that every inmate who cannot read, write, spell and do simple arithmetic would be given that training ... as a mandatory requirement, and the other a large expansion of vocational training in the skilled and semi-skilled crafts so that a prisoner would not leave ... without some qualifications for employment in the construction, manufacturing or service industries.



Chief Justice Burger

In conferring the honorary degree of Doctor of Laws on the chief justice, President Elliott said, " As chief justice, your service to the nation has been characterized by the demeanor, dignity, administrative skill, and legal knowledge that we associate with that high office."

TRUSTEES ELECT 4 NEW MEMBERS

The Board of Trustees elected four new members at its annual meeting May 21. They are Margaret Truman Daniel, Senator Daniel K. Inouye, W. Jarvis Moody and J. McDonald Williams.

Margaret Truman Daniel, author and interviewer, is a George Washington alumna (B.A. in history 1946). She has written seven books, among them Harry S. Truman, the best-selling biography of her late father, Murder in the White House, and the recently published Murder on Capitol Hill and Letters from Father. A concert singer, she made her radio debut as soloist with the Detroit Symphony in 1947. She made some 30 concert tours in the United States between 1947 and 1955. She was co-host on the NBC program "Weekday" and conducted her own interview program on radio, "Authors in the News," for seven years. Mrs. Daniel serves on the boards of Riggs National Bank of Washington, D.C., the Pension Fund of the Protestant Episcopal Church of North America and Seabury Press. She is a trustee of the Harry S. Truman Institute and secretary of the Harry S. Truman Scholarship Foundation.

Senator Inouye

Margaret Truman Daniel

J. McDonald Williams

W. Jarvis Moody

Senator Inouye is a 1952 graduate of GW's National Law Center.

W. Jarvis Moody is chairman and president of American Security Corporation and American Security Bank, N.A. Formerly a loan and new business officer at Morgan Guaranty Trust Company in New York, he joined American Security Bank in 1964 as vice president. He has served three terms on the executive council of the American Bankers Association and is a past president of the District of Columbia Bankers Association. During the years from 1974 to 1976, he served as chairman of a regional advisory board for the Office of the Comptroller of the Currency.

Moody is currently a corporate director of Acacia Mutual Life Insurance Company and Peoples Drug Stores as well as the District Realty Title Insurance Company.

J. McDonald Williams is managing partner of Trammel Crow Company, a real estate development and investment firm in Dallas. A partner in the Dallas law firm of Stalcup, Lipshy and Williams from 1968 to 1973, he has been associated with Trammel Crow since 1973. He received the J.D. degree from GW in 1966 with honors, graduating second in his class. He serves on the board of directors of Park Cities Bank and Trust Company, Dallas, and is a member of the Dallas Assembly, an association of community leaders concerned with civic and charitable activities as well as better government in the Dallas metropolitan area.

BOARD UPS ALUMNI NOMINATIONS; LIMITS NON-TENURE APPOINTMENTS

At its May 21 meeting, the Board of Trustees approved a resolution increasing the number of trustees nominated by the General Alumni Association from two to three for a three-year experimental period. The General Alumni Association will seek nominees from among those alumni submitted by the GW Student Association.

In other action, the board passed a resolution limiting to 25 percent non-tenure-accruing appointments in the regular active-status faculty in the colleges and schools of the university. No department may have fewer than 50 percent of its regular active-status faculty appointments tenured or tenure-accruing. The policy exempts the National Law Center and the Medical Center.

(l-r) Roberta Schaffner, SAGA Food Services Director, with SAGA personnel Annette Plater, kitchen supervisor at the Marvin Center, and Diane Picard, food service manager, who helped prepare presidential refreshments.

(l-r) Lisner Auditorium Manager Frank Early, Dimock Gallery Curator Lenore Miller and Assistant Curator Gail Mishkin arrange GW roses used when President Reagan was at the Dimock. Coffee was served from the Ulysses S. Grant silver service, a part of the University collections.

petunias in front of Lisner Auditorium; security force officers Joel Harwell, Lavend James, Lewis Robinson, James Foster, Patrick Glover, Ronnie Montague, Daniel Straub, Flay Gray and William Coates Jr. cooperated with the Secret Service for the strict security imposed for the event; and SAGA Food Services Manager Roberta Schaffner served the presidential party during intermission. SAGA personnel who prepared refreshments were Michael Pfister, Henry Gaston, Annette Plater, Robert King, William Weeks, Daniel Eusebio, Diane Picard, Prentice Simms, Milton Sigler and Stephen Kaufman.

ROTHSCHILD RECEIVES LAW FACULTY SERVICE AWARD

The Distinguished Faculty Service Award was presented, to Professor of Law Donald P. Rothschild at the commencement exercises of the GW National Law Center, May 24 in the Charles E. Smith Center.

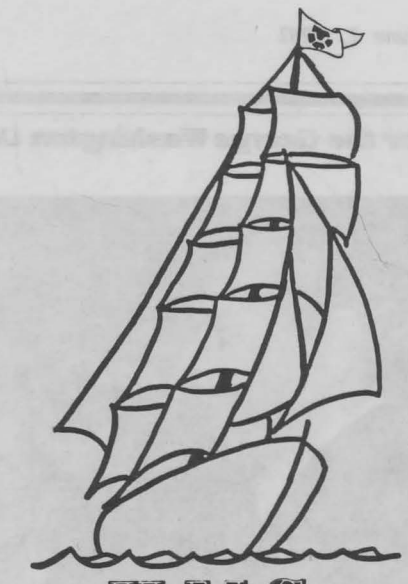
Professor Rothschild, recognized as one of the forerunners of the consumer movement, is founder of the Consumer Protection Reporting Service and of the GW Consumer Legal Clinic which cooperates with Channel 4. He recently joined the board of directors of the National Consumer League. He has written extensively on consumer law and is co-author with Harry T. Edwards and Leroy S. Merrifield of Collective Bargaining and Labor Arbitration, Bobbs-Merrill, 1979. A new case book, Administrative Law: Practice and Procedures is about to be published.

Criteria for the award include teaching, scholarship and service. The award committee is comprised of the editors of Law Review, the Journal of International Law and Economics, and the Advocate, the out-outgoing SBA president, two third-year law students selected at random and the third year class representative who is chairman of the SBA committee on law commencement.

TUITION BENEFITS EXTENDED TO GRADUATE STUDY

The Board of Trustees, at its May 21st meeting, took action which makes it possible for tuition benefits for children of eligible faculty or staff members not fully used for undergraduate study to be applied for graduate or professional degree programs, excluding the Medical Center. The Board's action was taken because some eligible children do not make full use of the present tuition benefits which provide for completion of an undergraduate degree.

The Board's resolution, effective July 1, stated that each previously eligible child who does not use maximum available tuition benefits for an undergraduate degree program shall be entitled to apply any unused benefits for an graduate or professional degree programs (excluding the Medical Center); and that to be eligible , a child must begin such a program while legally dependent and within five years of the award of the baccalaureate degree; that this benefit will not exceed the equivalent of eight semesters of fulltime graduate or professional study for children of eligible full-time faculty and staff; and that the benefit for children of part-time employees will be one-half the benefit for the children of full-time employees.



H.M.S. PINAFORE

The George Washington University Theater will present Gilbert and Sullivan's nautical comedy on Thursday, Friday and Saturday, June 4, 5 and 6 at 8 p.m. in the Dorothy Betts Marvin Theater. Tickets are $5 for adults and $2.50 for senior citizens and students with I.D. The box office number is ext. 6178.

NON-CLASSIFIED JOB OPENINGS

Research Assistant, Department of Anesthesiology Research Laboratory. (Bachelor's degree in appropriate field required, 1-3 years experience in research-oriented lab setting necessary. Assist with preparation, set-up, clean-up of blood gas analyzer, gas mass spectometer, calibration of pressure measuring equipment. Assist surgeon with instruments and devices used directly on animals as well as operating equipment during experiments.) Contact Ruby E. Dixie, ext. 3138, or Dr. Gertrud Mergner, ext. 3134.

Post Doctoral Fellow/Research Associate, Department of Biochemistry. (Ph.D. required. Position entails studying murine T-cell differentiation and the influence of thymic hormones. Experience in cellular immunology, including cell fractionation procedures, T-cell markers and functional T-cell assays desirable. Position available immediately.) Send resume to Dr. Marion Zatz, Department of Biochemistry Ross Hall, Room 554, 2300 Eye Street N.W., Washington, D.C. 20037.

Research Associate, Department of Pathology. (Ph. D. research worker to participate in study of the structural basis of passive mechanical properties of heart muscle. Must be able to perform animal surgery, dissect heart, prepare individual heart muscle cells, carry out stress-strain curves on these cells using micromanipulation, perform morphometric analyses of electron micrographs, and prepare written records of this work. Must be able to prepare publishable manuscripts.)Contact Dr. S. Bloom, ext. 2925.

George Washington University is an equal opportunity/affirmative action employer.

FRANK WRIGHT, PAINTINGS: 1968-1980 ON EXHIBITION AT CORCORAN

Paintings by Frank Wright, GW associate professor of drawing and graphics, will be on exhibition in the Corcoran Gallery of Art at 17th and New York Avenue Saturday, June 13, through Sunday, July 19. Title of the exhibit is "Frank Wright, Paintings: 1968-1980."

The collection of some 60 paintings will present scenes and subject matter from everyday life. Recurring themes include Wright's family, his studio, other painters, domestic interiors and views of Washington. There are also paintings based in part on photographs of Washington during the 19th and early 20th centuries. The exhibition was organized by Corcoran guest curator David Tannous, who has also written the catalogue essay. Funding is from the Marjorie Merriweather Post Foundation.

A graduate of Eastern High School, where he first began to consider seriously a career in art, Wright entered American University with scholarship aid from the National Society of Arts and Letters in fall 1950. There he received a B.A. in 1954 and began studies in art history at the University of Illinois where he later received his M.A. He studied at the Bernard Berenson Villa I Tatti near Florence in 1956 and has continued his European studies over the years. He has taught at American University and the Corcoran School of Art.

Wright first became associated with George Washington in 1966 as a part-time studio lecturer in art. In 1970, he came with the university full-time as assistant professor of drawing and graphics, becoming associate professor in 1979.

On Wednesday, June 17, Wright and guest curator David Tannous will talk about the exhibition in the Corcoran's atrium at 12:30 p.m

FRANK WRIGHT, "The Artist in His Studio, 1977," oil on canvas, 48 by 40", Collection of Harrison Securities

NO CLASSES FRIDAY JULY 3, BUT GELMAN LIBRARY WILL BE OPEN

Since the university will observe Friday, July 3, as a holiday no classes will be held that day.

The Melvin Gelman Library will be open Friday, July 3, from 8:30 a.m. to 5 p.m. Call the appropriate offices directly for information on other student services July 3.

KINGS DOMINION DISCOUNT THANKS TO AREA HOSPITAL COUNCIL

Free discount coupons for Kings Dominion are available from the university's Office of Public Relations, Room 705, Gelman Library, and the Medical Center's Office of Public Relations, Room 712, Ross Hall. The coupon is good for a $3.70 discount off the $10.95 all-day, pay-one-price passport admission ticket which allows unlimited rides and shows. The coupons may be used on June 13, 14, 15, 18, 19, 20 and 21, 1981. The limit is one coupon per person. The discount comes to the university community through the Hospital Council, National Capital Area.

SUMMER EMPLOYMENT PROGRAM FOR YOUNG PEOPLE

This summer, through CETA and District of Columbia funding, young people up to 21 years of age are available for seven-week work assignments at no cost to university departments. Starting dates are Tuesday, June 23, and Monday, June 29. Work duties may be in any area but should not be overly strenuous. Persons 14 and 15 years old may work a maximum of 20 hours a week, while 16 to 20 year-olds may work up to 25 hours per week. Departments should request a Work-site Description sheet from Personnel Services, employment division, ext. 4470. The sheet, when completed, should be forwarded to Southeast House, 1225 Maple View Place, S.E., Washington, D.C. 20020. For more information, call Mike Chandler at Southeast House, 675-7970.

SAGA SERVICE IN SUMMER

SAGA's Grand Marketplace in the first floor cafeteria in the Marvin Center is now open from 7 a.m. to 3 p.m. Monday through Friday. Manger Steve Kaufman says that, even with the shorter hours, there is a complete choice of hot and cold selections including

PROFESSIONAL ACTIVITIES

ROLF CLARK, visiting research professor of operations research, presented a paper entitled "Navy Resource Dynamics and Long Range Planning" in the logistics session of the Joint National meeting of the Canadian Operations Research Society (CORS), the Institute of Management Sciences (TIMS), and the Operations Research Society of America (ORSA) held May 3-6 in Toronto.

JAMES E. FALK, professor of operations research, presented a paper, co-authored with Karen Hoffman of the National Bureau of Standards, entitled "Concave Minimization via Collapsing Polytopes," in the Nonlinear Programming Session of the Joint National CORS-TIMS-ORSA meeting May 4 in Toronto.

JONATHAN D. FIFE, associate professor of education, has been appointed to the Association for Institutional Research Articulation Committee. The task of this committee is to identify ways that the major higer education research associations can work together to improve the quality of their publications.

HOWARD GILLETTE, associate professor of American civilization, gave a lecture May 23 on Alexandria's role in the Washington region as part of the series "Alexandria Responds " sponsored by the Alexandria Archaelogical Commission.

DONALD GROSS, professor of operations research, presented a paper, co-authored by DOUGLAS R. MILLER, assistant professor and RICHARD M. SOLAND, professor, both of the department of operations research, entitled "A Closed Queuing Network Model for Multi-Echelon Repairable Item Provisioning" in the Queueing applications in Operations Management session at the Joint National CORS-TIMS-ORSA meeting on May 5 in Toronto

EILEEN GUENTHER, studio lecturer in applied music, received the 1981 Metropolitan Area Mass Media Committee Award from the American Association of University Women at the 27th Annual Awards Coffee on May 21 in Washington.

GORDON LIPPITT, professor of behavioral science, received the American Society for Training and Development's (ASTD) 1980 Gordon M. Bliss Memorial Award for his work in human resource development. He received the award in Boston May 17.

W.H. MARLOW, professor of operations research, served as co-chair of the Logistics I session and chaired the Logistics II session. He also presented a paper entitled "Statistical Evaluation of Readiness Category Scores," in the Logistics II session of the Joint National CORS-TIMS-ORSA meeting, May 3-6 in Toronto. The paper was co-authored by ZEEV BARZILY, assistant professor and SAHELEMYAHU ZACHS, professor, both of the Program in Logistics.

LOIS G. SCHWOERER, chairman and professor of history, was elected for a five-year term to the Council/Executive Committee of the National Conference on British Studies.

-------, lectured on "Italian Renaissance Political Thought 1300-1530," at Gallaudet College on May 19.

PILAR SAENZ, associate professor of Spanish, presented a paper entitled "Los Medios seres, una dimension dramatica de Gomez de la Serna," at the 34th Annual Kentucky Foreign Language Conference, at the University of Kentucky, Lexington, April 23-25.

RICHARD M. SOLAND, professor of operations research, presented a paper entitled "Reducing the Decision Maker's Work in Interactive Multiple Criteria Optimization," co-authored with O. Mareotte of Cornell, in the Multicriteria Optimization session of the Joint National CORTIMS-ORSA meeting May 4 in Toronto.

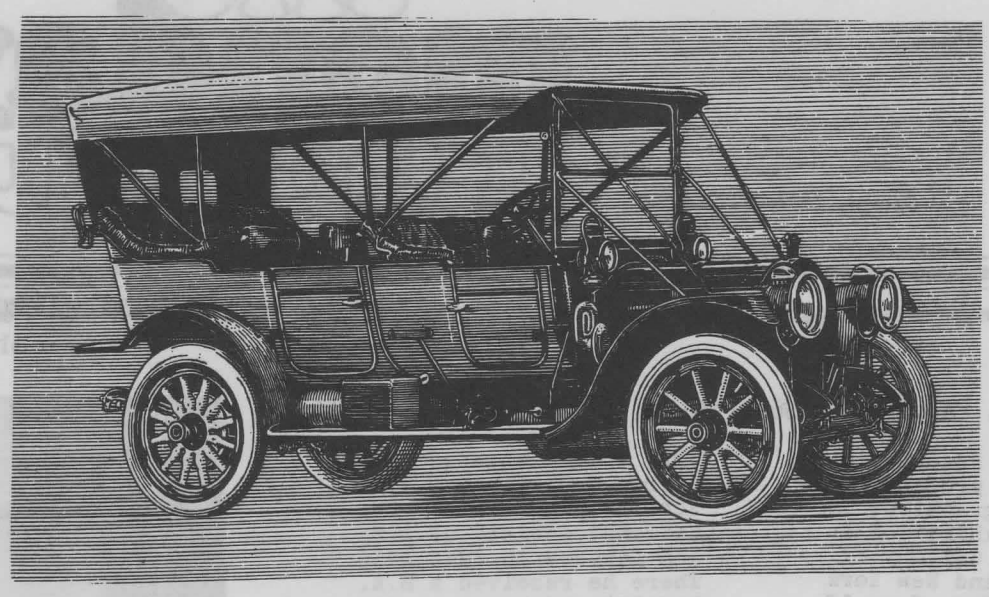
INTERVIEWS

MARCUS CUNLIFFE, university professor, was interviewed on WAMU. His topic on the May 15 program was"Is America Politically Violent?"

HEWITT KENYON, professor of mathematics, was interviewed by Ed Turney on WJLA Channel 7 News April 16. Professor Kenyon discussed his involvement with the Rock Creek bike path. Professor Kenyon has been named National Park Service Volunteer of the Year for the second successive year.

PUBLICATIONS

RANU BASU, professorial lecturer in history, an article, "A Note On Urbanism in Nineteenth-Century India: The Urban Areas in Bengal, 1850-1872," in Bengal Past and Present, January-June 1980



PARKING PERMIT REMINDER

Parking permits for 1980-81 for faculty and staff will expire on Wednesday June 30. Those interested in continuing parking privileges after June 30 should make the necessary arrangements with the Parking Office as soon as possible. For information, call ext. 6405.

GW WASHINGTON AREA STUDIES INSTITUTE SUMMER 1981 OFFERS LECTURES AND TOURS

The first annual Summer Institute in Regional Studies sponsored by the GW Center for Washington Area Studies is offering a varied program of lectures and tours during June, July and August. The special events draw on a broad range of disciplines concerned with the history, culture and development of the Potomac Basin and the Chesapeake Bay region.

Monday, June 15, Pamela Cressey, director of the Alexandria Archeological Research Center, will speak on "Alexandria as a Workshop for Local Historical Studies" at 3 p.m. in the second floor archeological museum of the Torpedo Factory Art Center, 100 block of North Union Street, Alexandria, Va.

Wednesday, June 24, William Becker, GW visiting associate professor of history, will speak on "Old and New Washington Area Market Places" at 5 p.m. at the Columbia Historical Society,1307 New Hamshire Ave., N.W. one block from the Dupont Circle Metro station.

Tuesday, June 30, Frederick Gutheim, GW consultant in research, and Gilbert Gude, director of the Congressional Research Service, will talk about "The Potomac River Valley: Past and Future" at 5 p.m. in Room 202 of the Melvin Gelman Library.

All lectures are open without charge. There is a $5 bus fee for the tours.

The first tour will be Sunday, June 28, on the theme "Three 19th-Century Washington Suburbs: Uniontown, Anacostia; LeDroit Park; Mt. Pleasant." Associate Professor of American Civilization Howard F. Gillette Jr. will conduct the 11 a.m. to 4 p.m. tour which will leave from Marvin Center.

For more information and tour reservations, call Professor Gillette at ext. 6073 or Adjunct Associate Professor of History Linda J. Lear at ext. 7565. July and August events will be announced later.

"CONFIGURATIONS," A PHOTO SHOW AT THE DIMOCK GALLERY

The Dimock Gallery, together with the Art Department, will present "Configurations," a selection of photographs by area artists from Thursday, June 18, through Friday, July 31.

The invitational exhibition was organized by the gallery to explore patterning as a current trend in photography. Abstract, patterned or repetitive images and formal arrangements of objects will be subjects of the majority of photographs in the exhibit. Approximately 60 photographic prints, both black and white and color, will constitute the show. Individual artists submitted up to three prints from which a selection was made.

Among area artists whose works will be on exhibition are Franz Bader, William Christenberry, Frank Di Perna, Jerry Lake, Tim Kilby, Mark Power and Carol Samour.

The Dimock Gallery, off the lower lounge of Lisner Auditorium, 21st and H Sts., N.W., is open from 10 a.m. to 5 p.m. weekdays.

NEW ROSES--Grounds Supervisor Louis L. Smith checks the university rose beds which include the four new 1982 award-winning varieties which came to the university in March from All-American Rose Selections. The four are named Mon Cheri and Brandy, both hybrid tea roses; French Lace, a floribunda; and Shreveport, a grandiflora. The flowers may be seen, with markers beside them, in the University Yard on the south side of H Street, between 20th and 21st Streets. The roses are expected to bloom all summer, but "Please don't pick them," says the Grounds Department.

United Way

AWARDS PRESENTED

"The success of the 1980 GW United Way campaign really reflects very positively on each of you and shows that you really cared about helping someone else," said campaign chairman James E. Clifford to award-winning keypersons at the recent United Way awards luncheon.

President Elliott, in adding his thanks, said "What you have been doing is community service.... All of us at George Washington are very proud of the success realized in the annual drive for fellow Washingtonians." To Clifford he said, "We are all in your debt for having done an outstanding job as chairman."

The 1980 GW United Way campaign resulted in contributions totaling $62,309, which is $5,355 more than the previous year. Chairman Clifford called this "a real accomplishment, particularly when we did this at a time when inflation was very serious."

Of 155 key workers who participated in the campaign, 42 were award winners. Gold awards, for workers who got 85 percent or more of those they solicited to contribute with an average contribution of $30 per person, went to Gail Hanson, Richard Haskins, Mary Miller, Marianne Phelps, Carl Steiner and Max Ticktin.

Silver awards, for keypersons who got 60 percent of those they asked to make contributions with an average of $15 per person, were awarded to Henriette Abrams, Eileen Arthurs, Phil Beasley, Desiree Callender, Anthony Coates, Mary Anne Coffland, Ruth Davis, Florence Facchia, Joanne Fleeter, Shandell Harris, Doris Johnson, Selma Klein, Ann Kremer, Joanne Leonardi, Jane Lingo, Mary Beth Moscatiello, Marilyn Mundy, May Nakamura, Robert Parris, John Perkins, Dale Reed, Richard Schlagel, Showane Sharpe, Pam Smith, Gloria Washington

BARRY SILVERMAN, assistant professor of engineering administration, an article, "Multimarket. Multitechnology. Multiattribute Technological Forecasting," in The Energy Journal, Vol. 2, No. 2, 1981.

Professional Activities

DIANE APOSTOLOS-CAPPADONA, visiting lecturer in religion, presented a paper "To Create A New Universe: Mircea Eliade on Modern Art and the Sacred," at the Spirituality East-West Seminar at the College Theology Society annual meeting, June 5. Apostolos-Cappadona was also named convener of the Consultation on Religion and Art for the 1982 annual meeting of the College Theology Society.

LLOYD S. BOWLING, professor of speech and hearing was presented the Maryland Speech-Language-Hearing Association's highest award, the Honors of the Association, for 1981 on May 2.

GEORGE R. BOZZINI, associate professor of English and director of the program in English for international students, presented a paper entitled "Employment Issues in English to Speakers of Other Languages (ESOL): Answers and Questions" at the 33rd Annual Conference of the National Association for Foreign Student Affairs in Nashville, May 29.

Bozzini also led an all-day workshop for ESOL program directors in higher education, May 30 at the conference.

LANCE J. HOFFMAN, associate professor of engineering and applied science, chaired the May 4th meeting of the Special Committee on Privacy of the American Federation of Information Processing Societies at their National Computer Conference in Chicago.

ALCIRA G. KREIMER, associate professorial lecturer in Urban and Regional Planning, participated as a discussion leader in an urban development workshop held at the World Bank on May 6. The topic of the discussion was "Urban Disasters: Possibilities Before and After."

BEVERLEY LITTLEWOOD, visiting associate professor of engineering, gave a talk entitled "On Some New Results in the Estimation of Computer Software Reliability" on April 20 at the University of Rochester Graduate School of Management.

DORN C. MCGATH JR., professor of Urban Planning, addressed the Conference on Environmental Design in the Caribbean Basin April 24. His topic at the conference, sponsored by the School of Architecture and Planning of the University of Florida was "Implications of the Charter of Machu-Picchu."

SAM ROTHMAN, professor of engineering administration, particitpated in a panel discussion on the "Utilization of Defense Technology." The panel was conducted under the auspices of the American Defense Preparedness Association, May 20 in Silver Spring.

BARRY G. SILVERMAN, assistant professor of engineering administration, presented a paper on "Acid Rain Modeling: Methods for Regulating Analysis" at the 12th Annual Modeling and Simulation Conference, at the University of Pittsburgh, May 1-2.

PHYLLIS L. STEWART, associate professor of sociology, attended the National Security Seminar at the U.S. Army War College, Carlisle Barracks, Pa., June 1-5 as an invited quest.

SHIRLEY M. WRIGHT, assistant professor of English and assistant director of the program in English for International Students, presented a paper entitled "Academic Needs: The Students' Perspectives" at the 33rd Annual Conference of the National Association for Foreign Student Affairs in Nashville, May 28. Wright co-authored the paper with MARTHA C. EDMONDSON and MARGARET R. KIRKLAND, both instructors in the program.

UNITED WAY AWARDS PRESENTED

and Ronald Whitmore.

The university award, a new award this year designed to recognize those workers who got 60 percent or more of those they solicited to contribute without regard to the average contribution, was presented to eight recipients. They are Paul Albrecht, Ronnie Best, Marc Edwards, Steve Hibun, Marion McFarland, Eleanor Mosby, Cecilia Parise and Charlie Stadick.

Planning committee members received certificates of appreciation for their work in the campaign.

Service awards were presented to Sandra Norys, Therese Lenk and Leslie O'Bryant for their support work to planning committee members.

Jeannette Madison, C&P Telephone executive who was the United Way loaned executive for the 1980 campaign, attended the luncheon to express her thanks to key workers. The luncheon was held in the GW University Club.

Captain Jones with the Grant desk

DESK AND TABLE USED BY ULYSSES S. GRANT III ARE NOW IN WOODHULL HOUSE

A classic light walnut office desk and table used by the late Maj. Gen. Ulysses S. Grant III are now in Woodhull House. Both are in the GW office of Safety and Security. The desk, with a mosaic-like top and reeded detail at the four corners, is in the office of Captain Prentice E. Jones. The large, graciously proportioned table is in Director Byron M. Matthai's office.

The two pieces were given to the university in February of this year by Guest Services Inc., formerly Government Services Inc. General Grant was associated with Government Services for many years beginning with its founding in 1927 and used the desk and table in his offices.

Bill Parnell and Burl Burkhammer of the Physical Plant Department refinished both gifts before they were placed in their present locations.

General Grant, grandson of President Grant, was a George Washington University trustee from 1931 until 1958 when he was elected an honorary trustee with the exception of the years 1946 to 1951 when he was a vice president of the university. As vice president, he was largely concerned with the planning and development of the GW physical plant. The late GW President Cloyd H. Marvin worked out an arrangement with President Harry S. Truman to permit General Grant to serve as GW vice president and continue his duties as chairman of the National Capital Park and Planning Commission. General Grant served in the U.S. Army 43 years, retiring in 1946.

GW READING CENTER OFFERS SUMMER PROGRAMS AT ALL LEVELS

The GW Reading Center, part of the School of Education and Human Development, will be offering tutoring, testing and diagnosis of reading problems, and programs in high school study skills and college preparation during the summer. Parents among the faculty and administrative staff may wish to take advantage of the varied selection of training for their children.

Tutoring for all ages and skill levels will be offered Monday through Thursday from June 22 to July 23 and June 29 to July 30.

Testing and diagnosis of reading and perceptual problems, gifted children, and pre-school intellectual, academic and perceptual readiness will be available through June in the summer tutoring program and in July and August for the fall tutoring program.

High school study skills for grades through 12 will be offered July 13 to 24 Monday through Friday from 10:30 a.m. to noon or from 1 to 2:30 p.m.

A college preparatory program for grades 11 and above will be given July 6 through 31, Monday through Friday, from 8 a.m. to 3 p.m. For information, call ext. 6286.

DO YOU GET HUNGRY ON CAMPUS SUNDAY EVENINGS?

Those who may want to have a light supper or a full dinner on Sunday evenings at the university will find a varied choice at the George Washington University Hospital Cafeteria which is open from 5 to 7 p.m. for anyone who would like to come in. The vending machines in the South Dining Room of the hospital cafeteria are available 24 hours a day, seven days a week.

The vending machines in the Marvin Center ground floor are also available seven days a week on the following schedule: Monday through Thursday, 7:30 a.m. to 11:30 p.m., Friday and Saturday, 7:30 a.m. to 1:30 a.m. and Sunday, 7:30 a.m. to 11:30 p.m.

WATCH OUT FOR THE COFFEE POT

According to the Safety and Security Office, coffee makers in offices can create serious electrical, fire and stumbling hazards. Drawing from "Safety in Action," a newsletter published by Business Research Publications, the office offers us these tips on combating hazards brewed by coffee makers.

Do not allow them in non-smoking areas or in areas where eating and drinking is prohibited.
Don't hook them up to extension cords or overload circuits.
Observe good housekeeping habits.
Be careful not to trip over the power cord.
Don't use makeshift coffee makers.
Don't use any coffee makers near flammable material.
Repair or replace damaged cords and plugs at once.
Use coffee makers only on metal cabinets.
Disconnect when not in use.
use coffee makers with self-contained heating units; do not allow hot plates.
Provide insulating pads where needed to avoid direct contact with combustible surfaces such as wood.

JAMES P. HONAN, research assistant, ERIC Clearinghouse on Higher Education, has been elected secretary of the Higher Education Group of Washington, D.C.

DORN C. MCGRATH, professor of urban planning, gave the "wrap-up" speech at the "Planning in the 1980s: Recycling or Rethinking" conference in Easton, Md., June 4-5. The conference was sponsored by the Maryland Association of County Planning Officials, the Maryland Department of State Planning and the Maryland Chapter of the American Planning Association.

HARRY R. PAGE, professor emeritus of business administration, was a luncheon speaker at the 66th Annual International Purchasing Conference in New Orleans on May 19. The topic of his address was purchasing education.

PILAR SAENZ, associate professor of Spanish, presented a paper entitled "Una nueva faceta de Jose Ferreter Mora: el relato corto y la cinematographia" at the Primera Sesion de Ponencias of the 1st General Assembly of ALDEEU (Asociacion de Licenciados y Doctores Espanoles en Estados Unidos), held June 6-7 in New York City.

RICHARD H. SCHALAGEL, professor of philosophy, gave a lecture June 4 on "The Mind-Body Problem," as part of the Smithsonian Associates Lecture Series on brain, mind, and consciousness.

FREDERIC R. SIEGEL, professor of geochemistry, with Salamon Block (Ph. D. GW 1978), Oklahoma Geological Society presented a paper entitled "Antipathetic Magnesium-Manganese Relationship in Basal Metalliferous Sediments," at the annual meeting of the American Geophysical Union in Baltimore, May 28.

MICHAEL SHAPIRO, assistant professor of museum studies and American civilization, spoke to the Williamsburg Seminar for Historical Administration on "Principles of Historical Administration" June 1. The seminar was sponsored by the American Association of Museums, American Association for State and Local History and Colonial Williamsburg.

SUMMER ADVANCE REGISTRATION PROGRAM RECEPTIONS IN JUNE AND JULY

Four receptions will be held for new students and their families who will be here for the Summer Advance Registration Program (SARP) the end of June and the beginning of July. Members of the GW faculty and staff are encouraged to attend the receptions and welcome the students and their families on Thursday, June 25; Monday, June 29; Monday, July 6; and Thursday, July 9 from 5 to 6 p.m. in the Marvin Center Ballroom.

SAFETY NOTE ON HAZARDOUS NITRILES

The Office of Safety and Security advises that the National Institute for Occupational Safety has prepared a standard for exposure to the following hazardous nitriles:

Nitrile	NIOSH recommended limit (mg/cum)
acetonitrile	34 (TWA)
n-butyronitrile	22 (TWA)
isobutyronitrile	22 (TWA)
propionitrile	14 (TWA)
malononitrile	8 (TWA)
adiponitrile	18 (TWA)
succiononitrile	20 (TWA)
acetone cyanohydrin	4 (C)
glycolonitrile	5 (C)
tetramethylsuccinonitril	6 (C)

Additional details may be obtained from the Safety Officer, ext. 6947.

SERVICE AWARDS GIVEN AT ANNUAL LUNCHEON

"I want to tell you how much I appreciate what each of you has done for the university," Vice President and Treasurer Charles E. Diehl said in presenting service awards at the recent June 19 annual awards luncheon for employees in areas under the Vice President and Treasurer's Office held in the Marvin Center.

Awards went to those who have served the university in many capacites from five to 35 years.

Three members of Physical Plant Department (PPD) were honored on retirement with certificates and GW rocking chairs. They are Queenie Martin (14 years), Beatrice F. Nelson (33 years) and Mary T. Wilson (14 years). A fourth retiree, Janie C. Hayes (11 years) was not present.

A group of seven individuals with 25 or more years of service was honored first at the ceremony. They are Thomas H. O'Dell of PPD (35 years); Martin Roudabush of Planning and Constuction (30 years); John C. Einbinder, assistant treasurer (30 years); Dolores Fitzgerald of PPD (30 years); William C. Payne, grounds foreman, PPD (30 years); F. Ann Reppen of Sponsored Programs, Office of the Vice President and Treasurer (25 years) and Jimmie G. Hart, assistant director, PPD (25 years).

Those with five to 20 years' service were then recognized, grouped according to their work with the university. These awards follow with names and years of service.

GW-GW MEDICAL CENTER BLOOD DRIVE JULY 1

In the critical moments of life-saving efforts, both in the emergency room and the operating room, blood is an immediate need.

During the summer months, area blood supplies drop as potential donors leave for summer travels. But the need for blood does not go away.

Members of the university community are encouraged to help the Red Cross by donating blood at the special GW-GW Medical Center Blood Drive on Wednesday, July 1, in Rooms 410 to 415 of the Marvin Center between 10 a.m. and 3 p.m. For an appointment, call the Office of Medical Center Public Relations, ext. 3415.

2000 PENNSYLVANIA AVENUE PROJECT WINS JOINT COMMITTEE ON LANDMARKS APPROVAL

After a deliberation lasting a little more than an hour, the Joint Committee on Landmarks of the National Capital voted June 18 to approve plans for GW's 2000 Pennsylvania Avenue project which incorporates Red Lion Row.

With Landmarks' approval, the project passed another major milestone. The D.C. Zoning Commission gave the go-ahead on April 9.

The final design of the office building to rise behind the row will feature banded glass windows and a limestone facade. It is the third major redesign of the facade of the office building done by the university in an attempt to reach a form which was acceptable to both neighborhood groups and government and preservationist agencies.

The Joint Committee on Landmarks rejected an earlier proposal which called for extensive use of glass on a stepped-down portion of the building's facade. The glass-roofed galleria between the backs of the row buildings and the office building remains.

GW officials are hoping that the favorable ruling from Landmarks will enable the university to schedule ground breaking by December 31, when the university must begin constrction. Much architectural work remains to be completed, however, before that date.

Architect John Carl Warnecke gave the major presentation before the Landmarks Committee. "Our purpose in this design was first to complete the square, second to preserve the historic row and finally to provide as quiet a backdrop as possible for the historic row," he said. Warnecke, whose firm designed the office buildings behind the historic structures on Lafayette Square, is part of a joint venture of John Carl Warnecke and Associates and Hellmuth, Obata & Kassabaum which is designing 2000 Pennsylvania Avenue.

The Landmarks-approved design incorporates the following changes:

--A floor has been taken off the top of the office building, reducing its height by 12 feet to 112.6 feet.

--The angle of sight, the position from which the top of the office building could be seen by a pedestrian on the sidewalk, has been reduced from 51 degrees to 45 degrees, which means passersby would have to be farther out Eye Street before being able to see the office building behind the row.

--Gross floor area has been reduced from 419,000 square feet to 402,000 square feet.

Continued on back

2000 PENNSYLVANIA PROJECT

Continued from page 1

--A reflective glass element projecting from the front of the office building has been removed.

--The university gateway and infill buildings have been redesigned to be more in keeping with the architecture of the row.

Though opposition from some neighborhood groups has lessened with decreased height of the office building, ANC spokesperson Karen Gordon told the Landmarks Committee the ANC remains opposed to the project. Richard H. Howland, president of the Victorian Society in America, founding member of the Society of Architectural Historians and a former president of the National Trust for Historic Preservation, voiced support for the project in a letter read to the Joint Committee.

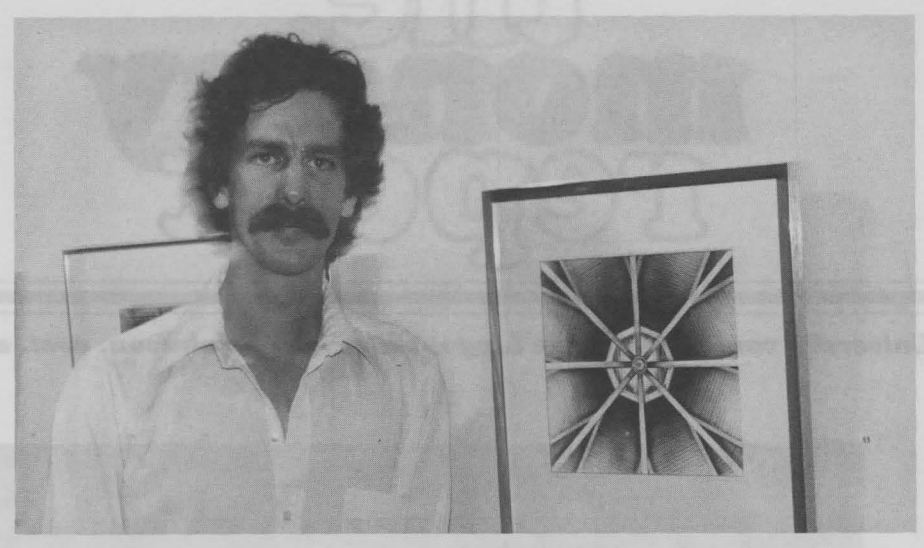
"Retention of the Eye Street facades with rehabilitation of all the remaining segments of the original historic structures will be assured only by an economically viable project such as that submitted by the University," said Howland. "The new adaptive uses of the historic structures will create a vibrant and active development along with the retail and office spaces...behind them."

DINING ON SUMMER WEEKENDS

As a service to the university community during weekends of the summer months when university residence hall dining facilities and the Marvin Center food facilities are closed, students and staff members may eat at the George Washington University Hospital cafeteria. The Saturday and Sunday hours are: breakfast, 7 to 9 p.m.; lunch, 11:30 a.m. to 1:30 p.m.; dinner, 5 to 7 p.m.

SAGA NOTE

The "Green Stuffs" section of George Washington's SAGA's Grand Marketplace in the Marvin Center is pictured in the June 1 issue of Restaurant Business. The accompanying article traces the implementation of SAGA's new national approach to college and university food service, known as the Grand Marketplace, which offers what is described as "a selection of different types of food in one umbrella facility."



"CONFIGURATIONS," DIMOCK GALLERY--Carl Zimmerman stands next to his 10" by 10" silver print "Baltimore County, Maryland," one of 56 contemporary photographs by area artists on display in the GW Dimock Gallery through Friday, July 31. The exhibition, "Configurations," highlights patterning as a current trend in photography. The gallery, off the lower lounge of Lisner Auditorium, is open weekdays from 10 a.m. to 5 p.m.

newsnotes

INTERVIEWS

GEORGE C. GEORGIOU, research associate in economics with the School of Engineering and Applied Science, was interviewed on the "Dialog " program on WGMS, June 12. He discussed SEAS research combining energy engineering and economics.

PUBLICATIONS

THELMA Z. LAVINE, Elton professor of philosophy, a paper, "The Morris Raphael Cohen Centenary--Introduction," in Transactions of the Charles S. Peirce Society, Spring 1981, Vol. 17, No. 2.

PROFESSIONAL ACTIVITIES

FREDERICK AMLING, professor of business finance, presented a seminar on investment strategy and portfolio management on June 11 in the Marvin Center. The seminar was attended by private and institutional investors and financial analysts and was sponsored by SGBA's Office of Research and Continuing Professional Education.

JAMES D. FOLEY, associate professor of engineering and applied science, gave a paper, "The Design and Evaluation of User-Computer Interfaces," at the annual conference of the National Computer Graphics Association in Baltimore, June 16.

EILEEN GUENTHER, studio lecturer in applied music, and ROY GUENTHER, assistant professor of music, have just returned from a trip to the midwest where they presented recitals of music for trombone and organ in Topeka, Kan., and as part of the Visiting Artists Series at the University of Kansas in Lawrence.

LANCE J. HOFFMAN, associate professor of engineering and applied science, spoke on "The Vulnerability of Society to Computer Systems" at a workshop on "The Vulnerability of the Computerized Society" sponsored by the Organization for Economic Corporation and Development in Siquenza, Spain, May 19-21.

AUTO TRAVEL ALLOWANCE TO INCREASE

Effective July 1, the allowance for the use of private automobiles when used for official travel will increase from 18.5 cents to 20.5 cents per mile advises Director of Planning and Budgeting William D. Johnson.

WASHINGTON AREA STUDIES SUMMER INSTITUTE LECTURE JULY 7

"Metropolitan Washington's Changing Population Structure" will be the lecture topic for George and Eunice Grier of the Grier Partnership on Tuesday, July 7, in Room 202 of the Melvin Gelman Library. The Grier Partnership specializes in urban research. The free lecture is part of GW's Washington Area Studies Summer Institute.

personnel notices

Assistant Director, Research and Resources, School of Engineering and Applied Science. (M.A. in engineering discipline preferred. Coordinate facilities and procurement planning.) Resumes to Director Research and Resources, School of Engineering and Applied Science, 725 23rd St., Washington, D.C. or call ext. 6430.

Research Assistant, Human Kinetics and Leisure Studies Department. (B.A. or B.S., knowledge of library research methods and administrative experience. Will assist in research, writing, editing and coordination of proposals; coordination of in-house library; and conference preparation.) Contact Poni Harrant, Human Kinetics and Leisure Studies Department, ext.6280.

Research Assistant, Division of Gastroenterology. (B.A. required for research in gastroenterology laboratory; includes animal surgery and chemical assays.) Resumes to Dr. William Steinberg, Medical Center, 2150 Pennsylvania Avenue, N.W. Washington, D.C. 20037.

Research Assistant, Department of Radiology (Must be trained in routine histological tissue processing ans staining. Some library searching, data preparation, maintaining of subject records, assist at autopsy of animals, and scoring of slides.) Contact Ginger Smith, ext. 3466.

Research Associate, Department of Physiology. (Ph.D. or equivalent with ability to do independent research on spinal cord injury and regeneration. Major technique employed is electron microscopy with skills necessary to prepare tissue and utilize the electron microscope. Animal sugical experience and handling are essential.) Contact Dr. Jerald Bernstein, 389-7217.

Visiting Scientists and Engineers, GW Joint Institute for Advancement of Flight Sciences (JIAFS) located at NASA-Langley Research Center anticipates openings during the next 12 months in acoustics, aeronautics, structures and dynamics, environmental modeling and materials science. Participate in research projects with JIAFS faculty and staff and NASA scientists and engineers using extensive research facilities at Langley. Resume, including names and addresses of three references to Dr. J. L. Whitesides, JIAFS, NASA-Langley Research Center, Mail Stop 169, Hampton, Va. 23665, or call (804) 827-3124.

George Washington University is an equal opportunity/affirmative action employer.

JUNE RETIREES--(above) L to R, Queenie Mae Martin, Beatrice F. Nelson, Mary T. Wilson, at annual Service Awards Luncheon ceremonies held in the Marvin Center. (right) John C. Einbinder, assistant treasurer for business and procurement, and Blanche Smith, executive assistant in the Office of Business Affairs, at her retirement party. She leaves GW after 13 1/2 years of service.

Douglas H. Carter retired June 30 as assistant dean of the College of General Studies. During his association with CGS, beginning in 1971, the number of GW off-campus centers in Maryland grew steadily. He is a member of the Governing Board of GW's General Alumni Association, a trustee of the Colonials, Inc., a member of the President's Club and is on the advisory council to the Charles E. Smith Center.

EMPLOYEE TUITION BENEFITS WILL GO UNTAXED FOR ANOTHER YEAR

Following the urging of colleges and universities, the Reagan administration has put off plans to tax tuition benefits for faculty, staff and families for another year. Tuition benefits are untaxed under current IRS regulations, but the administration has said that they are fringe benefits and should be taxed. Over the next year IRS will study the matter further, but will not publish regulations on fringe benefits until July 1, 1982.

Present IRS rules have been interpreted as counting tuition given university employees and their dependents as scholarships and therefore excluded from federal income tax. Congress' moratorium on taxing fringe benefits expired May 31, which had led to efforts to put the tax into effect this year.

PROFESSOR WALTON E. SMITH DIES

Associate Professor of Management Science Walton E. Smith, 42, died Friday, July 3, at Fairfax Hospital of injuries suffered in a traffic accident June 26.

Professor Smith, who joined the GW faculty in 1968, was a specialist in the use of computers to solve business problems and helped direct the systems management program in the School of Government and Business Administration. He taught courses in automatic data processing and the design of data bases for management systems. He was a member of the Faculty Senate, the Athletic Committee and served as a student adviser.

Born in Toronto, Ontario, he grew up in St. Joseph, Mo. He earned bachelor's and master's degrees from the University of Missouri where he was later a member of the board of directors. He received his D.Sc. at George Washington in 1972.

Dr. Smith is survived by his wife, Angela Patrizio Smith, two children, Gregory and Rebecca, of Potomac, Md., Walton and Margaret Smith of Toronto, and a brother Michael Smith of Bottineau, N.D.

A fund has been established to help the family. Donations may be sent to the Walton Smith Fund, Suburban Trust Bank, 10000 Falls Rd, Potomac, Md. 20854, and marked for account number 59-2357-6.

newsnotes

Interviews

JOHN BANZHAF, professor of law, was featured June 15 in a biographical article in the National Law Journal entitled, "A Matchless Activist: Running Out of Spark?"

-----, an interview, with The People's Daily, a major newspaper in Communist China, on June 14. His topic was "The Problem of Smoking in America."

-----, an interview, on WETA's television program "Paper Chase." Banzhaf discussed his class in legal activism. The show was broadcast in Washington in March and has also been aired nation wide.

-----,appeared on the Boston television program "Weekday" with a former student to discuss litigation in America. The interview focused on the recent Agnew suit which was cited as an example of good litigation.

EDUCATIONAL BENEFITS EXTENDED

Effective July 1, eligible faculty and non-academic staff members and their spouses may apply educational benefits to non-credit/non-degree continuing education courses provided that these courses are taken outside of normal working hours and that no tuition-paying students are displaced. This change will allow eligible staff members greater latitude in taking continuing education courses.

LAW STUDENT, EX-P.O.W. NOMINATED AS DEPUTY PEACE CORPS DIRECTOR

Everett Alvarez Jr., a GW law student, has been nominated by President Reagan to be deputy director of the Peace Corps. Alvarez, who was held prisoner of war in North Vietnam for eight and a half years, received a bachelor's degree in electrical engineering from the University of Santa Clara in California in 1960. He entered the U.S. Navy the same year. He is 43.

WASHINGTON AREA STUDIES SUMMER INSTITUTE JULY LECTURES

"The Formation of the Capital Area Transit System" will be the subject of a lecture by C. Darwin Stolzenbach, former administrator of the National Capital Transportation Agency, on Tuesday, July 21, at 5 p.m. at the Columbia Historical Society, 1307 New Hampshire Ave., N.W.

"Is There a Black Washington Literary Renaissance?" will be the question discussed by E. Ethelbert Miller, director of the Afro-American Resource Center at Howard University, on Monday, July 27, at 5 p.m. in Room 202 of GW's Melvin Gelman Library.

Both lectures are free and open to the public and are part of the GW Washington Area Studies Institute--Summer 1981.

AMITAI ETZIONI, university professor, an interview, by The Collegiate Forum, Spring 1981 on "Reindustrialization: From the Source."

Publications

BEN BURDETSKY, professor of personnel and labor relations, and MARVIN S. KATZMAN, assistant professor of business administration, an article, "My Opinion, Federal Work Study, in the Personnel Administrator, June 1981.

AMITAI ETZIONI, university professor, an article, "Stop That Wealth Drain," in The National Journal, June 27

Professional Activities

JOHN BANZHAF, professor of law, was the featured speaker June 4 in a program to acquaint deaf and hearing-impaired students with law school and the legal profession. The program was sponsored by the National Center for Law and the Deaf and held at the GW Law School.

CHARLOTTE W. CONABLE, coordinator of policy projects for the GW Women's Studies Program, has been appointed to the 58-member National Advisory Council for the White House Conference on Aging to be held Nov. 29 - Dec. 3 of this year. The council is expected to draw 2,000 delegates and 1,000 official observers, some from abroad. An expert on the concerns of aging women, Ms. Conable conducted a series of workshops at the United Nations Mid-Decade World Conference for Women in Denmark last summer.

ANTHONY FIACCO, professor of operations research and applied science, organized the Third Symposium on Mathematical Programming with Data Perturbations. The symposium, attended by 60 participants from several countries, was held May 21 and 22 in Marvin Center. The event was sponsored by the Operations Research Department and the Institute for Management Science and Engineering of SEAS.

-----, and JERZY KYPARISIS, D. Sc. student, operations research, presented a paper entitled "Computable Optimal Value Bounds for Simultaneous Large Perturbations of Several Parameters," on May 22 at the Third Symposium on Mathematical Programming with Data Perturbations.

-----, presented a lecture entitled "Computable Nonlinear Programming Sensitivity and Stability Information and Practical Applicability," on June 19 at the International Institute for Applied Systems Analysis in Laxenburg, Austria.

JOHN F. McCARTHY JR., associate professor of business administration, was the guest speaker at the Kiwanis Club in June 18. His topic was "Changes in Business Education."

-----, speaker and panelist at the Infosystems' International Conference on "Information Resources Management" at the Shoreham Hotel, June 15-17.

BARRY SILVERMAN, associate professor of engineering administration, gave a talk entitled "A Comparative Analysis of Two Large-scale Electric Utility Models," at the Energy Policy Analysis Workshop. The workshop, organized by the International Association of Energy Economists, National Capital Area Chapter, was held at the Marvin Center on June 18.

Grants

ANTHONY L. MESCHER, assistant professor of biology, a $26,976 research grant to study the role played by nerves in stimulating cell proliferation induced by tissue injury and to determine whether one neurally derived mitogen, fibroblast growth facter (rGF), is involved in such a proliferative response, from the National Institute of General Medical Sciences/ NIH/ PHS/ DHHS.

PHILIP N. REEVES, professor of health services administration, a $92,070 training grant to be given to graduate students in health-related fields, from the Division of Associated Health Professions? PHS/ DHHS.

YOU COULD SAVE A LIFE WITH GW'S CPR TRAINING

The interest in CPR (Cardio-Pulmonary Resuscitation) at George Washington remains at a high level, according to Harvey Snyder, training manager, Personnel Services.

CPR classes for students and staff are available at the university or through the Red Cross and the American Heart Association.

Athletics for Women and Athletics for Men both offer classes for students and some staff. Training is scheduled as needed and in conjunction with swimming classes. Contact Mary Jo Warner, assistant director of athletics for women at ext. 6782 or Carl Cox, aquatics director, at ext. 6409.

The Department of Nursing schedules classes for the nursing staff monthly by appointment. Call Sharon Gallagher, R.N., associate director of nursing for the Division of Continuing Education and Research, Department of Nursing, ext. 3161.

The Training Division of Personnel Services makes CPR classes available monthly to university staff members as it relates to their jobs. Call Al Hall, training specialist, at ext. 4980.

The D.C. Chapter of the American Red Cross offers frequent public classes, Call Pete Cooper at 857-3675.

The D.C. Chapter of the American Heart Association offers frequent classes. Eligibility varies. Call Peachie Murray at 337-6400. Classes will be scheduled more regularly after September 1.

A series of five 30-minute television programs is being broadcast this week on NBC-WRC Channel 4 at 5:30 a.m. Monday through Friday, July 13 to 17 on CPR's usefulness. The July 17 program will review the sequence of life-saving actions.

ST. MARY'S CITY TOUR AUGUST 1

Frederick Gutheim, Washington studies author and planner, will conduct a tour Saturday, August 1, as part of GW's Washington Area Studies Summer Institute. Covering St. Mary's City, a 1,000-acre state historical park and first capital of Maryland, Sotterly mansion plantation and the Calvert Marine Museum, the tour will leave from Marvin Center at 10 a.m. and return at approximately 5:30 p.m. There is a $5 fee. For more information and reservations, call ext. 7565.

SUMMER SOCCER CAMP IS COMING

August 17 through 21 are the dates for the GW indoor soccer camp in the Charles E. Smith Center. The fourth annual camp for young people ages six to 16 will be held from 9:30 a.m. to 4:30 p.m. Monday through Friday. The camp assists young players in developing modern soccer techniques. For information and registration forms call ext. 6650.

CLUSTER CONSTRUCTION TOUR--L to R, Leo Williams, GW construction inspector; Claudia Derricotte, director, Student Activities; and Joseph A. Eagers, construction manager, tour Academic Cluster construction site. The cluster is expected to be completed by spring 1982. The parking garage should open this fall.

SARP PEER ADVISING--Jack Crawford, left, who will be a senior in chemistry this fall, helped Joseph Babits, an incoming freshman from Hauppague, Long Island, plan his class schedule during the recent Summer Advance Registration Program 1981.

NED LEVY, COMPUTER OPERATOR, DIES AFTER MOTORCYCLE ACCIDENT

Ned Seth Levy, 25, a computer operator at the GW Center for Academic and Administrative Computing, died Sunday, July 12, at Washington Hospital Center of injuries suffered in a motorcycle accident on July 11.

Levy was the son of Dr. Bernard I. Levy, GW professor of psychology. Born in Washington, D.C., he was graduated from Woodrow Wilson High School. Having studied at the university for several years, he had been planning to take courses in the 1981 Fall Semester. His academic interest was engineering. He had been working for the university for the last three years. Levy flew airplanes and had recently obtained a pilot's license. He was also an enthusiastic motorcycle mechanic. The family suggests that expressions of sympathy may be in the form of contributions to the Ned Levy Memorial Fund which has been established at George Washington. They may be forwarded to Room 701, Gelman Library.

SHIRLEY M. WRIGHT APPOINTED ACTING DIRECTOR OF ENGLISH FOR INTERNATIONAL STUDENTS

Dr. Shirley M. Wright, who has been serving as assistant director of the GW program in English for International Students, has been named its acting director. She succeeds Dr. George R. Bozzini, associate professor of English, director of the program since its establishment in 1975, who resigned to return to full-time teaching.

Dr. Wright, adjunct assistant professor of English, holds graduate degrees form the University of Michigan (M.A.) and Georgetown University (Ph.D.), and has been active in the field of English as a foreign language since 1955, both in the United States and abroad. She has served with the International Communications Agency (then USIA) in Latin America and the Far East, and with the Center for Applied Linguistics. The English for International Students program is now part of the Division of Continuing Education and Summer Sessions.

INDUSTRIAL BALTIMORE TOUR

A tour of industrial Baltimore will be conducted by John Pearce, director of GW's Historic Preservation Program, on Saturday, August 8, from 10 a.m. to 5 p.m. The tour is part of the Washington Area Studies Summer Institute. There is a fee of $5 for the bus which will leave from Marvin Center. For reservations, call ext. 7565.

FORMER GW PROFESSOR WILSON E. SCHMIDT DIES

Former GW Professor of Economics Wilson E. Schmidt, 56, President Reagan's nominee to represent the United States on the World Bank, died at George Washington University Hospital July 21 after suffering smoke inhalation in a small fore at the Cosmos Club.

Professor Schimdt came to GW in 1950 as instructor in economics. He progressed through the academic ranks and became full professor in 1960. He served several times as acting executive

Continued on back page

DIVISION OF CONTINUING EDUCATION AND SUMMER SESSIONS OPERATIONS BEGIN

With the July 1 beginning of operations of the Division of Continuing Education and Summer Sessions, the consolidation of the activities of the former Division of University Students, the College of General Studies and the Summer Sessions, which was announced in February, is now complete.

"We look forward to serving our publics and the University," said Dean William F.E. Long on the first day of the division's operations. Under his leadership, an organizational structure has been established to carry out the division's work.

Associate Dean Sal Paratore will be working with Assistant Dean Billie Jo Moreland of the Office of University Summer Students, with Assistant Dean Abbie O. Smith of the Center for Continuing Education in Washington, and with Acting Director of the English for International Students program Shirley M. Wright.

Associate Dean Alvin Jensen will be working with Assistant Dean John Pappalardo at the Tidewater Center and with Director Edward Wright in the area of credit programs.

Assistant to the Dean Harriet Little will work with Debbie Dearman on student services, Patricia Worthy on personnel services and Annette Antzes on academic staffing.

Assistant to the Dean Edward Jones will be associated with Van Vu on budget, with Roy Carter and Robert Stewart on logistics and with Sandy Pinkus on advertising and publications.

Central offices located on campus include:
Office of the Dean, Bldg. E, 2003 G St., N.W.
Office of the Dean, Bldg. F, 706 Twentieth St., N.W.
Office of University and Summer Students, Rice Hall, 5th floor
Center for Continuing Education in Washington, Gelman Library, Room 621
English for International Students, Park Lane Bldg., Room 120.

Off-campus locations include those at Tidewater Center, Hampton, Va., Langley Air Force Base, also at Hampton, Little Creek Naval Amphibious Base, Norfolk, Va., NASA-Langley Research Center, Hampton, Va., and Lynchburg, Va.

For a directory page on the division, call ext. 7340.

ANOTHER GREEN LIGHT FOR 2000 PENNSYLVANIA AVENUE PROJECT

With assurances from the university that certain exiting rear and side brick walls in five specific locations of Red Lion Row buildings would be saved, and that walls in several other areas would be saved if possible, three groups have withdrawn opposition to the 2000 Pennsylvania Avenue development.

Don't Tear It Down, Advisory Neighborhood Commission 2A, and the Foggy Bottom Association have now all formally pledged their support to GW's 2000 Pennsylvania Avenue project.

The accord was reached shortly before a meeting of the D.C. Zoning Commission July 9. The meeting, in which the commission voted 3-0 in favor of the plan changes okayed by the Joint Committee on Landmarks June 18, is part of a shuttling of GW plans between the two agencies resulting in each finally approving the changes required by the other.

GW appeared again before the Landmarks Committee July 23 to outline minor design details of the plan changes to the buildings made at Landmarks' request in June.

The neighborhood and preservationist groups have also pledged that they will support the University's application to the City Council for closing an alley in the block, another step in the project process.

KOREAN MINISTER OF EDUCATION HONORED--Phillip D. Grub, right, Aryamehr professor of multinational management, School of Government and Business Administration, presents a GW award to Korean Minister of Education Dr Kyu-Ho Rhee, honoring him for his work in higher education. Dr. Rhee spoke recently in the Marvin Center Ballroom on "Recent Educational Reform in Korea" under the auspices of the School of Education and Human Development.

PUBLICATIONS

MARCUS CUNLIFFE, university professor, an article, "The Earth Belongs to the Living: Thomas Jefferson and the Limits of Inheritance," an article in a Festschrift volume, Forms and Functions of History in American Literature: Essays in Honor of Ursula Brumm, Erich Schmidt Verlag, Berlin, 1981.

ALLAN K. FITZSIMMONS, associate professor of geography and regional science, a Comment column, "Wilderness and the Real World," in The Washington Star, July 8, 1981.

RAYMOND PICKHOLTZ, professor of engineering and applied Science, a paper, "Performance Modeling for Packet Newtworks with Satellite Overflows Channels" in IEEE Transactions on Communications, Vol. 29, No. 6, pp. 808-815 June 1981.

PROFESSIONAL ACTIVITIES

JAMES M. BROWN, professor of law, delivered the principal address to the Fifth Circuit State Attorney's staff meeting on June 13. The meeting was held at Riverside Villas in Homosassa Springs, Fla. While in Florida Brown also attended a continuing Legal Education Program sponsored by the Florida Bar June 18 and its annual Bar meeting June 24-27.

GEORGE C. GEORGIOU, research associate in economics with the Office of Energy Programs, SEAS, gave a lecture on "Microeconomics of Energy" at the Energy in the '80s seminar sponsored by the Council of Economic Education in Maryland at Towson State University, July 6.

MURRAY H. LOEW, associate professor of engineering and applied science, presented a paper "Image Processing for Cartographic Applications" to the 7th International Symposium on Machine Processing of Remotely Sensed Data at Purdue University June 25. The paper was co-authored with RAYMOND L. PICKHOLTZ, professor of engineering and applied science and graduate student LEE GOLDMAN.

WALTER E. MULLER, senior staff scientist with the Program in Logistics, Institute for Management Science in Engineering, presented a paper on "The Military at the Turn of the Century" to the session on forecasting and planning and a paper on "The Placement of Technically Qualified Personnel Into the Services at Advance Pay Grades" to the session on manpower and personnel planning at the 47th Symposium of the Military Operations Research Society. The symposium, with the theme "A Political Technical Dialogue," was held at the National Defense University, Fort McNair, D.C., July 7-9.

RAYMOND L. PICKHOLTZ, professor of engineering and applied science, chaired a session on "Analytical Methods in Computer-Communications" at the International Conference on Commuunications in Denver, Colorado, June 14-18.

CHUNG-WEN SHIH, professor of Chinese, gave a lecture on " The State of Writers in the People's Republic of China (PRC)" at Middlebury College on July 1.

-----, gave a talk on "Adapting Asian History and Literature to the Media" at the Asian-American Media and Humanities Conference in New York on May 2, sponsored by the National Endowment for the Humanities.

RICHARD M. SOLAND, professor of operations research, was on the organizing committee, chaired a session and presented a paper entitled "The Design of Multiactivity Multifacility Sytems" on June 18, in Skodsborg, Denmark at ISOLDE '81 (International Symposium on Locational Decisions), June 15-19.

WILSON E. SCHMIDT DIES

Continued from page 1

officer of the department and, in 1965-66, as chairman. He left George Washington in 1967 to join the economics department of the Virginia Polytechnic Institute and State University in Blackburg, Va.

CERAMIC COMPASS TO BE RESTORED--Billy Burch, brick mason with Physical Plant Department, used a special concrete rescue saw to remove the ceramic compass from the pavement on the University Yard side of Corcoran Hall recently. The compass was a gift to the late GW President Cloyd H. Marvin when he was president of the University of Arizona from a Far West character, a recluse known as Death Valley Scotty. President Marvin brought it to George Washington with him. The compass will be restored from the ravages of time and the weather by members of the GW Ceramics Program.

SARP FACULTY ADVISING--Lecturer in English Nan Kauer, left, talked with entering freshman Linda Sheeler of Norwood, N.J., at a recent Columbian College SARP advising session. Through the SARP program, entering students were also registered in SPIA, School of Education, Engineering and SGBA at the end of June and the beginning of July.

ADVANCED DRAWING TECHNIQUES SHOWN IN STUDENTS' WORK

An exhibition of drawings done by students in the Art Department's Advanced Drawing Techniques class Summer 1981 may be seen in the Third Floor Gallery of the Marvin Center through Monday, August 31.

Subjects include self-portraits, chrysanthemums, figure studies, architecture, street scenes and skeletal studies of animals. Students used a wide variety of drawing tools in varying combinations to produce wash drawings and, at the same time, to develop proficiency in the use of point, texture and tone.

Tools utilized included the swab stick, reed pen, crow quill, and Oriental calligraphic brush. Tones were achieved through the use of two kinds of ink and two varieties of black acrylic-polymer paint. The inks are sumi, or Japanese ink in stick form, and India ink in bottled liquid form.

Hours of the exhibition, co-sponsored by the Art Department and the Marvin Center Governing Board, are 7 a.m. to 11:30 p.m. Sunday through Thursday and 9 a.m. to midnight Friday and Saturday.

PUBLICATIONS

AMITAI ETZIONI, university professor, has had two more of his books translated from English into foreign language editions: Social Problems, into Dutch, and Modern Organizations, into Norwegian.

SUZANNE GREFSHEIM, associate director for technical services, Himmelfarb Health Sciences Library, an article with Nina Matheson of the Association of American Medical Colleges, "National Rankings as a Means of Evaluating Medical School Library Programs: A Comparative Study," in the Bulletin of the Medical Library Association July 1981.

BEVERLY LITTLEWOOD, visiting associate professor of engineering, an article, co-authored with J.L. Verrall, Mathematics Department, City University-London, "On the Likelihood Function of a Debugging Model for Computer Software Reliability," IEEE Transactions on Reliability, Vol. R-30, June 1981.

AHMED K. NOOR, professor of engineering and applied science, an article, "Bifurcation and Post-Buckling Analysis of Laminated Composite Plates Via Reduced Basis Technique," in the special ASME/AMD publication on New Concepts in Finite Element Analysis, Vol. 44, 1981.

ROBERT PARRIS, professor of music, a performance, "Rite of Passage," played at the American International Clarinet Festival held at the Library of Congress.

INTERVIEWS

AMITAI ETZIONI, university professor, was interviewed by Public Productivity Review. Etzioni's topic was "Public Sector and Labor Productivity." The interview appears in the March 1981, Vol. 5, No. 1 edition.

MALINEE PERIS, studio lecturer in applied music, was in Frankfurt, West Germany in July to videotape a television feature for the Hessicher Rundfunk. The hour-long program entitled "Adventure in Music" features Peris in a performance of works by Balakirev, De Falla, Debussy, Hohvaness and Ben-Haim. The program will appear on German television this fall.

PROFESSIONAL ACTIVITIES

LLOYD H. ELLIOTT, president and professor of higher education, made welcoming remarks at the honors banquet of the International Statistical Training Programs (ISTP) held in the George Washington University Club recently. Sponsored by the Bureau of Census, Department of Commerce, and the College of Agriculture of Pennsylvania State Unviersity, the occasion marked the completion of training for 112 participants from developing nations. The training was sponsored through the United Nations, the Organization of American States, the Agency for International Development and the International Communications Agency.

GEORGE C. GEORGIOU, research associate in economics with the Office of Energy Programs, SEAS, presented a paper, "Utility Rate Structures and Distributed Thermal Energy Storage: An Empirical Cost-Benefit Analysis," at the 56th Annual Western Economic Association Conference in San Francisco July 2.

DONALD GROSS, professor of operations research, chaired a general simulation methodology session at the Summer Computer Simulation Conference (SCSC) held July 15-17 at the Capital Hilton Hotel.

BEVERLY LITTLEWOOD, visiting associate professor of engineering, gave the annual tutorial talk of the Steering Committee on Simulation and Modeling of the U.S. Army Aviation Research and Development Command, on the subject of "Software Reliability Modeling," on July 15 in St. Louis.

DOUGLAS R. MILLER, associate professor of operations research, chaired a special topics session at the Summer Computer Simulation Conference held July 15-17 at the Capital Hilton Hotel.

AHMED K. NOOR, professor of engineering and applied science, presented a paper entitled "Bifurcation and Post Buckling Analysis of Laminated Composite Plates Via Reduced Basis Technique," co-authored by J. Peters, at the Joint ASME/ASCE Mechanics Conference held at the University of Colorado in Boulder, June 22-24.

GEORGE STEINER, professor of music, directed the National Symphony Orchestra for a 60-second television commerical created for The Washington Star. The commerical won a local Emmy award in the "Best Local Media Promotion" category.

GRANTS

VIRGINIA ALLAN, Women's Studies, a $10,000 training grant to conduct progams on women's policy issues for international vistors, Fulbright scholars and American specialists, from the International Communications Agency.

HAROLD LIEBOWITZ, professor of engineering and applied science, a $45,984 award

TRACING OUR HERTIAGE--ROCK CREEK PARK HIKE

During a hike througn Rock Creek Park on Saturday, August 29, members of the GW community can learn about the Washington area's heritage in rock formations, flora and fauna under the guidance of Professor of Geology J.V. O'Connor of the University of the District of Columbia. The outing is part of the Tracing Our Heritage Series sponsored by the GW Alumni Office.

The group will leave from the Rock Creek Park Nature Center at 5200 Glover Road, N.W. at 9:30 a.m. and return five hours later. This hike is for the hardy; there is no rain date, so bring lunch and rain gear. There is no charge, but those planning to go must call the Alumni Office, ext. 6435, four days in advance to reserve a place.

LITERATURE IN CHINESE SOCIETY STUDY SEQUENCE ESTABLISHED

With support from the Division of Education of the National Endowment for the Humanities, a series of courses on "China: Literature in Society" will be offered by GW's Department of East Asian Languages and Literatures beginning in the fall and continuing in 1982.

The series will explore the social role and political function of fiction, drama, poetry amd other literary forms in traditional and modern China. Material and teaching will be in English. The courses are: "Literature in Traditional Chinese Society" (fall, 1981); "Fiction and Drama in the People's Republic of China" and"Poetry in the

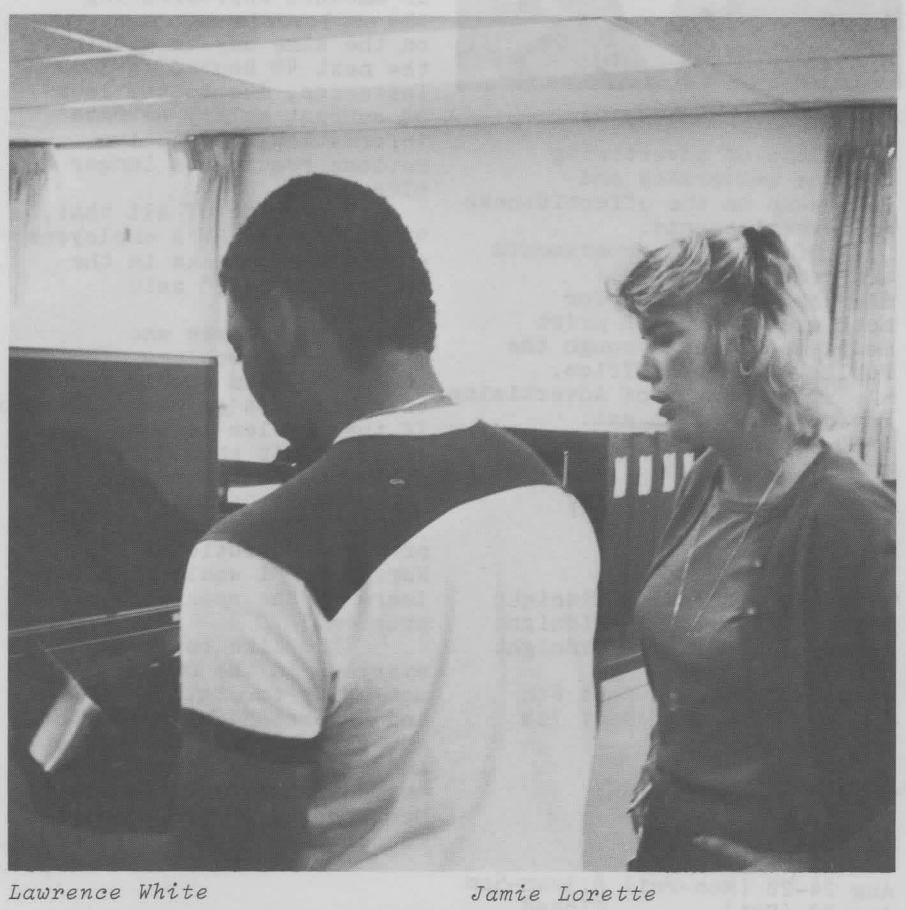
THE NEW PAYROLL/PERSONNEL SYSTEM: SOME REMINDERS

Here are a few suggestions for working with the new payroll/ personnel system implemented in July.

Wage account employees who have had not been paid since May 15, 1981, have been converted to inactive employee status that is,. without hourly rates. Supervisors should be aware that if such employees return to work, new wage account action forms must be submitted in order to "rehire" these employees.

. Hours submitted on time sheets are edited against the employee's eligibilities for overtime, shift premiums, leave hours and the like based on the university's general employee classification system. It is important that employee Change In Status forms properly reflect such eligibilities and be approved by the Personnel Office. The mere inclusion of hours on a time sheet will not cause an employee to be compensated for such hours.

. Departments are requested to use the turn-around copy of a time sheet for submitting hours for the next pay period. This will avoid rewriting employee names and Social Security numbers and should result in fewer data entry errors.



Lawrence White *Jamie Lorette*

. The notion of a "home department," that is, a designated department administratively responsible for an employee, has worked in most instances. However, it has not been as effective for temporary wage account employees. Guidelines concerning the

GELMAN LIBRARY TO BEGIN NEW I.D. POLICY

Beginning Monday, August 31, the Gelman Library will require all individuals entering the library to present identification. For students, faculty and staff, a GW ID card is sufficient. Others will be asked to register in addition to providing identification.

"This new policy does not restrict access to the library," says Librarian James Alsip, "it only gives us more information about those who use the library, enabling us to provide a more secure library environment which is conducive to study and research. This way we can maintain the highest level of professional standards in our services."

On August 31, a billboard will be posted in front of Gelman Library to remind users that the new system is in effect. You can minimize delays and aid the library staff by having your GW ID or other identification ready on entering the library. No one is exempted from the policy. Questions about the system should be directed to the supervisor of the circulation department at ext. 6840.

MELVIN LAIRD TO HEAD 1981-82 ANNUAL FUND DRIVE

Former Secretary of Defense Melvin R. Laird has been named chairman of the George Washington University 1981-82 Annual Fund. Laird, a GW trustee, is senior counsellor for national and international affairs for Reader's Digest.

The 1980-81 Annual Fund raised more than $2.7 million under L. Stanley Crane, BS '38, chairman and chief executive officer of Conrail and a GW trustee.

"We look forward to raising in excess of $3 million this year with the aid of more than 20,000 donors," Laird said. "And we'll be counting heavily on alumni and friends to help us accomplish three major goals."

--To improve the humanities programs at GW. "The incentive to do this is the $800,000 Challenge Grant we recently received from the National Endowment for the Humanities (NEH)," Laird stressed. "We have only three years to raise $2.4 million (for every $3 raised, NEH awards $1), and there's no time to lose."

--To help fund a major expansion and facilities improvement program for the National Law Center.

--To build the medical student financial aid fund. "I know we've got our hands full this year," Laird added. "But with the dedication and generosity of the entire GW community, I know we can accomplish these goals."

Laird has been a member of GW's Board of Trustees since 1975 and serves presently as chairman of the Committee on University Trusteeship. He was secretary of defense from 1969-73, counselor to the president for domestic affairs from 1973-4 and a member of Congress from 1952-69. He also was chairman of the Republican National Platform Committee in 1964.

Vincent A. Burke Jr., chairman and chief executive officer of Riggs National Bank and a member of GW's Board of Trustees, will head the Annual Fund's business and community support drive. He succeeds Robert L. Tull, BA '49, chairman of the board of Security Storage Company and a GW trustee.

WHEN YOU'RE PLANNING TO ADVERTISE

To help offices and departments of the university with their adveritsing, the Public Relations Office now has a new staff member whose primary responsibility is advertising.

Stephen Badzik comes to GW from Catholic University where he handled advertising and other public relations duties. He has worked as an advertising salesman and news and feature writer for a group of Virginia papers, a science writer for a Washington-area research firm and has taught English, speech, drama and debate.

He will be responsible for ad campaign planning, copywriting, creative work,

Continued on back

WHY THE CHANGES IN THE CHECKS

GW's 6,500 employees received slightly different paychecks last month when the university changed the procedures used to run its payroll.

The change was instituted, according to Frederick J. Naramore, the comptroller, for several reasons.

--the old computerized payroll system which was established in the early 60's had been modified and updated to such an extent that it could not accomodate further alternations.

--the federal government has instituted requirements for reporting additional information on such programs as Medicare and Medicaid which would not fit into the old system.

--the new system gives employees more detailed information about their earnings and deductions on a month-by-month basis.

--supervisors will be able to tell more about their budgetary expenditures under the system.

"GW's payroll amounts to $110 million a year, and includes 6,500 individuals who live and work in the Washington area, Naramore explained. "With any change this big affecting this many people, and with staff working with new procedures, there are going to be problems, and we've had some, but we're working to minimize them. We believe that most of the inconveniences to employees due to the change have passed."

GW actually has four payroll schedules--employees who are paid monthly, two groups paid once every two weeks and those who are paid weekly.

Most of the "glitches" in the system occurred because the new procedures took effect at the same time that employees received annual salary increases and at the end of the fiscal year. A minor computer malfunction somewhat hampered staff efforts to work with the new system: a disc file, which enables payroll staff to check the current status of an employee, was not available.

"While the new procedures will improve services to individual employees and departmental administrators," Naramore said, "the implementa-

THE NEW PAYROLL/PERSONNEL SYSTEM: SOME REMINDERS

selection of a home department are being prepared for distribution.
. It is abundantly clear that many monthly salaried employees were not informed of changes in check distribution when they picked up their June payroll checks. The goal is to have most monthly checks distributed to employees' home departments to expedite check distribution. Where this is not feasible due to lack of departmental staff or irregular work hours, arrangements should be made with the Payroll Office to have the individual employee's record redesignated for individual pick-up. This can be done by memorandum to the Payroll Office with the names of the individuals whose checks are to be held for individual pick-up. Checks will continue to be mailed to those monthly employees who have previously elected a check mailing option.

WHY THE CHANGES IN THE CHECKS

tion was not without its difficulties for some five percent of the university's employees. During the first four weeks some staff members either did not receive their checks when due or their checks were not properly prepared. This was, of course, a very serious matter both to the employee affected and to those involved in the payroll operations. In most cases salary advances were prepared in amounts approximating the employee's net pay on the same day or within the next 48 hours. In some instances, due to the lack of current salary or rate information, corrective actions required a longer time.

"In spite of all that, 95 percent of GW's employees received paychecks in the proper amounts," said Naramore.

Any employee who experiences problems with the new system should first talk with his or her supervisor. If the problem is not resolved, it should be called to the attention of the Payroll Office.

"And if that fails to provide a solution," said Naramore, "I would like to learn of the specific problem."

"I'd like to thank everyone in the university community for patience and understanding while the new system went into effect, and express my personal appreciation to those staff members who worked so hard to put it into effect."

PARKING INFORMATION

Temporary on-campus parking for university staff will end August 31st. All full-time employees who are on the waiting list for an on-campus parking assignment will have Kennedy Center parking available to them beginning September 1.

Kennedy Center parking will also be available to students beginning September 1.

For information regarding Kennedy Center parking, call the Parking Office, 2211 H St., ext. 6405.

GW's HOUSING CRUNCH: NOT ENOUGH ROOM AT THE INN

GW has more students applying for housing this fall than spaces to go around and will not be able to provide housing for 300 freshmen and transfer students on a list maintained by the Admissions Office.

"The expected number of cancellations did not materialize this year," said Director of Admissions Joseph Y. Ruth in a letter to students on the list. "Even the number of people who may vacate residence halls in the first few weeks of the fall semester as a result of personal emergencies and illnesses will give us little relief this year. Those few vacancies will have to be used to solve the temporary overcrowding of some of our rooms."

The space crunch will also force some Thurston Hall residents to be temporarily housed in quads until spaces open up in other rooms and other buildings. These students will have leases for triple spaces, but their rent will be adjusted to reflect the time spent in quads.

"This year we seem to have more students who have been guaranteed residence hall space than we have spaces to go around. In short, we are over-committed," says Housing Director Ann Webster. Almost all in-hall and between-hall moves will be delayed until the four-person quads have been returned to triple occupancy. Any group of four wishing to continue together can remain so at a reduced rental rate for the semester, Webster said.

ALUMNI ACHIEVEMENT AWARD NOMINATIONS DUE IN SEPTEMBER

Nominations for Alumni Achievement Awards, given annually to no more than five GW graduates who have attained notable achievement in their chosen fields of endeavor, are being accepted by the Alumni Relations Office through September.

Faculty members, administrative officers, deans and alumni may submit nominations. Full-time faculty, staff and members of the Board of Trustees are ineligible to receive the award.

Nominations and supporting materials should be sent to the Alumni Awards Committee, Alumni House, 714-21st St., N.W., Washington, D.C., 20052.

PROGRAM BOARD SPONSORING LABOR DAY FESTIVAL

Monday, September 7, Labor Day, the H Street quad between 20th and 21st Streets will be the scène of a sucession of festivities planned by the Program Board for GW students. The GW Student Association is sponsoring a flea market beginning at 10 a.m. Locomotion Vaudeville will put on a show at 11 a.m. consisting of acrobatics and circus artistry which is said to have elements of classical vaudeville. Live music will be provided by Billy Hancock from 12:30 to 2 p.m. when Locomotion Vaudeville will reappear for an hour to be followed by the Wonder Company, a pair of mimes who mingle with the crowd. The festival will be highlighted by a performance by the "Guess Who," a musical group, at 4 p.m. The festival will conclude at 7 p.m.

Dr. Dennis S. O'Leary accepts citation from PRSA chapter President Alvin M. Hattal. (Photo by Curley Mosley)

GW MEDICAL CENTER PEOPLE HONORED

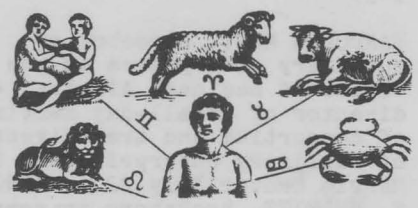
Interest continues in GW's role during the hospitalization of President Reagan. August 18 the Public Relations Society of America (PRSA) National Capital Chapter recognized Dr. Dennis S. O'Leary, medical director of the GW Hospital, Dean for Administrative Affairs Philip S. Birnbaum and Medical Center Public Relations Office staffers Irene M. Haske, Richard T. Ellis, Emily R. Turk, Daya E. Marcus and Linda Souder. A citation, presented by PRSA chapter President Alvin M. Hattal read, in part, "for distinguished achievement in public relations. . . for efforts in keeping with the highest traditions of the public relations profession."

The positive outcome, Dr. O'Leary told the large PRSA luncheon audience, could be attributed to good people, good teamwork and good luck.

BIOMAGNETIC PHOTOGRAPHY IS SUBJECT OF SEPTEMBER'S FIRST WEDNESDAY LECTURE

Professor of Psychology Willard E. Caldwell will give the September First Wednesday Lecture in the popular series sponsored by the Alumni Relations Office. He will speak on September 2 at 8 p.m. in the First Floor Cafeteria of the Marvin Center.

Dr. Caldwell's subject is "Biomagnetic Photography: Is Kirlian Photography a New Pattern for Experimental, Clinical and Medical Psychology?" He will discuss Kirlian photography, a method of photographing what is said to be an aura of energy emanating from animals and plants, and trace its development from the 19th century to the present. He will also show slides of his own research and discuss possibilities for using Kirlian photography in theoretical and applied research.



For lecture reservations, call ext. 6435. Dinner will be available beforehand at the GW University Club. Call ext. 6610 for reservations.

MONEY-SAVING TRAVEL TIPS--CAR RENTAL DISCOUNTS AVAILABLE

All George Washington University personnel are entitled to a 30 percent car rental discount from both Hertz and Avis car rental companies because the university is a member of the Educational and Institutional Cooperative Service, Inc.

The discount applies to normal and time mileage rates in the United States whether the rental is for business or pleasure. Normal credit terms and qualifications will apply. To get the discount, an Avis or Hertz sticker with a General Educational and Institutional identification number is needed. Stickers are available from Mrs. Plunket in the Procurement and Supply Department, Rice Hall, 5th Floor, ext. 6865.

VOLUNTER LIBRARIAN ASSISTANT NEEDED

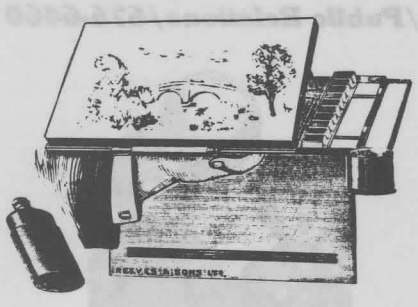
There is a need for a volunteer to assist Mr. Eugene Prostov, himself the volunteer librarian, at the GW Reading Center. This is an opportunity to participate in a program with intersting clients and staff. Hours are flexible. Call ext. 6286.

AMERICA'S ENERGY IS MINDPOWER

ILLUSTRATIONS, PAINTINGS AND PHOTOS BY TITIAN RAMSAY PEALE TO BE SHOWN AT GELMAN LIBRARY

Works of the 19th-century field naturalist Titian Ramsay Peale will be on exhibition in the Gelman Library's second-floor special collections area from September 1 through October 31.

Included are examples of all aspects of Peale's activities as a field naturalist, illustrator, painter, photographer and patent examiner. A full catalogue of his work is available. Peale's career spanned the 19th century and he recorded scenes of Washington and its environs while experimenting with early photographic processes. The exhibition is open weekdays from 9 to 5 and Saturdays from noon to 5.



HOLD YOUR SPECIAL BOOK ORDERS

Special orders for books will not be processed until Monday, September 14. This is being done to keep special orders from being lost during the busiest time of year at book publishers and at the University Bookstore, according to Bookstore Manager Monroe S. Hurwitz.

GELMAN LIBRARY HOURS NOTE

The Melvin Gelman Library will be open from 8:30 a.m. until 7:30 p.m. on Thursday and Friday, September 3 and 4. Saturday, September 5, hours will be 10 a.m. to 6 p.m.

DON'T FORGET YOUR ID

Gelman Library's previously announced policy of asking everyone entering the library to present identification goes into effect on Monday, August 31. For students, faculty and staff, a GW ID card will be sufficient. All others will be asked to register in addition to providing identification.

Any questions may be directed to the supervisor of the circulation department, ext. 6840.

newsnotes

PROFESSIONAL ACTIVITES

LINDA DONNELS, director of services for students with disabilities, conducted a workshop on "Life Safety and the Handicapped" at the Association of Handicapped Student Service Programs in Post Secondary Education, July 13-17 in Boston.

FRANCIS E. FIELD, research engineer with the Engineering Administration Research Group, completed a six-day congress and institute program for grapho-analysts in Chicago July 25-31. The intensive study program in graphoanalysis, scientific handwriting analysis, is held annually by the International Graphonanalysis Society in Chicago. Participants come from all parts of the world.

JAMES D. FOLEY, professor of engineering, gave a full-day tutorial entitled "The Design of User-Computer Interfaces" at the Annual SIGGRAPH conference on Interactive Computer Graphics held in Dallas August 3-7.

MARVIN KATZMAN, assistant professor of business administration, participated in the Third Annual Doctoral Consortium of the Personnel/Human Resources Division of the Academy of Management at San Diego, August 1-5.

RANDOLPH MUNT, director of auxiliary enterprises in the Office of Business Affairs, was director of an all-day meeting of consortium and area directors of auxiliary enterprises in the Marvin Center July 22. MONROE S. HURWITZ, bookstore manager, led a discussion of bookstores in the morning session and ROBERT A. SCHAFFNER, SAGA director of food service for GW, spoke in the afternoon. The meeting was an exchange of ideas on bookstores and food services for colleges and universities in the Baltimore/Washington area.

RAYMOND L. PICKHOLTZ, professor of engineering and applied science, was elected a delegate by the National Research Council of the National Academy of Science to the 20th Congress of the International Union of Radio Scientists. He was also the chairman of a session on "Computer Communications" at the conference held in the District of Columbia August 17-21.

PHILLIP N. REEVES, professor of health services administration, spoke on graduate education programs during an education institute conducted by the Washington Area Chapter of National Association of Health Services Executives (NAHSE). This institute is part of NAHSE's annual Workstudy-Recruitment Program for Minority Group College Students.

LOIS G. SCHWOERER, professor of history, gave a paper at the Anglo-American Conference of Historians in London on July 2. Schwoerer spoke on "The Glorious Revolution as Spectacle." The theme of the conference was "Ritual and Ceremony in History."

CHARLES W. WASHINGTON, associate professor of public administration, presented two lectures before visiting state officials in the field of education from six Nigerian states. The topics were: "The American Presidential/Constitutional System and Its Operation" and "Financing Education in the U.S.: Some Issues and Approaches." The presentations were made at the International Institute of Public Management, August 10 and 12.

ROBERT C. WATERS, professor of engineering administration, presented three sessions of the seminar "Port Management, Planning and Development," at M.I.T. on August 5 and 6. He led discussions of capacity estimating, pricing of services and development planning.

PATRICIA WENNER, research associate in SEAS, presented a paper, "The George Washington University Core System Implementation," co-authored with JAMES D. FOLEY, professor of engineering and applied science, at the 1981 SIGGRAPH Conference in Dallas August 3-7.

GRANTS

FREDERIC R. SIEGEL, professor of geochemistry, a $3,700 research contract from the National Bureau of Standards/DOC to perform geotechnical services involving research on energy transfer in the Standard Penetration Test.

HERMAN J. HELGERT, professor of engineering and applied science, $63,010 for research on error control coding for space communications, from the NASA/Goddard Space Flight Center.

DONALD C. LINKOWSKI, professor of education, $29,080 for teaching and traineeships in rehabilitation counseling from the Department of Education/Rehabilitation Services Administration.

LAWRENCE A. ROTHBLAT, professor of psychology, $26,798 for research on early visual exposure, brain morphology and behavior from the National Eye Institute/PHS/DHHS.

DONALD P. ROTHSCHILD, professor of law, and ERIC S. SIRULNIK, professor of law, $86,958 for training in the gerontology career preparation program in the GW Institute of Law and Aging from the Administration on Aging/OHDS/DHHS.

RICHARD M. SOLAND, professor of operations research, $45,339 for research on interactive methods of multicriteria optimization from the National Science Foundation.

PUBLICATIONS

RODERICK S. FRENCH, professor of philosophy, an article, "Is Ecological Humanism a Contradiction in Terms?" in Ecological Consciousness, R.C. Schultz and J.D. Hughes, eds., University Press of America, pp. 43-66. 1981; and on the same subject, "The Humanities and the Challenge of the New Ecological Consciousness," in American Studies International, Vol. XIX, No. 1, pp. 17-38. Autumn, 1980 (published this summer).

NADINE NATOV, professor of Russian, participated in a conference organized by Institut National 'Etudes Slaves and Association Sophia-Antipolis in Valbonne, Cote d'Azur, July 8-11, in commemoration of the 100th Anniversary of the death of Fedor M. Dostoevsky. Natov's paper was entitled "Stage Interpretations of The Possessed."

for the George Washington University community/Jane Lingo, editor/Jeryl Johnson, asst. editor/Public Relations/676-6460

WHAT'S IN THE NEWS?

Do you have a program, project or research that you believe would be of interest to people outside the university? GW's public relations office can help publicize it.

In addition to the weekly Monday Report, an internal publication for faculty and staff, and GW Times, a tabloid for alumni and friends, the PR office has a news service which informs the general public about GW activities through the external media--newspapers, radio, TV and specialized publications.

GW's news service sends news releases to major daily newspapers, hometown and suburban newspapers, specialized publications, wire services, TV news editors, talk show hosts and public service time slots.

The news service facilitates the flow of information to media through these releases and through personal contacts which link reporters with experts who can help them interpret the news. The main goal of the news service is to attract media coverage rather than to provide marketing services for courses, programs or conferences.

Because items offered to the media must compete heavily with the glut of information and news spawned in the nation's capital where local news is national news, it is important to determine whether or not your item is "newsworthy."

What is newsworthy and what is important are not always the same thing. One way to be sure an item will be considered newsworthy and stands a good chance of being picked up is to link it to what is already established as an issue or trend. For example, earlier this year when the hostage story was number-one, two GW media researchers produced an anthology of TV news broadcasts which covered the period the hostages were in captivity. This shortened version of the news was subsequently used during the hostages' debriefing in Germany. News of this project was released through GW's news service and received local and national publicity on TV, radio and in newspapers.

If you would like to discuss the newsworthiness of your item and what media outlet is appropriate for it, call Diane Rush, news service manager, ext. 6464.

FALL FELLOWSHIP INFORMATION MEETING

Information on applying for fellowships for next year will be presented at a fall fellowship information meeting on Friday, September 18, at 3 p.m. in

EMPLOYEE TUITION BENEFITS TAX MOVED A YEAR FURTHER AWAY

Tuition benefits, now untaxed under current IRS regulations, will continue to be tax free for two more years, through December 31, 1983.

Following the urging of colleges and universities, the Reagan administration had already put off plans to tax tuition benefits for faculty, staff and families for one more year. The administration had said that tuition benefits are fringe benefits and should be taxed. But current IRS rules have been interpreted as counting tuition given university employees and their dependents as scholarships and therefore excluded from federal income tax.

Legislation passed by the Congress this past summer extends the moratorium on the issuance of new Treasury regulations on the tax status of fringe benefits until December 31, 1983, thus assuring a second year of untaxed tuition benefits.

GW SHIRTS GO INTO PRESIDENTIAL COLLECTION

Two George Washington University shirts, a sweat shirt, and a sport shirt, will be included in the future presidential collection of President Ronald Reagan. The shirts were sent to President Reagan by University Bookstore Manager Monroe Hurwitz as a memento following the President's hospitalization last spring. In acknowledging the gifts, the president told of his plans for them.

OPENING CONVOCATION PLANNED FOR SEPTEMBER 16

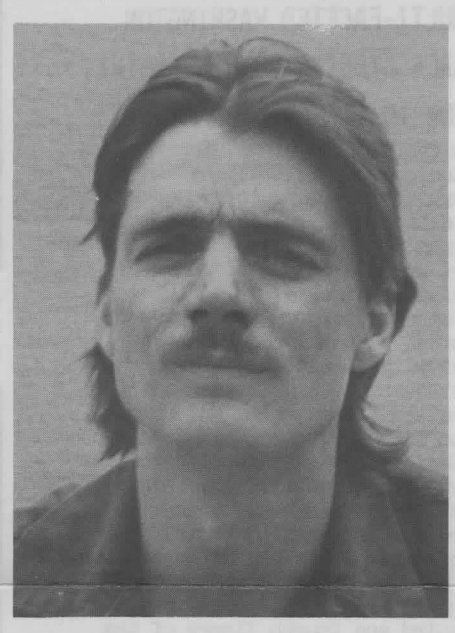
To celebrate the beginning of the 1981-82 academic year, an opening convocation has been arranged by the Public Ceremonies Committee for Wednesday, September 16, at 4 p.m. in the university's Lisner Auditorium.

Members of the faculty, administrative staff and student body serve on the Faculty Senate's Public Ceremonies Committee. Speakers will include President Lloyd H. Elliott, who will talk about universities in the world of today and comment on GW's role, Faculty Senate Executive Committee Chairman Peter P. Hill, who will discuss faculty expectations, goals and values, and Student Government Association President Doug Atwell, whose topic will be "A Call for Involovement." Musical selections will be provided by tne GW Chamber Choir and Paul Gracza, violinist, president of the GW Circle of Omicron Delta Kappa and co-captain of the 1981-82 Varsity Basketball Team.

All elements of the university community will be represented by the approximately 35 individuals to be seated on the stage--students, faculty, staff, alumni and trustees. Those in the platform party will wear academic regalia.

A committee under the chairmanship of Boris Bell, Marvin Center director, worked over the summer planning the convocation. Committee members were A. E. Claeyssens, Public Ceremonies Committee chairman, Sandra Lear and Ron Howard, director and associate director of alumni relations respectively, Doug Atwell, Student Government Association president, and Claudia Derricotte, student activities director.

Everyone is invited to the opening convocation. A reception in the lower lounge of the Lisner Auditorium follows afterwards.



GWU Student Association President Doug Atwell

MULTI-FACETED WASHINGTON AREA STUDIES SUMMER EXHIBIT NOW IN GELMAN LIBRARY

A many-faceted exhibition based on the varied activites of GW's Summer 1981 Washington Area Studies Institute will be on view in Gelman Library through September.

A collection of old and new books shows Washington, D.C. in fiction. Old photographs and text inform the viewer about Washington Grove and Emory Grove, sites of Methodist camp meetings in the 1880s. An exhibit loaned by METRO shows its archeological survey of the Barry's Farm area in Anacostia, part of which will be the Anacostia station. A history of square 102, now part of the GW National Law Center, gives glimpses of family life in the university's neighborhood around the turn of the century. Crafts and community in early Baltimore are shown in blown-up photographs loaned by the Baltimore Industrial Museum. There is an exhibit on "The Rambler," the late J. Harry Shannon, who wrote anonymously for more than 10 years for The Washington Star, taking his readers on "rambles" to all parts of Washington before 1900. On display are selected ceramic, glass and metal artifacts found during archeological work in Alexandria. Publications of GW's Washington Area Studies Center may be seen. A section of the exhibition, "The March of Time: American History and Literature on Microfilm," is designed to draw attention to the collection of American periodicals on

TRUSTEE JOSEPH H. HIRSHHORN DIES

Honorary Trustee Joseph H. Hirshhorn died in George Washington University Hospital Monday, August 31, at age 82, after suffering a heart attack at his Washington home.

Mr. Hirshhorn had served on the GW Board of Trustees from 1968 to 1975 when he became an honorary trustee.

His death drew wide attention in the media and his remarkable career as a prospector, financier, art collector and museum founder was extensively chronicled by The Washington Post and The New York Times.

UNIVERSITY BOOKSTORE OFFERS SAVINGS ON INTRODUCTORY COURSE BOOKS

The University Bookstore has purchased $80,000 worth of used books for introductory courses, representing a savings to students of approximately $20,000 compared to the cost of new textbooks.

GW TOASTMASTERS INVITE PARTICIPATION

GW Toastmasters, a non-profit educational organization for men and women who want to communicate more effectively, meets the first and third Wednesdays of each month in the Marvin Center. The self-help program seeks to aid participants to improve listening and speaking skills, overcome nervousness, and develop management and evaluation capabilities. The club is open to everyone. Call Sylvia Kohrn, ext 6800.

newsnotes

PROFESSIONAL ACTIVITIES

WILLIAM C. ADAMS, associate professor of public administration, organized and chaired a panel on "Issues in Public Policy Research" at the annual conference of the Western Social Science Association in San Diego, May 4.

JONATHAN CHAVES, associate professor of Chinese, presented an orientation lecture on Chinese literature and art to the Luce Scholars, Princeton University, August 29.

MURLI M. GUPTA, associate professor of mathematics, attended a National Science Foundation-Conference Board on Mathematical Sciences (NSF-CBMS) regional meeting on Navier-Stokes equations at Northern Illinois University August 24-28.

LANCE J. HOFFMAN, associate professor of engineering and applied science, spoke on Computer Security Techniques at the London School of Economics May 26.

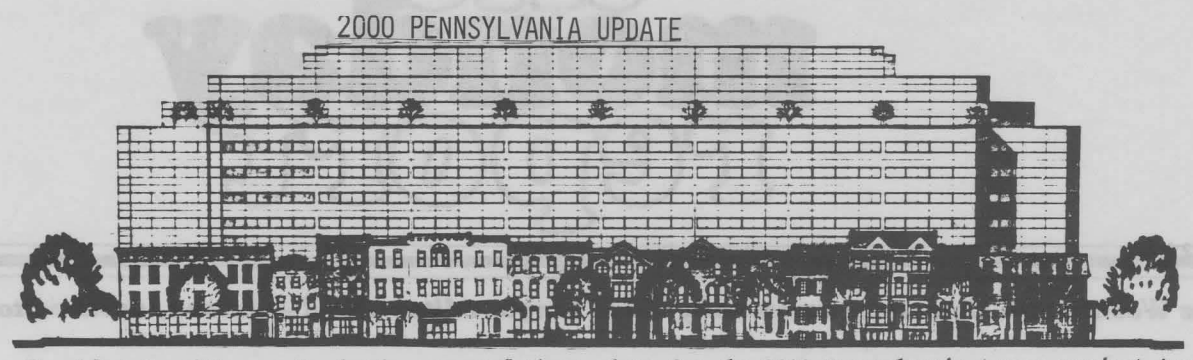
MARVIN S. KATZMAN, assistant professor of business administration, participated in the Personnel/Human Resources Research Roundtable at the national meetings of the Academy of Management Meetings in San Diego in August.

MAUREEN KEARNEY, clinical psychologist at the GW Counseling Center, presented a paper entitled "Sex-role Orientation as a Predictor of Locus of Control at the American Psychological Association Convention held in Los Angeles, August 24-28.

JAMES C. KING, professor of German, discovered in a Latin manuscript a hitherto unknown epistolary explication by Notker Teutonicus, whose complete works he is editing with Professor Petrus W. Tax of the Univeristy of North Carolina at Chapel Hill, while researching in the library at the former Benedictine abbey at St. Gallen, Switzerland. He also visited St. Edmund Hall, Oxford, at the invitation of Professor Peter F. Ganz, with whom he discussed his research.

WALTER E. MULLER, senior staff scientist with the Program in Logistics, Institute for Management Science and Engineering, presented a paper, "The Placement of Technically Qualified Personnel into the Army at Advanced Pay Grades," to the 1981 NCO Plans, Operations and Training Conference, held in San Antonio August 17-20.

DAVID RAMAKER, associate professor of chemistry, has presented several papers over the past few months. They are
"Auger Induced Desorption of Core Hale Screening Effects" at the Office of Naval Research Surface Science Meeting, May 21-22 at Rensselaer Polytechnic Institute;
"A Final State Rule for Auger Lineshapes" at the 41st Annual Conference on Physical Electronics, June 29-July 1 in Boseman, Montana;
"Evidence for Screening Effects in the Carbon KVV Auger Lineshape of Intercalculated Graphite" with B.I. Dunlap and J.S. Murday both of the Naval Research Laboratory. The paper was presented at the 2nd International Conference on Solid Films and Surfaces, June 8-11 at the University of Maryland-College Park;
"Auger Spectroscopy as a Probe of Valance Electrons" at the 5th International Summer Institute in Surface Science August 24-28 at the University of Wisconsin-Milwaukee, the latter on invited turorial review talk.



The Joint Committee on Landmarks approved these plans for the 2000 Pennsylvania Avenue project August 20, leaving only the material for the facing of the office building and some details of the row buildings to be decided. The university now plans to start construction by the end of the year.

GELMAN LIBRARY FALL HOURS

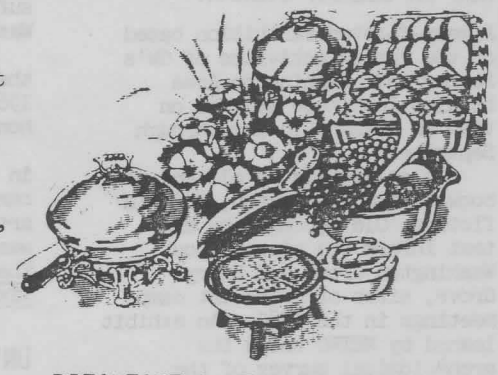
Fall hours for Melvin Gelman Library are 8:30 a.m. to midnight Monday through Friday, 10 a.m. to 10 p.m. Saturday and 10 a.m. to 2 a.m. Sunday. Hours in the Special Collections Division are 8:30 a.m. to 5 p.m. For more information, call Gelman Library hours tape ext. 6845.

Continued from page 1

MULTI-FACETED WASHINGTON AREA STUDIES SUMMER EXHIBIT NOW IN GELMAN LIBRARY

microfilm in Gelman Library's Audiovisual Collections. An exhibit of historic preservation posters from the collections of John N. Pierce, associate professor of urban planning and American civilization and Frederick Gutheim, adjunct professor of urban planning and American civilization, rounds out the exhibition along with a section called "Ships, Lime and Beer," on loan from the Columbia Historical Society of Washington, a smaller version of an earlier exhibit at the society's headquarters related to the industrial/commerical history of Washington.

The exhibits are on the ground floor, and the first, third and fourth floors of the library. Lenders for the exhibition include the Alexandria Archeological Center, the Columbia Historical Society, the Department of Interior's Historic American Buildings Survey, the District of Columbia Office of Archeology, METRO, and many private collectors.



BREAKFAST AT THE GW CLUB

The GW Club is now serving breakfast from 7:30 to 10 a.m. weekdays. Club manager Mike Sullivan suggests this new service could be useful for breakfast meetings. The menu ranges from continental breakfast through the no-nonsense special with cereal, uitjuice and Danish pastry to the down-to-business breakfast with eggs, English muffins and sausage or bacon, through the full Southern planation buffet with creamed chipped beef on toast points and home fries. For reservations, call ext. 6610.

personnel notices

Research Assistant, Lipid Research Clinic.
(B.S. required, previous experience desirable. Duties include compiling, maintaining and assisting in analysis of data for a new research project.) Call Donna Embersit at ext. 4198.

GELMAN LIBRARY TOUR--Reference Librarian Nancy Coxe details the Gelman Library's resources during a recent orientation tour for new students.

L to R, Mrs. Orlando Ridout IV, Mr. Ridout, and Associate Professor of American Civilization Howard F. Gillette Jr. talk about pictures and artifacts related to life on square 102, a plot of land that has now become part of the GW National Law Center. The items, loaned by the Ridouts, are part of the current Washington Area Studies exhibit in the Gelman Library. Mrs. Ridout grew up in a house on square 102.

Mary Catherine Schall, Special Collections library assistant, left, and Claire R. Lustman, a new member of Friends of the Libraries, discuss a photographic blowup of life in the old days, part of the Washington Area Studies exhibit in Gelman Library. Schall was the principal designer of the exhibit.

EXPERIMENTAL PROGRAMS MOVES ANACOSTIA OFFICE TO LARGER SPACE

The office which the Division of Experimental Programs (DEP) has maintained in Anacostia since 1970 was relocated this summer in larger quarters. The new office is at 2028 Martin Luther King Ave., S.E. The move was made to accommodate new and/or growing university programs according to DEP Director Roderick S. French. The GW National Law Center's Administrative Practice Clinic and Volunteer Income Tax Assistance Program will continue as primary users of the space. GW's Black American Law Student Association will use the office as a base for an Adopt-A-School program which they will conduct in conjunction with Anacostia Senior High School during the 1981-82 academic year.

Members of the university community who have research projects or clinical programs which might appropriately be conducted from this office should contact Adjunct Instructor in Law Lela Love in the Division of Experimental Programs, ext. 7565.

BUY A PLANT WEDNESDAY AT THE GW GREENHOUSE SALE

Plants large and small, both green and flowering, will be available at the GW Greenhouse plant sale on Wednesday, September 23, from noon to 7 p.m. on the terrace behind Lisner Hall at 2023 G St., N.W. Should it rain, the sale will be moved inside to the first floor lobby of Lisner Hall. Sale proceeds are used for maintainence and supplies for the greenhouse.

SEARCH FOR SUCCESS, ADULT READING CONFERENCE

The School of Education and Human Development is sponsoring a one-day conference on programs for adult reading titled "Search for Success: Programs for Adult Reading" on Wednesday, September 23, in the Marvin Center.

Keynote speaker will be Jonathan Kozol, educator, social critic and author. His subject will be "What Constitutes Literary Success in Teen-Adult Educational Programs." A former Rhodes Scholar and recipient of a National Book Award, Kozol is an active advocate of the benefits to society from sponsorship of effective literacy programs. His books include The Night Is Dark and I Am Far from Home, Death at an Early Age, and Prisoners of Silence.

Conference speakers will include Dr. Thomas Sticht, a vice president of Human Resources Research Organization, describing the functional literacy program developed for the Department of Defense and adapted for use by the U.S. Air Force, Navy and Army; Dr. Patricia Gold, assistant professor of education at Johns Hopkins University and project director of J.H.U. Academy there, discussing research, development and training programs in adult literacy said to be unique to Johns Hopkins; Dr. Lawrence Miller, director of the Learning Resources Center, Montgomery College, describing the national demonstration, based there, of the high technology English as a Second Language program; and Mano Caephus, coordinator of Howard University's Center for Academic Reinforcement, talking about the Learning/Study Skills Component for Freshmen at Howard.

Conference sessions will feature presentations on successful adult reading programs. Among speakers at the sessions will be Carol Burgess, co-director of the University of Minnesota's Vocational Reading Power Project; Dr. Ethna Reid, director of the Exemplary Center for Reading Instruction, Salt Lake City; and Debra J. Glowinski, federal programs director, Buckingham County School Systems, Dillwyn, Va.

There will be displays provided by conference participants and publishers of literacy materials tailored for those 16 years of age and above.

The conference will run from 8 a.m. to 4:30 p.m. For more information, call ext. 8169.

SHAW'S "ARMS AND THE MAN" TO OPEN THEATER SEASON

George Bernard Shaw's "Arms and the Man" will open the 1981-82 season of the George Washington University Theater in a six-day run October 13 to 18. In the 19th-century romantic melodrama, Raina, the spirited heroine, saves an enemy soldier's life by hiding him in her room. The ensuing Shavian complications are said to be marvelously funny.

"Dark of the Moon" by Howard Richardson and William Berney (November 10-15), Euripides' "Electra" (March 2-7, 1982), "Company" by Sondheim and Furth (April 6-11) and a Gilbert and Sullivan operetta or musical review in June comprise the full season.

Season subscriptions are available to faculty and staff at a special price of $12.50 and to students for $5. For information, call ext. 6178.

WOMEN'S SPORTS HOTLINE IS BACK

The Women's Sports Hotline has been reactivated for this year. Calling extension 3977 gives immediate access to the latest schedules, scores and information on special athletic activites in both the women's and men's athletic departments. The hotline was established last year to provide daily sports information for the university community.

FACULTY CONCERT FEATURES FRENCH COMPOSERS

The first faculty concert of the fall semester will feature Mary Findley, violin, with Frank Conlon, piano, in works of French composers Leclair, Debussy, Franck and Ravel on Monday, September 21, at 8:30 p.m. in Marvin Theater. The performance is open without charge.

NEWSNOTES

RICHARD H. SCHLAGEL, professor of philosophy, an article, "Contextualistic Realism," Philosophy and Phenomenological Research, Vol. XLI, No. 4, 1981.

WILLIAM SHANAHAN, adjunct associate professor of engineering, a book, entitled Your Career in Engineering, Arco Publishing, September 1981.

-----, a book, entitled The Parent-Student College Planning Guide, Arco Publishing, August 1981.

BARRY G. SILVERMAN, associate professor of engineering administration, an article entitled "Project Appraisal Metholodolgy: A Multidimensional R&D Benefit/Cost Assessment Tool," Management Science, Vol. 27, No. 7, pp. 802-821, 1981.

CHRISTOPHER W. STEN, associate professor of English, "'When the Candle Went Out': The Night-time World of Huck Finn," in Studies in America Fiction, Spring 1981 pp. 47-64, 1981.

RUTH WALLACE, professor of sociology, with NANCY L. WITYAK, Ph.D. candidate in sociology, co-authors of an article entitled "Durkheim's Non-social Facts About Primitives and Women," Sociological Inquiry, Vol. 51, No. 1, pp. 61-67, 1981.

INTERVIEWS

JOHN BANZHAF, professor of law, appeared as a guest on the ABC Network's morning program "Good Morning America." He discussed the problems associated with smoking on airplanes and debated recent changes in Civil Aeronautics Board (CAB) rules related to this matter with Marvin Cohen, chairman of the CAB.

----, while in San Francisco, Banzhaf was invited to appear on two television programs, both on KGO-TV, an ABC Network affiliate. August 7 he appeared as a guest on "AM San Francisco" when he discussed "Tort Suits Against Cigarette Manufacturers." On August 9, he was a guest on "AM Weekend" where he addressed the "Rights of Non-Smokers."

-----, On August 27 the Christian Science Monitor featured an article entitled "For a Seat in Non-Smoking Section on Your Next Flight, Get There Early," which resulted from an interview with Banzhaf.

MARCUS CUNLIFFE, university professor, was interviewed by U.S. News and World Report for an article entitled "Behind America's 'Excessive Fascination with Novelty.'" The article appeared in the September 7 issue.

GRANTS

JOHN EFTIS, professor of engineering and applied science, and DOUGLAS L. JONES, associate professor of engineering, a $74,870 research support grant for the evaluation and development of constitutive relations for inelastic behavior, from the Air Force Office of Scientific Research (AFSC).

RITA IVES, professor of special education, a training program award for $37,707 from the Department of Education to train psycho-educators to work with emotionally disturbed adolescents.

PROFESSIONAL ACTIVITIES

WILLIAM ADAMS, associate professor of public administration, addressed the Modern Media Institute Conference in St. Petersburg, Fla., June 2, 1981. Adams spoke on "The Public Policy Agenda and the Mass Media."

MURLI GUPTA, associate professor of mathematics, attended a workshop on Computational Fluid Dynamics at the Institute for Computer Applications in Science and Engineering at the NASA Langley Research Center, Hampton, Va., September 8-10. He also presented a lecture entitled "On the Treatment of the Singularities of the Cavity Flow Problem."

LYNN BARNETT, assistant director, ERIC Clearinghouse on Higher Education, attended the 5th annual State Academic Officers Seminar in St. Paul, Minn. July 19-21. Barnett was also a speaker on a program evaluation panel discussing "From Theory to Practice."

RAYMOND L. PICKHOLTZ, professor of engineering and applied science, was on the organizing committee and participated in CRYTO '81, the first workshop in crytography and secure telecommunications. The workshop, held in Santa Barbara August 17-19, was sponsored by IEEE and the University of California at Santa Barbara and supported by the National Science Foundation.

AHMED K. NOOR, professor of engineering and applied science, presented one of the keynote lectures at the FENOMECH '81 Conference (Second International Conference on Finite Elements in Non-linear Mathematics), held at the Institute for Statics and Dynamics, University of Stuttgart, West Germany, August 25-28. The title of Noor's talk was "On Making Large Non-linear Problems Small. " The talk will be included in the proceedings of the conference which will be published by North Holland Publishing Company.

ELINOR ULMAN RECEIVES DOCTOR OF ART THERAPY

Elinor Ulman, adjunct associate professor of art therapy, received the honorary degree of Doctor of Art Therapy, honoris causa, from Norwich University in Northfield, Vermont, in an August ceremony at the university which also was the occasion of the graduation of 17 new art therapists from 11 states and three foreign countries.

The honorary degree citation recognized Professor Ulman as "artist, author, teacher, editor and pioneer in art therapy."

Her degree is said to be the first-ever honorary doctorate in art therapy. Largely through her efforts, art therapy as an academic and professional discipline gained the respect of other mental health professionals. Widely known as an author and lecturer, she is the founder and editor of the American Journal of Art Therapy, and was one of the founders of the American Art Therapy Association. She first became associated with George Washington in 1976.

NEW FULL-TIME NON-MEDICAL FACULTY MEMBERS JOIN VARIOUS SCHOOLS

New full-time non-medical faculty members in Columbian College of Arts and Sciences, the School of Education and Human Development, the School of Engineering and Applied Science, the School of Government and Business Administration, the National Law Center and the School of Public and International Affairs are as follows:

Columbian College

William A. Anderson, assistant professor of economics;
Lois W. Banner, visiting associate professor of history and American civilization;
David A. Bositis, assistant professor of political science;
Bryan L. Boulier, associate professor of economics;
Miriam Violet Dow, assistant professor of English;
Harvey B. Feigenbaum, assistant professor of political science;
Christopher Clayton Joyner, assistant professor of political science;
David Klingman, associate professor of political science;
John E. Kwoka Jr., associate professor of economics;
John P. Link, assistant professor of economics;
Peter Meinke, Jenny McKean Moore visiting lecturer in creative writing;
Akbar Montaser, assistant professor of chemistry;
Lynn R. Offerman, assistant professor of psychology;
Richard Mark Robin, visiting assistant professor of Russian;
Robert T. Smythe, professor of statistics;
Robert P. Trust, associate professor of economics;
Jenny Schulter Varden, instructor in English;
Arthur Viterito, assistant professor of geography and regional science;
John Michael Vlach, associate professor of American Civilization and of anthropology;
Lee-Jen Wei, professor of statistics;

Education

Marcia Thomas Bailes, instructor in special education;
Eugene Eli Du Bois, professor of education;
Pamela Finnerty Fried, instructor of education;
Gloria L. Harbin, assistant professor of special education;
Dennis Howard Holmes, associate professor of education;
John D. Hunt, professor of human kinetics and leisure studies;

COUNSELING CENTER SPONSORS EXPRESSIVE ARTS AND MENTAL HEALTH FESTIVAL FRIDAY

In an effort to involve students in the humanities in a direct, personal way, GW's Counseling Center is sponsoring an Expressive Arts and Mental Health Festival on Friday, October 2, from 12:30 to 2:30 p.m. in the third floor of Marvin Center. The festival is being presented with support from the GW Division of Experimental Programs.

Counseling Center Director E. Lakin Phillips comments, "It has been recognized for some time that the trend in modern education has been toward sciences and technologies and away from the arts, the humanities and 'softer' areas of knowledge." The festival is an effort to bring greater awareness to the participants as to how the expressive arts might find a place in their emotional and intellectual lives, he says.

The festival is planned as a sampler of creative art experiences that can be used for personal growth. Mini-sessions will be offered in painting, dance, sculpture, poetry, music and writing. It will be possible to sign up at the festival for future workshops. For more information, call the Counseling Center, ext. 6550.

GW PROFESSOR ON NATIONAL SECURITY COUNCIL TO SPEAK AT SPIA ALUMNI MEETING

Henry Nau, GW associate professor of political science and international affairs and a senior staff member of the National Security Council, will speak at 7:15 p.m. at the Thursday, October 1, meeting of the SPIA Alumni Association in Rooms 410-415 of Marivn Center. His subject will be "Reagan's Foreign Policy: The First Year's Goals and Accomplishments." A wine and cheese reception beginning at 6:30 p.m. will precede Professor Nau's talk. The meeting is open without charge. Call ext. 6435 to reserve a place.

FRIENDS OF THE LIBRARIES FORUM FEATURES DORN McGRATH

The Friends Forum of the Friends of the Libraries of GW will present Professor of Urban and Regional Planning Dorn C. McGrath in a slide/lecture presentation Tuesday, September 29, at noon in Room 202, Gelman Library. Professor McGrath will speak on "Explorations of Housing and Urban Policies in Mexico, Peru and Spain." The lecture is open to the university community. Coffee will be served.

CHINA AS WE SEE IT 1st WEDNESDAY TALK

"American Perceptions of China in the 20th Century" will be examined by Professor of History Peter P. Hill Tuesday, October 6, at 8 p.m. in Marvin Center's third floor ballroom. During the second First Wednesday lecture of the season, to be on Tuesday this time only, Professor Hill will discuss some of the lasting myths, hopes and good intentions that have shaped American perceptions of China in this century.

The First Wednesday lecture series is sponsored by GW's Alumni Relations Office. Admission is free; however, those planning to attend must call ext. 6435 two days in advance. Dinner at the GW University Club will be available at 6:30 p.m. before the lecture for both members and non-members. Call ext. 6610 for reservations.

ELINOR ULMAN, right, receives academic hood from Gladys Agell, director of the Graduate Program in Art Therapy of Vermont College of Norwich University, as Assistant Academic Dean Andrew Knauf looks on.

PATROLMAN SHEILA O. BROWN, right, is congratulated by Director of Safety and Security Byron M. Matthai Jr. for being Officer of the Quarter for April through June. A native of Lynchburg, Va., Patrolman Brown worked with VISTA (Volunteers in Service to America) before coming with GW Security in 1974. She is the third recipient of the award.

INTERVIEWS

AMATAI ETZIONI, university professor, was interviewed by Creative Management, in their August 1981 issue on American vs. Japanese management techniques.

PROFESSIONAL ACTIVITIES

WILLIAM ADAMS, associate professor of public administration, spoke on a panel discussing "Opinion Climates, the Media, and the National Agenda" at the annual meeting of the American Political Science Association in New York City, September 5.

NORMAN BECKMAN, professor of public administration, spoke on "Funding Sources/ What Can State Training Managers Expect From the Federal Government," at the National Conference of the National Association of State Training and Development Directors in New Orleans, September 14.

THELMA Z. LAVINE, Elton professor of philosophy, gave a lecture, "The Person in Christianity, Marxism and Existentialism," at the Inter-American Defense College, Fort Leslie J. McNair on September 10. On September 15. she led a seminar at the college on "Values of the Individual and of Society."

PILAR SAENZ, associate professor of Spanish, presented a paper entitled "La temporalidad y su caracter existencial en Una familia lejana (1980) de Carlos Fuentes," at the 20th Congress, 2nd Session, of the Instituto Internacional de Literatura Iberoamericana, held in Budapest, August 17-20.

SUSAN J. TOLCHIN, associate professor of public administration, chaired a panel on "Urban America: How Congress Views the Cities" at the annual convention of the American Political Science Association in New York City, September 5.

PUBLICATIONS

JAMES P. HONAN, research assistant, ERIC Clearinghouse on Higher Education, an article, "Quality Control in Off-Campus Degree Programs," Research Currents, an American Association for Higher Education and ERIC publication, September 1981.

JAMES WILLIS ROBB, professor of Romance languages, two articles: "La cena de Alfonso Reyes, cuento onirico," Nivel, Mexico, No. 223, pp. 1, 2, 11, July 1981.
-----,"Variedades de ensayismo en Alfonso Reyes y German Arciniegas," Thesaurus, Instituto Caro y Cuervo, Bogota, Columbia, Vol. XXXV, 1981.

DR. ALAN GOWANS, distinguished visiting professor in art history and senior fellow at the National Gallery of Art's Center for Advanced Study in the Visual Arts, left, was photographed with Art Department Chairman and Professor of Art Lilien F. Robinson, at a recent reception for art department faculty and students in the Dimock Gallery to welcome Gowans to the department.

ALAN GOWANS APPOINTED GW DISTINGUISHED VISITING PROFESSOR IN HISTORY

American art and architecture specialist Alan Gowans, professor of art history at the University of Victoria, British Columbia, has been appointed distinguished visiting professor in art history and a senior fellow at the National Gallery of Art's Center for Advanced Study in the Visual Arts for the academic year 1981-82. This is a new position established by George Washington in conjunction with the National Gallery center. Professor Gowans will divide his time equally in the new posts.

Professor Gowans' responsibilities at George Washington include teaching the course "American Architecture and Society" during the current semester and "Popular Arts in America" in the spring. During the year, he will deliver a series of public lectures on topics in American art. He will also be available for regular consultation with undergraduate and graduate students. At the National Gallery, he will work on his forthcoming book on interrelationships of style and social function in North American architecture.

Also an authority on popular and commercial arts, Gowans holds M.F.A. and Ph.D. degrees from Princeton University. His numerous publications include Looking at Architecture in Canada (1958); The Restless Art: A Study of Painting and Painters in Society (1750-1950); Building Canada: An Architectural History of Canadian Life (1967); and Painting and Sculpture in 19th Century America (1968).

ANC WITHDRAWS OPPOSITION TO GW REVENUE BONDS

Advisory Neighborhood Commission 2-A voted 4-0 last Tuesday night to withdraw its resolution in opposition to George Washington University's revenue bond issue. There were more than 30 people who responded to the commissioners' request for a show of hands by those who were in support of the resolution, and only two in opposition. The university is appreciative of the community support and hopes the spirit of cooperation that was expressed last Tuesday can be continued in the future.

newsnotes

PROFESSIONAL ACTIVITIES

WILLIAM C. ADAMS, associate professor of public administration, lectured on international affairs and the mass media at a Baylor University symposium July 20 in Waco, Texas.

LLOYD H. ELLIOTT, president of the university and professor of higher education, was the speaker at the annual scholarship awards dinner of the Metropolitan Washington Chapter of ARCS Foundation, Inc. on September 25. The Washington chapter of ARCS (Achievement Rewards for College Scientists) was formed in 1968 and has given $189,000 in scholarship aid to 79 students in science and technology at George Washington, Georgetown and Johns Hopkins universities since that time. GW medical student Todd E. Lambert and GW doctoral candidate in engineering Thomas A. Mazzuchi both received ARCS scholarship awards at the dinner, Mazzuchi for the second time.

HOWARD F. GILLETTE Jr., associate professor of American civilization, spoke on "The Reagan Administration and the Prospects for Political Realignment" at a forum sponsored by the Jewish Council for the Aging, September 19.

DORN C. McGRATH Jr., professor of urban planning, participated in the Monterey Conference on Planning for Rotorcraft and Commuter Air Transportation held in Monterey, California, August 1-September 4. McGrath also chaired a session on community transportation planning and presented a perspective on transportation planning.

NADINE N. NATOV, professor of Russian, has returned from Gargnano de Garda, Italy, where she was invited to participate in a symposium organized by the University of Milan and the Italian Council for Research on Russian Symbolist poet Alexander Blok, September 5-11. Natov also presented a paper "Meaning of the Image of Mask and Masquerade in Blok's Poetry," and chaired a session, "Poetica blokiana."

GREGORY LUDLOW, associate professor of French, has been elected president of the Washington Metropolitan Chapter of the American Association of Teachers of French (AATF) for a two-year term.

CARL STEINER, professor of German, presented a paper entitled "Laughing in Spite of It: Heinrich Boll's German Humor," at the Sixth Annual Colloquium on Modern Literature, September 17-19 at the University of West Virginia in Morgantown.

PUBLICATIONS

NADINE N. NATOV, professor of Russian, an article, "Role of Philosophical Subtext in the Novel 'The Possessed,'" in the Dostoevsky Commemorative Volume of Transactions (Journal of the Association of Russian-American Scholars in the U.S.A.), New York, Vol. XIV, 1981. Natov was also the guest editor of this volume which includes articles by 23 scholars written in four languages.

LEO P. RIBUFFO, associate professor of history, an article, "Jesus Christ as Business Statesman: Bruce Barton and the Selling of Corporate Capitalism," American Quarterly Vol. 33, Summer 1981.

-----, an article, "Monkey Trials, Old and New," Dissent, Summer 1981.

WILLIAM T. WOODWARD, assistant professor of painting, had one of his most recent paintings selected for the cover of The Georgetowner, September 18-October 1, 1981, Vol.

Continued on back

Secretary of the Treasury Donald T. Regan spoke on "Reform of the Financial Services Industry" September 18 , before an audience of students, faculty and friends of GW's National Law Center. Left to right, President Elliott; spring 1981 Manuel F. Cohen Visiting Scholar and former Securities and Exchange Commissioner Irving Pollock; Mrs. Manuel F. Cohen; 1981 Manuel F. Cohen Lecturer Regan.

NEWNOTES

26, No. 22. The painting of a beach scene presents an expanse of sandy terrain strewn with beach chairs and dotted with furled umbrellas.

GRANTS

JOHN M. LOGSDON, professor of public affairs and political science, a $19,750 research grant from the Natioanl Science Foundation for the Graduate Program in Science, Technology and Public Policy (GW) to assist the National Science Foundation in identifying issues and perspectives for the third and fourth versions of the Five-Year Outlook on Science and Technology and preparing source material for these publications. GW plans to organize an evaluation seminar on the Fall of 1981.

NEXT GW FORUM TO FEATURE JOURNEYS AND VOYAGES

Writers for the upcoming issue of the GW Forum are invitied by the forum's editorial board to submit manuscripts on journeys or voyages real, imagined or wished for. The hope is to receive accounts of trips, recent or long ago, that turned out to be in some way informative, revealing, disturbing, or even life-changing, a dreamed-of trip for the future or some mental voyage wherein circumstances combined to bring new perceptions, gradually or suddenly.

This year's editorial board is composed of A.E. Claeyssens, associate professor of English, editor in chief; Christopher W. Sten, associate professor of English; Alan G. Wade, assistant professor of speech; Geraldine Mart, Columbian College sophomore, managing editor; and freshman Andrew Weitz and sophomore Jo Anne Teitelbaum, also Columbian College students. Eileen T. McClay, lecturer in English, and GW alumnus Scott Dykema will be working with the editorial board on the coming issue.

Manuscripts should run from 1,000 to 2,000 words in length and should be submitted by Tuesday, October 20, to Professor Claeyssens, c/o English Dept., Stuart Hall, Room 407. Any inquiries should be directed to Professor Claeyssens, ext. 6180.

GW'S ULYSSES S. GRANT III COLLECTION TO BE FEATURED BY DIMOCK GALLERY

Selections from GW's Ulysses S. Grant III Collection will be on display in the Dimock Gallery from Wednesday, October 7, through Friday, November 6. The collection was given to the university in 1950 by the late Maj. Gen. Ulysses S. Grant III, President Grant's grandson, who served at different times as a GW trustee and as a vice president.

Highlights of the exhibition will be a watercolor of a horse and wagon and four drawings done by President Grant around 1840 when he was a West Point cadet, a silver coffee service said to have been the gift of Mexico's President Juarez, and Grant furniture including monogrammed U.S.G. chairs, a campaign desk, oak book cabinet and dining table. Graphics and contemporary newsclippings chronicling Grant's life will be shown. Loaned material from area institutions will amplify the exhibition, which may be seen from 10 a.m. to 5 p.m. weekdays in the gallery off the lower lounge of Lisner Auditorium.

GEORGE WASHINGTON TO BE REPRESENTED AT TICKETPLACE

George Washington University has been assigned exhibition table number one at the October 14 Ticketplace gala planned in conjunction with the opening of Ticketplace on the F Street Plaza at 12th Street, N.W. A display showing a cross section of the arts at GW is being coordinated by Maida Withers, associate professor of human kinetics and leisure studies, for an October 14 evening celebration at the Pension Building. Ticketplace, sponsored by the Cultural Alliance of Greater Washington, is planned as a major distribution center for both regular and half-price day-of-performance tickets to entertainment and cultural events in the Washington area as well as a center for currents arts and entertainment information. For more information, call exts. 6577 or 6460.

ARCHAIC GREECE TOPIC OF CLASSICS LECTURE SERIES

The GW Classics Department is sponsoring a series of nine lectures on archaic Greece beginning October 10 and continuing on Saturdays at intervals into 1982. The lecturer will be Dr. Bernard M.W. Knox, director of the Center for Hellenic Studies.

Following the October 10 introductory lecture, Dr. Knox will discuss Hesiod's Work and Days on October 24 and 31 and Homer's Odyssey on November 14, November 21 and December 5. The 1982 dates and topics will be announced in a later Monday Report issue.

All lectures will be given at 11 a.m. Saturday mornings in Corcoran Hall, 725 21st St., N.W., Room 101. GW faculty and administrative staff and students will be admitted free with GW ID. For others, admission is $1 per lecture or $7 for the series.

Recommended readings are Lattimore's translation of Hesiod and Greek Lyrics and Fitzgerald's translation of Homer's Odyssey. Texts of the translations have been ordered by the University Bookstore.

PPD'S FIVE NEW BUILDING MANAGERS--L to R, Donald W. Wynkoop, Francis McMichael, Robert H. Donnelly, William J (Skip) Hendrick and William F. (Bill) Hendrick. The Hendricks are father and son.

PHYSICAL PLANT NAMES FIVE BUILDING MANAGERS, BEGINS NEW SYSTEM

To provide much-needed support in inspection and maintenance of academic and administrative facilities, the Physical Plant Department has established five building manager positions. These positions will expand on the maintenance coordinator concept which has been in effect for several years.

Any organization must have a system to operate under, and this is certainly necessary for the Physical Plant Department, which handles in excess of 20,000 requests for work each year. Parts of the maintenance work system that most people are familiar with are the work reception desk at 6706 and the work request form. These methods of requesting maintenance will remain in effect, and it is necessary for us to use them. However, should the system not perform adequately, a call should be made to the appropriate building manager for assistance in solving a problem. Among other things, the building manager is your representative in the Physical Plant Department; your ombudsman, so to speak.

He will also assist in preparing scope statements for design work and more complicated work requests. This does not mean he will do them for you, but he will provide advice and guidance.

Building manager area assignments and phone numbers are as follows.
Residence Halls:
William J. (Skip) Hendrick (6979)
Medical Center:
Donald W. Wynkoop (6979)
East campus:
Francis McMichael (8611)
West campus:
Robert H. Donnelly (8611)
Marvin Center and South campus:
William F. (Bill) Hendrick (6979).

East campus is the area between Pennsylvania Ave. and G Streets and east of AA, Academic Cluster, Gelman Library and GG.

West campus is the area between Washington Circle and G Street and west of Rice Hall, Crawford Hall, Z and Monroe Hall.

South campus covers all facilities south of G Street.

THEY MADE THE DIFFERENCE

Several thousand GW students and parents have acquired low-interest loans to help pay for a GW education, thanks to hard work from six members of the staff of the Student Financial Aid office.

Up until September 30, students could get Guaranteed Student Loans at 7 or 9 percent regardless of family income, but after that date a needs test was applied to incomes over $30,000. At the same time, interest on PLUS loans (Parent Loans to Undergraduate Students) also rose from 9 to 14 percent. These changes brought hundreds of GW students and parents to the Student Financial Aid office to apply for loans before the changes took effect. For PLUS loans for several states, including New York and New Jersey, the Financial Aid office had only 15 days to process applications.

By the end of September, 4, 592 Guaranteed Student Loans and 53 PLUS loans had been reviewed. To meet the deadline, these six staff members often arrived at work at 6:30 a.m., remaining till 9 p.m. and working on weekends. They are Guaranteed Student Loan Supervisor Julie Dysart, Financial Aid Counselors Jane Chisnell and Linda Dukes, Loan Counselors Mary Beth Patterson and Diane Pratt, and GSL processing staff member Patricia Taaffe.

Their hard work paid off for many: l-r Student Financial Aid staff members (back row) Chisnell, Taaffe and Patterson; (front row) Pratt, Dukes and Dysart.

DR. WOLFRAM K. LEGNER, EMERITUS PROFESSOR OF GERMAN DIES

Dr. Wolfram K. Legner, 79, professor emeritus of German, died of cancer at his home in Naples, Fla. Sunday, September 27.

Dr. Legner came to GW in February, 1938, as instructor in German. From this post, he progressed through the academic ranks, becoming full professor in 1959. He was made emeritus professor in June, 1971. The emeritus citation spoke of the fidelity and excellence with which he served the university. A member of GW's Department of Germanic Languages and Literatures for 33 years, he served the department as executive officer (the term formerly used for chairman), from September, 1954, until the end of August, 1966.

Born in Pittsburgh, January 26, 1902, he attended Shadyside Academy there before entering Harvard University. He held the B.A. cum laude from Harvard (1923), and the M.A. (1932) and Ph.D. (1936), both from the University of Pennsylvania. Prior to coming to George Washington, he taught German at the University of Pennsylvania, Pennsylvania State College (now University), and Beaver College.

Over a period of years, he prepared an edition of the "Magnificat" by the 15th-century author Heinrich von St. Gallen which was published in Munich in 1971. He also wrote articles on topics in German literature for scholarly journals.

Dr. Legner was a member of the Modern Language Association of America; the Goethe Society of America, which he served as recording secretary for two years; the American Association of Teachers of German, which he served in several capacities; the American Association of University Professors and Delta Phi Alpha, honorary fraternity for students of German.

CLUSTER GARAGE SECURITY

A recent incident in the parking garage of the Academic Cluster has raised questions about security in that garage. The Office of the Vice President for Administration and Research would like to make the university community aware of changes which are being made to upgrade security and of precautions which we shall all take in using the garage.

During the time the Cluster garage is open, the hours of a roving guard now in the garage will be extended to cover the period from 6 a.m. to 11 p.m. while the building is under construction. The guard will patrol levels B2 and B3 and the two stair towers. This measure is in addition to a security officer's being posted at the ramp gatehouse from 6 p.m. to 11 p.m. and in addition to the presence of a parking attendant in the gatehouse from 7 a.m. to 6 p.m.

Notices will be posted on the gatehouse and on the two exterior doors indicating that the garage is patrolled during hours of operation.

Use of silent alarms will continue because security experts believe that people are safer if the alarms are silent. An alarm sounding at the site could precipitate further violence.

Average response time for GW security officers in situations where panic buttons have been pressed has been less than one minute. Panic button systems are tested weekly and constantly monitored electronically for malfunctions. You should become thoroughly familiar with the location of all panic buttons and fire pull stations.

-----The security and parking offices will meet with all those concerned about Cluster parking to listen to their suggestions for alleviating concerns. The meeting is set for Friday, October 16, at 10 a.m. in Rooms 413-414, Marvin Center.

FACULTY STAFF SEMINAR ON TAXES AND ESTATE PLANNING SET FOR OCTOBER 31

Would you like to learn more about the various provisions of the Economic Recovery Tax Act of 1981 and how this major legislation will affect you and your family? Did you know that even though you are not self-employed, you are eligible for an Individual Retirement Account (IRA)? If you are interested in this kind of information, you may wish to attend the first Faculty-Staff Seminar on Taxes and Estate Planning presented by the Faculty Senate Committee on University Development and Resources in cooperation with the Development Office. Donald E. Hawkins, chairman of the Faculty Senate committee, and professor of human kinetics and leisure studies and research professor of medicine, is serving as chairman for the seminar. The free seminar is scheduled for Saturday morning (8:30 a.m. to 12:45 p.m.) October 31 in Marvin Theater.

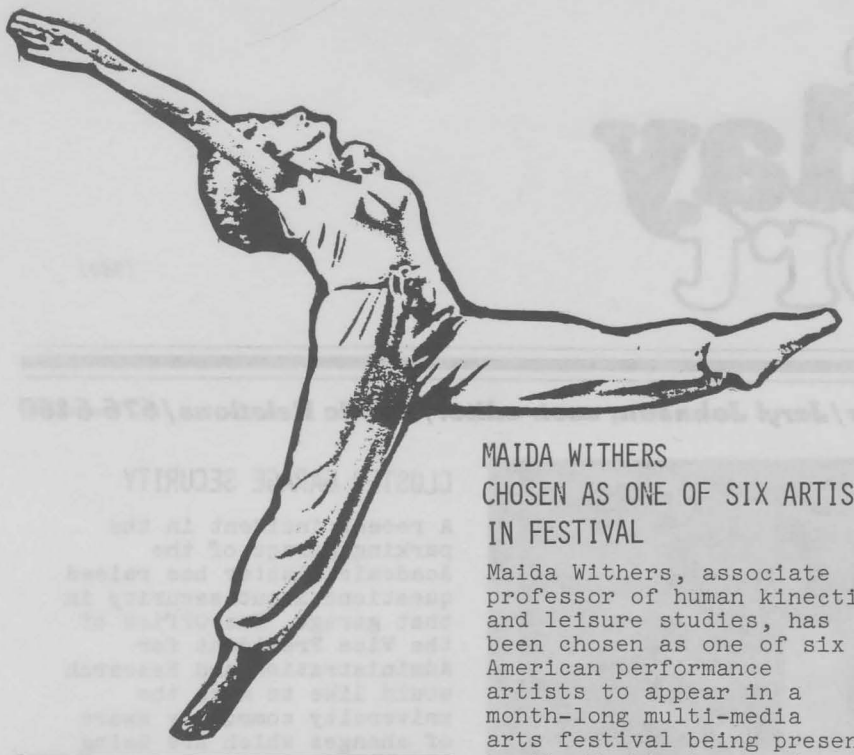
After 30 minutes for registration and refreshments, Michael G. Gallagher, professor of accounting, will speak on "Concerns of Today: Income Tax Problems of the Professional Educator." He will be followed by Frederick Amling, professor of business finance, whose topic will be "Concerns for the Future: Investments and Retirement (including TIAA-CREF options)." The third speaker will be Philip J. Sweeney, partner with Reasoner, Davis & Vinson, the university's legal counsel. His subject will be "Concerns for the Family and Others: Estate and Gift Planning." The three sessions will each be one hour long with a break at 11 a.m. and a question-and-answer period at the end.

Although there is no charge for the seminar, presented as a service to faculty and staff, reservations are necessary. Call ext. 6416 by Thursday, October 15.

LIPID RESEARCH CLINIC SEEKS VOLUNTEERS

The Lipid Research Clinic and the Department of Obstectrics and Gynecology are beginning a new research study designed to evaluate the effect of birth control pills on fat and sugar metabolism. Healthy volunteers ages 18 to 32 who are interested in beginning the use of birth control pills or who have already selected another form of birth control, are needed to participate in the one-year study.

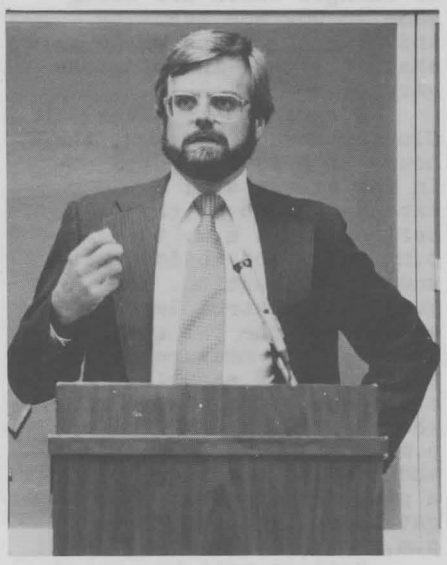
Interested women should call the Lipid Research Clinic, ext. 4152.



MAIDA WITHERS CHOSEN AS ONE OF SIX ARTISTS IN FESTIVAL

Maida Withers, associate professor of human kinectics and leisure studies, has been chosen as one of six American performance artists to appear in a month-long multi-media arts festival being presented by the Washington Performing Arts Society. The 9th Street Crossings Festival will present the American premiere of Stall. Professor Withers will appear with members of the Dance Construction Company of which she is director. The premiere will be Tuesday, October 20, at 8 p.m. at the Pension Building, 5th and G Sts., N.W.

Stall is a collaborative performance work of dance, sound sculpture and music with Withers as choreographer, John Driscoll as composer and Phil Edelstein in charge of loudspeaker animation. The performance will integrate art, music, dance and electronic technology, with a rotating loud speaker suspended above the dance space interacting with four peripheral speakers. Stall was first presented in Berlin last May at the Akademie der Kunste Festival of Dance, Music, Theater and Pantomime. For information and reservations, call 522-7060.



Dr. Henry Nau, George Washington University associate professor of political science and international affairs and senior staff member of the National Security Council discusses "Reagan's Foreign Policy: The First Year's Goals and Accomplishments" at a recent SPIA-sponsored event. Nau remarked that President Reagan's foreign policy is linked to the development of a strong domestic policy.

HALF-PRICE BASKETBALL SEASON TICKETS OFFERED FACULTY AND STAFF

For the fifth year, season tickets for the Colonials home basketball games in the Smith Center are offered to full-time GW faculty and staff at the half-price of $30. Season tickets for home games for faculty and staff children high school age and under are $15. Tickets for individual home games are $5 for adults and $2 for youngsters high school age and under.

The season opens Monday, November 30, with the Colonials playing Catholic University. All games in the Smith Center are scheduled for 8 p.m. Among tne teams GW will play this year are the University of Virginia, Virginia Tech, Pittsburgh, Rhode Island, St. Bonaventure, West Virginia, Massachusetts and Rutgers.

For information, call Doug Gould at ext. 6654.

UNIVERSITY POLICY ON SEXUAL HARASSMENT

The formal statement of George Washington University's policy on sexual harassment follows.

George Washington University reaffirms its commitment to maintaining a positive climate for study and work where individuals are judged solely by relevant factors such as ability and performance and are free to pursue their academic and work activities in an atmosphere which is free from coercion and intimidation. Sexual harassment of students by faculty or administrators or of employees by those in a position to affect their employment status or by other employees in the work unit is inimical to such an atmosphere and will not be condoned.

The University has adopted a definition of sexual harassment which will be applied in determining whether or not particular conduct constitutes sexual harassment. This definition parallels Section 1604.11 of the Equal Employment Opportunity Commission Guidelines on Discrimination because of Sex. Sexual harassment shall be defined as:

> Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when (1) submission to such conduct is made explicitly or implicitly a term or condition of academic advancement or employment, (2) submission to or rejection of such conduct by an individual is used as the basis for decisions relating to the academic advancement or employment of the individual, (3) such conduct has the purpose or effect of substantially interfering with an individual academic or work performance or limiting participation in University programs or, (4) the intent or effect of such conduct is to create an intimidating, hostile, or offensive academic or work environment.

In accordance with the statement on academic freedom as outlined in the Faculty Code and Ordinances, course content or emphasis and/ or textbooks and other assigned materials are specifically exempted from coverage.

Violation of this policy may lead to disciplinary action which could include suspension or termination.

NOTE: Dr. Marianne R. Phelps, assistant provost for affirmative action, is available to faculty and students to discuss complaints of sexual harassment. Ethel C. S. Bothuel, director of equal employment activities, and her staff will discuss complaints with administrative staff and employees.

SCIENCE, MEDICINE, TECHNOLOGY ARE ALUMNI LECTURE SERIES TOPICS

Scientific discoveries and medical advances will be examined and explained for those attending the alumni lecture series on science, medicine and technology. The lecturers, Dr. M. Elizabeth Tidball, professor of physiology, and Dr. Charles S. Tidball, Henry D. Fry professor of physiology, will seek to dissuade their listeners from believing that much of what is happening in science and technology is too complex or too technical to understand. The Tidballs' goal is to establish a foundation with some basic concepts as an aid to "decoding" media reports on science and medicine and to stimulate continuing interest in the changes which are influencing people's present and future lives.

Scheduled for three consecutive Wednesday evenings, October 14, 21, and 28, the lectures will be given in Rooms 413-14 of Marvin Center at 8 p.m. and will last about an hour. There is a $15 fee for the series. Call the Alumni Relations Office, ext. 6435, to reserve a place.

PROGRAM BOARD CHAIRPERSON Jon Clarich, right, talked with Lynn H. George, associate professor of human kinetics and leisure studies and director of intercollegiate athletics for women, at the reception following the VIVA (Vital Issues, Varied Approaches) discussion session sponsored by the Students Activities Office in Strong Hall recently. The VIVA session was a question and answer exchange between student leaders and university administrators.

BUDGET COMMITTEE MAKES 1ST '82-'83 RECOMMENDATIONS

The university Budget Committee has developed initial budget recommendations for 1982/83. It is important to keep in mind that the proposed budget for 1982/83, the incremental increases, the addition of new money for various activities, and the recommended increases in tuition rates are nothing more than the Budget Committee's current recommendations. They represent estimates of what is required for 1982/83. They are subject to change as the budget cycle evolves and will be recommended to the Board of Trustees for final action at its meeting on January 21, 1982.

The proposed 1982/83 budget totals $117,227,000. This is a net increase of $11,378,000 or 10.7% over the estimated current budget for 1981/82.

This increase includes provisions for increasing:

-- Salaries and Classified Wages - 10%.

-- Casual Wages - 7%.

-- Fringe benefits - proportionate to salary increases.

-- Graduate student stipends - 15%.

-- Student aid - proportionate to recommended tuition rate increases.

-- Equipment and other expenses - 7%. The total cost of these recommended incremental increases is $8,982,000.

In addition, $6,279,000 of "new" money is included in this initial budget. Of this amount $4,430,000 will provide for the debt service and operating expenses of the Academic Cluster; $463,000 will enable the

Continued on back

SEHD Dean Eugene Kelly and Off-campus Programs Manager Gail Lambers queue up for a recent off-campus adjunct faculty breakfast meeting. The breakfast, attended by more than 60 faculty members, is to "show our appreciation, share SEHD's off-campus goals, strengthen liaison with the faculty and hear your experiences," said Dr. Kelly.

OPEN ENROLLMENT FOR HEALTH CARE INSURANCE THROUGH NOVEMBER 13

All full-time and regular part-time staff will have the opportunity to make changes in their current health care coverage or to enroll for coverage in any of the plans during an open enrollment period from Monday, October 19, through Friday, November 13. Effective date of coverage changes is January 1, 1982.

Representatives from all of the health plans will appear jointly at a series of meetings. A series of presentations will begin on the hour within the times scheduled. Question-and-answer periods follow. You are encouraged to attend one of the meetings if you have any questions regarding your current coverage of if you are considering a change.

Each eligible staff member will receive an announcement outlining key elements in each available health plan offered during this period. If you do not receive this announcement or if you wish further information regarding coverage and the various plan options, please contact or visit the Records and Benefits Division of the Department of Personnel Services, 2125 G St., N.W., Building GG, between October 19 and November 13.

The meeting schedule follows.

23rd St. Entrance

REPORT ILLNESS, INJURY AT ONCE

University employees are reminded that they must report work-related illness or injury to their department head or supervisor within 24 hours. The supervisor will immediately complete the "Employee's First Notice of Illness or Injury and Supervisor's Accident Report" and report the illness or injury to the Office of Safety and Security. Employees who do not report work-related illness or injury within the required time period risk having their claims contested.

GROUP DENTAL PLAN NOT VIABLE, SURVEY SHOWS

In mid-September, a survey to determine interest in a group dental plan was distributed to regular full-time and regular part-time faculty and staff. This survey indicated that Group Hospitalization, Inc. (the local Blue Cross Plan) required 75 percent enrollment for the plan to be viable. Group Hospitalization has notified the university that the survey response reflected only 36 percent interest. For this reason, Group Hospitalization has advised that the group dental plan can not be offered at this time.

NEW PROCEDURE FOR SETTING SENIOR FACULTY SALARIES

At the request of President Elliott, Provost Bright has developed a new procedure for setting salary increases for senior faculty members earning $40,000 or more for the academic year 1981-82 in schools other than medicine and law.

The new procedure provides an opportunity for rewarding those who are carrying heavy loads while slowing down the escalation of relatively high salaries in instances where they are unwarranted.

The dean of each school or college will set aside in a separate reserve account an amount equal to 10 percent of the aggregate 1981-82 salaries of those earning $40,000 and over who are included in the base budget of that school or college.

If total salary increases authorized for the $40,000-and-over group are less than the amounts initially set aside, and it is expected that they will be, the remaining balance in each school's reserve will go toward supplemental increases to junior faculty who merit special recognition.

The 1982-83 salary for faculty in the $40,000-and-over group will be set by the provost after receiving a written recommendation from the department chairman. Recommendations are submitted through the appropriate dean who will either agree or disagree with the justification.

Criteria considered to determine an appropriate individual salary increase for 1982-83 include, but are not necessarily limited to

-- the number of courses taught, including lab sections, in relation to the normal three-course (nine-hour) teaching load;

-- the total number of students registered in the courses taught;

-- the amount of sponsored program funds or other external support the individual is responsible for;

-- the number of completed theses or dissertations directed during the last five years and the number directed currently;

-- service on departmental, school or university committees;

-- the number of students for whom academic advising is provided.

None of these criteria includes reference to qualitative factors and the criteria should in no way be considered as an evaluation of an individual's performance. They are intended to represent an approximation of productivity measured in the terms a tuition-dependent university such as GW must rely on.

The university has followed a similar procedure for several years for administrators at comparable salary levels.

Within the next few days, deans and chairmen will be advised of the mechanics for implementing the procedure.

BUDGET COMMITTEE 1ST RECOMMENDATIONS *(cont.)*

Gelman Library to begin a four-year program of improvement which will result in its achieving recognition as a member of the Association of Research Libraries; and the balance of $1,386,000 is proposed for addition to the budgets of various schools and colleges to provide for increased staffing, equipment and other costs associated with enrollment and/or tuition rate increases.

The increases in gross expenditures total $15,261,000, but are offset in part by reductions in currently budgeted expenses totalling $3,883,000. The difference represents the net increase in the proposed budget of $11,378,000 which must be financed through additional income.

The Budget Committee estimates an increase in income from sources other than tuition amounting to $2,093,000. Most of this is in investment properties, $873,000 and auxiliary enterprises $1,170,000.

The balance of new income required, $10,250,000 must come from tuition which requires rather significant increases in tuition rates. Currently the committee proposes an increase of $800 in the basic full-time undergraduate rate, $1,075 for Engineering students and $900 for Law students. Proportionate adjustments are being proposed for the part-time or hourly rates in each division.

DIMOCK GALLERY OPENING--Betty Banko, left, principal accounts clerk in the Comptroller's Office and a candidate for the Master of Fine Arts with a concentration in ceramics, is shown with Curator of Art Lenore Miller at the recent opening of the Dimock Gallery's current exhibition of selections from the university's Ulysses S. Grant III Collection. In the background is G.P.A. Healy's portrait of President Grant.

GRADUATE, PROFESSIONAL SCHOOL DAYS SET FOR OCTOBER 20 AND 21

The fourth annual Graduate and Professional School Days, sponsored by Washington D.C. metropolitan-area universities, will be held in the Marvin Center Ballroom Tuesday and Wednesday, October 20 and 21, from 2 to 6 p.m.

The program is designed for students and alumni of area universities, along with the general public, to meet with representatives of graduate and professional schools from around the country. Law school representatives will be present on October 20 and those from business schools and graduate programs on October 21. Around 180 representatives are expected. Informative seminars on planning for and financing graduate study and law school will be held during the two afternoons. There is no cost to participants in the program.

Further information is available from Andrea Stewart, Graduate Fellowship Information Center, ext. 6217.

GW UNITED WAY CAMPAIGN TO RUN THROUGH NOVEMBER 20

GW's annual United Way campaign will run from October 19 through November 20 this year. Faculty and staff members will be contacted by university volunteer workers for contributions to this very worthy cause.

Theme of the 1981 campaign is "Now More Than Ever." Co-chairmen are Michael Barch, GW Medical Center administrator, and James E. Clifford, director of GW Personnel Services.

President Elliott will be meeting with GW United Way volunteers to express his appreciation as they begin their work and to challenge them to set another university record in the number of contributions as well as the total amount collected. The university has had a very positive record of giving in the past.

Co-chairmen Barch and Clifford ask everyone to support this extremely important program and to give as much as possible so that others less fortunate than those of us at George Washington can be helped.

PROJECT AWARENESS PROGRAM IS FRIDAY, OCTOBER 23

The second annual Project Awareness Program, sponsored by the George Washington Student Association in conjunction with the Office of Services for Students with Disabilities, is scheduled for Friday morning, October 23, from 10 a.m. to noon in the Marvin Center Ballroom.

President Elliott has designated October as Collegiate Handicap Awareness Month at George Washington and 1981 is the United Nations International Year of Disabled Persons.

The morning will be devoted to simulations and discussions designed to increase understanding of the needs and abilities of disabled people. For further information, call Brenda Gunderson at ext. 7100.

RED CROSS BLOOD DRIVE WILL BE OCTOBER 27

The university-sponsored Red Cross Blood Drive will be held Tuesday, October 27, in the Marvin Center Ballroom from 10 a.m. to 3:30 p.m. To expedite processing, donations that day will be by appointment only. Please call ext. 6555 to schedule a time. Giving blood takes about 45 minutes.

For questions about donor eligibility, call the Red Cross at 857-3767. If an appointment is not convenient, the Red Cross Center at 2025 E. St., N.W. is well equipped to take walk-in donors, and is just a five-minute walk from campus. The Student Activities Office is coordinating the drive and urges members of the university community to participate.

GW Music

FISCHER AND GARST TO APPEAR IN OCTOBER 26 CONCERT

Penelope Fischer, flute, and Marilyn Garst, piano, will appear in the third of this year's faculty concerts on Monday, October 26, at 8:30 p.m. in Marvin Theater. The program will include music of Mozart, Kuhlau, Bartok, Gaubert, Messiaen and Borne. Fischer and Garst are studio instructor in flute and adjunct assistant professor of music respectively. The concert is open without charge.

POET PETER MEINKE TO READ HIS WORK OCTOBER 22

Peter Meinke, Jenny McKean Moore Lecturer in Creative Writing, will read from his work on Thursday, October 22, at 8 p.m. in Marvin Center, Rooms 402-404. The university community is invited.

Meinke is the author of two books of poetry, The Night Train and the Golden Bird and Trying to Surprise God. He has had short fiction published in periodicals such as Atlantic and Western Humanities Review. For the past 14 years, he has directed the writing workshop at Eckerd College, St. Petersburg, Fla. He recently spent a year in Poland as a Fulbright scholar

"THE NEW CYBERNETICS" NATIONAL CONFERENCE AT GW

"The New Cybernetics," a national conference sponsored by the American Society for Cybernetics, will be held in the Marvin Center beginning Thursday, October 29, and continuing through Sunday, November 1. National president of the society is Associate Professor of Management Stuart Umpleby.

The conference is described as a program of theoretical and practical significance to the conduct of science and human affairs with non-traditional forms of interaction on a variety of topics ranging from management and administration to art and music and bureaucracy. Special sessions will be held on "Cybernetics, Epistemology and Ethics" and "Creating the Corporate Future."

For further information call ext. 7530 or Dr. Laurence D. Richards, Colby College, (207) 873-1131.

MRS. KING OF HOUSEKEEPING RECEIVES THANK-YOUS

Mrs. Lenora King of Physical Plant's Housekeeping Division (Rice Hall, 4th Floor) has received notes of appreciation from Assistant Vice President for Campus Life John E. Perkins and Physical Plant Director Robert F. Burch for her thoughtfulness and care. Mrs. King found Perkins' money clip, put it in a secure place and took the trouble during her off hours to reach him personally and let him know she had taken care of the situation.

COLIN TURNBULL TO GIVE FIRST WEDNESDAY LECTURE

"Anthroplogy and Contemporary Social Issues: The Academic and Social Responsibility" is the title of November's First Wednesday Lecture scheduled for November 4 at 8 p.m. in the Marvin Center Ballroom. Professor of Anthroplogy Colin M. Turnbull will discuss his perception of the need for social anthropology to address a deep and active concern among students while providing them with techniques for a better understanding of contemporary social issues, thus moving anthropology's focus away from exotic cultures and into our own backyard.

There is no charge for the lecture, sponsored by the GW Alumni Relations Office as part of the First Wednesday Lecture series, but reservations are necessary. Call ext. 6435 at least two days in advance. The customary dinner arrangements have been made with the GW Club, dinner at 6:30 for both members and non-members. Call ext. 6610 for reservations.

Architect's rendering of the GW National Law Center on completion of the center's $16.7 million building and renovation program approved by the Board of Trustees October 15, 1981. View is from the corner of 20th and H Streets, N.W. The new north building is in foreground, Stockton Hall in center and expanded Jacob Burns Law Library on left.

TRUSTEES APPROVE $16.7 MILLION LAW CENTER BUILDING PROGRAM

The Board of Trustees at its October 15 meeting approved a $16.7 million building program for the GW National Law Center which will increase space in the school by 42 percent. Eight million dollars will be raised from alumni and friends of the center. A number of major gifts have already been received. The balance will come from university resources.

"For a long time the law center has had a need for more adequate physical facilities," President Elliott commented. "This development program will give us buildings worthy of our students and distinquished graduates." Among alumni of GW's National Law Center are past and present senators and congressmen, cabinet officers, IRS commissioners, Watergate attorneys, and partners in leading law forms in Washington and across the country.

The building program will be completed by 1985 and will include the renovation of Stockton Hall, construction of a new north building where Bacon Hall now stands and expansion of the Jacob Burns Law Library to the south. The largest use of space will be devoted to students.

Major elements of the building program will be a new moot courtroom; a main library reading room encompassing the largest single area in the complex; 13 new classrooms; student activities areas; faculty offices; an audiovisual center; and new quarters for the law school's 10-year-old clinical program which serves elderly and indigent populations in Washington's inner city.

ACQUAINTANCE RENEWED--Professor of History Peter F. Klaren, and Mrs. Klaren, a professor of Spanish at Dartmouth College, visited with President Belaunde-Terry of Peru at the National Palace in Lima on a recent South American trip. Dr. Belaunde, an architect and urban planner, was on GW's faculty during a period of exile from 1973 to 1978 prior to his re-election as president of his country in 1980.

THE POST CRITIQUES LAW CENTER ARCHITECTURE

Must-reading last weekend for GW people was Benjamin Forgey's Washington Post critique of the law center building program in the Saturday, October 17, Cityscape column (page C1). Though he had some strong words for GW: "In some respects the university still behaves as a shrewd and fast-moving real-estate development corporation...," he called the law school design "obviously, even blatantly, the most progressive piece of architecture and urban design commissioned by George Washington University since the building boom began there a decade or so ago. ...It is intelligent, sensitive, clever, complex and intriguing, qualities that in the long run may be more important to the city than sheer architectural innovation.... ...the net result is a tremendous improvement in the streetscape and in the architectural interest and readability of the block as a whole," Forgey said. The law project was designed for the university by the Washington architectural firm Keys Condon Florance.

GW CHAMBER CHOIR, TROUBADORS TO PERFORM NOVEMBER 2

The George Washington University Chamber Choir and Troubadors will give a free concert Monday, November 2, at 8 p.m. in the Marvin Theater. The choir will perform works by Vaughan Williams, Brahms and Casals.

The Troubadors, a group of men and women singers formed recently following auditions by more than 80 hopefuls, will be making their first appearance. They will sing, unaccompanied, favorites from early Broadway to the "Do-Wop" rock of the '50s. First calling themselves "The Group of Twelve," the Troubadors took their present name following a naming contest. There was a singing group at the university in the 1950s called the Troubadors.

Both groups are under the direction of Catherine Pickar, director of choral activities in the Music Department.

1981 ANNUAL REPORT AVAILABLE

George Washington University's 1981 Annual Report has as its topic student internships, a vital part of the educational process here at GW. The report also includes the university's financial statements for the 1980-81 fiscal year. Copies are available from the GW Public Relations Office, Room 705, Gelman Library.

newsnotes

GW'S ENGLISH FOR INTERNATIONAL STUDENTS PROGRAM was well represented at the Second Annual WATESOL (Washington Affiliate of Teachers of English to Speakers of Other Languages) Convention held October 2 and 3 at the University of Maryland's Catonville campus.

CHRISTINE MELONI, adjunct instructor in English, served as convention chairperson and presented, with JOHN DONALDSON, adjunct instructor in English, a seminar on "Teaching Communicative Functions in the Intermediate ESL/EFL Reading Class Through the Encyclopedia." PATRICIA JOHNSON, adjunct instructor in English, presented "Orientation for Special People"; SHIRLEY THOMPSON, adjunct instructor in English, "Teaching Language Functions in the Intermediate Speaking/Listening Class"; and ELLEN W. ECHEVERRIA adjunct instuctor in English, "Focus on 'Issues': An Advanced Conversation Course for an Academic Setting." SHIRLEY WRIGHT, acting director of the GW English for International Students Program and adjunct assistant professor of English, presented with MARGARET KIRKLAND and MARTHA EDMUNDSON, both adjunct instructors in English, "Academic Needs in Higher Education." Edmundson also served as moderator for a panel, "Community Services for the ESL Student." Kirkland presented with Frances C. Reid, adjunct assistant professor of English, "Teaching Paraphrasing." CAROL SPARHAWK, formerly of GW's IES program, presented "Self-Evaluation in Advanced Composition and Technical Writing." GEORGE BOZZINI, associate professor of English, former director of the GW EIS Program and past president of WATESOL, arranged convention housing.

WASHINGTON ARTISTS' WORKS ARE ON VIEW IN MARVIN CENTER

Sculpture, paintings, prints and photographs, works of Washington artists associated with the Studio Gallery, will be on view in the Marvin Center Third Floor Gallery through Friday, November 20. The exhibition is titled "Studio Gallery in Transit."

Studio Gallery, a cooperative of Washington artists, is currently awaiting the opening of its new location in the refurbished Lansburgh Building. The current show provides an opportunity for the GW community to see the types of work now being done by local Washington artists. Studio Gallery is artist-run and non-profit.

Third Floor Gallery hours are 7 a.m. to 11:30 p.m. Sunday through Thursday and 9 a.m. to midnight Friday and Saturday.

DON'T FORGET THE BLOOD DRIVE

If you signed up to give blood in the university-sponsored Red Cross Blood Drive on Tuesday, October 27, please don't forget your appointment. The drive will be in the Marvin Center Ballroom from 10 a.m. to 3:30 p.m. For information, call ext. 6555.

THE BUSINESS ADMINISTRATION DEPARTMENT hosted a meeting with 10 British academicians on October 6. The British group was interested in learning about American business studies programs and in developing relationships with institutions in the United States as well as establishing a continuing exchange of ideas and possibly a staff exchange. Representing the department at the meeting were SGBA Dean NORMA MAINE LOESER; Chairman of the Department of Business Administration BEN BURDETSKY; ROY B. EASTIN, professor of business administration; FREDERICK AMLING, professor of business finance; GUY BLACK, professor of business economics; ADEL EL-ANSARY, professor of business administration; HERBERT J. DAVIS, associate professor of business administration; FARIBORZ GHADAR, associate professor of business administration; YOON S. PARK, associate professor of business administration; and MARVIN S. KATZMAN, assistant professor of business administration.

ITALY, BELGIUM FIGURE IN SCHOLARSHIPS FOR 3

Two undergraduate students in the Italian program of the Romance Languages Department have received scholarships for further study and a graduate student in engineering has received a fellowship for study in Brussels.

Ersilia Moreno, SPIA sophomore, has received a scholarship from the Italian Government for the 1981-82 academic year which includes tuition at the Italian university of her choice, living expenses and travel to and from Italy. She will study at the University of Perugia. Her scholarship is one of seven awarded to students in the United States annually. She completed first-year Italian during the 1980-81 academic year under Mrs. Isella O'Rourke, lecturer in Italian. Moreno is believed to be the first George Washington student to receive this scholarship.

Leah Tropea, Columbian College freshman, has received a scholarship from the Lido Civic Club, an Italian social club based in Maryland, to be used toward her university program. This scholarship is awarded to a different university every year. Tropea is the first woman to receive it. The daughter of Dr. Joseph L. Tropea, associate professor of sociology, she is presently enrolled in second-year Italian.

Susan Brown, a graduate student and research assistant in the energy program of the Department of Civil, Mechanical and Environmental Engineering, has been awarded a full fellowship for study at the AGARD/NATO von Karman Institute in Brussels, Belgium. The competition for these fellowships is keen because applicants come from all NATO countries. Brown is only the second woman to receive this fellowship. She is a graduate of the University of Wisconsin.

DO'S AND DON'TS FOR MEDIA INTERVIEWS

"In the future, everyone will be a celebrity for 15 minutes." --Andy Warhol

In many instances members of the press or electronic media contact the Public Relations Office when they want an authority on some subject for a quote or background information. In situations involving crisis or controversy, public relations may handle many requests for comments within a short period of time. If you are contacted directly by the press, please let the PR office know--we like to be kept informed about your area of expertise for future referrals and can offer the item for use in Monday Report's interview column.

The next time you're asked for an interview, as many faculty members and administrators are from time to time, you may want to remember some of these guidelines to eliminate that morning-after feeling of "but I didn't mean to say that."

First of all, if you really don't want to comment, don't. Any reporter worth his or her proverbial salt will continue to try to provoke you into saying something. The only way to make no comment is to politely say "no comment" as many times as it takes.

Generally, though, unless there are many indications to the contrary, it's best to talk with a reporter. Failure to comment in some situations can be more incriminating than giving your truthful version of the story and hoping the reporter will interpret it correctly.

You should also consider whether or not you are the appropriate individual to be commenting on a topic. Unknown to you, the reporter may have already contacted other sources or gotten another response elsewhere in the university. So the university can speak with one voice, it's best to check with the public relations office first.

How can you serve as a source but avoid direct attribution? There are several ways. Spell out exactly how much attribution you expect before discussing the subject. If the reporter agrees, the interview can proceed. Here are some helpful definitions: Off the record means the information can not be used, that is, it can not be published in any form. Background information is not for specific attribution, but may be attributed to a general source such as, "a GW administrator says." Deep background information can be published but can't be attributed to the source.

Take time to explain any technical terms in your field, even though the reporter doesn't ask. It's also useful to tie your topic in with current events if possible.

What if you're misquoted? This is a delicate area. If you honestly feel that factual information is incorrect, then it's appropriate to contact the reporter and briefly correct it. Remember, however, you cannot control what the reporter writes. Try to distinguish between a disagreement with the way the story is written and the factual information presented in it. Try to treat every encounter with a reporter as unique. Grudges held and refusals to be interviewed because you have been displeased with articles in the past will only lead a determined reporter to another source who may not be as well informed as you.

It is important to remember that the media's schedule is one of immediacy. Don't hesitate to ask if you can call a reporter back if you need to gather some data or collect your thoughts, but too much delay may kill your chances. If the news media is interested in you, it is wise to accommodate their schedule. With television, especially, you should offer immediate cooperation. A request to wait until tomorrow because you have meetings all day or call back next week when your schedule is lighter may mean the story and you as its source will die abruptly.

And you will miss your 15 minutes in history!

Diane Rush
Manager of News Services
Office of Public Relations

FRIENDS OF THE LIBRARIES TO ENJOY THEATER PARTY NOVEMBER 2

The annual Friends of the Libraries theater party will be Wednesday, November 11, when members and guests will attend GW University Theater's production of "Dark of the Moon" by Howard Richardson and William Berney. A 5:30 p.m. reception and 6 p.m. dinner will be available in the GW University Club before the 8 p.m. curtain. Arrangements for the reception and dinner must be made through the Friends. There will be two types of tickets, those for the reception and dinner and the play ($12) and those for the play only ($4). Reservations should be made by Friday, October 30. For more information, call Sandra Norys, ext. 6455.

personnel notices

Research Assistant, Physiology Department.
(Studies on transport in biological and synthetic membranes. Duties include development and analysis of data. Requires M.S. and laboratory experience.) Call Dr. Michael J. Jackson at ext. 3574.

IDENTIFIED DISABLED STUDENTS AT GW REACHED 86 IN 1980-81

The Office of Services for Students with Disabilities reports that during the 1980-81 acdemic year, 86 students with disabilities were identified and served. The office seeks voluntary identification by the students themselves so it should be noted that the number of such students at GW may be larger.

The close of the 1980-81 academic year marked the end of the third year of full-time operation of the Office of Services for Students with Disabilities. The number of students who identified themselves in 1980-81 was an increase over the 52 self-identified students in 1979-80, and 38 in 1978-79.

The largest number of students with disabilities in the last year were those with mobility/coordination problems (39), with the next largest group being those with hearing problems (16), then those with vision difficulties (14), followed by a group of learning disabled (6) and a final group of 11 identifying with a diversity of disabilities. The diverse group included individuals with arthritis, diabetes, chronic illness and epilepsy.

An analysis of the largest group, the 39 with mobility and motor coordination disabilities, shows a diversity within that category which includes cerebral palsy, limb or bone prosthesis, severe back injury, paralysis, atrophy of limbs from polio, multiple sclerosis, other injuries and chronic illnesses and congenital deformity.

"I do believe there is an increasing awareness of the special needs of students with disabilities at George Washington," observes Linda Donnels, director of the Office of Services for Students with Disabilities. At the recent Project Awareness Program of handicap simulations and discussions, participants included a cross section of students, administrative staff and faculty. Project Awareness was co-sponsored by the GW Student Association and the Office of Services for Students with Disabilities.

DELI PARK IS LANDSCAPED BY PPD'S GROUNDS DIVISION

The plot of ground next to Leo's, also known as the GW Delicatessen, is being landscaped by Physical Plant Department's Grounds Division following a landscape concept done by GW student Cynthia Bearisto. Her design was one of some 20 for the space submitted by students in the Landscape Architect Assistant Program in the GW Center for Continuing Education in Washington. Making the selection were the instructor Mark LaPierre (who is associated with EDAW Inc., landscape architect firm) and Grounds Supervisor Louis L. Smith. Final Plant selection and placement have been done by Barbara Moseley, horticultural technician with the Grounds Division and herself a student in the Landscape Architect Assistant Program. All members of the Grounds Crew participated in the project. Conceived of as a sitting area with a sequence of perennials and flowers from bulbs, the plan provides for benches and walkways and includes floodlighting.

CITY COUNCIL APPROVES REVENUE BOND ACT

The District of Columbia City Council by unanimous consent approved the George Washington University Higher Education Facilities Revenue Bond Act of 1981 at its Tuesday, October 27, session. The bill will now be transmitted to the mayor for his signature and then back to the City Council for forwarding to Congress for a congressional layover period of 30 legislative days.

This is the first such revenue bond issue enacted by the District of Columbia and provides for the permanent financing of the Academic Cluster and the elevators for the handicapped built between Hall of Government and Monroe Hall.

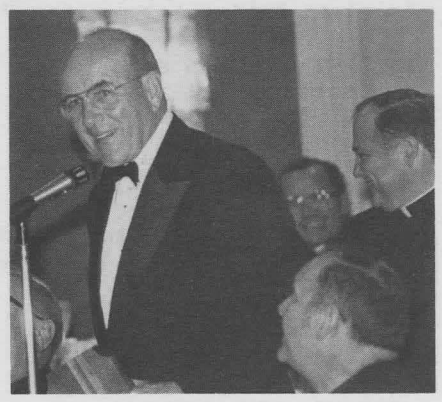
COME SEE THE GW MEN'S BASKETBALL TEAM NOV. 7

The George Washington University men's basketball team will hold its only public scrimmage and intra-squad game Saturday, November 7, at 1 p.m. in the Charles E. Smith Center. Admission is free. The Men's Athletic Department cordially invites all members of the university community to attend for an early glimpse of Coach Gerry Gimelstob's Colonials.



GW VP RECOGNIZED FOR WORK IN ARCHITECTURE, ADMINISTRATION--Catholic University's Alumni Association has awarded GW Vice President and Treasurer Charles E. Diehl the association's Alumni Achievement Award for administration and architecture. The presentation was made October 24 at the university's annual awards and reunion banquet at the Shoreham Hotel. Diehl is a 1948 alumnus of Catholic University with a bachelor's degree in architectural engineering. He also earned a bachelor's degree in civil engineering from Rensselaer Polytechnic Institute and a master's degree in business administration/comptrollership from GW. Above, Diehl receives the award from the Rev. Maurice Fox, standing at right, Alumni Association president.

newsnotes

PUBLICATIONS

WILLIAM ADAMS, associate professor of public administration, editor of a book, Television Coverage of the Middle East, Abex Publishers, 1981.

JEROME A. BARRON, professor of law, a book, Public Rights and the Private Press, Butterworth Publishers, 1981.

NORMAN BECKMAN, professor of public administration, a book review entitled "A Codification of Public Administration," The Bureaucrat, Fall 1981.

DAVID S. BROWN, professor of management, has written two articles entitled "Skilled and Capable Managers" and "Looking to the Manager of the Year 2000" in the May 1981 issue of Management, Nairobi, Kenya.

PHYLLIS M. PALMER, assistant professor of women's studies and of American civilization, a book review of Christina Walkdey's The Ghost in the Looking Glass. The Victorian Seamtress appeared in The New York Times Literary Supplement on September 25 under the title "Needlewomen in Need."

E. LAKIN PHILLIPS, professor of psychology, was invited to submit his biography and bibliography to a forthcoming book, World's Most Distinquished Living Psychologists, by Dr. Wm. S. Sahakian, for Wiley Encyclopedia of Psychology.

RICHARD P. SEIFERT, assistant professor of biology, an article entitled "Cohort Studies on Mosquito (Diptera: Culicidae) Larvae in the Water-filled floral bracts of Helconia aurea," Ecological Entomology, Vol. 6 p. 191-197.

-----, an article, "Biographic Patterns Among Milkweed Insects," Insect Life History Patterns: Habitat and Geographic Variation, edited by R.F. Denno and H. Dingle, Springer-Verlag, New York, p. 207-220.

ROBERT H. WALKER, professor of American civilization, an article entitled "John Henry, John Luther and Joe: Technology and the Human Spirit," Hayes Historical Journal, a publication devoted to a reappraisal of the American 1880s. Walker also contributed an essay for a festschrift honoring Professor Thomas C. Cochran of the University of Pennsylvania titled "The Anatomy of Reform," American Society, 1980.

INTERVIEWS

WILLIAM ADAMS, associate professor of public administration, was interviewed on Natonal Public Radio's program "All Things Considered" on Monday, September 28, regarding the expansion of televison newscasts.

MARCUS CUNLIFFE, university professor, was featured in a discussion with Colonel Roy Flint, chairman of the history department of the U.S. Military Academy, on WOR-Radio October 19. Their topic was the broader military significance of the Yorktown Campaign. Cunliffe was also interviewed by Channel 9 Washington on "The Yorktown Bicentennial" October 9.

Vice President and Treasurer CHARLES E. DIEHL was interviewed by WRC-TV's Larry Shainman October 13. Diehl's topic was the University's revenue bond issue to finance the Academic Cluster. Portions of the interview appeared on the 11 p.m. news that evening.

E. LAKIN PHILLIPS, professor of psychology, was interviewed by the Washington Post on October 14. Phillips discussed "older" students returning to the University for additional work credits, degrees, etc. He was also interviewed on WRC-Radio on the same day in regard to the same topic.

PROFESSIONAL ACTIVITES

WILLIAM ADAMS, associate professor of public administration, was the dinner speaker on "Power and Politics in Washington" at an American Field Studies conference October 10 at the International Inn.

-----, served as a judge for the consumer journalism awards of the National Press Club, July 1981.

Continued on back

newsnotes

Continued from page 1

NORMAN BECKMAN, professor of public administration, spoke on "Changing Federal Market for Public Administration Students and Graduates" at the 1981 conference of the National Association of Schools of Public Affairs Administration October 19 in Lexington, Ky.

MOLLIE BOWERS, assistant professor of business administration, addressed a meeting of the Society of Professionals in Dispute Resolution, Washington, D.C. June 11, on "Grievance Mediation: A Procedure for the Cost Conscious 1980's." Bowers was also selected as a member of the Washington, D.C. Labor Relations Board.

DAVID S. BROWN, professor of management, chaired a session on "Doing More With Less: Improving Public Productivity" at the Region IV Annual Conference of the American Society for Public Administration, in Alexandria.

BEN BURDETSKY, professor of personnel and labor relations, and MARVIN KATZMAN, assistant professor of business administration, conducted a seminar on "Position Management at the Department of the Treasury. The seminar explored a method of achieving mission accomplishment, efficiency of operations and effective use of employees with approved resource levels.

MARCUS CUNLIFFE, university professor, delivered a paper entitled "Europe and the American Revolution" at a symposium of the Lafayette-Rochambeau Society at St. John's Church, Lafayette Square, October 10.

-----, conducted a session of the State Department's Executive Seminar on September 30. Cunliffe's topic was "The American National Character."

HERBERT J. DAVIS associate professor of business administration, attended an Academy of International Business Annual Meeting in Montreal October 15-17. Davis was chairman of a session entitled "International Business Industry Studies," which was attended by 40 business scholars and practitioners from the U.S. and abroad.

ALLAN K. FITZSIMMIONS, associate professor of geography and regional science, participated in a breakfast meeting with Secretary of the Interior James Watt and Undersecretary Don Hodel. The October 7 meeting, which included six other participants from outside the Department of the Interior, was part of an outreach effort designed to get comments on the resources use policies of the Reagan administration.

MARILYN GARST, adjunct assistant professor of music, presented a piano recital on the WGMS-Radio's program Spotlight October 19. Garst performed works by Franck, Debussy and Barker.

LANCE J. HOFFMAN, associate professor of engineering and applied science was co-chairman of the National Symposium of Personal Privacy and Information Technology held at Amelia Island, Florida, October 4-7.

JAMES P. HONAN, research assistant, ERIC Clearinghouse on Higher Education presented a paper entitled "The State of Quality Control in Off-Campus Credit Programs" at the Fourth Annual Quality in Off-Campus Credit Programs Conference in Nashville, October 6.

HAROLD LIEBOWITZ, professor of engineering and applied science, participated in a National Academy of Engineering (NAE) round-table discussion on September 14. A report on the conclusions and recommendations of this NAE roundtable discussion should soon be made available by the United States National Academy of Engineering

WALTER E. MULLER, senior staff scientist with the program in logistics, Institute for Management Science and Engineering, presented a paper on "Feasibility of Lateral Placement to Meet the Technological Changes of the Modern Army" at the special session on Manpower, Training and Personnel Management at the Twentieth Annual US Army Operations Research Symposium, held at the US Army Logistics Center, Fort Lee, Va. October 5-8. The program theme was "Army or Supporting the Process of Rational Choice for the Army Today and Tomorrow."

SONYA A. QUITSLAND, assistant professor of Religion, gave a theological institute at Mount Marty College in South Dakota "Shaping the Church," June 15-19.

-----, attended the "Philosophy of Women's Liberation Conference," sponsored by the Institute of Women Today May 15-17. Quitslund also attended the Leadership Conference of Women Religious National Assembly in Indianapolis August 24-28.

BRAD SABELLI, CHIP BALLING and WILLIAM PUCILOWSKY members of the University Theater faculty, recently participated in the Yorktown Bi-Centennial celebrations as make-up artists for the U.S. Army show, The Spirit of America. Four performances were played at the Hampton Colosseum, in Hampton, Va. to capacity audiences. The show was produced under the auspices of the "Old Guard" of Ft. Meyer, Va.

GASTON J. SIGUR, professor of international affairs, spoke at the annual dinner of the Japan-America Society of St. Louis on the subject, "Problems and Issues Related to the Common Defense of the United States and Japan." Sigur also addressed the Council on Religion and International Affairs in New York City on Soviet policy towards China.

GEORGE STEINER, professor of music, conducted the Alexandria Symphony for the October 15th showcase of the symphony's 38th season. The program featured two young soloists who are benefiting from Alexandria Symphony scholarships toward their music education.

CHARLES WASHINGTON, associate professor of public administration, presented two lectures before visiting state officials in the field of education from six Nigerian states. The topics were: "The American Presidential/Constitutional System and Its Operation" and "Financing Education in the U.S.: Some Issues and Approaches." The presentations were made at the International Institute of Public Management, August 10 and 12.

ROBERT C. WATERS, professor of engineering administration, presented a paper at ORSA-TIMS Joint National Meeting in Houston on October 13. The paper entitled "Contingency Theories and Technological Innovation" compared the work of Lawrence, Lorsch, and Morse with his experience in the aerospace industry.

PLEASE TELL US EVERYTHING

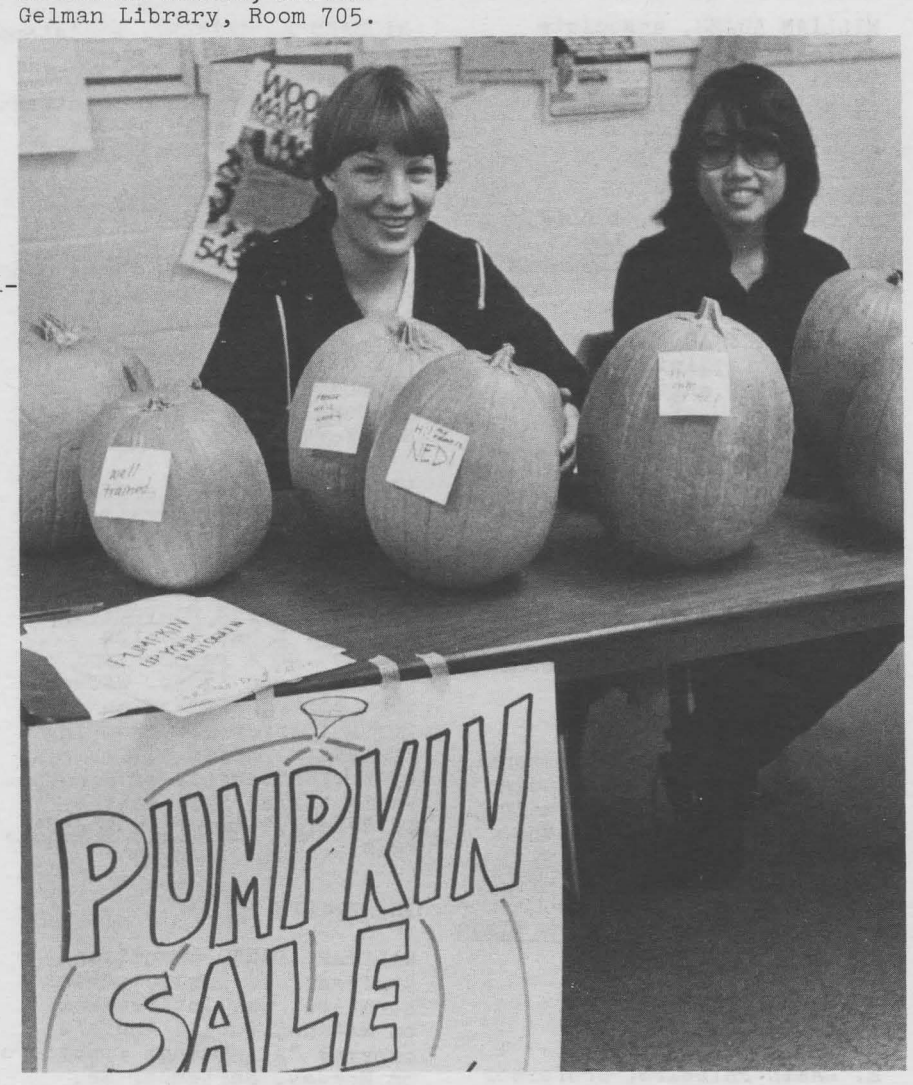
The editors of the Monday Report are always glad to receive news from the university community, from schools, divisions, programs, projects and individuals. When sending newsnotes, please give us complete information: full titles of people, books, and articles, the words initials stand for, locations and telephone numbers so we can call you with any questions we may have. We need and appreciate the information all of you send us. Our address is Monday Report, Public Relations Office, Melvin Gelman Library, Room 705.

MESSIAH CHORUS INVITES YOU TO SING ON DEC. 7

The George Washington University Chorus, Orchestra and soloists invite members of the GW community to join the chorus for the second annual performance of the Christmas portion of G.F. Handel's "Messiah." The performance will be Monday, December 7, at 8 p.m. in Lisner Auditorium. Professor of Music George Steiner will conduct. Catherine Pickar, director of choral activites, will direct the choral rehearsals.

All that is required is that participants attend three rehearsals. The dates and locations are Tues., Nov. 17, 5:15 to 7 p.m., Marvin Center Music Studio; Tues., Nov. 24, 5:15 to 7 p.m. Marvin Center Music Studio and Wed., Dec. 2, 8 p.m., Lisner stage with orchestra. The Marvin Center Music Studio is reached through the entrance to Marvin Theater.

If you are interested in performing with the chorus, please call the GW Music Department, ext. 6245, to reserve a space and musical score. Concert dress will be long black skirts or trousers with white blouses for women and black trousers with white shirts and long ties for men.



PUMPKIN SALE--Shelley Miller, Columbian College freshman, left, and Ellen Chin, SGBA sophomore, were selling pumpkins in Marvin Center last week to raise finds for projects of AIESEC, International Association of Students in Economics and Business Management, such as the organization's upcoming seminar training program in energy.

READING CENTER DIRECTOR TAKES PART IN RIF DISTRIBUTION DAY

Dr. Florence Hesser, director of the GW Reading Center and liaison person between the District of Columbia RIF (Reading Is Fundamental) organization and the D.C. public schools, arranged a model RIF Distribution Day at nearby Stevens School October 28. A RIF kick-off breakfast, arranged by Dr. Hesser in cooperation with Mrs. Helen Turner (M.A.E., 1969), director of reading for D.C. Public Schools, preceded the model distribution.

The occasion was planned in response to Mayor Marion Barry's proclamation of October as Reading is Fundamental Month. RIF, a local and later national movement, was begun in Washington, D.C., in 1966 by the late Mrs. Robert S. McNamara. With six or seven volunteers, she promoted the concept of providing a child with his or her own book to encourage pride and interest in reading. Under her leadership, the concept grew and RIF is now a national organization, federally funded.

Mrs. George Bush, wife of the Vice President, is an active participant in RIF and attended the October 28 model RIF Distribution Day. She read to the children who had come to receive books and expressed her pleasure at the nationwide response she is receiving with regard to RIF's emphasis on reading.

Mrs. Juanita Braddock, principal of Stevens School and an education alumna of George Washington (M.A.E., 1960; E.D.S., 1969), arranged the book distribution and a presentation involving students. The children had decorated classrooms with reading posters and Halloween motifs.

Mrs. Loretta Hanes, volunteer director of RIF, has worked with the D.C. RIF board and membership in obtaining over 600,000 free books from publishers for D.C. school children. In the last two years, each child has received three free books, says Dr. Hesser. She has been an active member of the D.C. RIF board since 1975.

L to R, Mrs. George Bush, Dr. Florence Hesser, Mrs. Loretta Hanes.

THELMA LEVINE TO ADDRESS FRIENDS OF LIBRARIES FORUM

Thelma Lavine, Elton Professor of Philosophy, will give the first in a series of three lectures on the theme of faith and doubt in 20th century literature sponsored by the Friends Forum of the Friends of the GW libraries. Dr. Lavine will speak on Albert Camus' The Stranger on Thursday, November 12, at noon in Gelman Library, Room 202. The university community is invited. Those who wish to may bring their lunches. Coffee will be served.

SGBA OFFERS WORKSHOP ON EVALUATING EXECUTIVE SKILLS

"Evaluating and Developing your Executive Qualifications" is the title of a two-day workshop being sponsored by SGBA for managers who want to compete more effectively for executive positions in the federal government. The workshop is scheduled for Monday and Tuesday, November 16 and 17, in Marvin Center.

Instructors will be Dr. Loretta R. Flanders, chief of research and development in the Executive and Management Division of the U.S. Office of Personnel Management, and Lisa Carlson of the same office. They will discuss the framework for evaluating entry into the senior executive service, the process used for screening qualifications and the steps candidates can take to become competitive for executive positions.

For more information, call Dr. Norman Beckman at ext. 8175, or William Robinson in SGBA's Office of Research and Continuing Professional Education at ext. 7064.

DR. M. SCOTT PECK TO DISCUSS POLITICS OF INSANITY

Dr. M. Scott Peck, pyschologist and author of The Road Less Traveled, will speak on "The Politics of Insanity" on Friday, November 13, at 8 p.m. in Lisner Auditorium. His appearance is sponsored by the School of Education and Human Development. He will also conduct a small group workshop on Saturday, November 14. There is a fee for the lecture and workshop. Call Anita Malone, ext. 8169.

"DARK OF THE MOON" IS NEXT IN UNIVERSITY THEATER SERIES

"Dark of the Moon," by Howard Richardson and William Berney will be presented by the GW University Theater Tuesday, November 10, through Sunday, November

Continued on back

ELECTRICAL ENGINEERING BEGINS INDUSTRIAL LIAISON PROGRAM

An Industrial Liaison Program (ILP) has been developed between the GW Department of Electrical Engineering and Computer Science (EE&CS)and companies that depend on technological foundations of the EE&CS department. The ILP is administered by the engineering department's Institute of Information Science and Technology, directed by Professor of Engineering and Applied Science Walter K. Kahn.

"The increasing pace of technological innovation demands that universities and industry work together closely," said EE&CS chairman Arthur D. Friedman, professor of engineering and applied science. "This liasion program makes it possible for us to better understand industrial needs so that our research and teaching remains up-to-date, and it provides a vehicle to quickly disseminate research results."

Eight charter members have pledged a total of $45,000 to the program thus far. They are COMSAT, Computer Sciences Corporation, IBM, Logicon, MELPAR, MITRE Corporation, TRW, and Weinschel Engineering.

Research programs in the department include communications, computer hardware and software, control systems and image processing.

DCE&SS CAN SHARE ITS NEW MAILING LIST SYSTEM

The Division of Continuing Education and Summer Sessions has just completed development of a computer disk file mailing list system. Others in the university community may find it useful.

It has the following advantages:

--additional flexibility, with use of selection codes, to focus on an audience for a given promotional effort;
--elimination of redundancy through automatic identification of possible duplicates;
--provision for storage and retrieval on a printout of information other than the address, such as phone number and special notations;
--easier purging of mailing lists (by use of "primary key" numbers);
--automatic recording and updating of sizes of mailing lists;
--return of undelivered mail to the source (through request identification numbers), allowing timelier updating and more current lists;
--cheshire labels, which are considerably cheaper than pressure-sensitive ones and can be affixed by machine; and
--security of mailing lists.

Debra Bearman, director of DCE&SS Student Services Office, has further information. Call ext. 7059.

MUM'S THE WORD

Sometime in the next few weeks, depending on weather, the Physical Plant Department will be taking up several hundred chrysanthemum plants. They will be placed in the University Yard on a temporary basis and members of the university community are invited to help themselves. The colors avalable will be yellow, bronze and a shade of lavender.

A NEW LOOK FOR REGISTRATION

A new registration procedure will be implemented for spring. The new procedure has been worked out through a cooperative effort by the Office of Student Accounts, the Center for Academic and Administrative Computing and the Office of the Registrar. As previously announced, all currently enrolled degree candidates may preregister from now through Thursday, November 12, for spring semester. Bills will not be mailed to preregistered students as in the past and *early payment will not be required*. Students are to pick up their class schedules and statements beginning Monday, January 11, and payment is to be made and registrations validated between January 11 and 29.

General registration for spring semester will be a two-phase procedure identical to that employed for preregistration, using the same forms since packets and class cards will no longer be used. In the first phase, students will complete the academic portion of the registration during the scheduled days and hours shown in the registration materials. Students are to return the following week for the second phase to pick up a machine-assessed statement and class schedule and pay their semester bills.

It should be advantageous for students to participate in the preregistration procedure because it affords greater opportunity for entry into the courses desired. Departments should also receive class enrollment data earlier.

There will be a presentation and discussion of the new registration procedures at 2 p.m. Tuesday, November 10, in Building C, Room 103. It is important that all academic and administrative departments and student representatives as well as students leaders be familiar with the new procedures to ensure their successful implementation. Everyone interested is urged to attend the November 10 discussion.

ANNUAL STUDENT SHOW OPENS AT DIMOCK GALLERY NOV. 12

Works by GW art students, both graduate and undergraduate, will be on exhibit in the Dimock Gallery from Thursday, November 12, through Friday, December 4. The exhibition, sponsored jointly by the GW Art Department and the Dimock Gallery, will be open without charge from 10 a.m. to 5 p.m. weekdays. The gallery is off the lower lounge of Lisner Auditorium. The show will be representative of all media including painting, drawing, sculpture, ceramics, photography, printmaking, visual communications and design. Some of the works will be for sale.

personnel notices

Government Documents/Reader Services Librarian. (Master's degree from ALA-accredited library school required. Previous law library experience desirable. Duties: Management of government documents collection [selective depository] including selection, records maintenance, document reference work, and supervision of assistants. Participation in rendering reader services as one of three full-time librarians in Reader Services Department. May require evening and weekend hours. Immediate Opening.) Contact: Professor Anita K. Head, Jacob Burns Law Library, GW, Washington, D.C., 20052, Call ext. 7337.

Research Associate, Program in Logistics, Institute for Management Science and Engineering. (Assist in design and application of mathematical models for logistics and readiness assessments. Minimum of four years experience in the application of a large-scale data processing system. Expertise with CMS and OS/VS JCL desired. A master's degree required; familiarity with EDX on the IBM Series 1, general system maintenance, and COBOL, FORTRAN, or PL/1 helpful.) Contact: William E. Caves, ext. 7539.

Research Associate, Program in Logistics, Institute for Management Science and Engineering. (Experience in data base management and simulation modeling. Capability in statistical analysis. Work experience in analysis preferred. Master's degree and programming experience in Dynamo language necessary. Work involves developing and maintaining data bases and parametric relations for use in long-range planning.) Contact: Professor Rolf Clark. ext. 7521.

"DARK OF THE MOON" IS NEXT IN UNIVERSITY THEATER SERIES

Continued from page 1

15. Evening performances will be at 8 p.m. and the matinee Sunday, November 15, at 2 p.m.

The love story of Barbara Allen and the Witch Boy is described as a haunting and compelling combination of American folklore, fantasy and epic drama. Tickets are $5; $2.50 for both students with ID and senior citizens. Group rates are available. Call ext. 6178 for reservations.

newsnotes

JOHN G. ALLEE, professor of English, a monograph, Names, Northeast Adirondack Names, edited by Murray Heller, Publication #2 Northeast Regional Names Institute Center for Adirondack Studies, Saranac Lake, N.Y., 1980

T.Z. LAVINE. Elton professor of philosophy, a paper, "Internalization, Socialization and Dialectic," in Philosophy and Phenomenological Research, Vol., XLII, September, 1981 pp 91-111.

STANLEY N. SHERMAN, associate professor of business administration, a book entitled Government Procurement Management, Wordcrafters Publications, September 1981.

SONYA QUITSLUND, assistant professor of religion, an article "Priests and People in Biblical Perspective," Liturgy Vol. 1, No. 4, 1981.

-----, an article, "Women of the Covenant," Sign, May 1981.

INTERVIEW

LEO RIBUFFO, associate professor of history, appeared on the "Sylvia Rowe Show" on WRC-AM Radio on October 18. Ribuffo's topic was "Teaching Evolution and 'Scientific Creationism' in Public Schools." He also appeared on "Take Two," Cable News Network-TV September 25 to discuss American life during the 1950s.

PROFESSIONAL ACTIVITIES

JOHN G. ALLEE, professor of English, delivered a paper entitled "Recent Greenlandic Book Titles" at the XIVth International Congress on Onomastic Sciences (ICOS), the University of Michigan, Ann Arbor, August 23-29.
-----, delivered a paper entitled "Greenlandic Terrain and Weather in FOSTBRAEDRA SAGA" at the Southeastern Medieval Assocation, the University of West Virginia, Morganstown, W.Va., October 1-3.

JAMES M. BROWN, professor of law, participated in the Department of Interior invitational workshop on "Preparing for and Responding to a Damaging Earthquake in the Eastern United States," in Knoxville, Tenn. Brown served as panel facilitator and was one of four speakers at the concluding plenary session. He was also named to an Ad Hoc Committee to establish a consortium on seismic safety for the Eastern United States.

ROBERT BURCH, director of physical plant, and ROBERT GRANT, manager of plant operations, spoke at a building energy conservation seminar sponsored jointly by the American Society of Civil Engineers and the D.C Government Department of General Services. Their subject was "Case Studies in Energy Conservation."

JONATHAN CHAVES, associate professor of Chinese, presented a paper, "A Devout Prayer of the Pasion of Chang Chih-hsin," at the Mid-Atlantic Regional Meeting of the Association for Asian Studies at the University of Maryland on October 17.

RODERICK S. FRENCH, director of the Division of Experimental Programs and professor of philosophy, was the moderator of an all-day symposium on urban design review in Providence, R.I., September 26. The meeting was organized by the Providence Citizens' Lobby with the support of the Rhode Island Committee for the Humanities.

MURLI M. GUPTA, associate professor of mathematics, attended the Second National Symposium on Numerical Methods in Heat Transfer at the University of Maryland, College Park, September 28-30. Gupta also presented a paper entitled "A Fourth Order, Cost Effective and Stable Finite Difference Scheme for the Convection-Diffusion Equation." The paper is to be published in the proceedings of the symposium by McGraw-Hill/Hemisphere.

CYNTHIA GURNE, acting director of the Career Services Office, was a co-presenter of a workshop entitled "Reality Based Assessment Skills for Counseling Adults," at the Middle Atlantic Placement Association Conference in Ellenville, N.Y., September 26.

LEONARD NADLER, professor of education, was the closing general session speaker at the 10th Conference of the International Federation of Training and Development Organizations in Dublin, Ireland. Nadler's topic was "Human Resource Development into the '80s- An International Perspective." Dr. Nadler was elected at the conference the director of the International Division of the American Society for Training and Development for 1982-83.

PHILIP N. REEVES, professor of health services administration, has been elected to a two-year term on the governing council of the American Public Health Association.

LEO P. RIBUFFO, associate professor of history, delivered a paper, "Sinclair Lewis' It Can't Happen Here: Novel, Federal Theater Production, and (Almost) Movie," at the Conference on New Deal Culture, sponsored by the National Archives and George Mason University October 16.

MAIDA R. WITHERS, associate professor of human kinetics and leisure studies, was the subject of an extensive and favorable review October 21 in the Washington Post by the paper's dance critic Alan M. Kreigsman in connection with the October 20 American premiere of her original dance work "Stall" in the Pension Building as part of the recent 9th Street Crossings Festival.

"PROTECT THYSELF," DAY OF WORKSHOPS PLANNED NOV.12

On November 12, the Security Awareness Committee is sponsoring "Protect Thyself," a day of workshops, presentations, and demonstrations to provide information about assault prevention and increase security awareness.

"Protect Thyself" is planned in three parts. Hour-long presentations on assault prevention by the Metropolitan Police Department will be presented in the Marvin Center Ballroom at noon, 4, 5, and 6 p.m.

Information booths with representatives from campus and community groups will be located on the Marvin Center ground floor between 11 a.m. and 2:30 p.m. Campus groups include the Runners' Club, Student Association, Commuter Club and the Security Awareness Committee. Community groups include the D.C. Rape Crisis Center, My Sister's Place (a shelter for battered women and their children), the Women's Karate Club and D.C. Transit. A self-defense demonstration will be presented by the Women's Karate Club, and the Student Association will be selling security whistles at $.85 each. At 2 p.m., in Marvin Center 407, My Sister's Place will show a slide presentation.

To end the day, a march, "Take Back the Night," is planned in the quad from 7:45 to 8:15 p.m. Meeting time is 7:30 p.m. in the northwest corner of the quad.

The event is co-sponsored by the Division of Student and Alumni Affairs and the GW Student Association. Chairperson of the committee is Cheryl Beil, assistant dean of students. For information contact Dean Beil, ext. 6710.

ANNUAL FUND BUSINESS AND COMMUNITY SUPPORT VOLUNTEERS BEGIN WORK

GW's 1981-82 Annual Fund progressed significantly the week of November 9 when leaders of the business and community support sector gathered to organize fund raising activities for the coming months. Melvin Laird, former secretary of defense and currently senior counsellor for national and international affairs for the Reader's Digest Association, is chairman of the 1981-82 Annual Fund. Vincent A. Burke Jr., chairman and chief executive officer of Riggs National Bank, heads the Annual Fund's business and community support drive. Chairman Laird (left) and Burke (right) join President Elliott to check over Annual Fund materials.

Among faculty and staff who volunteer to help solicit gifts for the business and community support sector of the Annual Fund are: Frederick Amling, professor of business finance; Harvey H. Ammerman, clinical professor of neurological surgery; Lee S. Bielski, professor of speech; L. Thompson Bowles, dean of the Medical Center for academic affairs; Charles M. Chambers, associate professorial lecturer in mathematics; Robert E. Dickman, assistant treasurer for facilities; John C. Einbinder, assistant treasurer for business and procurement; Marvin P. Footer, clinical professor of obstetrics and gynecology; Alvin C. Jensen, associate dean for the Division of Continuing Education and Summer Sessions; James C. King, professor of German; Harold Liebowitz, dean of the School of Engineering and Applied Science; Norma M. Loeser, dean of the School of Government and Business Administration; William F. E. Long, dean of the Division of Continuing Education and Summer Sessions; Anthony J. Mastro, professor of accounting; Billie Jo Moreland, assistant dean of the Division of Continuing Education and Summer Sessions; Burton M. Sapin, dean of the School of Public and International Affairs; Henry Solomon, dean of the Graduate School of Arts and Sciences; and Richard D. Walk, professor of psychology.

THREE MUSICAL EVENTS ARE COMING UP

The George Washington University Orchestra, directed by George Steiner, will present its fall concert Thursday, November 19, at 8:30 p.m. in Lisner Auditorium. The program, devoted to orchestral work, will include music of Cimarosa, Corigliano, Haydn, Faure and Joplin.

The Brazilian-American Cultural Institute and the GW Music Department will present Anne Lindsay McGuire, mezzo-soprano, in a program of Brazilian and Spanish art songs Sunday, November 22, at 3 p.m. in Dorothy Betts Marvin Theater at Marvin Center.

George Steiner, voilinist, and Robert Parris, pianist, will appear in a concert of the GW Faculty Series Monday, November 23, at 8:30 p.m. in Marvin Theater. They will perform sonatas of Haydn, Hindemith, Stockhausen and Mendelssohn. Steiner is professor of music and chairman of the GW Music Department. Parris, professor of music, is a composer as well.

All three events are open to the public without charge.

UNIVERSITY BOOKSTORE NOTE I.P. INTERMISSION

The University Bookstore will accept I.P.'s for special-order books through 5 p.m. Wednesday, November 18. Then there will be an interim of five business days when no I.P.'s can be accepted. Monday, November 30, I.P's can again be processed. The bookstore will be closed at noon Tuesday, November 24, for inventory and will reopen for business (except I.P.'s) at 10 a.m. Wednesday, November 25.

RESIDENCE HALL SECURITY: WHAT CAN BE DONE?

A task force was formed in October to review residence hall security. The group, chaired by Associate Director of Housing David McElveen, has presented several recommendations.

The university plans to implement the item the task force rated as first priority: to locate a desk near the main entrance to each residence hall and staff it around the clock. The desk will have direct communication with the Safety and Security Office. This measure will be implemented in the coming spring semester with the costs absorbed by the university for that semester. It may be necessary to make certain adjustments to these plans due to the varying uses and structures of the buildings and based on the spring experience.

Beginning next fall, however, housing charges will be increased by about $165 per resident for the academic year to help pay for the improved system. The increase will be added to the proposed 1982-83 rates (see accompanying table). This security cost factor is not a final figure; the initial task force report, which called for 12-month student staffing of hall entrances, did not include 17 cents per dollar required for employee fringe benefits. With this additional cost in mind, the task force has now been asked to provide some alternative staffing patterns for consideration. A rough estimate suggests the cost of added security could run from a minimum of $125

Continued on back

NEH FUNDED PROGRAM IN EAST ASIAN HISTORY TO BE BASED AT GW

The National Endowment for the Humanities has awarded the Consortium of Universites of the Washington Metropolitan Area a $125,000 grant to establish an East Asian art history program which will be based at George Washington University.

The grant will be used to develop a two-semester introductory survey course to be offered for three years. During the second and third years, a series of advanced courses on specialized topics will be added. Museum sessions will be conducted at the Freer Gallery of Art, Smithsonian Institution.

Under the auspices of GW's Art Department, the program will be coordinated by Chinese art and archaeology specialist Marilyn Wong Fu, GW visting assistant professor of art. Among Professor Fu's several books on East Asian art is Traces of the Brush: Studies in Chinese Calligraphy (second revised edition, 1980) published by Yale University Press.

GW Art Department Chairman Lilien F. Robinson comments, "This consortium program will be beneficial on two levels--basic courses will serve students of varied disciplines and academic levels, so students with no background in East Asian art, languages, history or Western art history will be accommodated.

"The need for this program cannot be overestimated," Professor Robinson emphasizes. "Few American universities offer extended curricula in East Asian art. Consortium students will have access to a unique program, as well as the Freer Gallery's comprehensive collections of this art."

THE HOUSING SITUATION: A BACKGROUND REPORT

In the last few months there has been much interest expressed on the part of students in the availability of housing on or near the campus. This is a matter that has been the subject of many annual planning sessions among members of the GW administration concerned with housing, namely those responsible for planning and budgeting, admissions, student affairs, the housing office itself, and those in charge of purchasing, building or maintaining housing.

The needs we have will not go away; if anything, they will become more pronounced. We would like share with you some of our thoughts on the problem and explore several factors which influence our ability to propose quick solutions.

First, as is well known on campus, more freshman and transfer students want university housing, and at the same time more people who are already in housing want to remain there. There will be spaces for 2,444 undergraduate students in GW residence halls and apartments next fall. Within this number, we will have 104 more undergraduate spaces than last year reserved for returning students. To make this space available for returnees, the university has decided to limit residence spaces for new-to-the-university students to the same 1,000 spaces available this past fall, despite pressures for additional space for new students.

To alleviate the campus housing shortage, we have explored all leads toward acquiring more housing. Ideally, the university would be able to offer housing to all undergraduates who want it, and then be able to offer some graduate housing once again, as well. However, with interest rates hovering around 18

Continued on back

RESIDENCE HALL SECURITY

Continued from page 1

per resident to a maximum of $185, depending on combinations of students, staff or guards provided. The task force has also been asked to suggest how hall entrances are to be staffed during the summer. Costs of the system during the summer sessions will be borne by summer sessions residents.

Additional measures which will be put into effect within this year's budget are installing locks that require room or apartment keys to open the hallway side of stairwell doors on the ground and first floors of all halls, and installing locks requiring room or apartment keys for access to the call panels of elevators on the ground and first floors of all halls. Metal security bars will be put on ground and most first-floor windows in halls where they do not already exist. These items will cost approximately $13,000.

We are still studying the feasibility of installing peepholes on doors which don't now have them, and installing deadbolt locks on the doors of apartments or rooms where they don't already exist.

We should all remember that people, not locks, bars, electronics or guards, are the key to security. Though the university will implement many of the task force's recommendations, security is only as good as residents make it.

Ann Webster
Director of
Housing

PROGRAM BOARD TO PRESENT U.S. SENATORS IN TALK SERIES

The Political Affairs Committee of the Program Board will present three United States senators on the campus in November and December.

Senator Paul E. Tsongas, D-Mass., will speak Tuesday, November 17, at 8 p.m. in Building C, Room 108. His topic will be "Liberalism and Realities in the 1980s." His recent book The Road From Here has been favorably reviewed in The New York Times and Time magazine.

Senator Gary W. Hart, D-Colo., will speak Tuesday, December 1, at 8 p.m. in the Marvin Center. Senator Ted Stevens, R-Alaska, assistant majority leader, will speak Monday, December 7, 8 p.m. at a location to be announced.

The programs are open without charge to all members of the university community. For further information, call Stephanie Friedman, Peter Collins, or Jon Clarich at ext. 7312.

STUDENT FACULTY DANCE CONCERT IS NOVEMBER 20 & 21

Students and faculty of GW's dance program will present their fall concert Friday and Saturday, November 20 and 21, at 8 p.m. in Dorothy Betts Marvin Theater.

The program will consist of originally choreographed works by dance faculty members and graduate students. Lonna Wilkinson, guest lecturer for the fall semester, has created "Invisible Bonds" for 10 dancers. Wilkinson teaches at the Dance Place in Washington. Dance works she has choreographed have been presented in Washington, San Francisco and New York.

Lecturer Beth Burkhardt has created "Vortex," a solo dance with vocal accompaniment. Annie Sailer, also a lecturer in human kinetics and leisure studies, has revised and expanded her "Salt Stone Star" for theater performance. The work was originally created for an outside space in downtown Washington in October.

Dance works created by graduate students which will be part of the program are "A pocket full of rye" by Christine Lomas, "Court 5" by Katie Kozack, "Brink" by Debra Kaplowe and "Tracing an Overature" by Kathleen Brezina.

Tickets are at Marvin Center Information Desk, general admission, $4.50, $3.50 for students and senior citizens. For information, call ext. 6577.

GRADUATE SCHOOL INFORMATION SESSIONS SET FOR NOV. 16,17,19

The Graduate Fellowship Information Center has scheduled information sessions November 16, 17 and 19 for students interested in specific graduate opportunities in business administration and public affairs and admission to law school.

Monday, November 16, a representative from the University of Southern California School of Business Administration will conduct group interviews at 1:30 and 2:30 p.m. in Marvin Center, Room 411.

Tuesday, November 17, a representative of the Coro Foundation will be on campus from 9 a.m. to 1 p.m. to talk with students about the Coro Fellows Program. Fellows participate in a full-time, nine-month internship in public affairs in San Francisco, Los Angeles or St. Louis. After completing the program, students may go on to a graduate degree program in public affairs analysis at the Claremont Graduate School in California. The Coro representative will be in Marvin Center, Room 407.

Thursday, November 19, Charles Barbour, director of communications for the Law School Admisssions Council, will talk with students interested in the Law School Admissions Test format which is being changed this year. Following a formal presentation, he will answer questions about the new LSAT and other law admissions matters. The semester, sponsored by the Pre-Law Society and the Graduate Fellowship Information Center, will begin at 6 p.m. in Marvin Center, Room 402, and last approximately one hour.

Graduate Fellowship Information Center Director Andrea Stewart asks faculty and staff members to call these sessions to the attention of students who might have an interset in the programs. For information, call ext. 6217.

THE HOUSING SITUATION

Continued from page 1

percent, it does not appear to be economically feasible to build new on-campus housing at this time. To acquire just 190 spaces, for example, assuming even a 16 percent interest rate, each student in the entire housing system would system would have to pay at least $260 more in housing fees each year for added debt service costs. And, as is noted in the accompanying article by the Director of Housing, the rates are already going up because of inflation and a perceived need for additional services.

Why is there a shortage of off-campus housing? Two factors are paramount, high interest costs and government regulations. High interest costs have stopped new rental housing construction. We also are faced with the Rental Accommodations Act of the District of Columbia which has had a serious effect on the housing market. This act sets limits on the rents which can be charged by D.C. landlords. The current limits do not provide landlords with an opportunity to recover their costs under an inflationary situation. These pressures force landlords to sell or convert their buildings...and the best way that can be done under the District of Columbia's laws is through conversion to condominiums, either by the landlord or by the tenants themselves. At the present time, with high interest rates condo conversions are also slowing down. But even in the cases of successful conversions, the result is not satisfactory for students. Using the President Apartments on Eye Street as an example, prior to conversion efficiencies cost $200 a month under rent control. Following conversion, the average cost to the occupant is over $700 a month.

Students are of differing opinions about what should be done. While some are critical of any attempt to go outside the campus to acquire housing, others urge that we do so, if that is the only realistic way to acquire additional housing. If GW purchases an existing building off campus, amortizing the costs of acquisition and renovation under present market conditions would drive our rental rates higher than they are now projected, as discussed above. It is the university's long-standing policy that the users of auxiliary enterprises such as housing, parking and contract food services must pay all costs for these services so that further pressure is not generated on tuition. At the same time, we cannot undertake commitments which would drive housing rates out of reach of users.

Any look beyond the campus brings almost certain criticism from neighborhood groups. Although the university has the right to acquire and use buildings in both residential and commercial zones, we must be aware of community concerns and exercise that right with sensitivity.

In short, the solution to the housing problem is not a simple one. There is no single solution at present, but we will continue to try to balance the variables and pursue opportunities for additional housing under the less-than-favorable external circumstances that now exist.

Affairs

PROPOSED RATES FOR UNIVERSITY RESIDENCE HALLS, 1982-1983
Includes an approximate 10% increase from 1981-82 rates.
*Does not include cost of 24-hour entrance staffing, to be determined.**

Halls	*Single*	*Double*	*Triple*	*Four*	*Six*
Calhoun		*$1,670*	*$1,620*		
Crawford		*$1,670*			
JJ				*$1,740*	*$1,740*
Madison		*$1,670*	*$1,620*		
Mitchell	*$1,820*				
Strong	*$1,820*	*$1,670*	*$1,620*		
Thurston		*$1,670*	*$1,670*	*$1,670*	*$1,560*
Apt. Buildings					
Everglades		*$1,960/1,860*			
F.S. Key		*$1,860*	*$1,860/1,740*		
Milton		*$1,960/1,860*	*$1,740*		
Munson		*$1,960/1,860*	*$1,740*		

** All rates will be increased by about $165, as explained in the accompanying article.*

the monday report

November 23, 1981 (266)

for the George Washington University community/Jane Lingo, editor/Jeryl Johnson, asst. editor/Public Relations/676-6460

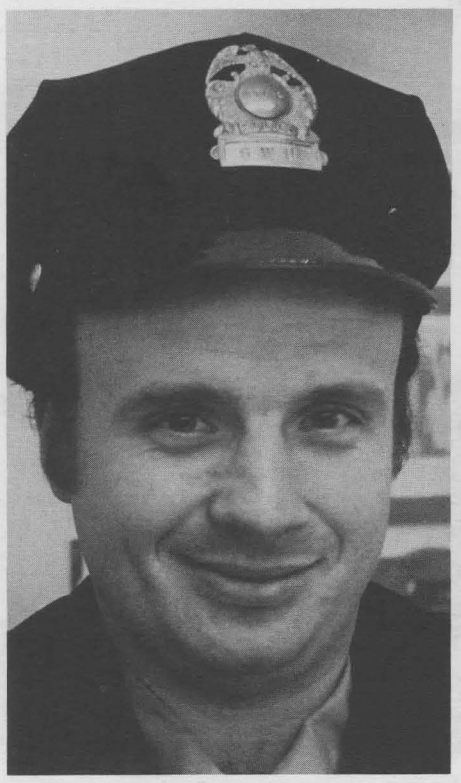
"AROUND THE WORLD IN HOLY DAYS" IS FIRST WEDNESDAY TOPIC

The Rev. Robert G. Jones, professor of religion, will discuss the complexity and variety of the world's holy times Wednesday, December 2, at 8 p.m. in Marvin Center Ballroom as part of the First Wednesday Lecture Series. The series is sponsored by the GW Alumni Relations Office. Dr. Jones will uncover some of the layers of nature symbolism, historical adaptation and theological interpretation of holy days.

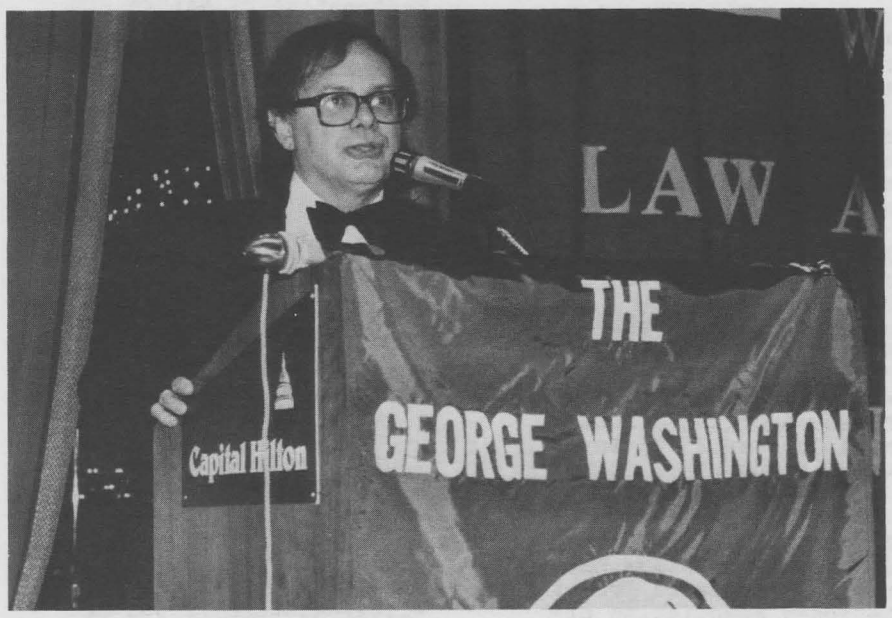
There is no charge for the lecture, but reservations are required at least two days in advance. Call ext. 6435. Dinner at the GW University Club, for members and non-members, will be available at 6:30 p.m. before the lecture. Call ext. 6610 two days before to make reservations.

REGISTER YOUR BIKE AND GET A GOOD LOCK

A program of registering bicycles has been established by the Office of Safety and Security for GW students, faculty and staff. Bicycles will be registered at the Security Office in Woodhull House, 2033 G St., N.W., from 9 a.m. to 4:30 p.m., Monday through Friday, throughout the year. Bicycle owners will be required to fill out a 3 by 5 card furnishing name, address, description of bicycle, cost and color of model. A small reflective decal will be affixed to bikes for easy recognition. There is no fee for this service. The Office of Safety and Security has a small supply of good bicycle locks available at cost. Call ext. 6110.



SECURITY PATROLMAN GEORGE M. BRITTLE has been designated Officer of the Quarter for July through September of this year, and has received a plaque and a letter of commendation. He has been a member of the GW Campus Police since March 1973. A graduate of Washington and Lee High School in Arlington, he studied law enforcement at Northern Virginia Community College.



DEAN BARRON ANNOUNCES $16.7 MILLION LAW BUILDING PROGRAM CAMPAIGN

With an audience of several hundred law alumni and friends, Dean Jerome A. Barron announced the beginning of the National Law Center's $16.7 million capital fund drive. The occasion was the annual Founder's Day dinner dance at the Capital Hilton on November 13.

"When the building program is complete, it will truly give us visible resources to match our human resources," the dean said. Eight million dollars will be raised from alumni and friends of the Law Center; the remainder will come from university resources.

"We are proud to announce that over $3 million of the $8 million we seek has already been pledged," the dean added. "We will be calling on you in the months ahead, if we haven't done so already, for your support. I'm sure we will be able to obtain it."

The bulding program involves the complete renovation of Stockton Hall, construction of a new classroom building on the north side of Stockton and expansion of the Jacob Burns Law Library to the south. The new Law Center will contain a new moot courtroom, a main library reading room, 13 new classrooms and new student lounges. The school's much-praised clinical program serving the elderly and indigent populations of Washington's inner city will have attractive new quarters.

Left to right, SEHD Dean Eugene Kelly, Education Alumni Association President Dr. John O'Shea and D.C. Public School Superintendent Floretta McKenzie chat prior to her opening address at a day-long seminar on "New Directions." McKenzie emphasized that public education will be expected to continue doing more with less and suggested leadership training for school administrators, leasing vacant school buildings, soliciting corporate support for computer literacy programs and using new technology to streamline scheduling, record keeping, personnel recruitment and other functions currently done manually.

DIMOCK GALLERY EXHIBITION TO GOUCHER COLLEGE

"Configurations: A Selection of Contemporary Photographs" organized by the GW Dimock Gallery and exhibited there in the summer and early fall, is on exhibition in Goucher College's Kraushaar Auditorium through November 30.

NSF GRAD FELLOWSHIP DEADLINE IS DECEMBER 18

The Graduate Fellowship Information Center has been informed by the National Research Council that funding will be available for the 1982 Graduate Fellowship and Minority Graduate Fellowship Competition.

The awards are made to individuals with ability and special aptitude for advanced training in science or engineering. Applications are encouraged from minorities, women, the physically handicapped and members of other groups under-represented in science and engineering.

To be eligible, a student must be a citizen or national of the United States, and, at the time of application, have not completed more than 20 semester hours of study in any of the science or engineering fields following completion of a first baccalaureate degree in science or engineering. Students must take the GRE verbal, quantitative and analytical section, and the advanced test in a field most closely related to their graduate study area.

Fellowships carry a stipend of $6,900 for 12-month tenures. A cost-of-education allowance of $4,000 is provided to the fellow's institution. These fellowships will be offered for a maximum of three years.

Friday, December 18, is the deadline for submission of fellowship application part one. Application forms are available from the Graduate Fellowship Information Center, Building S, 2025 H St., N.W. Call ext. 6217 or National Research Council Fellowship Office, 334-2872.

LIBRARIES HOURS FOR THANKSGIVING

Hours of the university's three libraries for the Thanksgiving recess follow.

Melvin Gelman Library
Wed, Nov 25 8:30 am to 10 pm
Thurs, Nov 26 Closed
Fri, Nov 27 10 am to 5 pm
Sat, Nov 28 10 am to 6 pm
Sun, Nov 29 noon to 10 pm

Jacob Burns Law Library
Wed, Nov 25 8 am to 8 pm
Thurs, Nov 26 Closed
Fri, Nov 27 9 am to 5 pm
Sat, Nov 28 9 am to 5 pm
Sun, Nov 29 9 am to midnight

Paul Himmelfarb Health Sciences Library
Wed, Nov 25 7:30 am to 6 pm
A/V 8:30 am to 5 pm
Thurs, Nov 26 Closed A/V Closed
Fri, Nov 27 Closed
A/V Closed
Sat, Nov 28 10 am to 6 pm
A/V 10 am to 5 pm
Sun, Nov 29 10 am to 9 pm
A/V 10 am to 5 pm

COME HEAR HANDEL'S "MESSIAH"

The George Washington University Chorus, Orchestra and soloists will give the Christmas portion of G.F. Handel's "Messiah" Monday, December 7, at 8 p.m. in Lisner Auditorium under the direction of Professor of Music George Steiner. The performance is open without charge.

newsnotes

PROFESSIONAL ACTIVITIES

WILLIAM ADAMS, associate professor of public administration, chaired a panel on "Policy Issues and the Media in the 1980 Presidential Election" at the annual meeting of the Southern Political Science Association in Memphis November 5.

FREDERICK AMLING, professor of business finance, gave a talk, "The Role of Personal Finance in Planning for Retirement," at the Central Intelligence Agency's Retirement Information Seminar November 3.

MOLLIE H. BOWERS, assistant professor of business administration, has been elected president of the 1,100-member Society of Professionals in Dispute Resolution. At the society's annual conference in Toronto October 26-29, Bowers gave an address entitled "The Bottom Line and Beyond" and a paper entitled "The American Experience with Grievance Mediation."

MARCUS CUNLIFFE, university professor, took part in a Finletter Fund conference, entitled "Can Representative Government Do the Job?" The conference was arranged by Arthur M. Schlesinger Jr. and took place October 31 at the Graduate Center, City University of New York.

JAMES E. FALK, professor of operations research, gave a talk, "A Way to Find the Minimum of a Concave Function Over a Linear Polyhedron," during the New Developments in Optimization and Forecasting session at the OR/MS (Operations Research/Management Science) in the 1980s--New Directions, New Techniques symposium held November 2 in the Marvin Center.

ANDREA F. MORRIS, instructor in human kinetics and leisure studies and coordinator of the HKLS therapetic recreation program, received a special presidential award from the National Therapeutic Recreation Society in October for her efforts in legislative advocacy. In addition, she was elected to the board of directors of the National Consortium on Physical Education and Recreation for the Handicapped.

DONALD GROSS, professor of operations research, gave the welcome and opening remarks to the symposium Operations Research/Management Science in the 1980s--New Directions, New Techniques co-sponsored by the Department of Operations Research and held in Marvin Center November 2.
Other sponsors were the National Bureau of Standards and the Washington Operations Research Management Science Council. Gross chaired the Queueing Software session at the ORSA-TIMS (Operations Research Society of America-Institute for Management Sciences) joint national meeting held October 11-14 in Houston. Also, Gross gave a seminar entitled "A Closed Queueing Network Model for Multi-echleon Repairable Item Provisioning" (co-authored with DOUGLAS R. MILLER, asssociate professor of operations research, and RICHARD M. SOLAND, professor of operations research, to faculty and students of the mathematical sciences department of Johns Hopkins University October 22 in Baltimore at their invitation.

MURLI GUPTA, associate professor of mathmatics, attended the fall meeting of the Society for Industrial and Applied Mathematics October 26-28 and presented a paper entitled "On the handling of the singularities of the driven cavity problem."

JAMES P. HONAN, research assistant, ERIC Clearinghouse on Higher Education, was a panel speaker at the National Endowment for the Humanities Grantsmanship Workshop for Minority Research Organizations held October 25-27 in Washington.

MONROE S. HURWITZ, manager of the GW Bookstore has received an award from the National Association of College Stores for new ideas. This award is for using a telephone message machine to give general information and promote the bookstore. This is the fifth "Pick and Promote" award the bookstore has had in the past 10 years. The award announcement was made in the College Store Journal October/November 1981 issue.

GARTH P. McCORMICK, professor of applied science, presented a paper entitled "Finding Global Optima for Nonlinear Regressions in Nonconvex Problems" during the New Developments in Optimization and Forecasting session at the OR/MS in the 1980s--New Directions, New Techniques symposium held November 2 in Marvin Center.

DOUGLAS R. MILLER, associate professor of operations research, gave a talk entitled "Stochastic Analyses for System Optimization" in the session entitled Applications in Stochastic Processes at the symposium on OR/MS in the 1980s--New Directions, New Techniques, held November 2 in Marvin Center.

JONATHAN D. MORENO, assistant professor of philosophy, spoke on "Translating Models of Mental Illness" to the George Mason University Department of Philosophy October 23. The lecture was based on his book, Discourse in the Social Sciences, soon to be published by Greenwood Press.

AHMED K. NOOR, professor of engineering and applied science, presented an invited lecture October 21 at the Department of Aerospace Engineering, Delft University of Technology, Holland, entitled, "Recent Advances in the Bifurcation Buckling and Post-Buckling Analysis of Structures." The seminar was attended by university faculty and persons from industry.

PUBLICATIONS

FREDERICK AMLING, professor of business finance, has co-authored a book with William Droms, DBA'75, entitled Personal Financial Management, Richard D. Irwin, Inc., October 1981.

DIANE APOSTOLOS-CAPPADONA, Visiting lecturer in religion, an article, "Oxford and the Pre-Raphaelites from the Perspective of Nature and Symbol," in the Journal of Pre-Raphaelite Studies, November 1981, Vol. 2, No. 1, pp. 90-110.

AMITAI ETZIONI, university professor, has received word from Prentice-Hall that his work entitled Modern Organization, has been published in the Bahasa Malaysian language.

MURLI GUPTA, associate professor of mathematics, an article, "Nature of Viscous Flows near Sharp Corners," Computers and Fluids, Vol. 9, 1981, pp. 379-388. Gupta also has a chapter in Advances in Transport Processes, entitled "Numerical Methods for Viscous Flow Problems," Wiley/Halstead Press, pp. 139-209.

GUIDO E. MAZZEO, professor of Spanish, reviewed Rene Andioc's, Teatro y sociedad en el Madrid del siglo XVIII, Madrid, Editorial Castalia, 1976. The review appears in the Hispanic Journal, II, No. 2, 1981, pp. 149-51.

FREDERIC R. SIEGEL, professor of geochemistry, JACK W. PIERCE, adjunct professor of geology, and Dennis Kostick, M.S. candidate in geology, a paper, "Suspensates and Bottom Sediments in the Chilean Archipelago," Modern Geology, 1981, Vol. 7, pp. 217-229.

JAMES B. THURMAN, assistant professor of business administration, co-authored an article entitled "How to Work with Local Government to Get Your Budget Approved" in the International Fire Chief, Vol. 47, No. 10, October 1981.

personnel notices

Assistant Director for Continuing Education, Continuing Engineering Education Program. (Assists with management of a large national and international marketing program using direct mail, advertising and press releases promoting multidisciplinary short courses including engineering, physics, communications, computer sciences, energy, medical engineering, and electronics. Acquire mailing lists, determine customer response, and evaluate statistics for organizational improvement and expansion. B.S. degree and previous marketing experience.) Contact J.W. Perkins, Director, Continuing Engineering Education Program, ext. 6106.

Research Associate, GW Program of Policy Studies in Science and Technology. (Primary task, project development including proposal drafting and negotiation. Previous experience in policy research management required, as well as familiarity with emerging policy issues. Advanced educational background in economics, political science, business administration, policy analysis or science/technology preferred. Position through June 1982, with potential for full-time. Continued employment dependent upon availability of research grants/contracts.) Send resumes to Dr. Louis H. Mayo, Director, Program of Policy Studies in Science and Technology, Gelman Library, Room 714.

Reader Services Librarian, Jacob Burns Law Library. (Master's degree from ALA-accredited library school required. Law library experience desirable. Duties: reader services as one of three full-time librarians in Reader Services Department, with possible specialization in A-V/microform collection. Some supervisory responsibilities. May require evening and weekend hours. Position available immediately.) Contact Professor Anita K. Head, Jacob Burns Law Library, ext 7337.

George Washington University is an equal opportunity/affirmative action employer.

D.C. Metropolitan Police Officer Anthony S. Murray shows Lori Gillen, of the GW Rape Awareness Task Force, a good way to escape an assault during a Proect Thyself Day presentation at the Marvin Center on Nov. 12.

UNIVERSITY BOOKSTORE ANNOUNCES DATES

The University Bookstore will begin reorganizing the textbook department Tuesday, December 1, for spring semester.

Anyone who will need books for the current semester should get them as soon as possible and before Friday, December 4.

Textbook information for spring semester will not be available until after Monday, January 4, 1982.

the monday report

December 7, 1981 (267)

for the George Washington University community/Jane Lingo, editor/Jeryl Johnson, asst. editor/Public Relations/676-6460

SUSAN PEACOCK, pictured above, says that GW employees who know D.C. high school seniors who might be interested in the EOP program at GW should have students call her at 676-6054, or employees may give Susan names, addresses and/or home phones of interested students and she will contact them directly.

IF YOU LIVE IN THE DISTRICT AND WORK AT GW YOU CAN HELP SOMEONE IN YOUR NEIGHBORHOOD ATTEND GW ON FULL-TUITION GRANT

GW Admissions Office is looking for college-bound seniors in District of Columbia high schools. Students who have a B or better average in their academic subjects in a college preparatory curriculum and have scored above 400 on each section of the SATs (Scholastic Aptitude Tests) have a good chance to be admitted to the university's EOP program described below.

"We're looking for good students who plan to go on to college, but who are in financial need and would need assistance to attend George Washington University," says Admissions Counselor Susan Peacock. "Here's where District residents on the GW staff can help us. Many of our employees live right here in the District. If they know of young people in their neighborhoods with good high school records and an interest in attending GW, I would like to make these students aware of a special program at the university called the Educational Opportunity Program."

Through the EOP program, students receive up to full-tuition grants for four years. A special summer pre-college review and enrichment program enhances skills needed for success in college and involves intensive work in communications and mathematics. Supportive services are also available including counseling and a tutorial program. A minimum of 40 such grants are available each year to District residents in financial need and admissible to the university.

"Though the EOP program is publicized in area high schools, there are still many good students who are unaware of it," explains Peacock. "And there's nothing better than word of mouth in letting people know about this program. If a student qualifies, it's a chance to attend GW four years tuition free."

The Educational Opportunity Program has been in existence since 1969 and grew out of concerns of the Black Peoples Union at GW. Since that time hundreds of students have finished the program and graduated, some of whom have gone on to graduate and professional schools.

GRAPHIC WORKS OF MAX KLINGER TO BE SHOWN BY DIMOCK

The GW Dimock Gallery will show the graphic works of Max Klinger in an exhibition entitled "Romance and Imagination: The Etchings of Max Klinger (1857-1920)" from Thursday, December 10, through Friday, January 8. More than 60 of Klinger's graphics from the collection of Lionel C. Epstein may be seen in the show.

Klinger, a German artist born in Leipzig, studied in Berlin and had his first exhibition in Berlin in 1878. This exhibtion included pen and ink drawings for "A Glove" series, for which he is best known. The print cycle "A Glove" was produced in 1881. The 10 plates comprising this series will be shown at the Dimock Gallery. Other series presented will be "Intermezzos," and "Vom Tode" (On Death), as well as selections from "Brahms Fantasies" and "Das Zelt," a bizarre oriental fairy tale invented by the artist.

The Dimock Gallery, off the lower lounge of Lisner Auditorium, is open from 10 a.m. to 5 p.m. weekdays.

PLAY IT SAFE! DURING THE HOLIDAY

During the holiday season, faculty, staff and students in libraries, cafeterias and offices are reminded to watch purses, wallets and other valuables. Keep them in a safe place and out of sight when you don't have them with you. Report any unusual events to Security at ext. 6110.

newsnotes

INTERVIEWS

WILLIAM ADAMS, associate professor of public administration, had a half-hour interview on a Warner Brothers Cable public affairs show called "7:30 Live" November 12. His subject was trends in news media coverage of government.

PUBLICATIONS

AMITAI ETZIONI, university professor, an article, "Refuge Resettlement," The Public Interest No. 65, Fall 1981.

JOHN W. KENDRICK, professor of economics, an article, "International Comparisons of Recent Productivity Trends" in Essays in Contemporary Economic Problems, 1981-1982, William Fellner, editor, American Enterprise Institute.

RAYMOND L. PICKHOLTZ, professor of engineering and applied science, a paper entitled, "Comparison of Performance of 16-ary QASK and MSK over a Frequency Selective Rician Fading Channel," IEEE Transactions on Communications, Vol. 29, No. 11, pp. 1622-1634, November 1981.

CHUNG-WEN SHIH, professor of Chinese, an article "Dominant Themes and Values in Chinese Film," China Film Week, co-published by the American Film Institute and The Museum of Modern Art in New York, October.

RICHARD M. SOLAND, professor of operations research, an article co-authored with John W. Hultz and G. Terry Ross of Analysis and Research, Inc., Austin, Texas, and Darwin D. Klingman, University of Texas at Austin, entitled "An Interactive Computer System of Multicriteria Facility Location," Computers and Operations Research, Vol. 8, No. 4, pp. 249-261, 1981.

SONYA A. QUITSLUND, assistant professor of religion, an article, "Revelation: A Springboard to Prayer," Bible Today, November 1981, Vol. 19, No. 6.

JOHN M. VLACH, associate professor of American civilization and anthropology, a book, Charleston Blacksmith: The Work of Philip Simmons, the story of a black craftsman and folk artist whose decorative ironwork has been significant in the historic restoration of Charleston, S.C., University of Georgia Press, 1981.

PROFESSIONAL ACTIVITIES

DIANE APOSTOLOS-CAPPADONA, visiting lecturer in religion, presented a lecture entitled "Anguish and Ecstasy: The Spiritual Art of Mark Rothko and Isamu Noguchi," on November 20 at the University of Michigan, Ann Arbor. This lecture was co-sponsored by the University of Michigan School of Art, Program of Studies in Religion, Museum of Art, and Office of Ethics and Religion. Apostolos-Cappadona also participated in a dialogue/discussion with the graduate students in the School of Art on the relationship between "Art and Spirituality in the Creative Process."

NATHAN A. BAILY, visiting professor of business administration, is serving as chairman of the audit committees of the boards of directors of Washington Mutual Investors Fund and of Carl M. Freeman Associates.

GEORGE R. BOZZINI, associate professor of English, participated in the third national Convention of ATESI (Association of Teachers of English to Speakers of Italian) in Rome November 13-15. Bozzini also conducted a workshop on "The Teaching of Reading and Writing," and delivered a paper entitled "Approaches to Language Teaching in This Century: Evolution and Revolution."

ROBERT F. BURCH, director of physical plant and ROBERT D. GRANT, manager of plant operations, conducted a seminar on "Preventive Maintenance and Deferred Maintainence" on November 13 at a conference sponsored by the Association of Physical Plant Administrators of Universities and Colleges and the organization Independent School Management.

JONATHAN CHAVES, associate professor of Chinese, gave a lecture, "The Art of Chinese Calligraphy," at the Institute for Asian

Continued on back

Studies, in New York City November 10.

EUGENE E. DUBOIS, professor of education, addressed the Graduate Student Section of the Adult Education Association-U.S.A.'s annual conference in Anaheim, Calif., October 30 on "The Role of Adult Education in the Business Community."

AMITAI ETZIONI, university professor, gave testimony on reindustrialization: the basic thesis on November 18 before the U.S. House of Representatives Public Works and Transportation Subcommittee on Economic Development.

RODERICK S. FRENCH, professor of philosophy, chaired a session on "Scholarly Standards in Public Humanities Programs," at the national conference of State Humanities Councils in Baltimore on November 20. "Can the Humanities Take Sides?" an essay by French, was used as a background paper for a session on the humanities and public policy.

STEPHEN S. FULLER, professor of urban and regional planning, gave a lecture entitled "Economic Analysis of Shelter Sector Projects" on November 3 at the AID Shelter Training Workshop attended by 26 participants from 16 developing countries.

SONDRA GELLER, art therapist at the Counseling Center, DIANE DE PALMA, assistant director of the Counseling Center, and JOAN DAW, former art therapist at the center, co-authored a paper entitled "Developing an Art Therapy Program in a University Counseling Center," which was presented at the 12th Annual American Art Therapy Association Conference October 23 in Grossinger, N.Y.

MARVIN KATZMAN, assistant professor of business administration, attended the Southern Management Association's annual meeting in Atlanta, Ga., November 12-13. Katzman participated in the program as a discussant in the management science/operations management area.

JOHN W. KENDRICK, professor of economics, delivered the first of a series of lectures at New York University on "Entrepreneurship" October 21. He also attended the annual meetings of the Southern Economic Association in New Orleans, November 4-6. His election as president-elect of the association for 1981-82 was announced at the business meeting November 5. On November 12 Kendrick gave a paper at a conference on the science of productivity in Washington. The topic was "The Productivity Growth Dilemma and the Growing Field of Productivity Analysis." Proceedings of the conference will be published.

HEWITT KENYON, professor of mathematics, served as chairman of the arrangements committee for a meeting of the MD-DC-VA section of the Mathematical Association of America held at GW November 13 and 14. John Schmeelk (PhD'76) is chairman of the section. Carol Crawford, one of the principal speakers, is a former student.

KATHLEEN JORDAN, assistant director of residence life, and IRMA McCONNELL, residence counsellor, were co-presentors at the Middle Atlantic College and University Housing Officers conference in Pittsburgh November 6. The presentation, entitled "Who We Are, Where We Are," involoved a review of the Modes of Existence and Myer-Briggs Type Index in designing personal and professional growth environments for professional and para-professional personnel. MARTY IRELAND of the Counseling Center was a consultant on the project and presentation.

HAROLD LIEBOWWITZ, professor of engineering and applied science and the home secretary of the National Academy of Engineering (NAE), participated in the proceedings of the 17th annual meeting of the academy held the week of November 2. A limited number of the proceedings of the technical session will be available in early 1982 from the NAE executive office.

MARION McNABB, studio instructor in piano, attended the International Music Council of UNESCO General Assembly in Budapest, Hungary, where International Music Day, honoring Bela Bartok, was celebrated October 1 in the Liszt-Bartok Academy of Music. McNabb conducted organ research in various cities as a follow-up to her concert tour of 1981 in northern Italy. McNabb was also elected district coordinator of the District of Columbia, Maryland, Virginia and West Virginia area by the National Federation of Music Clubs at their annual fall session in Providence, R.I.

AHMED K. NOOR, professor of engineering and applied science, was the co-chairman of a workshop on computational aspects of heat transfer in structures held at NASA-Langley Research Center, Hampton, Va., November 3-5. Noor also made a presentation on state-of-the-art and future directions in computational methods for heat transfer in structures. The paper will be included in the proceedings of the meeting. On November 16, Professor Noor presented a paper entitled "Mixed Models and Reduced/Selective Integration Displacement Models for Nonlinear Shell Analysis" at the ASME Winter Annual Meeting held in Washington, D.C. Noor also participated in a panel discussion on "Nonlinear Finite Element Analysis of Shells-Past, Present and Future," and chaired two sessions at the same meeting.

PHYLLIS PALMER, assistant professor of women's studies and of American civilization, delivered a paper on "Unities and Disunities of Housework: Divisions between Black and White Women," at a conference on "The Female Sphere: the Dynamics of Women Together in the 19th Century" held at New Harmony, Ind., October 9, sponsored by the Indiana Historical Society and Historic New Harmony, Inc.

JOHN N. PEARCE, associate professor of urban planning and American civilzation, gave a lecture November 5 to alumni particpants in the Alumni Relations Office's series, "Tracing Our Heritage," on "Issues in Historic Preservation: Bringing Our Past into Our Present and Furture." November 8 Pearce was named chairman of a newly formed committee on research of the Friends of the Hollow, a group formed last year to preserve a house called "The Hollow," boyhood home of Chief Justice John Marshall, at Markham, Va. Pearce, also gave a lecture, "Images of Brookland: the History and Architecture of a Washington Suburb," November 19 in the Ward 5 Neighborhood History Workshop, the fifth of a series of such workshops being sponsored throughout the city by the Museum of the City of Washington, under a grant from the D.C. Council on the Humanities.

RAYMOND L. PICKHOLTZ, professor of engineering and applied science, chaired the session on protocols for data communications at the 7th Data Communications Symposium held recently in Mexico City. The symposium was sponsored by the Institute of Electronic Engineers, the Association for Computing Machinery and the Mexican Institute for Advanced Study.

RICHARD H. SCHLAGEL, professor of philosophy, was one of the panelists of the session on "Epistemology and Cybernetics" during the recent annual meeting of the American Society for Cybernetics held at GW.

LOIS G. SCHWOERER, professor of history, delivered a paper titled "Lawrence Stone and Women in Seventh-Century England" at the annual meeting of the Mid-West Association of Eighteenth-Century Studies held at Illinois State University on October 16.

CHUNG-WEN SHIH, professor of Chinese, gave an illustrated lecture on the current state of China's writers at the Council on East Asian Studies at Yale University November 17 and again at the East Asian Colloquium at the University of Virginia November 20.

FREDERIC R. SIEGEL, professor of geochemistry, ROY C. LINDHOLM, professor of geology, and J. Eduardo Vaz, PhD, 1969, GW, authored the paper "In-ground Environmental Radioactivity Monitoring Using LiF Thermoluminescence Dosimeters," presented by Siegel at the Environmental Geology Section of the Geological Society of America 94th annual meeting, November 3 in Cincinnati.

JEANNE SNODGRASS, professor of human kinetics and leisure studies, presented a seminar on physical activity for older adults October 24 at the fall conference of Eastern Association of Physical Education for College Women.

RICHARD M. SOLAND, professor of operations research, presented a paper entitled "Multiple Criteria Decision Making: An Overview" in the Applications in Decision Science session of the OR/MS in the 1980s--New Directions, New Techniques symposium held November 2 in Marvin Center.

CARL STEINER, professor of German, acted as moderator in a discussion on "Entfremdung im modernen Dasein" at the Embassy of Switzerland November 6.

KLAUS THOENELT, professor of German, was one of two speakers at a meeting of the American Goethe Society of Washington, D.C., at the Embassy of Switzerland November 6. His topic was "Entfremdung im modernen Dasein."

SUSAN J. TOLCHIN, associate professor of public administration, chaired a panel on "The Implementation of the Civil Service Reform Act" at the annual meeting of the American Institute of Decision Sciences in Boston November 20.

ALAN G. WADE, assistant professor of speech, gave a paper titled "Intrepretation Beyond the Classroom: the Performance Festival" at the annual meeting of the Speech Communication Association at Anaheim, Calif., November 15.

DEWEY D. WALLACE JR., professor of religion, was paper commentator on papers delivered on "Sixteenth-Century Interpretations of Christ's Descent into Hell" at the Sixteenth-Century Studies Conference held at the University of Iowa October 29-31.

SHIRLEY M. WRIGHT, adjunct assistant professor of English and director of English for international students, and DORIS JOHNSON special assistant to the dean, Division of Continuing Education and Summer Sessions, participated in a panel entitled "What Do You Mean by That? English Language Programs and Admissions Officers Speak to Each Other" at the National Association for Foreign Student Affairs regional conference November 6 in Baltimore.

HELEN B. YAKOBSON, professor of Russian, was elected president of the Washington Chapter of the Literary Foundation (LITFOND) September 20.

The Monday Report

personnel notices

Education Program Assistant, Mid-Atlantic Regional Resource Center for Special Education (B.A. or M.A. in Special Education; one year paid classroom experience, or equivalent. Considerable knowledge in at least one area of special education; skill in technical and report writing; interpersonal and communication skills, showing the ability to work independently and as part of a group, depending on the situation.) Write or call Mid-Atlantic Regional Resource Center, Dr. Raymond S. Cottrell, Director, 1901 Pennsylvania Ave., N.W., Suite 505, Wash., D.C. 20006, Ext. 7200.

Research Assistant, Electrical Engineering and Computer Science. (Begin January 15, 1982. Assist in the analysis and design of man-machine interface for several interactive computer systems. Minimum requirements include B.S. in Computer Science or related field. Education and/or experience in computer graphics or human factors is desirable.) Contact Professor Sibert, EE & CS, ext. 4953.

George Washington University is an equal opportunity employer.

LIBRARIES HOURS THROUGH NEW YEAR'S DAY

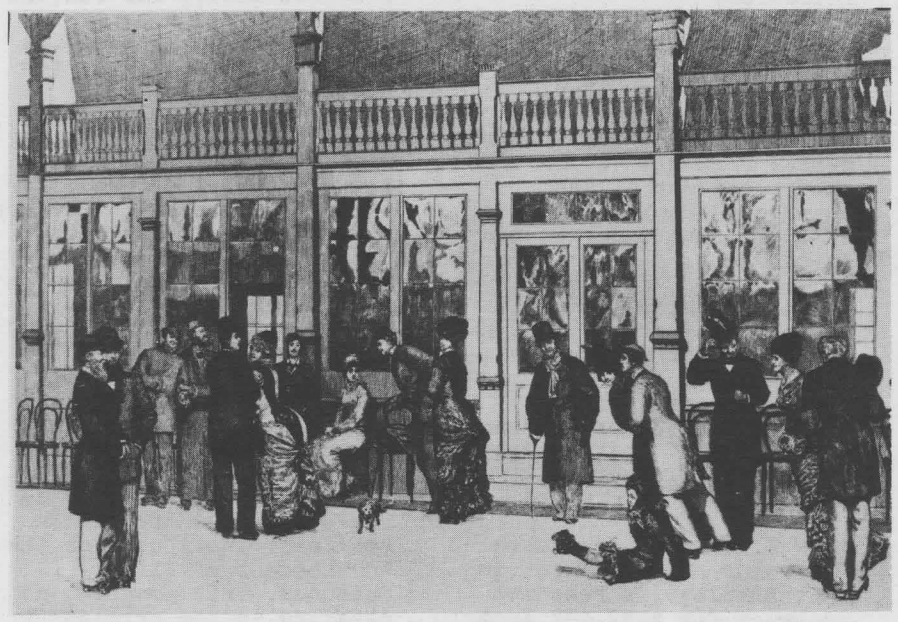
Hours of the university libraries through Jan. 1, 1982 follow.

MELVIN GELMAN LIBRARY
Mon, Dec 14 through Fri, Dec 18, 8:30 am to 2 am
Sat, Sun, Dec 19 and 20, 10 am to 2 am
Mon, Tues, Dec 21 and 22, 8:30 am to midnight
Wed, Dec 23, 8:30 am to 10 pm
Thurs, Dec 24 through Sun, Dec 27, CLOSED
Mon, Dec 28, through Wed, Dec 30, 8:30 am to 5 pm
Thurs, Fri, Dec 31 and Jan 1 CLOSED.

JACOB BURNS LAW LIBRARY
Mon, Dec 14 through Thurs, Dec 17, 8 am to midnight (2nd floor open to 2 am, Mon, Dec 14-Wed, Dec 16)
Fri, Dec 17, 8 am to 5 pm
Sat, Sun, Dec 19 and 20 CLOSED
Mon, Dec 21 through Wed, Dec 23, CLOSED except to staff and faculty
Thurs, Dec 24 through Sun, Dec 27, CLOSED
Mon, Dec 28 through Wed, Dec 30, CLOSED except to staff and faculty
Thurs, Fri, Dec 31 and Jan 1 CLOSED.

PAUL HIMMELFARB HEALTH SCIENCES LIBRARY
Mon, Dec 14 through Thurs, Dec 17, 7:30 am to midnight
Fri, Dec 18, 9:30 am to 6 pm
Sat, Sun, Dec 19 and 20, 10 am to 6 pm
Mon, Dec 21 through Wed, Dec 23, 7:30 am to 6 pm
Thurs, Fri, Dec 24 and 25 CLOSED
Sat, Sun, Dec 26 and 27 10 am to 6 pm
Mon, Dec 28 through Wed, Dec 30, 7:30 am to 6 pm
Thurs, Fri, Dec 31 and Jan 1 CLOSED.

Bloedorn Audiovisual Study Center
Mon, Dec 14 through Thurs, Dec 17, 8:30 am to 10 pm
Fri, Dec 18, 8:30 am to 5 pm
Sat, Sun, Dec 19 and 20 CLOSED
Mon, Dec 21 through Wed, Dec 23, opened on request
Thurs, Dec 24 through Sun, Dec 27, CLOSED
Mon, Dec 28 through Wed, Dec 30, opened on request
Thurs, Fri, Dec 31 and Jan 1, CLOSED.



Max Klinger's Place, part of the 1881 series "A Glove," is included in the Dimock Gallery's current exhibition of the graphic works of the German artist. More than 60 of Klinger's works from the Lionel C. Epstein collection are on exhibit.

newsnotes

PUBLICATIONS

LEO P. RIBUFFO, associate professor of history, an essay, "United States v. McWilliams: The Roosevelt Administration and the Far Right," in American Political Trials, M.R. Belknap, editor, Greenwood Press, 1981.

LOIS SCHWOERER, professor of history, a book, The Declaration of Rights, 1689, John Hopkins University Press, November 1981.

PROFESSIONAL ACTIVITIES

ANTHONY COATES, professor of geology, was elected to the organizing committee of the International Society for Reef Studies. Coates also gave two seminars on the "Evolution and Ecology of Corals through Time" at the University of Colorado at Boulder October 28 and November 1.

AMITAI ETZIONI, university professor, addressed the University of Tampa community and Tampa residents November 19. His topics were "Sociology: Agent of Social Change," "Reindustrialization: Can America Compete?" and "Freedom and Dignity in Society: Public vs. Individual Responsibility."

MURLI GUPTA, associate professor of mathematics, presented a paper entitled "A Fourth Order Finite Difference Scheme for the Navier-Stokes Equations" at the symposium on Computers in Flow Predictions and Fluid Dynamics Experiments, held in conjunction with the American Society of Mechanical Engineers winter meeting in Washington, D.C. November 15-20.

JOHN D. HUNT, professor of human kinetics and leisure studies, presented a paper entitled "Sources of Data and Information for Travel and Recreation" at the National Recreation and Parks Association Annual Congress in October. On November 20, he gave an address entitled "A Rationale for Travel and Tourism Education" to the Washington Chapter of the Travel and Tourism Research Association. Hunt was elected to the board of the directors of the association at the same meeting.

DORIS JOHNSON, special assistant to the dean, Division of Continuing Education and Summer Sessions, has been named co-chair of a national task force on sponsoring agencies of the National Association for Foreign Student Affairs. She will serve for two years.

MARVIN CENTER CAFETERIA AND RATHSKELLER HOURS THROUGH 1981 AND BEYOND

The Marvin Center first-floor cafeteria will close on Wednesday, December 23, at 3 p.m. for the year 1981. It will reopen Monday, January 4, for service from 7 a.m. to 2 p.m. through Friday, January 8. January 11, 12, and 13, hours will be 7 a.m. to 5 p.m. with regular hours resuming on January 14.

The Marvin Center rathskeller will close Monday, December 21, at midnight and remain closed until Monday, December 28. Hours December 28 through 30 will be 7 a.m. to 3 p.m. Following 3 p.m. closing, Wednesday, December 30, the "rat" will remain closed until Wednesday, January 13, 5 p.m. Regular hours resume January 14.

ATTENTION: TIAA-CREFERS IMPLICATIONS OF THE NEW TAX ACT

The November 1981 TIAA-CREF newsletter, The Participant, sent to faculty and staff in the TIAA-CREF retirement plan, discussed the Economic Recovery Act, which becomes effective January 1, 1982. This tax legislation contains a variety of tax incentives designed to stimulate personal saving.

The University currently offers eligible faculty and staff in the TIAA-CREF plan the opportunity to reduce their salaries voluntarily the maximum allowed by the Internal Revenue Code to buy tax-deferred annuities (TDAs). The liberal and flexible tax-deferred provisions for annuity purchases through TDA will be unaffected by the new tax act.

For TIAA-CREF participants who are now at the maximum salary reduction permitted by the Internal Revenue Code, the new tax act offers a valuable additional opportunity for tax deferral--$2,000 per year through qualified voluntary employee contributions (QVECs) if such contributions are made part of the retirement plan. The University will determine whether the QVEC option will be added to GW's plan after further information is recieved from TIAA-CREF.

The new tax act also allows faculty and staff participating in TIAA-CREF, as an alternative to QVECs, to make tax deductible payments to an Individual Retirement Account (IRA) established with a bank, mutual fund, insurance company or other financial institution. Prior to the new tax act, participation in IRAs was restricted to employees who were not eligible to participate in an employer-sponsored retirement plan. It is not currently anticipated that IRA will be available through the university.

As soon as possible, an announcement will be made regarding any changes in the University's retirement plan as it is affected by the new tax act. Watch Monday Report and Friday Report.

personnel notices

Research Assistant, Department of Civil, Mechanical and Environmental Engineering. (To assist in research in the area of active control of civil engineering structures subjected to seismic and wind loads. A bachelors degree and a basic knowledge in probability, statistics, structural dynamics, random processes and earthquake engineering is required. The assistant will work under the direction of Professor J.N. Yang of the Department of Civil, Mechanical and Environmental Engineering, School of Engineering and Applied

JOAN K. LIPPINCOTT, head of the reference department of Gelman Library, was a panelist on November 20 at a Library of Congress program on the relationship between the Library of Congress and other Washington area libraries.

GUIDO E. MAZZEO, professor of Spanish, attended the Second Annual Conference of the American Association of University Professors of Italian held at UCLA November 20-22, where he read a paper at the Italo-Hispanic Studies Section entitled: "18th Century Hispano-Italian Paranoia: The Lampillas-Tiraboschi Polemic on Spanish Literature."

PHYLLIS M. PALMER, assistant professor of women's studies and of American civilization, was one of five panelists speaking on "Racism and Sexism: The Double Bind," held November 10, at the Lincoln Park Community Center, Rockville, co-sponsored by the Commission for Women, Office of Minority Affairs, and Montgomery County Human Relations Commission.

GRANTS

JOSEPH FOA, professor emeritus of engineering and applied science, a research contract for $52,648 from the Air Force Office of Scientific Research, the Air Force and the Department of Defense. The project title is Non-Steady Flow Induction.

THOMAS FREUND, research professor in chemistry, a research contract for $52,655 from the Naval Research Laboratory. Experimental work will be initiated on the concept of the catalyzed chemical destruction of toxic substances trapped in barriers.

TAVIA GORDON, research professor of statistics, a research contract for $53,849 from A.L. Nellum and Associates, Inc. for the development of a proposed Department of State Medical Mangement Information System.

DEAN E. KRUEGER, research professor of statistics and ophthalmology, a research contract for $252,697 from the National Heart, Lung and Blood Institute, NIH for a data center for clinical study of intermittent positive pressure breathing; a research contract for $204,321 from the U.S. Army Medical Research and Development Command and the Department of Defense for biostatistical services (collection phase) for the study of anatomical and functional sequelae of head injuries incurred in Vietnam.

JOHN M. LACHIN, associate research professor of statistics, a research contract for $61,104 from the Cedars-Sinai Medical Center to conduct a cooperative clinical trial on the dissolution of gallstones by bile acid feeding.

HAROLD LIEBOWITZ, professor of engineering and applied science, a cooperative agreement with NASA-Langley Research Center for $39,413 to conduct a research program in flight dynamics in the Joint Institute for Advancement of Flight Sciences at the NASA-Langley Research Center; a research grant from NASA-Langley Research Center for $65,625 to execute a research program in laminar flow control at the NASA-Langley Research Center; a research grant from NASA-Langley Research Center for $36,823 to conduct a research program in high-speed aerodynamics in JIAFS at NASA-Langley Research Center; a research grant for $112, 067 from NASA-Langley Research Center to renew the Core Program in the Joint Institute for the Advancement of Flight Sciences. This program, as detailed in the original proposal of November 1980, will permit JIAFS to conduct high-risk innovative research, administer and direct the on-going programs, and appoint additional graduate research scholar assistants.

WILLIAM H. MARLOW, professor of operatrions research, a research contract for $200,000 from the Office of Naval Research to execute logistics planning.

PHILIP N. REEVES, professor of health services administration, a training contract for $88,386 from the Veterans Administration, to design and present a 30-session seminar on "The Theory and Practice of Large System Leadership."

LILIEN ROBINSON, professor of art, a training grant for $125,437 from the National Endowment for the Humanities to establish a program in East Asian art history in co-operation with the Freer Gallery of Art, Smithsonian Institution, to be based at GW and conducted through the Consortium of Universities.

SAM ROTHMAN, professor of engineering administration, and Irving Silver, a research contract for $133,000 from the Office of Naval Research to execute technical planning support.

JOHN L. SIBERT, associate research professor of engineering, a services contract for $1,500 from the U.S. Geological Survey for a cartographic software project; a research contract for $99,929 from NASA-Goddard Space Flight Center to design a user interface for the generalized balanced ternary system (GBT) for storage and retrieval of multidimensional data.

NOZER D. SINGPURWALLA, professor of operations research and research professor of statistics, a research contract for $56,713 from the U.S. Army Research Office to do research in some applied and modelling aspects of reliability theory.

ERIC SIRULNIK, professor of law, a research grant for $36,276 from the District of Columbia Office on Aging for a four-part program on legal access for the elderly.

TELECOMMUNICATIONS CENTER TO BE LOCATED IN CONTINUING EDUCATION DIVISION

Effective December 16, the Center for Telecommunications has a new administrative home within the Division of Continuing Education. The center, which was established in 1980, is a multidisciplinary unit responsible for coordinating a broad spectrum of teaching and research activities geared to the telecommunications needs of industry and government. These activities include technology, regulatory and legal aspects of telecommunications, and public policy issues.

"Since the Telecommunications Center is vitally concerned with modes of delivery for off-campus educational programs, it is appropriate that it be located in proximity to those concerned with this activity," said President Elliott. The center was formerly administered through the Office of the Provost and Vice President for Academic Affairs.

"Instructional television is ultimately the means by which the university must deliver its off-campus programs, so we feel this is a very important addition to our area," said Dean William F.E. Long of the Division of Continuing Education and Summer Sessions.

The center's director since its inception in 1980, Professor Peter M. Kelly, left his post as director in December. "Professor Kelly has been very instrumental in the crucial start-up phase and in bringing the center to its present status," said Dean Long. Kelly will continue in his position as research professor of engineering. Dean Long will serve as the center's acting director until a new director is appointed. An announcement on that appointment is expected in the

TWO CHANGES IN MARVIN CENTER INFORMATION DESK PRACTICES

The Marvin Center Information Desk advises that one of its services has had to be reduced in scope. It will no longer be possible to provide change for more than one dollar except for those purchasing newspapers or magazines or a service such as poster making. The Information Desk staff hopes to be able to broaden this service again at a future time.

The Ride Board, for all those seeking or offering rides or carpooling arrangements, is accessible to those who wish to use it whenever the Marvin Center is open. The staff is not able to check on rides for ride-seekers or fill out cards for those offering rides.

The Information Desk's service of providing Xerox copies for the small charge of 5 cents remains unchanged.

newsnotes

PUBLICATIONS

MARCUS CUNLIFFE, university professor, an article, "Thomas Jefferson and the Dangers of the Past," Wilson Quarterly, Vol. 6, No. 2, pp. 96-107, Winter 1982.

JAMES W. ROBB, professor of Romance languages, a book, Por los Caminos de Alfonso Reyes (Estudios, Segunda Serie), Mexico, INBA (Instituto Nacional de Bellas Artes) Universidad del Valle de Mexico, 1981, "En busca de la Region Mas Transparente . . .," in La Semana de Bellas Artes, Mexico, No. 208, pp. 2-7, November 25, 1981.

RICHARD H. SCHLAGEL, a review of Time, Causality, and the Quantum Theory, Vols. I and II, by Henry Mehlberg in American Scientist, September-October 1981.

PROFESSIONAL ACTIVITIES

JAMES W. BROWN, professor of law, participated in the semi-annual meeting of the board of directors of the Advisory Board on the Built Environment (ABBE), National Research Council, National Academy of Sciences, November 18 and 19. Professor Brown was appointed chairman of a newly created committee on research initiatives by ABBE Executive Director John Eberhard.

ANTHONY G. COATES, professor of geology, chaired a session at the annual meeting of the International Society for Reef Studies in York, England, December 15 and 16.

AMITAI ETZIONI, university professor, gave the keynote address at a conference sponsored by the Spring Hill Center December 1. His topic was "Reindustrialization, Industrial Policy, and Reaganomics." Subject of the conference was "Productivity Growth and Decline: Does Economic Policy Make a Difference?"

EUGENE W. KELLY JR., professor of education, gave the keynote address "Survival Skills for the Helping Profession," at the 17th Annual C. Harold

Continued from page 1

near future.

"We are now moving toward carrying out the second phase of the center's mission--that of selecting the potential recipients for instructional television programs and determining which specific educational products will be marketed," said Dean Long. "It's this challenging marketing task which will require some creative efforts over the coming months within the Division of Continuing Education. This is something we'll be doing in conjunction with the School of Government and Business Administration, the Graduate School of Arts and Sciences, and the School of Engineering and Applied Science, all of which offer programs through the center.

As an article in Signal Magazine, a publication of the Armed Forces Communications and Electronics Association, described it, "...the (telecommunications) center represents a new era in the growth and understanding of policy, management and research in telecommunications and brings together professionals from every aspect of the field." The article called the GW telecommunications center a major step in providing advanced education for industry and government personnel, and termed the university "uniquely qualified to respond to the mounting demand for training and higher education in the field."

personnel notices

Research Assistant, Department of Biochemistry, full-time, begin January 1. (Studies in the structure and function of thymic hormones. Mininum qualifications include a B.S. in chemistry, biology, or related science. Experience in chromatography, electrophoresis, and other related general techniques in protein chemistry desirable.) Contact Dr. Teresa Low, Department of Biochemistry, ext. 2833, or send resume to Dr. T.L.K. Low, Biochemistry, Ross Hall, Room 226, 2300 Eye Street, N.W., Washington, D.C. 20037.

George Washington University is an equal opportunity employer.

newsnotes

McCully Conference of the National Capitol Personnel and Guidance Association in College Park, Md., on December 4.

RAYMOND L. PICKHOLTZ, professor of engineering and applied science, has been appointed by the National Research Council of the National Academy of Sciences to the U.S. National Committee of the International Union of Radio Science for a two-year term beginning January 1, 1982. Professor Pickholtz chaired the session on adaptive signal processing at the recent National Telecommunication Conference.

JAMES WILLIS ROBB, professor of Romance languages, was guest of the National Institute of Fine Arts and the Universidad del Valle de Mexico for an Alfonso Reyes Homage which included the presentation at the Palace of Fine Arts of his newest book, Por los Caminos de Alfonso Reyes, during special events the week of November 22 to 28. Professor Robb participated in a symposium series at the Universidad Femenina de Mexico with a lecture on "La cena de Alfonso Reyes."

JAY R. SHOTEL, professor of special education; NANCY J.S. SOBEL, associate professor of special education; and GLORIA L. HARBIN, assistant professor of special education, directed a full-day workshop on in-service training for a group of participants that included university faculty and other professionals involved in in-service education. Approximately 50 attended the Saturday Seminar on December 5. Two more sessions, sponsored by the Department of Special Education, are planned for this year. The workshops are primarily designed to offer continuing education to special education alumni.

ROBERT H. WALKER, professor of American civilization, lectured on "Trends in Contemporary Literature" to a faculty-student group at the Federal Fluminense University, Faculty of Letters, Niteroi, Brazil, and consulted on the development of the study of American literature and history with a bi-national group of faculty and officials in the area of Rio de Janiero, Brazil, on a recent South American trip.

HARRY E. YEIDE, professor of religion, delivered a paper on "Research Objectives and the Social Structuring of the Research Enterprise: Historical and Ethical Perspective" at a conference on the subject "Senile Dementia of the Alzheimer's Type and Related Diseases: Ethical and Legal Issues Related to Informed Consent," sponsored by the National Institute of Aging, NIH, November 23 and 24.

GRANTS

ARNOLD C. WAHL, research professor of chemistry, a $50,000 grant from the Office of Naval Research, DOD, for a research project on the development of theoretical methods with applications to the chemical physics of energetic materials.

LAW STUDENTS RAISE QUESTION OF COLLUSION IN WILDERNESS CASE

Four law students and Professor of Law John F. Banzhaf III have asked the California state bar and President Reagan to investigate what they term "a probable violation" of legal ethics by Ronald A. Zumbrun, tentative White House choice to head the national Legal Services Corporation.

The students, Jonathan Rosen, Susan J. Bogel, Janice Platner and Suzanne Kalfus with Professor Banzhaf, cited court records they said supported charges made in the summer by lawyers for environmental organizations that Zumbrun had sought to engage in improper collusion with Interior Secretary James G. Watt in relation to a lawsuit seeking to open the Bob Marshall Wilderness Complex in Montana.

The law students are enrolled in Professor Banzhaf's course in legal activism, designed to teach the use of the legal process as a tool for effecting social change.

GELMAN LIBRARY NOW HAS PHOTOCOPY SERVICE

In response to requests over the last couple of years by the university community, the Gelman Library has begun a photocopy service.

It is located in Room 306 of the library and operates on a first come, first served basis. The service is library staffed and handles requests for 15 or more pages at a cost of 7 cents per page. The requestor is responsible for bringing materials to be photocopied and leaving them with library staff to be copied.

The service is open Sunday through Thursday from 11:30 a.m. to 7 p.m. Hours may be increased if funding permits. Hours may be reduced between semesters.

Payment is due upon receipt of completed work and can be made in cash, check (with proper I.D.) or interdepartmental procurement form. The procurement form requires an authorized signature and will enable charges to be made to departmental or research accounts.

RICHARD P. SEIFERT DIES

Associate Professor of Biology Richard P. Seifert, 35, died of cancer at his residence in College Park, Md., on Saturday, December 12.

Professor Siefert came to George Washington in September 1976, as assistant professor of biology. In July of 1981, he became associate professor of biology, the post he held at the time of his death. A graduate of Grinnell College in Iowa, Dr. Seifert received his Ph.D. from the State University of New York at Stony Brook. He had been a faculty member at the University of Pittsburgh and Universidad Central de Venezuela prior to coming to George Washington.

Author of numerous scientific articles in evolutionary biology, entomology, and tropical ecology, Dr. Seifert was also known for his field research on insect communities in plants of the banana family. He was an avid sports and music enthusiast.

He is survived by his wife, Florence; his parents, Mr. and Mrs. Richard M. Seifert of DeWitt Iowa; and two sisters.
